RE: Cornwall Island West School

Due to the heavy attendance at the above school, it was expected that we would be able to construct a building suitable to the needs of the community. However, the prospects of such construction in the near future does not appear to be very bright. I need hardly state that in such a small school with such large attendance, maintenance of the building presents quite a problem. We have been suffering greatly for lack of skilled help. Only recently have I been able to get assurance that I could get sufficient help to carry out this work. It is recommended, therefore, that consideration be given to painting the exterior of the above school and also re-decorating the interior. The metallic ceiling needs painting; also the woodwork in general needs painting. It is proposed also to enamel the tops of the school desks.

As I have been able to locate and have set aside the materials listed on the attached requisition, I would ask that authority be given to proceed with this work immediately. There will have to be some shingle work done on the roof as well but I have some shingles on hand to take care of this item. It is expected that labour costs (Indian) will amount to approximately \$300.00. If we can get started on this right away, there will not be a great deal of interruption as far as the class is concerned.

Please advise by return mail if work authorized and also forward accountable cheque in the amount of \$300.00 towards the labour, it being understood that I will be permitted to purchase the materials locally as merchants concerned have been asked to hold these supplies pending your reply.

We have on hand approximately
\$75.00 as unexpended balance from painting
the Cornwall Island West School.

There is a possibility that
one of our painters will return to the Reserve
next month and I am wondering if we could use
the above balance to pay toward labour to paint
the interior of the Junior Room in the Village
School. It is quite a large room and needs
redecorating. Cost of materials, which I could
pick up locally, would run us about \$50.00.
It is not anticipated labour costs will greatly
exceed \$75.00. Would you please advise.

With reference to your letter of the 12th inst., regarding the \$75.00 that has been unexpended in connection with painting the Cornwall Island West School, you may use this amount for painting the interior of the junior room in the St. Regis School, providing the money is expended before the end of March. If you proceed with this painting, we approve the purchase of materials costing \$50.00.

In your letter of February 14th permission was granted to redecorate the interior of the Junior Room in the St. Regis Village School. I wish to inform you that this work has now been completed and the classroom has taken on an entirely new appearance. While on this particular job I took advantage to have all the ropes renewed on the windows with new sash cord. The ropes had become rotted and for some years past it was not possible to lift the windows without putting a stick under them. Some lifts were also renewed at the same time at the Cornwall Island West School. Work in both cases has been done in a very satisfactory manner.

With reference to your letter of June 17th, file 33-3-5 (WT 4), concerning the smoke nuisance at the Cornwall Island West School, please be advised that such a condition exists because the chimney is too short and will have to be built up 10 feet in order to clear the roof, and allow a better draft. I have ordered the necessary materials and acquired the services of a brick-layer and would ask you to forward, without delay, an accountable advance in the amount of \$100.00 to cover the cost of labour in building the addition to the chimney.

During past years, various officials of the Branch who have visited the Cornwall Island West School have been greatly disturbed over the lack of light in this school. The entire north and east walls of the building let in no light whatsoever nor does any light come in from the south side of the building. The result is that until the sun gets around to the west, very little light enters the building and during the afternoon the east half of the class room is still dark. One suggestion was offered some time ago by Mr. Doucet to install windows on the east wall of the building. I hesitated to give this point very serious consideration because we would eliminate our blackboard space by putting windows on this side of the building. Consequently, we would be up against the usual problem of a draughty class room from so many windows on both sides of the building. In addition, the cost of installing windows would run to considerable sum. I was hopeful, when this discussion was under way, that in a not too distant future we would have electricity on the Island and, of course, the proper solution to our problem would be to install lights in the class room.

I am happy to say that at this writing most of the homes on the west end of Cornwall Island are lighted by electricity and the power is already less than 100 yards from the west end School.

In view of the above, it would be appreciated if authorization would be granted to have a sufficient number of lights installed in the class room to take care of our lighting problem. I am quite sure that the total cost of installing the lights will not be in excess of what it would cost us to put windows on the east side of the building. Your views in this matter would be appreciated at an early date.

Lighting - Cornwall Island West School.

Mr. Doucet will shortly be visiting you with regard to Mr. Ryan. It would be appreciate if you could discuss with him the entire matter of lighting at the Cornwall Island West School. If you could let him have an approximate cost of the alterations necessary to providing electric lighting, it will simplify a decision being reached in this matter.

Ottawa, November 27, 1947.

Memorandum:

MR. MELAN.

Re: Lighting Cornwall Island West
Indian Day School.

Four plans come to mind to rectify the lighting deficiency at the Cornwall Island West Indian Day School.

1. Have two windows cut in the East wall, above the blackboard.
2. Instal fluorescent lighting.
3. Instal electric lights of the ordinary type.
4. A combination of No. 1 and No. 3.

Prices were obtained for the electric lights.
Two plans were suggested:

1. Instal six No. K 714-48 4 lamp fluorescent fixtures. (720 watts).
This would amount to \$353.00 including inspection fees.
2. Instal six 14" glassware of 200 watts each at \$134.00,
including all fees. This would consume 1200 watts.

The first would give 75% more light than No. 2.

As No. 2 is the usual system installed in schools, it could be considered as sufficient. I would, however, recommend a third plan.

Indian Affairs. (RG 10, Volume 6088, file 309-5, part 4)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

- 2 -

Instal a two lamp K 714-48 fluorescent at \$231.00.
The consumption of electricity would be 360 watts as compared to 720 (# 1) and 1200 (#2). Its lighting power would be approximately 1/3 more than No. 2 while the cost of operating would be about 1/3 of No. 2.

The original cost would be \$97 more than No. 2 but this would soon be offset by the consumption, and give a light much easier on the eyes and would cause less shadows.

I would, therefore, recommend the installation of 6 K 714-48-2 lamp fluorescent fixtures. I would supplement this as soon as possible by perforating two windows above the blackboard. (The windows at the present cannot be done due to labour conditions).

This cost of the lighting should not exceed \$231.00.

We received your letter of January 5th
file 516-44, with reference to installing lights in
the Cornwall Island West school.

At the time of Mr. Doucet's last visit
to the Cornwall Island school, we understand that
you and he interviewed the Elco Electric and as a
result, Mr. Doucet recommended the purchase and in-
stallation of six fluorescent lamp fixtures. We
secured purchase order 25246 placing the business
with Elco Electric. Copy of this purchase order was
forwarded to you yesterday.

Under these circumstances it is not
necessary to consider the offer from Campbell's

Referring to your file 33-4-5 concerning lighting at the Cornwall Island West School, please be advised that the electrical firm receiving the contract for wiring commenced work this morning.

While the Purchase Order does not specify anything apart from lighting in the classroom, I thought it advisable to have this firm install a two-way receptacle at the back of the classroom. Having this done at this time will cost us approximately \$5.00 whereas if we had to get it done later it would cost us considerably more. The reason I am having this receptacle installed is that it might be possible some time we would require a plug-in for the purpose of operating a projector for educational films or the like.

An account will go in covering the work as noted on the Purchase Order and a separate account will go forward covering the installation of the receptacle.

Authority under your file 33-4-5,
September 24th, 1946, has been received allowing
\$12.00 per month for the Cornwall Island West
School teacher's living accommodation.

As you know, Miss Leaf now has
electricity installed in her home and has added
many conveniences such as refrigeration, etc.
In addition, fuel prices have risen considerably.
The teacher, Miss Kelly, has full use of the
entire house.

As the entire household expense
falls on Miss Leaf, she would appreciate
receiving a higher monthly rate than quoted
above. Would you consider up to \$20.00 monthly
to cover this item. It is possible I can settle
for less.

We have your letter of the 23rd instant with reference to increasing the allowance for living accommodation for the teacher of the Cornwall Island West School.

We infer from your letter that the owner of this house is living in the building and while the teacher may have free run of the house, at the same time it should only be necessary for us to pay for one room. The mere fact that the owner has installed certain conveniences for herself and which the teacher can take advantage of does not appear to be sufficient reason to justify an increase.

Memorandum:

Cornwall Island West School
Inspection Report.

School Plant.

I visited the school on the afternoon of June 23rd. It is a bright attractive building with five large windows along the eastern side. It has no basement and is, therefore, stove heated. There are two large classrooms and ample cupboard space. Six fluorescent lamps have been installed in the ceiling and provide ample lighting. There is no teacherage attached to this school and the present teachers boards about a mile away. There are very nice Indian homes in this vicinity and we should have no difficulty in hiring women teachers as good boarding facilities are available.

This school has a good many more years of life in it and when the playground has been drained it should provide a good school plant.

Teacher.

Miss Margaret Kelly; thirty-nine years of age holding a First Class Quebec Certificate. She has had fourteen years experience in Provincial schools and is now completing her second year at this school. The atmosphere of the classroom is very good and of three entrance pupils one had been recommended and one should pass with little difficulty. The attendance at this school is good and the children are making good progress. They tested well in arithmetic and in spelling. The discipline is easy and the children seem to enjoy themselves and like their teacher. There are ten children in grade one, six in grade two, three in grade three, eight in grade four, six in grade five, eight in grade six and three in grade 8.

Cornwall Island West Indian Day School

It would seem evident that Miss Kelly is doing a good job under some considerable difficulty at the Cornwall Island West School. We have made a careful check of her enrolment and average attendance since the beginning of the academic year. A summary is as follows:-

<u>Month</u>	<u>Enrolment</u>	<u>Average</u>
September	45	41.30
October	48	43.60
November	45	41
December	45	43.46
January	42	40.34
February	42	40.52
March	42	39.54
April	45	42.14"

It would seem evident that an extra classroom at this school will have to be given top priority. If Parliament meets in September, I will make strong representations that an amount be included in the Supplementary Estimates for this Division for the addition of an extra classroom at this building.

Please find attached a pupil-age survey form which I would like to have completed and returned here so that we may best decide the type of extra accommodation to be provided at this school. If

In connection with the attached Requisition for School Supplies for the Cornwall Island West School, you will note the teacher has requested an oil burning stove for the classroom. We have attempted to heat this school in the past with a coal burning Quebec heater unit. During my early years here, I recall that very little satisfaction was obtained with heating from this method. I think the biggest trouble was in trying to obtain the services of a satisfactory person to look after the fires. Since the war and even up to the present time, employment has been fairly good off the Reserve with the result that it is getting more difficult all the time to find someone who will take an interest in this matter and see that the classroom is heated before the pupils arrive in the morning. The teacher lives quite some distance from the school.

If your office would authorize the purchase of an oil burning unit, it would be necessary for us to install a large capacity storage tank of at least 500 gallons. In this way, the teacher could turn it low during the night and bring the heat up a lot quicker in the morning. An oil burning unit sufficient to handle a 7,000 cu. ft. capacity would be required.

I am passing this information on to you in the hope that it might be possible to purchase such a unit and storage tank to be installed before class resumes in the Fall. Should you have funds for the purchase of such a unit, it will, of course, be necessary to alter the fuel requisition and cancel any coal and wood ordered for the Cornwall Island West School. I believe it would be possible to obtain fuel oil from a dealer in Cornwall.

Please let me have your views concerning the above.

Dear Mr. Scott,-

In the discussion we had last October you mentioned that \$200 each were allowed for day shhools at Albany, Ft George, Rupert's House and Moose Factory, and that the same might be allowed for Ft. Hope if arrangements could be made for a school there. I wrote the missionary in charge of Ft. Hope but have not yet received an answer. I understood however that the grants were payable for the first 4 mentioned, as day schools are carried on at those places. I have just received the half yearly statement from our bankers, the Royal Trust Co., I find no amounts credited for day schools. What is the explanation? Is it for lack of reports? I think I handed to you or forwarded to the Dept. the report for Albany day School; and Moose day School is conducted in conjunction with the boarding school. I do not know whether the Principal has given a report of the day school at Moose or whether the reports of Ft. George & Ruperts House reached you. I would be glad to receive an explanation.

Yours sincerely,

John G. Moosonee

August 30th 1922.
Fort George
(James Bay Sect)
Que.

of Indians in Canada.

We, the Chief & Councillors (4) at Fort George, are writing you on behalf of all the Fort George Indians to thank you for the help you have rendered us all along, but we are extremely sorry that neither doctor nor medicine came this summer, for we have suffered much from an epidemic which came from the South.

We are glad to state that not a single Indian starved to death this past winter for ptarmigan and rabbits were plentiful, but we do not know what it will be like this coming winter for fires destroyed much country last summer.

We desire to tell you our thoughts regarding our children. for they are many. We wish there could be a school here where some of them could be placed like what is done for children in the South; for, though they are taught while we are at the post in the summer, they cannot go to school every day, since we have to go off from time to time to hunt food for ourselves.

Fish & birds have been very scarce this summer. & that made it all the harder during the time of the sickness.

There are over 100 children connected with Fort George Post who are of school age, & we hope efforts will be made that they may be taught.

We again thank you for all your help in the past & trust you will grant us the above request.

We send greetings

Signed

Dear Mr. Scott.

In connection with the enclosed letter, I may say that the Chief and Councillors of the Fort George Band of Indians approached me on my visit there in August regarding better school facilities for their children and in the course of the discussion mentioned the advisability of a boarding school such as that at Moose Fort. I pointed out to them the difficulties of maintaining a boarding school, especially in the way of fresh or country meat and that it would be necessary for them to help as much as possible if such a school were established in order that it might be a success. I asked them to give the matter further consideration and to write to Ottawa, if they finally decided to have such an institution and this memorial is the result. There is no doubt that there are a large number of children both at Fort George & Whale River whence pupils could be drawn and that a boarding school would be a great benefit.

Yours sincerely

Dear Bishop Anderson:-

I have Your Lordship's letter of the 16th instant, enclosing a petition from the Fort George Indian Band. I have noted their request that a boarding school be established in Northern Ontario for the benefit of the children of the Fort George and Whale River people.

There are so many pressing claims on the Parliamentary Appropriations for Indian Education that I am unable to offer a very hopeful reply to this request. When plans for the future are being developed, the claims of the Albany River district will not be overlooked.

Yours very truly,

General Secretary, M. S. C. C.

Mr. [Signature]

A similar situation to that described above exists on the east shore of James and Hudson's Bay. The Church of England first occupied these regions in the decade of 1850-60 and have been in continued missionary occupation since that time. One of our chief stations at Fort George has recently been occupied by Roman Catholic missionaries. We understand, however, that the Anglican Bishop of Moosonee has lodged a formal petition with your Department for an Indian Residential School to be located at Fort George, or other suitable point in the region, to be administered by the Church of England. The Executive Committee M. S. C. C. endorses this application of the Bishop of Moosonee and considers the fact of its lodgement with your Department as a sufficient interim safeguard of our interests in the regions affected, viz: the East coast of James and Hudson's Bay.

(Sgd.) S. Gould,

General Secretary.

Dear Bishop Anderson:

I have your letter of the 28th ultimo, with reference to the situation at Fort George. There have been no requests for the establishment of an Indian school at this point, other than your own and that of the M. S. C. C. The questions that you have brought to my attention are difficult to deal with, but you may be assured that the Department will give the representations that Your Lordship has made their due weight if the occasion arises at any time.

Yours very truly,

The Secretary
Department of Indian Affairs
Ottawa, Canada

Dear Sir. I have pleasure in forwarding the
March and June Quarter Returns for 1926 of the
Mt-George Indian School.

These returns could not be made up earlier on
account of a lack of return forms, which I took
out personally by the first boat on James Bay.
I have also the pleasure to inform you that the health
of the Indians at that Station was very good. The
attendance of pupils for the September quarter will be
very large. School is continued in July and August -
as well as September as the Indians are all there
at the time and advantage is taken of their presence.
The hunters leave about the middle of August.

The Rev. George Morrow will be in charge of the school
with Rev. Fred Mark, the present teacher, as Assistant
after the present quarter. In fact he may be there before
the end of September.

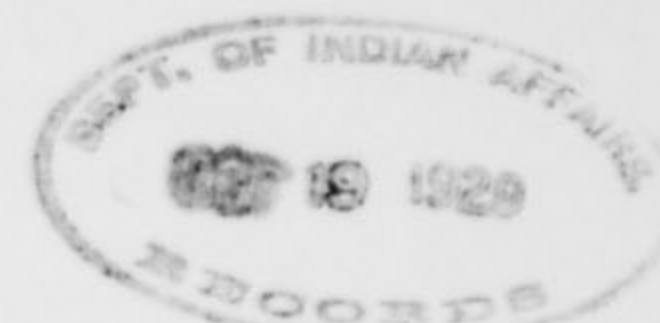

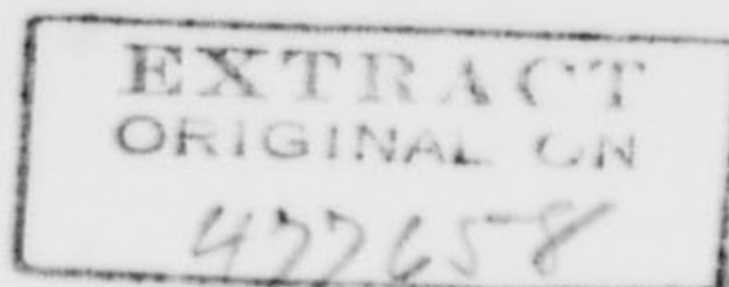

P.S. Mr. Morrow taught school at Red Main
for about 5 or 6 weeks.

Yours sincerely

Dr. Hamilton, Indian Agent, had an interview with me today and appeared fairly well satisfied with the teaching activity under Rev. Canon Griffin at the Fort George Indian Day School. The church is used for classroom purposes and Dr. Hamilton thinks that a suitable school should be erected without delay. He suggests a log building, on a day labour basis. I have made a note for next year's Estimated.

MEMO:

Dr. Scott.

Two weeks ago the Venerable Archdeacon A. D. Fleming visited the Department and had an interview with Mr. Williams. He stated that the church contemplated enlarging their mission at Fort George so that approximately twenty Indian children could be accepted as boarders. In other words they hope to start a small residential school. He asked the Department for assistance. Archdeacon Fleming was informed that next year there would be very little done as far as new buildings were concerned and that in the second place from the Department's standpoint we were not very sure if the northern schools for the Indians were worth while. He promised to come back to Ottawa at another date and lay the matter before you.

OFFICE OF

The Secretary,

Department of Indian Affairs,
Ottawa, Canada.

Dear Sir,

If your Department has made any arrangement with regard to a school at Fort George I would be pleased to know what it is. That post has a large number of children of school age and I would like to see them have a chance to get an education. Mission schools are to my mind a mistake, both from an educational and a financial point of view. They are expensive and as a rule the teacher employed is not qualified to teach; or has too many duties assigned to him.

A public or day school at Fort George would fulfill all requirements, would cost much less to build, maintenance much less, and efficiency much greater. My experience with mission schools is very disappointing, and I can't recommend them.

I have the honour to be,

Sir:

Sir:

I have your letter of the 1st instant, requesting to be informed as to the arrangements with regard to carrying on school activities at Fort George.

In reply I have to say that the present day school in operation at this point is conducted under the auspices of His Lordship the Bishop of Moosonee, who nominates the missionary-teacher. The Department allows a grant for teaching services at the rate of \$50 per teaching month, which is paid direct to the Church authorities upon receipt of returns showing the attendance, period taught, etc. These returns are forwarded at the end of each quarter. The last return received was for the quarter ended June 30, 1930. This return showed there was an enrolment during that quarter of 52 pupils, but their attendance was very irregular. The question of erecting a suitable school building was discussed with you during your visit to the Department in October, last. It is doubtful whether funds can be provided to erect a new building this year.

Your suggestion that this school be conducted independent of the Churches has been noted.

EX-11

Ottawa, July 23rd, 1937.

Reverend Sir,-

I am not exactly certain to whom I should write regarding the Fort George Indian Day School but, as the M. S. C.C. is interested in the residential school at that point, I thought I would write to you and, if necessary, you could refer my letter to whoever supervises the day school activity.

Since the residential school has been recognized by the Department, the attendance at the day school has decreased to such an extent that, for the last few quarters, only three Indian children have attended. This number is so small that it does not justify the Department continuing to allow the salary for a day school teacher.

No doubt, arrangements can be made to have the three children who have been attending the day school enrolled at the residential school. I would appreciate it if you would advise Miss Nesbitt at once that the day school will not be in operation for the academic year 1937-38.

Dear Sir:-

I have received your letter of the 23rd inst.
No. 72-1-1, asking me to advise Miss Nesbitt, teacher at
our Fort George School, that the Day School will not be
in operation for the academic year 1937-38.

In this connection I beg to state that Miss
Nesbitt was due to leave this School on furlough on or
about the 22nd inst., and that Miss Vera Calvert Ruther-
ford, a fully qualified and experienced teacher, has been
appointed to take her place. Miss Rutherford, and the
Rev. B.S. Greene, B.A., and Mrs. Greene, and another lady
worker, left Moosonee for Fort George July 18th, and the
agents at this School who were due their furlough this
year would come out by the boat which took the newly
appointed agents in.

As the Day School does not come under our
Commission's jurisdiction, but is managed by the Diocese
in which it is located in direct cooperation with your
Department, I am furnishing our General Secretary with a
copy of your letter, so that he may discuss with Bishop
Fleming the subject matter of the same. I have no doubt
that you will hear from the General Secretary in the matter
in due course.

In the meantime I am notifying the Rev. Principal
Greene of your decision that the Day School will not be in

operation during the coming academic year.

Should the three Indian children now attending as day pupils be enrolled as residential school pupils, I assume that the regular per capita grant will be paid for them in addition to the grant which is now being paid for 35 pupils.

If your Department can, by any means, authorize an enrolment at this School of not less than 50 pupils, it will relieve our Commission of the heavy burden of anxiety they now carry in meeting the operating cost of the same. The accommodation is available, and as the School was provided at the expense of our Church, we feel justified in asking for this additional help in this matter.

The Secretary,
Indian Affairs,

Dear Sir,

Re-Fort George Day School.

Mr. Green had a letter from you to the Commission in which you instructed the Day School to be closed and the pupils taken in to the Res. School. Mr. Green understood from his letter from the Commission that these pupils were to be taken into the school and paid for by the Department. I told him that I thought it was the intention of the Department that these pupils attend the Res. School as Day pupils.

I do not know whether the Department has been paying the salary of a day school teacher or not, but there has not been any day school at Fort George since the Res. School opened. The Day school pupils have been taught in the class room with the Res. School pupils.

I told Mr Green to carry on in this way and if he was allowed anything for teaching these pupils in the Res. School he would be notified.

The Secretary,

Department of Mines & Resources,
OTTAWA, Ont.

Dear Sir:-

After the destruction by fire on the 26th ulto. of our Society's Indian Residential School at Fort George, our Commission gave prompt consideration to the possibility of having an Indian Day School operated there until a new Residential School building could be provided. The building used as a "Parish hall" was understood to be immediately available for this purpose, but to make certain of this a telegram was despatched to the Rev. Principal Hamilton, part of which read as follows:-

"WIRE POSSIBILITY OF OPENING DAY SCHOOL IMMEDIATELY
USING PARISH HALL AS CLASSROOM (STOP) STATE NUMBER
PUPILS AVAILABLE ALSO FULL LIST EQUIPMENT REQUIRED"

In reply to that telegram, the Rev. Principal Hamilton wired as follows on the 24th instant:-

"SCHOOL OPENS IMMEDIATELY APPROXIMATE ATTENDANCE TWENTY FOUR, REQUIRE SCRIBBLERS TWELVE DOZEN, PENCILS SIX DOZEN, ERASERS THREE DOZEN, RULERS THREE DOZEN, REGISTER, CHALK, BLACKBOARD, DRAWING SCRIBBLER TWELVE DOZEN, CRAYONS TWENTY FOUR BOXES, READERS MARY JOHN AND PETER TWO DOZEN, GARDEN OF STORIES TWO DOZEN, SPELLERS TWO DOZEN, ARITHMETIC ONTARIO BOOKS ONE TWO DOZEN, BOOK TWO ONE DOZEN, NATURE AND LANGUAGE BOOK ONE TWO DOZEN, BOOKS TWO HALF DOZEN, BOOKS THREE FOUR, THREE COMPLETE SETS GRADE SIX TEXTS INCLUDING ALL WORK BOOKS FOR ONTARIO CURRICULUM, ALL WORK BOOKS CONNECTED WITH ABOVE LIST, STAFF NUMBER ONE."

The telegram was not punctuated, and the punctuation marks have been inserted by me to assist you in understanding the equipment required.

The last three words, namely "STAFF NUMBER ONE", I understand the Principal to mean that only one agent will be required to operate the Day School. Mrs. Jeffrey who was on the staff at the Residential School before it was destroyed by fire, is a fully qualified teacher, and she will be available for the teachership of the Day School.

I am not aware of any certain means of transportation by which the list of materials desired could be sent through to Fort George at once, but it will be appreciated if you will approve the opening of the Indian Day School, and provide the materials listed. They should be addressed to the Rev. Howard B. Hamilton, Fort George, P.Q., c/o Hudson's Bay Company, Moosonee, Ont. If the materials are forwarded at once there is a possibility that a plane might take them through from Moosonee to Fort George. Failing this, or any other means of transportation, they would be taken through by the first boat crossing the Bay after navigation opens.

It has just occurred to me that the Rev. Principal Hamilton's telegram does not mention any report forms, and in case he has none of these I would suggest that a liberal supply be forwarded with the other items listed.

Thanking you in advance for your kindly cooperation in this important matter,

I remain,

Yours very truly,

"Head of Household" means a married man or woman, a single or divorced person, widow or widower, who maintains a self-contained domestic establishment and who actually supports therein a person *wholly* dependent upon him and connected with him by marriage, blood relationship or adoption.

- (i) "Self-contained domestic establishment" means a dwelling house, apartment or other similar place of residence containing at least one bedroom, in which residence the employee as a general rule sleeps and has his meals prepared and served.
- (ii) A person connected with the employee by marriage means the wife or husband, parents, uncle, aunt, nephew, niece, grandparents and great-grandparents of employee's wife or husband, step-children, brothers-in-law and sisters-in-law.
- (iii) A person connected with the employee by blood relationship means parents, foster parents, grandparents, great-grandparents, children, grandchildren, great-grandchildren, brother or sister, uncle or aunt, nephew or niece.
- (iv) Connection with the employee by adoption shall include adoption in fact as well as legal adoption.

Ottawa, Ont.

Dear Mr. Hoey:-

I have to thank you for your letter #72-1-1 dated November 10th re salary of Day School Teacher at Fort George. I am sorry that we did not address our letter of November 4th to the correct department at that time.

We have completed the forms you enclosed with your letter on behalf of Miss Quirt from the information we have on file and trust this will be sufficient for your purposes. We shall appreciate it if you can make Miss Quirt's cheque payable to the Indian & Eskimo Residential School Commission as we have certain monthly deductions to make from her salary at her request and with communications so difficult to maintain with the Fort George School, this will not be possible for us to do otherwise. As you no doubt know there is one winter mail to this school, and possibly three boat trips during the summer and it will greatly help us if the cheque can be made payable to this Commission.

Trusting that this matter can be arranged, I remain,

Yours sincerely,

H.A. Alderwood

Dear Sir:

We are in receipt of several letters and circulars from your office bringing to attention the fact that the Day School Quarterly Returns for September, December, 1944, and March, 1945 quarters have not been forwarded as yet.

During this past year, we have been in operation as a Residential School, following the rebuilding of the school destroyed by fire three years ago. During the year following the fire, and during the time of rebuilding, we were operating a Day School, with the authority of your office to do so.

If you have not already been notified by the local Indian Agent, or the Indian & Esquimo Residential School Commission, Winnipeg, to the effect that the only Day School activities now carried on at Fort George, are in direct connection with the Residential School programme, for those children who are able to attend a Day School throughout the year, I take this opportunity of giving that notification.

Since this is the case, there will be no Quarterly Returns forthcoming from Fort George, as indicated in your letter there should be.

Trusting this letter will straighten out the situation satisfactorily I remain

Sincerely yours,

H. B. Hamilton

Reverend Sir:

I have your letter of the 11th instant, with reference to our request for quarterly returns for the Fort George Indian Day School.

I regret that it was overlooked that the residential school has been operating for the past year. Under the circumstances it was unnecessary for you to forward any day school return.

The payment of salary to the day school teacher will be discontinued.

Yours very truly,

LETTER ON FILE 72-1-1 DATED JULY 20th, 1945.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance
and tuition at the Port George ~~Residential~~ Day School School for the Quarter
ended 31st December 1945 of day school pupils.

Teacher S. E. Quirt

P.O. Address Port George, P.Q.

Dated 5th January 1946

I have carefully examined the within Return and hereby certify that it is correctly made
out in accordance with the Instructions of the Department.

Dated at Moose Factory

this March 1946

Agents should see that full explanations are given by the teacher in the column for
"Remarks," if the school was closed during the quarter for other than authorized holidays,
and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.

Ottawa, September 3, 1946.

Dr. T.J. Orford, Indian Agent, Moose Factory, Ontario.

I recently received a the March
Quarterly Return of the Fort George Day School.

We allowed salary for a day school
teacher, however, as the Residential School was
re-opened we discontinued payment of salary to a
day school teacher on July 1, 1945.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the St Phillip's Residential School for the Quarter ended December 31st 1946.

Teacher Millicent Haldesgr

P.O. Address Lat George

Dated January 3rd 1947.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

[Signature]
Indian Agent.

Dated at Moose Factory
this Feb 24 1947

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return must be added and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names of other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September, and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

Form No. I. A. 409
R-1717-1742

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation of this regulation should be made without the Department's approval.
2. Salaries of teachers will be paid on a basis of ten teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.
3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Indian Affairs Branch, Department of Mines and Resources, Ottawa.
4. All teachers will be required to give at least one month's notice of their intention to resign.
5. All questions relating to the day school should be referred to the local Indian Agent.

Dear Sir;

Some of our children have expressed the desire to be taught to play the piano and as these children are musically inclined we would very much like to teach them.

If it is at all possible to supply us with the necessary material will you please send us whatever is necessary for teaching a class of beginners.

This should be sent Care of The Hudson's Bay Co, Mooseonee, Ont. and should arrive there not later than August 10th. in order to catch the last boat of the season.

Faithfully yours,

Dear Sir,

Several of our children have asked Mrs. Greene to teach them how to play the piano, so she had thought of conducting a class if she could get the necessary teaching material.

I have enclosed a supplementary requisition for this material to be submitted to The Dept. of Indian Affairs through you, hoping that you will consider this a reasonable request.

We are sorry to hear that you will not be paying us a visit this summer as we have a very comfortable guest room which we would like you to take advantage of sometime. However you will be up again, and in the meantime kind regards to all.

Yours sincerely,

Moose Factory, Ont.

Dear Sir;-

Attached please find 'Requisitions for School Material' which I trust you will find in order.

I would like to draw your attention to the twenty-four Bibles which are requested. We have an ample supply on hand for use in the school, but we should like to present a Bible to each Graduate as they leave the school, and that is the reason why we have asked for another twenty-four.

You will also find enclosed a special requisition for a steel filing cabinet. When Dr. Westgate, the Secretary of the School Commission visited us last summer he saw that we needed such a cabinet and asked me to send a requisition to the Department for it this summer.

We have been enjoying good health here at the school, although there has been several cases of Typhoid among the people. Several people have died with it this winter and we have been taking every precaution with the children. Food has been very scarce, even more so than usual.

Ottawa, April 13th, 1943.

Mrs. Vera C. Jeffrey, Teacher, Fort George C. E. Indian
Day School, Fort George, P.Q.

In February last, at the request of Dr. Westgate,
we forwarded a supply of classroom material and text books
for the day school at Fort George.

Since then, we have received a requisition from
the above school which contains many articles already
supplied. Therefore, in order to avoid duplication, I
would suggest that you prepare, and forward through the
office of your local Indian Agent, a new requisition for
the text books and classroom materials which you will require
for the academic year 1943-44. The necessary forms for
this purpose are enclosed.

I am also enclosing a copy of our circular letter
dated March 30th to teachers of Indian day schools, and a
blank Report Form No. I.A. 415 which I would ask you to
complete and return to the Department at the earliest
possible date.

I am requesting our Stationery Branch to mail to
your address a Daily Register.

R. A. Hoey,
Supt. of Welfare and Training.

June 30, 1943.

Dr. T. J. Orford,
Indian Agent,
Moose Factory, Ont.

Dear Dr. Orford:

Due to the fact that I was asked to wire out a requisition for immediate needs in the Day School, and also send out a requisition for the year 1943-'44, there has apparently been some reduplication in filling the orders. Hence I have been asked to make out a further requisition covering what we need for the year 1943-'44. Enclosed you will find the completed requisition.

Already there have been some Invoices reach me of articles and books that have been sent. Where the full amount has been sent, that article has been dropped from the requisition. Where it has only been partially filled, I have placed the same article on the requisition again, but have ordered just enough to make up the required amount.

Again I would call your attention to the need of a Duplicator of some type other than a Hectograph. I would appreciate it greatly if the Department could see fit to provide us with such equipment, as it would greatly facilitate the work in the school. All other articles on the requisition are self-explanatory, and consist of the minimum equipment required to carry on satisfactorily.

Trusting that this requisition meets with your approval, I remain

Sincerely yours,

Principal.

In her requisition dated June 29th the teacher of the Fort George Indian Day School requests, among other items, 24 coat hooks and an 8 section blackboard.

You may purchase the 24 coat hooks, but the Department requires more information regarding the blackboard. Please state if you consider a blackboard is really necessary, and, if so, the number of pieces required and the length and width of same. We supply Asbestoslate blackboard, which is manufactured in 3½' or 4' widths only.

Please inform the teacher that the other articles on the requisition considered necessary have been ordered and should reach the school in time for the opening on September 1st.

Gentlemen:

I have to request that you will arrange to supply, for the use of the Fort George Indian Day School, James Bay, the following school desks:

6 No. 2 single school desks,
6 No. 3 " " " "
6 No. 4 " " " "
6 No. 5 " " " "

These desks should be shipped knocked down, securely crated, all parts complete, and should be addressed, the address and gross weight to be plainly marked on each package, as follows:

The Missionary in Charge,
Anglican Mission,
Fort George, James Bay,

c/o Hudson's Bay Company,
Shed 47, Montreal, P.Q.

They should be shipped in time to reach the address given in Montreal by June 15th, in order to go forward by the Hudson's Bay Company's boat to James Bay. Please prepay the freight charges to Montreal.

These desks should be supplied at the lowest price charged this Department. You should forward your account, in duplicate, with the receipt for the freight charges prepaid to Montreal attached, when payment will be made.

Please follow the above directions regarding the shipping of the desks.

Yours very truly,

Ven. Sir:

I have your letter of the 17th instant, enclosing a requisition for school supplies for the Fort George, James Bay, and Fort McPherson, N.W.T., Indian Day Schools.

In reply I have to inform you that we have placed an order for the supplying of 24 single school desks and 500 pounds of biscuits to be forwarded to Fort George by the Hudson's Bay Company's boat leaving Montreal early in July, next.

We have also placed an order with the Government Stationery Office here to send the classroom supplies required to Fort McPherson, N.W.T., via Alberta & Arctic Transportation Company from Waterways, Alta.

Your obedient servant,

J. D. McLEAN

Gentlemen:

Referring to our letter of March 22nd, last, and your reply of the 30th of the same month, your file No. 2203, relative to the shipping of certain supplies to Fort George by your boat this coming summer, I now have to inform you that, at the request of the missionary at that point, we are placing an order for 24 single school desks. These are to be shipped to your address, Shed 47, Montreal, to arrive about June 15th, next. They will be shipped knocked down and securely crated, properly addressed, with the gross weight of each package marked thereon. It is not thought they will occupy much space, and I shall be pleased if you will arrange to forward them to Fort George along with the other supplies mentioned in our letter above referred to, which have all been ordered and the necessary shipping instructions given the firms with whom the orders have been placed. It will not be necessary to insure any of these supplies.

Your obedient servant,

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, local, municipal, Dominion or Provincial, public fast or thanksgiving days, the King's birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday and Victoria Day.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work, with season may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

In computing salaries for broken periods, teachers will be paid in the proportion that the number of days they have taught bears to the total number of teaching days in the year.

Salaries of teachers will be payable quarterly upon receipt of returns; but where a teacher is engaged to take charge of a school, duties to commence after the summer holidays, payment for the September quarter will be made as provided for in the case of broken periods in the previous paragraph; and at the end of the year, or when services expire if before the end of a year, the necessary adjustment will be made and all arrears, if any, paid.

All teachers will be required to give at least one month's notice of their intention to resign.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Grand Lac, Winnipeg School for the Quarter ended June 30 1923.

Teacher Mary Sullivan

P. O. Address Winnipeg, Man.

Dated June 30 1923

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent.

Dated at Winnipeg this thirtieth day of June 1923

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. The total number of days absent and days present not to be omitted, as these two columns added together should give the total number of school days.
4. Number and date of holidays to be inserted in the column for remarks.
5. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be paid for.
6. The class standard of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular standard. The standard course for each class will be found on the back of the Daily Register and is to be followed.
7. No names other than those of Indian children are to be included in this Return.
8. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the Department through the local Indian Agent or other authorized official.
9. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
10. The average daily attendance during the quarter may be ascertained by dividing the total number of days' attendance of all the pupils by the number of days school was open in the quarter.
11. No teacher's salary will be paid until this Return has been received by the Department.
12. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
13. The school must be opened and closed punctually at the hours approved of by the Department.
14. This form to be used for Day Schools only.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Grand Lac, Summer School for the Quarter

ended June 30 1923

Teacher Mrs. M. J. Sullivan

P. O. Address Seneca, Ont.

Dated June 30 1923

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent.

Dated at Grand Lac

this thirtieth day of June 1923

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. The total number of days absent and days present not to be omitted, as these two columns added together should give the total number of school days.
4. Number and date of holidays to be inserted in the column for remarks.
5. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be paid for.
6. The class standard of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular standard. The standard course for each class will be found on the back of the Daily Register and is to be followed.
7. No names other than those of Indian children are to be included in this Return.
8. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the Department through the local Indian Agent or other authorized official.
9. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
10. The average daily attendance during the quarter may be ascertained by dividing the total number of days' attendance of all the pupils by the number of days school was open in the quarter.
11. No teacher's salary will be paid until this Return has been received by the Department.
12. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
13. The school must be opened and closed punctually at the hours approved of by the Department.
14. This form to be used for Day Schools only.

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday and Victoria Day.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

In computing salaries for broken periods, teachers will be paid in the proportion that the number of days they have taught bears to the total number of teaching days in the year.

Salaries of teachers will be payable quarterly upon receipt of returns; but where a teacher is engaged to take charge of a school, duties to commence after the summer holidays, payment for the September quarter will be made as provided for in the case of broken periods in the previous paragraph; and at the end of the year, or when services expire if before the end of a year, the necessary adjustment will be made and all arrears, if any, paid.

All teachers will be required to give at least one month's notice of their intention to resign.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. The total number of days absent and days present not to be omitted, as these two columns added together should give the total number of school days.
4. Number and date of holidays to be inserted in the column for remarks.
5. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be paid for.
6. The class standard of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular standard. The standard course for each class will be found on the back of the Daily Register and is to be followed.
7. No names other than those of Indian children are to be included in this Return.
8. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the Department through the local Indian Agent or other authorized official.
9. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
10. The average daily attendance during the quarter may be ascertained by dividing the total number of days' attendance of all the pupils by the number of days school was open in the quarter.
11. No teacher's salary will be paid until this Return has been received by the Department.
12. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
13. The school must be opened and closed punctually at the hours approved of by the Department.
14. This form to be used for Day Schools only.

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday and Victoria Day.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

In computing salaries for broken periods, teachers will be paid in the proportion that the number of days they have taught bears to the total number of teaching days in the year.

Salaries of teachers will be payable quarterly upon receipt of returns; but where a teacher is engaged to take charge of a school, duties to commence after the summer holidays, payment for the September quarter will be made as provided for in the case of broken periods in the previous paragraph; and at the end of the year, or when services expire if before the end of a year, the necessary adjustment will be made and all arrears, if any, paid.

All teachers will be required to give at least one month's notice of their intention to resign.

I HEREBY CERTIFY that the within Return is a true and faithful statement of the attendance and tuition at the Grand Lac Indian School for the month ended June 30, 1926.

Teacher Mary Sullivan

P. O. Address Leometerre, Que.

Dated July 3, 1926

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the instructions of the Department.

Indian Agent.

Dated at

this.....19.....

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. The total number of days absent and days present not to be omitted, as these two columns added together should give the total number of school days.
4. Number and date of holidays to be inserted in the column for remarks.
5. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be paid for.
6. The class standard of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular standard. The standard course for each class will be found on the back of the Daily Register and is to be followed.
7. No names other than those of Indian children are to be included in this Return.
8. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the Department through the local Indian Agent or other authorized official.
9. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
10. The average daily attendance during the quarter may be ascertained by dividing the total number of days' attendance of all the pupils by the number of days school was open in the quarter.
11. No teacher's salary will be paid until this Return has been received by the Department.
12. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
13. The school must be opened and closed punctually at the hours approved of by the Department.
14. This form to be used for Day Schools only.

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday and Victoria Day.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

In computing salaries for broken periods, teachers will be paid in the proportion that the number of days they have taught bears to the total number of teaching days in the year.

Salaries of teachers will be payable quarterly upon receipt of returns; but where a teacher is engaged to take charge of a school, duties to commence after the summer holidays, payment for the September quarter will be made as provided for in the case of broken periods in the previous paragraph; and at the end of the year, or when services expire if before the end of a year, the necessary adjustment will be made and all arrears, if any, paid.

All teachers will be required to give at least one month's notice of their intention to resign.

NOTE.—READ CAREFULLY AND COMPLY WITH "INSTRUCTIONS TO TEACHERS" ON FRONT OF THIS FORM

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The class standard of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular standard. The standard course for each class will be found on the back of the Daily Register and is to be followed.
6. No names other than those of Indian children are to be included in this Return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days' attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

INDIAN DAY SCHOOL REGULATIONS

All Indian schools shall be kept open for not less than 200 days in each year.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday and Victoria Day.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local Agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

Salaries of teachers will be paid on a basis of ten (10) teaching months in each school year. Salaries will be paid at the end of each quarter, upon receipt of quarterly return. As school is open during one month in the quarter ending September 30 (unless special permission has otherwise been granted), payment of salary for that quarter will be for one month only. During each of the other quarters in the school year—if school is regularly taught—three months' salary will be paid at the end of the quarter.

Summer holidays are not taken into account in payment of yearly salaries. Each school year shall begin and end on the dates mentioned above, and the yearly salary allowed will be paid for the period taught between those dates only, unless, as heretofore stated, special provision has been granted for a change in the holiday period.

All teachers will be required to give at least one month's notice of their intention to resign.

All questions relating to the day school should be referred to the local Indian Agent.

Schools shall be opened after the summer holidays on September 1, unless this date should be Labour Day, and shall close for Christmas holidays on December 22.

The winter term will commence on January 3, and end on June 30 in each year.

The following holidays will be allowed during the year:—All Saturdays, Labour Day, all local, municipal, Dominion or Provincial, public fast or thanksgiving days, the King's Birthday, Good Friday, Easter Monday, the remainder of the week following Easter Monday and Victoria Day.

In addition to the above, the Roman Catholic schools will be allowed as holidays a limited number of holy days of obligation, not exceeding five in all, which will be accounted as teaching days and for which payment of salary will be allowed.

Where in the interest of the school work such action may be desirable, the holidays allowed during the summer (two months) may, upon the recommendation of the local agent, be taken at some other time of the year; but no change is to be made without the express approval of the Department.

The morning session shall be from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes.

Salaries of teachers will be paid on a basis of ten (10) teaching months in each school year. Salaries will be paid at the end of each quarter, upon receipt of quarterly return. As school is open during one month in the quarter ending September 30 (unless special permission has otherwise been granted), payment of salary for that quarter will be for one month only. During each of the other quarters in the school year—if school is regularly taught—three months salary will be paid at the end of the quarter.

Summer holidays are not taken into account in payment of yearly salaries. Each school year shall begin and end on the dates mentioned above, and the yearly salary allowed will be paid for the period taught between those dates only, unless, as heretofore stated, special provision has been granted for a change in the holiday period.

All teachers will be required to give at least one month's notice of their intention to resign.

All questions relating to the day school should be referred to the local Indian Agent.

MADAM,-

In reply to your letter of the 6th instant, I beg to say that it is regretted your letter was not received in the Schools Branch until after the return for the month of June from the Grand Lake Victoria School had been checked. Salary for the month of June, only, was allowed, and cheques in favour of Miss Sullivan and yourself were sent to Senneterre. It is noted that, in future, you wish your cheques sent to the Bank of Montreal, Pembroke.

If there is any adjustment necessary the same will be made when the school is closed in the fall.

Rev. Sir:

I have your letter of the 8th instant, informing the Department that the services of Miss Cecilia Downey and Miss Mary Sullivan have been secured by you as teachers for the ~~Basin~~ Indian summer day school.

In reply I beg to say that the appointment of these two ladies is approved. The salary allowed will be at the same rate as was paid last year, viz. \$90 per teaching month. It is hoped that they will meet with every success in their work at this school and that the Indian parents will see that there is a regular attendance of their children of school age.

A quantity of classroom supplies and drugs have been ordered to be forwarded for this school. They were sent in care of Rev. Louis Jourdon, Senneterre, Que.

You will be further advised in a separate communication regarding the teachers for the Lake Simon summer school.

OTTAWA, January 17th, 1923.

Sir: -

Rev. E. Blanchin, Missionary for the Indians at Grand Lake Victoria and surrounding district, has requested this Department to forward, addressed to you, a quantity of school material and drugs for the use of the Indians at Grand Lake Victoria. We have placed an order for these supplies to be securely packed and shipped addressed to you at Moorlake Station. Father Blanchin states that you will arrange for their transportation from Moorlake Station to Stubbs Bay, and from that point they will be taken to Grand Lake Victoria by the Indians. Father Blanchin will arrange with you for the payment of the freight.

I shall be pleased if you will accept delivery of this shipment when it arrives at Moorlake and arrange to have it freighted to Stubbs Bay.

Your obedient servant,

Russell T. Ferrier

Dear Sir

Among eighteen or twenty Indian families, the greater number of whom are members of the Grassy Lake Band, congregate during the summer months at Hunters Point on North River Kappawatch.

These Indians are without any school and I would very strongly urge upon you the advisability of establishing a summer school here for three or four months yearly.

The Indians will provide a building for the school.

Hoping you can see your way to establishing this school at once.

The Deputy Superintendent General, -

With reference to Dr. James's recommendation that a summer school be established at Hunters Point, Kippewa Lake, where a number of the Grassy Band Indians congregate, I beg to say that the Accountant informs me that funds can be spared for a teacher at the same rate as the one paid at Temogami, namely, \$150.00.

These Indians are presumably all Roman Catholics and belong to the Quebec side.

We have already had an application from a Miss Mabel McGuire, who wished to take charge of the Temogami school, and Mr. McCool, M.P., wrote you concerning ^{Miss Clis} another ~~young~~ ^{Burke} lady who was willing to teach there for the summer months. Possibly one of these applicants could be secured for the Kippewa school, if you decided to start it.

Madam,-

The Department has decided to open a summer school at Hunters Point, Kippewa Lake, for the Grassy Band Indians, and it would be willing to accept your services as teacher, if you care to take the position, at a salary of \$150.00 for the season, which should last till the Indians are leaving in the fall.

A building has been secured for temporary school purposes, and Dr. James, of Mattawa, has been asked to see to its being put in order at once. You will be good enough to advise the Department immediately whether you will accept the position or not. If you decide to do so ~~further~~ full instructions will be sent you.

As she is a perfect stranger to the locality, the Department would consider it a great favour if you would be kind enough to give her any assistance in your power to enable her to secure a comfortable boarding place and such suggestions as you may think necessary to obtain a good understanding with the Indians.

Dear Sir,

Continuing my visits amongst the Indians, I was
 happily surprised to see an Indian school ^{which} opened
 here and sixteen pupils attending; and I hope
 this number will be doubled before long. I had the
 intention to apply to your Honourable Department
 for a school next summer, far west. I heard
 I thank you for the good you do amongst
 these people. The teacher tells me that she
 applied for a grant of money, very small in fact,
 for the purpose of building a school house; I judge
 this, very necessary, because I find out that over
 twenty children are living close to this place the whole
 year and so, are able to attend to school the whole year.
 In the name of those families and in my own,
 I beg your Honourable Department to get

Madam,-

Rev. S. Evain, Missionary, of N. Temiscamingue, has written the Department asking that the school at Hunter's Point, of which you are in charge, be kept open during the whole year.

When application was first made for a school there, the Department was given to understand that the Indians only remained in that neighborhood for three or four months during the summer and that they left in the fall for their hunting grounds.

Before the Department can consider the question of establishing a permanent school there it would require further information respecting the habits of these Indians; whether they are nomadic or permanently settled at Hunter's Point, the number of children of school age in the band and whether they are regularly attending the school now. The Department would be pleased if you could give it this information.

The Deputy Superintendent General,-

With reference to the request to continue the school at Hunter's Point during the winter months, I beg to say that I do not consider the Department is in a position to do so this winter.

The school was opened there during July, last, for the summer months, and the teacher was only engaged for that time. There is no school building at this point and all we could do was to put up a temporary shell, which would be quite useless in the winter. The Department has made no provision for this school, and, although the Indians live in the neighborhood most of the year, they have no reserve there, and I cannot find that any steps have been taken to procure one for them.

Before the department could establish a permanent school there, it would require a school site, which would have to be obtained either by purchase from the Quebec Government or from someone who has taken up land. In addition to this provision would have to be made for the erection of a permanent school building and for the salary of a teacher. As all building material has to be brought in by small boats from the railway

railway line, \$1,000 at least would have to be provided for this purpose and not less than \$350 for a teacher's salary, and even this amount would not secure the services of one with proper qualifications.

There are quite enough children in the school at present to justify the Department in providing for its reopening and continuance next summer. Father Nelles, of Mattawa, who called at the Department yesterday, told me that it would have to be closed this winter but that he would like provision to be made for carrying it on permanently after that.

Dear Mr. McCool,

With reference to your verbal enquiry a few days ago, regarding the continuance of the school at Hunter's Point during the winter months, I beg to say that the Department is not in a position to continue it this winter. A temporary school building was put up there, but it would not be suitable for the winter months and we have made no provision for the payment either of the school expenses or the teacher's salary.

Deputy Superintendent of Indian Affairs

Dear Sir

In regard to the Indian school which was established last summer by the Department of Indian Affairs at the waters Point in the Province of Quebec, County of Pontiac,

The school was kept open for three months during the summer and was a great benefit to the Indian children of Grassy Lake and Grand Lake Reserves and other Indian children, who availed themselves of the advantages afforded them to acquire an education and for the short time the school was kept open made considerable progress, but they find the term of three months in the year insufficient to be of lasting benefit as children must necessarily forget in nine months a great deal of what they learned in three.

While they are thankful for what has been done for them by the Department, they respectfully

Just am coming from Hunter's Point.
and please to get your P: 313300
about the new teacher appointed for this
school. They expect this teacher as soon as possible.

Abitibi school is going well, as
Mr. & Mrs. Kay told you. I suppose
this school has been opened the
5th of June last.

This is to certify that Miss Agnes
LeCappelain has been a pupil in the Mattawa Public
School for the past five years: that she passed the
High School Entrance Examination in 1907: that since
then she has been taking up the Continuation School
work and has made excellent progress. She is in every
way fitted to take charge of a small rural school.

Dear Sir

Having recently returned from a visitation of the Indians & Bands on North River, at & around Hunter's Point Que. I write to you in their behalf to ascertain the steps necessary to be taken in order to secure the reopening of the School there. It is about 5 years since it was closed. The causes that led to that misfortune have passed away. The house, store, post office & farm at the point have passed into the hands of Archie Perrier whose influence & example are helpful to the community there. There are 27 children of school age within easy reach of the School, 25 of these have Indian blood, indeed all except the two girls of one missionary C. C. Kellerman who spends the summer months

there. The School House built & furnished by the Department are there all ready for use & the need is very great with an increasing number of children growing up without any public means of education. I understand that an order was given to Mr. Robinson of Wolf Lake permitting him to remove the furniture up to Wolf Lake. I saw him there & he assured me he did not want the articles & had no intention to undertake their removal.

I am in a position to say that in some form or other an attempt will be made to give at least the elements of an education to these children & in behalf of these people I apply for the use of the equipment pending the opening of the school & the employment of a properly certified teacher. Of the 27 Scholars of School age 16 are Protestants & 11 Roman Catholics & of course all will be welcome & no interference with their religion.

Rev. Sir,-

I have to acknowledge the receipt of your communication of the 29th ultimo in reference to the establishment of a school at Hunter's Point, Quebec.

In reply I beg to say that so far as the Department is aware, the Indians in this neighbourhood are all Roman Catholics and, if a school for their children were established, the teacher would have to be a member of that body, if paid from Departmental funds. When the school was previously conducted there it was not a success and there would not appear to be even now sufficient Indians to justify the Department in establishing a school, and this Department, of course, is not in any way responsible for the education of the half-breeds in the Province of Quebec. However, should a school be established for the half-breeds the Department would be prepared to pay tuition fees for any Indian children who might attend.

Dear Sir

In reply to yours of 22nd
inst No 313300. I have to say that the families for
whose children I am writing are the same for which
the School House was built & equipped & that
there are now more children of schoolage.

As to religion they are partly Presbyterian, partly Roman
Catholic, the majority Presbyterian, as my letter states.
The successive teachers supported by the Department
years ago were one a Roman Catholic, the other a
Protestant. As to the facts I refer you to Mr. James
McG. P. & Jas. M. Longhin Esq. Stipendiary Magistrate
of this Town both Roman Catholics.

The immediate purpose of my writing was to secure
the use of the School House & equipment for the pur-
pose for which they were provided. The equipment

is stored away unused & the School House is
used as a dwelling by a son-in-law of Jones.

The residents have chosen trustees (I think, three)
John Hunter, Isaac Hanson, the third I cannot name
at present. The property should be put in their charge
that it may be used for the purpose for which it was
provided.

I have had a sum of money put into my hands by an
American Summer Visitor who has a Club House
in the Province of Quebec in the Kipawa region &
is interested in these people to go towards payment
of a teacher for them, to give them at least elementary
instruction for some months each year. The use of the
school house & equipment is so right for that purpose
& the school & instruction would be available for all
the children of the neighbourhood. In your reply you
make no reference to my request for these

Sir,-

You will recollect that ~~a few~~ ^{some} years ago a school was conducted for a few summers at Hunter's Point. This school was established at that time on your recommendation. The Department understood that these Indians were all Roman Catholics and Roman Catholic teachers were appointed after consultation with Rev. Father Evain. The Department also supplied some material and the Indians erected a building which was used for school purposes.

Rev. J. W. Mitchell of Mattawa now applies to the Department for the use of this building and furniture for a school for the Indians and half-breeds in that neighborhood and states that he has money available towards payment of a teacher. Rev. Mr. Mitchell states that there are a number of Indians partly Presbyterian and partly Roman Catholic, the majority Presbyterian.

The Department would like to have a report from you in reference to this matter. If the facts are as stated the Department would be prepared to give the use of the building and the furniture and also pay a fair proportion of the salary of the teacher, if there are Indians to attend. It must be borne in mind that this Department cannot be responsible for the education of half-breeds in the province of

Dear Sir,

In reply to yours of the 2nd inst. No 813300,
I have to say that the name of the Protestant Teacher
employed by the Department at Hunter's Point
is Mrs Ryan well known in Mattawa, as she was
brought up near Eau Claire a few miles west of
this town. So anxious were some of the Protes-
tants of the neighbourhood for the education of their
children that one of their number, Isaac Hanson,
while in charge of Sheppard & Morse's Depot far-
ther up North-River employed Miss Agnes Le Cap-
pelain, now teaching in the Public School here, to
teach his children & those within reach, when your
school was closed. Later on her sister Miss

The list of 27 children of school age to which I have referred was prepared at a meeting of residents of North River at Hunter's Point while I was on my visit there. All have Indian Blood, except the two children of our missionaries. The occupant of the School House, as a dwelling, is Theodore Hanson son-in-law of Jones the former owner of the Hunter's Point property.

The present action has been prompted by the generosity & consideration of Ernest Ryle Egan of Raubwinning Club an American summer visitor who has put a sum of money into my hands to provide at least a few months elementary education yearly for these children & who

Sir,-

I have to thank you for your letter of the 12th instant in reference to the re-opening of the school at Hunters Point. The information contained therein is quite satisfactory, but it does not go ~~quite~~ far enough.

This Department is being asked to contribute a building and equipment and also to pay an annual grant, but before it can do so it must have information respecting the number of Indian children at Hunters Point who will attend this school. As you are aware, this Department has no responsibility for the education of white or half-breed children of the province of Quebec, but solely for the Indians. When this information is received the matter of a grant can be decided upon. In the meantime, in view of your report, the Department will grant to the white trustees who may be appointed the use of the present building and furniture, upon the understanding that this does not involve any obligation for the payment of a grant until such time as the information above referred to is received.

School is at the present time conducted at Sault Ste. Marie and has been so for about two weeks, in the residence of Archie Perry, and in charge of Miss Mabel McBratney of Mallawa. I have visited the class and have found that there were seventeen pupils enrolled and sixteen present and from the number there was one Indian child. The daughter of James Smith, a member of the Sault Ste. Marie band. MEMORANDUM

Mr. Scott, -

With reference to correspondence which has taken place regarding the use of the Indian school building and furniture at Hunter's Point for the purposes of a joint school I beg to say that letters have reached the Department from Dr. James and Mr. Agent Renaud.

Dr. James in his communication gives the number of Indian children that could attend this school as between twelve and fourteen, while Mr. Renaud states that there are not more than two except for a short time during the summer months when some of the Indians from Wolfe Lake might be at Hunter's Point. He says that it would even be doubtful if any of the children would attend if there, as they have a summer school at Wolfe Lake.

The school is in operation with one Indian in attendance. As it is not likely that we will require the building at Hunter's Point in the near future I see no objection to allowing the whites to have the use of it, but

but, as for the Department assuming a portion of the salary of the teacher, I think we should wait until we see what likelihood there is of any more Indian children attending. It is only right that the Department should pay a tuition fee for any Indian children that do attend, but unless there is a fair number enrolled it could hardly be expected to make an annual contribution. Dr. James was informed on the 2nd ultimo that the Department could not be responsible for the education of half-breeds in the province of Quebec and it is presumed that many of the children enrolled belong to this class. I think if the Department allows them the use of the school and the appliances and pays a tuition fee for any Indians that might attend it will be doing all that could reasonably be expected under the circumstances.

In further reference to the Department's letter to you of the 21st ultimo I beg to say that upon re-considering the question of allowing a grant for the school which has been established at Hunter's Point for the education of Indians and whites the Department has decided that it will contribute the sum of \$250.00 per annum towards the salary of the teacher of this school, in addition to furnishing the building and equipment. You may notify the persons interested in this school accordingly. The Department will require the usual quarterly returns to be furnished before payment is made. This arrangement is to go into effect from the beginning of the current quarter, October 1st.

I am happy to be able to report very favour-
ably regarding this School. The attendance is remarkably
good when the circumstances are taken into account & the
progress encouraging. Two of the Scholars contemplate
coming down here in June to try the Entrance ex-
aminations.

I endorse the application which the teacher makes
for a large map of Canada. The seats are needed but
I cannot give definite information at present

Dear Sir

In reply to yours of yesterday I have to say that if the map can be forwarded by mail send it to Hunter's Point - P.O. ^{Que.} addressed to the care of Miss Maggie Mc-Donald, School Teacher. If it requires to be sent by express (Dominion) please address to Kippewa Que & notify her. There is a mail to Hunter's Point now once a week & though there may be some delay in getting a parcel through from Kippewa at this season of the year it is the best available.

Miss Georgina Hunter, teacher of the Hunter's Point Indian School, in her report for the year ended the 31st of December, last, states that the building is in a very poor state of repair at present and that there is no woodshed.

In this connection I beg to refer you to your letter of the 26th of April, last, in which you stated that you hoped the new school building at this point would be completed last summer. Apparently this was not done and I have to ask you to be good enough to state whether a new building will likely be erected this summer. If not, I should be glad if you would advise the Department as to what repairs are necessary to the old building and give an estimate of the probable cost of having them done.

Dear Sir,

We, the undersigned, residents of Hunters Point
make the Indian Department know that we think
to be intitled to send our children, as well as the children
of the non-catholics, to the school built on this locality
with your money, and whose teacher is also paid by
the department. We are catholics, the most of us
have Indian blood, and being the big majority of
the residents in this district, we wish to have a
catholic teacher. But as we are not fanatics
and as we know that they are a few families who
are protestants who send their children to that school
we are disposed to have religion taught but only
after school time -

So, we expect to get a favorable answer, and have
no trouble with our neighbours in this affair.

Here is following the list of our children
in age to go to school =

Rev. Sir,-

I have to acknowledge the receipt of a petition from a number of Catholic Indians of Hunters Point, dated the 10th instant and which is endorsed by you, asking that their children be allowed to attend the school which is conducted at that point as a joint school for the benefit of the white and Indian children.

In reply I beg to say that, as this is a joint school for whites and Indians, it is thought that the white trustees would not object to the Catholic children attending, also that there would be no objection to religious instruction being imparted after the regular school hours.

This Department is not responsible for the appointment of the teacher and the request that a Catholic teacher be employed is a matter that should be dealt with by the white trustees.

In reply to your letter of the 25th ultimo regarding the Hunter's Point Day School I beg to say that this is a combined white and Indian school. The teacher is hired by the white trustees and this Department contributes the sum of \$250.00 per annum towards her salary, which is paid quarterly upon receipt of returns showing the attendance of the Indian children only. The return for the quarter ending September 30th, last, showed an enrolment of 14 pupils, with an average attendance of 12.

The Department also furnishes the books and school supplies required for the Indian children only, upon receipt of requisitions from the teacher for the supplies she requires.

A new school building was recently erected, towards which the Department contributed the sum of \$300.00.

Re Hunter's Point School
 North River, Que.

I have to report that I visited & inspected your school at Hunter's Point, North River, Que. on Friday 3rd inst. and found everything in satisfactory condition. The teacher Horner Hansen has been replaced for a few days in ^{her} necessary temporary absence by her elder sister Rosa Hansen who is still better qualified for the required duties. The number of scholars present was eleven, eight girls and three boys. The ordinary grades were all represented. The order was excellent & every indication of efficient work being done. The scholars are now comfortably accommodated & the prospects of the school better than ever. The equipment is meagre, consisting of a couple of worn flexible blackboards with desks sufficient for present attendance but which may prove insufficient before the term is far advanced. The marked success that has attended the operation of this school since it has been carried on under present conditions merits the most liberal treatment of the Department. Your supplementary grant to meet the greatly increased cost of living is much appreciated. Without it & the generous aid of an American

summer visitor Expect Fyde Eng at whose lodge I am at present a guest it might have been impossible to secure a teacher.

There is great reluctance on the part of many to venture so far into the wilds where they are cut off from communication with the outer world while the ice is forming & breaking up & where they can only get out with great difficulty in midwinter. These difficulties led one teacher to draw back after all arrangements were made & another to become homesick & throw up her work in the middle of her engagement.

The present teacher has received much of her education in the School & the balance of it in the neighbouring towns of North Ontario but we suffer from the competition of the higher salaries paid in these & the mining regions near at hand. I hope the Department will give due consideration to these difficulties & extend to this school its most liberal financial treatment. During the last five years seven of the scholars have passed the Ontario entrance examinations by going out to Mattawa. The success that has attended its operation has induced me at considerable inconvenience, labour & expense to continue my connection with the school especially as it is desired & appreciated by the natives.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 8th instant regarding the new building which has recently been erected for school purposes at Hunter's Point.

The Department is pleased to learn that the scholars are now comfortably accommodated and that the prospects for success in the work of providing the children with an education are good.

With reference to the equipment which you state is needed, I beg to say that the Department will furnish the blackboards required, if you will state the dimensions and give full shipping directions. The blackboard supplied is known as hyloplate and comes in lengths from six to twelve feet and is three, three and a half and four feet in width. It can be supplied in any length up to twelve feet.

The Department will also furnish the school material required for the Indian children, such as books, stationery, etc., upon receipt of a requisition for the teacher showing the supplies required.

It is hoped that you will continue your interest in this school and it is pleasing to note the success met with by the pupils during the past several years.

In further reference to official letter No. 35-3-1 of the 18th. of August, regarding the Hunter's Point Protestant Combined Indian Day School, I beg to say that I paid a visit to this school on the 30th. of September last and am enclosing report of the visit.

I may say that this is a very well managed school. The pupils are well advanced and they have a very good school-house. The pupils however are not Indians. They may have a trace of Indian blood some of them, but so little as it is not of any account.

I am under the impression that this school should be supported by the Quebec Government. They are white people living in an unorganized district, but there are sufficient children to warrant a school being maintained at this point. If the R.C. Indian Day School and this one were combined it would make a good school, but the parties interested will not listen to that at all. The Indians will not send their children to a school with a Protestant teacher in charge, and the Protestants will not send theirs to a R.C. school. The trouble seems to be in the denomination of the teacher, and the Indians at Hunter's Point are all Catholics.

Sir:

I beg to inform you that the Department, after enquiry, has decided that it cannot continue the grant, viz., \$250 per annum, which is provided towards the salary of the teacher of the Hunter's Point Protestant Combined White and Indian Day School. The pupils in attendance are not Indians, and we are, therefore, not responsible for their education. We are of the opinion that the responsibility for the education of these children rests with the Provincial Government. The grant which we allow will be discontinued from the end of the present calendar year. Nearly all the Indians at Hunter's Point are represented to be of the Catholic religion, the greater number of whose children attend the Roman Catholic Indian Day School which is in operation at that point.

We are informing both the teacher, Miss Hansen, and our local Indian Agent, Mr. Lewis, of the discontinuance of the grant from December 31st, next.

Sir:

I have your letter of the 29th instant, regarding the discontinuing by this department from December 31st, next, of its grant to the Hunter's Point Protestant Combined White and Indian Day School.

In reply I beg to say that, as the children who attend this school are whites and half-breeds, it is felt that this Department is not responsible for providing for their education, and, as stated in our previous letter, we are of the opinion that the Provincial Government is responsible for the providing of educational facilities. It further appears that the Indians at Hunter's Point are Roman Catholics, and that they send their children to the Indian day school which is conducted under the auspices of the Roman Catholic Church. The reason for the opening of this second school was that the Indians refused to send their children to the Protestant school. We regret that it will not be possible to change the decision to discontinue our grant to the Protestant school after the end of the present calendar year.

Your obedient servant,

Sir:

I have your letter of the 10th instant, enclosing a communication from the teacher of the Hunter's Point Combined Indian and White School in which she requests that 12 single desks and a map of Canada and Ontario be supplied.

In reply I beg to say that an order is being forwarded to the Government Stationery Office, here, to send by express to Miss Hansen, Kippewa, Que., 1 map of Canada, and 1 map of Ontario, mounted on rollers. I shall be pleased if you will inform Miss Hansen accordingly, and arrange with her to accept delivery from the express office when the maps arrive at Kippewa.

Relative to the desks, I would point out that when the building in which this school is conducted was originally erected, the Department supplied double desks sufficient to seat 20 pupils. This was in August, 1908. Since that time we have assisted in repairing the building to the amount of \$300, and have allowed a grant for the teacher's salary and classroom supplies for the Indian children. We understand that only a small number of Indian children attend the school, the majority on the returns which the teacher forwards being half-breeds. As you are aware, this Department has no responsibility for the education of half-breed children, and we consider that we are dealing generously with this school in our grant for salary and classroom supplies. The desks which we supplied as mentioned above should still be in a serviceable condition and provide ample accommodation for any Indian children who attend. Our funds at the present time are extremely limited, and it will not be possible to furnish the desks asked for by the teacher.

Ottawa, July 8, 1907.

The Deputy Superintendent General,-

I have just received a letter from Miss Lucy Street, who was sent up to Kippewa to open a summer school at Hunter's Point. You will remember that when Dr. James was here last month he told you that a building would be available, and he was written to on the 14th ult. and asked to see that it was got ready for occupation at once.

When Miss Street reached her destination she found that there was no accommodation provided. The Indians are at the place and are anxious to have their children educated. Fourteen are ready to attend at once and more later on. The Postmaster has let her have the use of a shed for two weeks, but, as he is cramped for room, he will want it after that date. Some provision will have to be made and Miss Street says that if the Department will allow \$150 for material the

Postmaster and some of the Indians will build a school-house at once and give their labour free of charge.

We can spare the money and, as this is the only thing that can be done, I would recommend that you authorize this expenditure.

Ottawa, July 8, 1907.

Madam,-

In reply to your letter of the 5th inst., addressed to Mr. Benson, of this Department, reporting that on your arrival at Hunter's Point you found that there was no building provided for holding a school and that you have been loaned temporary quarters by the Postmaster, who informs you that for the expenditure of \$150 for material he will, with the assistance of some of the Indians, put up a building in which the school can be carried on, I beg to say that the Department will, under the circumstances described by you, authorize the expenditure of \$150 for building material.

You will request the Postmaster, who has kindly volunteered to assist in the work, to make the necessary purchases and send accounts in duplicate attached to the inclosed forms to the Department for payment, and you will be good enough to certify to the same. It is to be understood that there is to be no charge for labour.

Madam,

I beg to re-enclose herewith the account which you forwarded in favour of Mr Jones, for lumber and other supplies for the Indian school building near Hunter's Point.

As pointed out in a previous communication, the account should be in duplicate. It should also be rendered in detail so as to show the quantities of all supplies furnished. The receipts for payments made for freight and transport of the lumber, etc, should be attached to the account. The accounts rendered by merchants for the doors and windows, etc, and also for the lumber should be enclosed, if they were paid by Mr Jones. If he did not pay for these articles which he purchased then separate vouchers, (also in duplicate) should be rendered in favour of the different merchants who supplied the goods.

To The Department of Indian Affairs

As I have ~~been~~ notified that
 the Minister are wanting to
 have the school house which
 was built for Indian school
 as it was serving Hunters Pub.
 And it was not safe to
 live the school as it was as
 it could not keep it locked
 up and things were going to
 ruin. I put a family in it
 to look after it until May
 next that is if the Indian department
 did not require it before that time
 and the Indian school which is
 under stand from Mr Robinson
 is to be opened up in spring
 instead of wolf lake as it
 under stood the family of Robinson
 which is looking after affairs are
 moving down and it will be
 very convenient to move this family
 out at this time of the year so I had
 notify me if I have to move them
 as it is late in season

Rev. Sir,-

Referring to your letter of the 4th instant and previous correspondence in regard to the use of the school building and furniture at Hunter's Point I beg to say that the Department has decided to place this building and furniture in the hands of the white trustees upon condition that the Indian children in the neighbourhood, if any, are allowed to attend the school. Mr. Jones is being asked to hand the key to the secretary of the school board.

The Department will also be prepared to pay a reasonable grant for the tuition of the Indian children in the neighbourhood who may attend the school, but the amount cannot yet be fixed, as the Department has not definite information as to the number of pure blooded Indian children at Hunter's Point. As you have already been informed this Department has no responsibility for the education of whites or half-breeds in the province of Quebec. The information has been asked for respecting the Indian children and when it is received a decision as to the amount of the grant will be arrived at and you will be communicated with. If you are prepared to open the school on these conditions you may do so.

D. James of Mattawa had an

interview with the officials of the Department about 10 days ago and about the school at Hunter's Point Que. He embodied the decision arrived at in the form of a request to go on record in a letter last Saturday 13th inst which he showed to me before forwarding. Neither he nor I have yet heard from the Department but as there is a matter of urgency I venture to write again. The Teacher for the school went up to Hunter's Point today. I have just learned from Isaac Hansen by weekly mail tonight that Theodore Hansen refuses to vacate the school house till he is directed to do so by the Department. Would you be kind enough to issue that order according to understanding come to with Dr James. The occupant has had ample notice already & there should be no farther delay. That order addressed to Theodore Hansen under cover of one addressed to Isaac Hansen Secy of Trustee Board & marked urgent would greatly oblige. There is no mail to Hunter's Point till next Thursday but there is almost daily communication with Kippewa at this season of the year & it would thus reach Mr Isaac Hansen without much delay & aid in getting the school fairly under way before cold weather sets in.

Yours very sincerely

is quite satisfactory as to building & furniture. The attendance of all the full blooded Indian children in the neighbourhood will be encouraged in every reasonable way. The school was opened in a private house on Monday 22nd inst. with an attendance of 16 children Miss Bristol Mrs. Craiken, herself part Indian, being the teacher. Everything promises well as the Secretary reports to me but Mr. Theodore Hansen refuses to vacate the School House till he is personally notified by the Department to do so & has so informed the Secy of the School Board Isaac Hansen. I hope this difficulty will be overcome before the cold weather sets in. Only one of the Trustees Mr. Jas. McLaughlin is a white, the other two are half-breds who have had the advent.

I beg to enclose herewith a copy of a letter recently addressed to Rev. J. W. Mitchell of Mattawa in reference to the school at Hunter's Point.

From this letter you will see that the Department has decided to place the school building and furniture there at the disposal of white trustees and it is also proposed to allow a grant for the tuition of Indian children who may attend. There is no definite information as to the number of Indian children who would likely attend this school and I have to ask you to be good enough to go to Hunter's Point, make full and careful inquiries and report as to this matter and any others that might be of interest to the Department. You should do this as soon as possible so that definite action can be taken by the Department. Kindly note contents of enclosures carefully.

Letter 485902

Having recently visited
and investigated the affairs of your School at Hun-

1st That the School continues to do highly satisfactory
work. The attendance, as the quarterly returns show,
is very good and the progress of the Scholars
remarkable. No fewer than three of them passed
the entrance examination in June, two at Mattawa
and one at Haileyburg. One of the three was the only
scholar to pass with honours at Mattawa. These
three pupils are all classified as Indians
2nd These satisfactory results have been secured in
the face of serious obstacles. Nearly all the pupils have

to come by water or in winter over ice.

The condition of the School House endangers their health and urgently calls for a new building. It is too small (24 x 16 ft.) for the number of scholars & for proper heating. The height of the side walls being only 7 1/2 ft. the windows are wrongly placed in the ends instead of the sides of the building. In consequence the lighting is defective.

It is in the state of serious disrepair. The floor is in bad condition with supports gone. The tarpaper roof is in places broken and shows light through. The paper on the log walls inside is rotten.

There is no school for Whites or Indians in North western Quebec that can show such a record as this one can for the past three years.

A new building 40 ft x 25 ft. & of proportional height is needed and in their behalf after full consultation with them and consideration of their needs I now

make requisition for it.

There is only one family of Whites at present with children in attendance & only two such families in the whole district.

3rd The School is wrongly classified in various reports (1915 p. 128) as Roman Catholic instead of non-denominational as provided at its opening three or four years ago after having failed under Roman Catholic auspices and being closed about five years.

Yours respectfully

James W. Mitchell M.A.

I have been informed by J. B. Klock ex-m. I gave to Mr. Brabazon all the information desired regarding the cost of the new building & the part that the people there would take in procuring the pine logs squaring them, & putting up the shell of the building without cost to the department. I had a careful estimate made by a practical builder at North Bay of the lumber, roofing material, windows, & doors, frames, flooring, ceiling, wainscoting & hardware and then secured prices

from several Sash, & Door factories, saw mills and hardware men showing that the cost of this material & labour would considerably exceed \$300⁰⁰ (in fact fully \$350⁰⁰). This I furnished to Mr. Roberson more than two weeks ago but have heard nothing since from the Department. I went up to Hunter's Point, about 75 miles from here, on June 30th to set them to work now that the School is closed to hasten the work so that the new building may be ready for occupation by Sep^r 1st. The material required from outside has to be shipped in from a distance. The time is limited & I can do nothing farther in ordering material till advised by the Department as to how pay sheets shall be forwarded & certified. I have made two long journeys over this matter, at my own expense, one of them in mid-winter & am limited in the farther time which I can give to it. If farther information is required I will endeavour to give what is required desired. Mr. Roberson wrote me some time ago that he had been ill & unable to attend to the matter.

I have been acting on the presumption that the building when erected would be the property of the Indian Department, as the School is an Un-denominational Indian School with only two or three white scholars taking advantage of its privileges. MEMORANDUM

Schools Branch -

The Rev. Dr. Mitchell called this morning with reference to the school at Hunters Point. The new school building has not been erected because they had some difficulty in getting timber, but the Colonial Lumber Company has promised timber for next spring and has written a letter, copy of which is attached hereto, making a definite arrangement. The \$300.00 is lying in the Bank of Ottawa at Mattawa at the credit of a special account.

Rev. Dr. Mitchell is going to spend the winter at Mitchell, Ont., but in the spring he intends to conclude the business arrangements for the erection of the school building.

Dear Sir,

With reference to our conversation this afternoon, would say that this Company will donate for the purpose of building a school house approximately 26 x 20' the necessary logs of Pine, Spruce, Balsam or other suitable woods, such logs to be taken out in the vicinity of Turtle Portage.

It is understood that our agent will select the trees at the time your men are ready to cut them.

Should the limit change hands between now and that time we will recommend to the purchaser that they carry out this arrangement.

It is also understood that this timber will be taken out in the spring of 1918 at some convenient time.

Yours truly,

Reverend Sir,-

Regarding the erection of the new building for the Hunters Point School, I have to request that you will be good enough to state what progress has been made in getting out the lumber required for this purpose.

As the Department is closing its accounts for the Fiscal Year ending March 31st, last, I would like you to return the amount of \$300.00 advanced you in July last for this purpose, provided you have not used any of it towards the purchase of lumber. When you require this money another cheque will be sent you. If any amount has been expended you should furnish accounts in duplicate, properly certified by you for the material you have purchased.

Kindly give this matter your early attention and return the amount or vouchers for the expenditure incurred, so that the books of the Department can be closed.

I am happy to say that progress is being made
with the new building. I am advised that the
logs were all made last year & piled up where
they were made as the prevalence of flu
hindered anything further being done till too
late. As soon as the water opens they will be
brought up to site & the work proceed. I have
authorized the immediate expenditure of \$50⁰⁰
at my own risk for spikes, nails &c. & have now
to ask that you will renew the grant of \$300⁰⁰

Rev Sir,-

I beg to transmit herewith cheque No. 20 for \$300.00 being an advance in your favor to defray expenses in connection with the new school house at Hunter's Point.

A supply of labour return forms is also enclosed. The Department desires to have you prepare a pay-list in duplicate thereon showing the time the men worked. Each man who worked should receipt the pay-list in the column provided for the purpose. If any of the men are unable to write they should sign by mark, and in every such case the signatures by mark should be witnessed by a third disinterested person. The signatures of all the work men, I may say, should be witnessed, and the pay-lists should be certified by you.

The accounts for purchases made in the way of lumber, etc., should be attached to voucher forms in duplicate, and you should certify thereto on the said forms, provided the accounts are correct. If payment was made by you, the accounts should be receipted. Voucher forms are also enclosed herewith.

My dear Lord

I am writing you re the school
at Hunters Pt. Some of the facts of
which you are acquainted with since
your visit last summer.
After your visit here
last summer we made an effort to
secure a teacher but failed until
until a few weeks ago when we were
fortunate enough to secure one.
School is going on at present & being
held in the church. There are thirteen children
attending and there are a few Catholic
children going to the other school that is
the Protestant. If you could call such
these thirteen children attending at church

am all Catholics and with those other
four Children would make seventeen
or eighteen now here is the Parents

This other school indently is a Protestant
School & is receiving government support
at the least two hundred a year.

Now this is supposed to be an Indian
School but if it is an Indian school
it is a Protestant Indian school for the
Bible is ~~not~~^{read} there even. Therefore I feel
that some thing could be done to help us
in paying the Teacher & supporting the school
since since the Teacher alone is costing
us \$20. a month as I said before there
thirteen Children attending school in the
Church at Present and a few more will attend
soon.

Now I feel this is a matter to be looked
into by the Quebec Government or the Superintendence
of Indians School for Province of Quebec
and I also feel with your generous influence
my God something will be accomplished
to assist us in this important work.

My dear lord,-

I am just after returning from a trip
and short mission at North River (Hunters Point)
and whilst there I was asked to write
you concerning conditions re school etc. and
I am doing so as I promised.

At present, My lord, the Catholic children
are being taught in the Church there, the teacher
being payed by the people themselves and not
getting any help from the government. Now as
far as I can learn the school there is
wholly Protestant now; although at first it was
an Indian school and supported by the govern-
ment, the teacher being payed by the government.
The government is paying two hundred a year
yet to that school and only ten or eleven children
going there, two children of those being Catholic.

It seems unjust that the Catholics should not receive support also, since there are more Catholics and seeing the school was strictly Catholic at start. Evidently there has been some under-current and the change has passed un-noticed to the Supervisor of Indian Schools. Whoever it is at present in Quebec, I don't know. There are fourteen children going to the Church now and there are a few more could be easily induced to withdraw from the other school and it would leave that school on its last legs.

I feel, my lord, there should be an investigation into the matter and also with your influence in matters concerning education you could have the Indian Department look into this affair, since it comes under their jurisdiction this place being a reserve. At present the Catholic families are anxious that something be done and are willing to cooperate with those who shall assist. Asking you for a remembrance in your good prayers and assuring ^{you} of mine I remain

Dear Sirs:-

The enclosed letter will bring to your notice a condition of affairs prevailing at Hunter's Point, P.Q. which deserves serious consideration.

I visited this mission last summer and allowed the Catholics to hold classes in the Chapel -

You understand the position of Catholics in school matters and I hope you will be able to give to the Catholics who are in the majority at least as much assistance as you give to the Protestants.

Thanking you in advance, I am, very truly yours,

Ottawa, June 18, 1919.

MEMORANDUM.

Mr. Scott.-

With reference to the letter of the 9th instant from the Roman Catholic Bishop of Haileybury in regard to school matters at Hunter's Point on Kippewa Lake, I beg to say that the school now in operation there is a white school at which Indians are in attendance. The return for the March quarter shows an enrolment of 25, with an average of 16, for whom the Department makes a contribution of \$250.00 per annum towards the salary of the teacher. The teacher is not appointed by the Department.

There is no reason why all the Indians within a reasonable distance should not attend this school.

It would appear from the Bishop's letter and enclosures that a Roman Catholic school is being conducted in the church, as they object to their children attending the Protestant school, and they claim that the Department should assist them in obtaining a school for their children.

In 1907 the Department opened a summer school at Hunter's Point for the Grassy Band of Indians and a Roman Catholic teacher was put in charge. This school was conducted until the fall of 1909, when it was closed.

In July, 1913, the Rev. Mr. Mitchell of Mattawa asked the Department if it would allow the building and equipment to be used for an undenominational school, which was to be conducted for the benefit of the half-breeds and Indians there. The Department gave the necessary permission, and

and the school was re-opened in October, 1913. The present building does not meet the requirements of the school and the Department is making a contribution of \$300.00 to assist in the erection of a new building.

As far as I can make out from the census returns all the Indians in this locality are Roman Catholics.

Right Reverend Sir,-

I have the honour to acknowledge the receipt of Your Lordship's letter of the 9th instant enclosing two communications addressed to you, one by the Rev. Father Hogan of Mattawa and the other by Mr. Albert Jones of Hunter's Point in regard to school matters at Hunter's Point on Lake Kippewa.

In reply I beg to say that the school now in operation at Hunter's Point is a joint white and Indian school, towards the support of which this Department makes a contribution of \$250.00 per annum on the distinct understanding that it is to be an undenominational school. The Department is advised that it is conducted on these lines and it is open to all the Indian children in the neighbourhood who can attend.

There is no Indian Reserve at Hunter's Point and the Department has no funds available for contribution towards another school there.

Dear Mr. Scott

I date from my standing address though for a few weeks wintering in St. Petersburg Fla.

I have been excused over the little balance for which as yet I have not sent you vouchers. The material was bought at North Bay & Mattawa, storage at Kippewas & freightage of Kippewas Lake & North River had to be paid which would have absorbed the balance of the grant of \$300⁰⁰. The material was sent to Isaac Hansen who had the oversight of the erection of the building. He complained that he had not the money to spare to pay storage & freight charges & so I remitted the balance to him that he might have it on hand for that purpose & for payment of work on the building which is yet unfinished. I have just learned from Mr. Hansen under date of 8th inst. that he still has \$24⁵⁵ on hand as Mr. Camming charged nothing for storage.

the Booth Co. also did the freight of the material free of charge. There is considerable work yet to do on the building but the weather had set so severe before Mr Hansen learned that freight & storage would cost nothing that he could not expend it to advantage on the building. That will be done when the weather moderates & labor can be secured, which will be as promptly as anything can be got done in that region. The sum in Mr Hansen's hands with volunteer work will enable the building to be occupied but not finished as it should be. - Now what shall I do? I will if you see good send vouchers when the money is actually expended or I will send you my cheque for the amount you name \$24.00 to be returned when vouchers are sent you. If further work is required to be done, the Department desires to have you furnish a definite statement in the matter with an estimate of cost. I may also say that if you do not make refund of the \$24.80 above mentioned, it will be necessary for you to submit vouchers or pay-lists accounting for the money.

Re. North River School
House at Hunter's Point

I have already accounted for the \$300.00 granted by the Department toward the erection of a new School House, at Hunter's Point, North River, ^{Que.} now having just had the opportunity of visiting & inspecting the building have thought it well to report to you. Of course you understand that the sum granted was totally inadequate to erect it. Much of the material & work was furnished & done locally. The Colonial Company gave the timber, the work of squaring & transporting it was done by the natives whose children are receiving the elementary education given within its walls supplemented by local friends visitors & well-wishers. It is as yet not completed but fit for occupation for school purposes & so far advanced that it will no doubt be finished before the cold weather sets in.

The building is 20 x 30 feet built of squared logs set upright & about 12 ft. to a ridge-pole roof. It has three windows in each side with

door in front. It is intended to build a porch the full breadth of the building. It is ceiled with matched lumber over felt paper & the interior is about 11 ft. in height. The ceiling of the south end is yet unfinished but the material is ordered & on the way. The flooring & ceiling of sides & top of the interior is of good material & workmanship. The stove is not yet in place but provision for the proper heating of the room is on the way & for the first time in the history of the school there is the prospect of the scholars being comfortably accommodated winter & summer. Since the project was set on foot about three years ago material & labour have very greatly increased in cost & had not self-denial & perseverance been exercised on the part of some of those whose children will reap the benefit (others as well) it would have been impossible to carry the project to completion. The Department will find that in this School House it has received an ample return for its grants in aid.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 8th instant furnishing your report on the new school building which has recently been erected at Hunter's Point and to which the Department contributed a grant of \$300.00.

In reply I beg to say that the Department is pleased to note that the work on this building has been done in a substantial manner and that it will be entirely completed before the cold weather sets in, also that it will provide comfortable accommodation for the children who will attend.

I beg to thank you for the interest and work you have taken in having this building completed.

Gentlemen:

Please send me some report forms
for the Indian Day School.

The desks in the school are in very bad
condition and also too small for the pupils, there
are three measuring twenty four inches from
floor to the top of desk and the rest are all
all from two to three inches lower, and would
like if fifteen single desks could be
supplied for the school at once, as the pupils
are unable to work properly in the ones now
using.

Trusting to have a favourable reply in
a short time.

Madam:

I have to acknowledge receipt of your letter of the third instant, requesting 15 desks for the Hunter's Point School. In reply I have to say that the building in which the school is conducted at the present time was originally built by the Department, and, in addition, we assisted some five years ago in repairing it. The desks now in the school were also originally purchased by the Department. At the present time, however, the Department is aware that there is only a limited number of Indian children attending the school and it is felt that any new school equipment necessary should be obtained by those responsible for its management. This Department is only prepared to assist the school to the extent of the amount which we allow the teacher.

Sir:

I have your letter of the 10th instant, enclosing a communication from the teacher of the Hunter's Point Combined Indian and White School in which she requests that 12 single desks and a map of Canada and Ontario be supplied.

In reply I beg to say that an order is being forwarded to the Government Stationery Office, here, to send by express to Miss Hansen, Kippewa, Que., 1 map of Canada, and 1 map of Ontario, mounted on rollers. I shall be pleased if you will inform Miss Hansen accordingly, and arrange with her to accept delivery from the express office when the maps arrive at Kippewa.

Relative to the desks, I would point out that when the building in which this school is conducted was originally erected, the Department supplied double desks sufficient to seat 20 pupils. This was in August, 1908. Since that time we have assisted in repairing the building to the amount of \$300, and have allowed a grant for the teacher's salary and classroom supplies for the Indian children. We understand that only a small number of Indian children attend the school, the majority on the returns which the teacher forwards being half-breeds. As you are aware, this Department has no responsibility for the education of half-breed children, and we consider that we are dealing generously with this school in our grant for salary and classroom supplies. The desks which we supplied as mentioned above should still be in a serviceable condition and provide ample accommodation for any Indian children who attend. Our funds at the present time are extremely limited, and it will not be possible to furnish the desks asked for by the teacher.

Ottawa, January 14, 1921.

MEMORANDUM

Mr. Scott, -

Mr. Stanger
Please discuss with me
JCS

James Stanger, an Indian from Hunter's Point, visited the Department yesterday. He stated that the Catholic members of the band at that point had put up a shack which they are using for school purposes; also that they had engaged the services of a teacher, a Miss Sobey, without qualifications, and that she has been teaching for nearly a year; He stated that they are paying her \$30.00 per month salary and her board and have been supplying the books and stationery required themselves.

There is a combined white and Indian day school at this point. This Department contributed \$300.00 a year ago to help erect a building. The school is managed by the white trustees who engage the teacher, and this Department pays \$250.00 per annum towards salary. This school was erected for the benefit of the Indian and white children at Hunter's Point. The Catholic parents refuse to send their children, as they state they are receiving no religious instruction, and, as they desired a school of their own, they went ahead and put up the shack and engaged the teacher. They have 20 children attending.

Mr. Stanger requested that this Department contribute a grant to help them put up a suitable building, which would be located across the lake from the present school. They intend to build a log building and ask that we supply the material for the roofing and flooring, and also the desks and stove, pay the salary of the teacher and provide books and stationery required. I informed him of the contribution the Department had already made for the erection of the building and the amount we are paying towards the teacher's salary and that it was intended that all the Indian children should attend this school. He states that the Catholic parents do not send their children, desiring a school of their own. Father Evain, the missionary who visits this point once a year, drew the attention of the Department

ment to this matter in August, last, and stated that, as the Catholic Indians form the majority of the band, a Catholic teacher should be secured and religious instruction given. He was informed that, as the present school was managed by the white trustees, this Department had no say in the engaging of the teacher. There are no funds provided for the purpose of contributing to the erection of another school and paying the teacher's salary.

Mr. Stanger requested that an early reply be given to his request, and I shall be pleased to have your decision in the matter.

Sir,-

James Stanger, an Indian from Hunter's Point who recently visited the Department, requested that a grant be allowed to assist the Indians to erect a building in which to carry on a day school for the benefit of the children of the Catholic Indians at that point.

There is at present a combined white and Indian day school, which is conducted under the control of a board of trustees, this Department contributing the sum of \$250.00, towards the salary of the teacher. The Catholic parents refuse to send their children to this school and Mr. Stanger stated that they had put up a shack and engaged the services of a Miss Sobey, who has no special qualifications, and that she has been teaching for sometime. He stated that the Indians were paying her \$30.00 per month salary and her board and have been supplying the books and stationery required themselves. He stated that there are twenty Catholic children who attend.

I shall be pleased if you will find it convenient to visit Hunter's Point at an early date and inquire into educational matters there. You should ascertain the number of Indian children, both Catholic and Protestant, and state whether, in your opinion, another school should be provided for the Catholic children and, if so, what amount of work the Indians will be prepared to perform themselves in the erection of a building and what part of the cost it would be necessary for this Department to furnish. Any information you can give that will enable the Department to come to a decision regarding the request of the Catholic Indians for assistance will be appreciated.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

Sir:-

I beg to state that at the request of the Dept. contained in letter No. 35-3-1 of the 19th. ult. I left North Temiskaming on Tuesday the 25th. of January and proceeded to Kipawa arriving there on Wednesday noon.

I waited at Kipawa all day Thursday for a team which was expected out from Hunters Point but as it didn't arrive I went in with a loaded portage team on Friday morning, a distance of from 22 to 25 miles.

As it was too late on Friday night to make any visits I commenced on Saturday morning and made a round of all the Indians in the vicinity of Hunters Point, and visited the two schools, and also the trustees of the so called combined white and Indian day school.

Leaving Hunters Point on Sunday morning I went to J.R. Beeth's stopping place and left there on Monday morning for Kipawa station. I was obliged both ways to pass a night at Mattawa and arrived here last night.

I am enclosing the results of my inquiry which I trust will enable the Department to come to a decision regarding the school question at Hunters Point.

Sir:-

In reference to the educational matters at Hunters Point Que. I beg to submit the following report.

There is at present a so called combined white and Indian day school built largely by a grant from the Dept. of Indian Affairs. The school is built on the east side of a lake, on which side reside most of the white residents of this locality, the Indians living on the west side. It is obvious that when choosing a site for the school the requirements of the white people were catered to in preference to the Indians as the Indian children without exception have a crossing to make on the lake to get to the school which they are unable to do in the summer time without assistance. The white people are mostly all of the protestant religion, and the Indians are without exception of the Catholic religion, and therefore there is considerable friction between them as to which denomination the teacher should belong which is augmented I am led to believe by a good deal of interference on the part of the ministers and priests of the various denominations. The Indians refuse to send their children to the present school as long as there is a Protestant teacher and the white people want have a Catholic teacher, so as the Indians are all Catholics I beg to recommend that a separate school be provided for them or, if the present school is the property of the Department that it be moved to a more suitable site where it would be easy of access to the Indian children.

At present the Indians are sending their children to a school conducted by a Miss M. Sauve of Chapeau, who is not a qualified teacher but is apparently a very intelligent young lady. She has been teaching since the 6th. of Oct. last and up till the present has received no salary whatever. The classes are held in a storehouse and there are 21 children attending, the names and ages of which I enclose herewith. They are all of Indian blood but two the parents of whom are willing to pay a fee to have their children at school. The teacher is badly equipped for books for the children, but considering the way they are handicapped they are making fair progress. The teacher has no register but she informs me that these 21 children are very regular in their attendance.

At the other school which is supported by the Indian funds there are 14 pupils on the roll, who are all white children, and there is 5 or 6 of an average attendance. This school is conducted by a Miss Hansen a daughter of one of the trustees, who is not a qualified teacher. There are I understand 3 of these children that are Catholics the balance being protestants. It is to be regretted that these people cannot harmonize and run a non-sectarian school as with the number of children at this point a good school could be maintained. It is useless to try and compromise with these people as there has been considerable trouble in the past the only remedy for which is a separate school. Regarding the matter of building a new school, I took up the matter with the Indians who favor building a log building as it would be more suitable for

that country and a good deal cheaper than a frame structure. They are willing to perform all the labor themselves with the exception of a few little jobs which will have to be done by a carpenter. All they ask is the material, an estimate of the cost of which, I beg to enclose. I may say that the rough lumber needed for this building can be obtained from the Shepard and Morse Lumber Co. who have a small sawmill 2 miles from Hunters Point. The furniture which I am led to believe is the property of the Department could be taken out of the other school.

I would also recommend that the grant to the present school be suspended at once as the Indians are deriving no benefit from it, and be given to the school at which the Indian children attend. Miss Sauve has also asked me to find out if the Department will pay her salary and also if she can get some supplies for the school.

I may add that 3 of the Indian families residing at Hunters point were formerly living in this district but they tell me they intend to make their permanent abode at Hunters Point. In making this report I have endeavored to state the facts as I found them but should I have omitted any information the Dept. may require I will be pleased to furnish it.

Rev. Sir,-

With reference to the combined white and Indian school at Hunter's Point, to which this Department contributes a grant of \$250.00 a year towards the salary of the teacher, I beg to say that it would appear, from reports received, that the Indians do not avail themselves of the privilege afforded them by this school and, as most of them are Roman Catholics, they refuse to allow their children to attend. The Indians refuse to send their children to the present school so long as there is a Protestant teacher and also as they reside on the west side of the lake, while this school is located on the side opposite to which they reside.

Our Agent, who has forwarded a report regarding the situation at Hunter's Point, states that, while there are fourteen children on the roll of the school, they are nearly all white children and that the school is conducted by Miss Hanson, who is not a qualified teacher. The return received for the quarter ending December 31st, last, shows an enrolment of fifteen pupils. This return is certified by you and shows that, of the children on the roll, thirteen of them are Indians. The Agent states that at present the Indians are sending their children to a school which they have started themselves and that there are twenty-one children in attendance. If the Indian children do not attend the school taught by Miss Hanson this Department could not continue paying the grant towards salary.

I shall be pleased if you will state definitely the number of Indian children in attendance at this school and also your views regarding the present situation in reference to school matters at Hunter's Point.

Gentlemen

I regret exceedingly that this matter is reopened again exactly in the same way as it was about 5 years ago when the matter was thoroughly threshed out. All the more as I am laid up in this hospital the result of a fall before I got home from my visit of inspection & injury to my left leg that cut me out from access to my documents. I have been laid up now above 4 months. The statements in your letter or several of them are entirely incorrect.

It is not a white & Indian School but a union school under for Indians, under your department. The children attending with the exception of the McLaughlin's are Indians in the same sense as those attending the (Indian Department in the) separate School Mattawa. They all have Indian

The Jones family who have been the main agitators are English speaking. While Beaudreau is a French Canadian. To my knowledge the Hunters, Han sons, Ferris, Adams & others who have sent their children are natives born & brought up on the River & have all Indian blood, some as much entitled to the consideration of the Department as those of similar standing in Mattawa who've spent upwards of 8 years.

Long ago the school was started under Roman Catholic auspices led by the Jones family then owned by the Road House at Hunter's Point. After a short history it broke down & had been closed down for five years when I got it re-erected some 8 years ago. It has proved remarkably successful ever since in passing scholars at the entrance examination & in a steady attendance & in the interest of those having children

Sir,-

I have to acknowledge the receipt of your letter of the 2nd ultimo furnishing a report on your visit in connection with educational matters at Hunter's Point.

In your report it is noted you state that the present school is built on the east side of the lake, on which side reside most of the white residents, while the Indians live on the west side, also that the white people are mostly all of the Protestant religion and that the Indians are, without exception, Catholic, consequently there is considerable friction between them as to which denomination the teacher should belong; also that the Indians refuse to send their children to the present school as long as there is a Protestant teacher, and recommend that a separate school be provided for them near where they reside. It is also noted that there are fourteen pupils on the roll at the Hunter's Point School, all of whom are white children, and that the teacher, Miss Hansen, has no qualifications. It is also noted that you recommend that the grant to the Hunter's Point School be suspended, as the Indians are deriving no benefit from it, and that it be given to the school which the Indians have started themselves and which is being taught by Miss Sauve.

In connection with your report the Department referred the matter to Rev. J. W. Mithcell, under whose auspices the school at Hunter's Point is being conducted, and I enclose herewith a copy of a portion of the communication received from him.

There is such a difference in his letter from the conditions stated by you in your report that this matter is again being referred to you, as it is impossible for the Department to arrive at a decision when the reports from Rev. Mr. Mitchell and yourself are so much at variance. A further report from you is desired in this matter.

Sir:-

I beg to acknowledge receipt of letter No. 35-3-1 of the 8th. instant enclosing extract from the report of the Rev. J. W. Mitchell regarding educational matters at Hunters Point, Que. I also note with interest the Rev. gentleman's comments on this matter. The reason for the variance in the report made by me and the one made by the Rev. Mr. Mitchell is that he is studying the interests of the Protestants and I made my statements in the interests of the Indians. When I made my report on this matter I endeavored to state the facts as I found them, conscientiously and without partiality, and I recommended that a separate school be provided on the strength of section 97 paragraph 2 page 34 of the Indian Act.

As I stated in my previous report it is to be regretted that these people cannot agree and run a combined school as that would be the best thing that they could do. The whole trouble is caused by the two different denominations which apparently cannot pull together, and as I stated before there is considerable opposition between the ministers and priests of the different denominations. If a report were to be got from Father Evain or some other R. C. priest of that locality he would have an altogether different story to tell than the Rev. Mitchell.

I beg to differ from the Rev. gentleman when he says that the Hansens, Terriers, Adams, and others are of Indian blood as they are native born. The fact of a man being born in the bush does not necessarily make an Indian of him, they may have a sprinkling of Indian blood in them but if any at all it is very little. He also states that those moving in this matter are whites with one exception. I also beg to differ with the Rev. gentleman on that matter.

On my recent visit to that point I saw all the Indians, that is the Indians within the meaning of the act, and they were all emphatic in their refusal to send their children to the combined school. The man Beaudreau he refers to is a Frenchman alright but he is married to an Andogwin a full blooded Indian woman and he is willing to pay a fee to have his children attend a Catholic school. I may also add that in all this agency I do not know of one Protestant Indian. When I recommended a Catholic school be provided I did not do so with any motives of malice against the Protestants, but in the welfare of the Indians in my charge which I am led to believe by my copy of instructions to Agents it is my chief duty to do.

I cannot rescind any portion of my previous report as I believe I reported faithfully on conditions as I found them at present. As to conditions 5 or 8 years ago as the Rev. Mr. Mitchell refers to I know nothing, but I do know that at present the Indians are deriving no benefit from the school run under the present auspices.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, March 21, 1921.

MEMORANDUM.

Mr. Scott,-

The following summarizes as briefly as possible the situation at Hunter's Point, where application has been made for the establishment of another school for the children of the Roman Catholic Indian parents.

Application for this school was made by a delegation of Indians, who visited the Department in January, last, and, in order to get a knowledge of the conditions, Mr. Agent Lewis was instructed to visit Hunter's Point and furnish a report. He states that at present the combined white and Indian day school, towards which the Department gave a grant for the erection to the extent of \$300.00 two years ago and to which it contributes half the teacher's salary to the extent of \$250.00 per annum, is being attended by white children only. He states that the Indians reside on the opposite side of the lake and are all Catholics, there not being a Protestant Indian in the agency as far as he is aware, and that they refuse to send their children because the teacher is not a Catholic and the school is conducted under Protestant auspices. He states that there is considerable friction between the different denominations, which is fostered, he believes, by a good deal of interference on the part of the minister and priest of each denomination. He recommends that a separate school be provided for the Indian children on the opposite side of the lake from the present building, where the Indians reside, and that the grant to the present school be suspended, as the Indians are deriving no benefit from it.

These Indians have put up a shack and have engaged a teacher and are carrying on a school. There were 18 Indian children in attendance on the date of the Agent's visit. The Indians are desirous of putting up a new building, as the present shack is not suitable, and they have agreed to do all the work and supply the logs required, but require certain material, such as flooring and windows, to the extent of \$250.00 to finish the building, and the also request that the salary of the

the teacher be paid.

This matter was referred to Rev. J. W. Mitchell, under whose auspices the present combined school is conducted. His statement is in direct variance with that of the Agent, as he states that there are fourteen Indian children in attendance at the combined school and gives the names of their parents. Mr. Lewis states that he differs from the Reverend gentleman when he says that they are Indians. They may have a slight sprinkling of Indian blood, but, if any at all it is very little. Mr. Mitchell states that the present agitation is engineered on the part of the white people and the Agent states that he saw all the Indians and they were all emphatic in their refusal to send their children to the combined school. A copy of that part of Mr. Mitchell's letter which was in direct variance to the report of the Agent was submitted to Mr. Lewis for a further report and he states that he cannot rescind any portion of the report he made and that he knows that the Indians are deriving no benefit from the school run under the present auspices and recommends that a grant be allowed to assist the Indians to build a school and that the salary of the teacher be paid.

It is difficult to decide what is best to be done in this matter, but it appears to me that we should be guided by the report of our Agent, as the Indians are very anxious to obtain an education for their children, which is evidenced by the fact that they have already put up a building and engaged the services of a teacher.

The children attending the present school, whom Mr. Mitchell claims to be Indians, have little or no Indian blood, although locally they are called Indians. We have been contributing a grant towards the salary of the teacher of the combined school for a period of eight years, having made the grant in the first instance at the request of Mr. J. B. Klock, ex-M.P. for Pontiac, and Dr. James of Mattawa, who visited the Department with Mr. Mitchell at that time. The correspondence in the matter is hereunder.

Sir,-

I have to acknowledge the receipt of your letter of the 10th instant reporting further in regard to educational matters at Hunter's Point.

In reply I beg to say that the Department, after fully considering this matter, has decided to grant its approval and assistance to the carrying on of school for the Indians residing on the west side of the lake and which will be for the children of Roman Catholic parents. This assistance will be granted on the following conditions, namely,-

1. That the Indians themselves will erect a suitable Building for the purpose of carrying on the work. The Department cannot undertake to contribute any amount towards the cost of its erection.
2. A salary will be provided for a teacher from the first of April, next, the beginning of the next fiscal year; the amount to be provided will depend upon the qualifications which the teacher possesses.
3. The Department will also provide a suitable stove, blackboards, desks and the school material and stationery, etc., required from time to time. It is expected that the Indians themselves will provide the fuel required.

I should be pleased if you would inform the Indians concerned accordingly and you should encourage them to begin the work of erecting a suitable building and give them any advice you can in the matter. The new building should be erected on a site convenient to the majority of the children and it should be high and dry and easily drained. It is to be understood that this building, when completed, is the property of the Indians, is for the benefit of the children of Roman Catholic parents and that a teacher of that denomination is to be employed. The appointment of teachers, together with the salary allowed, is to be approved by the Department. As the Indians have engaged the present teacher without any reference to the Department and as there are no funds provided for the payment of her salary, she will have to look to the Indians for the amount due her up to the end of the present month.

A requisition has been received for a supply of books, stationery, etc., which is being ordered, to be sent the teacher, from the Government Stationery Office.

You should explain the conditions under which the Department will assist this school fully to the Indians concerned and advise them in any way you can regarding the erection of a suitable building and have the work undertaken and completed at an early date. I shall be pleased to hear from you when you have had an opportunity to place this matter before the Indians.

Sir, -

I have to acknowledge receipt of your letter of the 28th ultimo, enclosing a communication which you received from Mr. Jas. Stanger regarding the steps being taken to erect a building for school purposes, for the benefit of the Roman Catholic Indian Children at Hunter's Point.

It is noted from this letter that the Indians have the timber cut and hewed, and that they intend to proceed with the work of erecting the building. It is hoped that they will put up a building which will be suitable for the purpose.

As soon as this building is completed, I will be pleased if you will furnish a description as to the size, etc., of the same.

As the Department has promised to furnish a blackboard and desks, you should take the size of the space reserved for a blackboard, the number of desks required, and, if possible, the sizes. As soon as the school is completed, the Department will be prepared to order the desks, blackboard and stove.

You will, no doubt, be visiting this point during the coming summer, and you can then furnish a full report regarding the building, and give the information asked for above.

I would be pleased to know if the Department will provide a salary for the teacher of the Indian children at Hunters Point for the quarter ending on June 30th.

In paragraph 2 of letter No. 35-5-1 of the 31st. of March last, it says that a salary will be provided for the teacher from the 1st. of April. The young lady who is at present teaching at this point has been teaching since October last, and up till the present has received no salary whatever. I have taken the matter up with Bishop Latulippe and Father Evain, who have promised to pay her for the time she taught previous to the 1st. of April.

I would be pleased to know what salary the Department will allow her, if any, for this quarter.

She is not a qualified teacher but it is claimed

Sir,-

I have to acknowledge the receipt of your letter of the 24th instant, regarding the salary that will be allowed the teacher of the Indian Day School at Hunters Point, which is opened for the benefit of the Roman Catholic Indian children.

In reply I beg to say that the Department will provide a salary to Miss Sauve, the present teacher, at the rate of \$350.00 per annum and she will also receive the bonus allowed teachers in Indian Day Schools at the rate of \$150.00 per annum during the present fiscal year.

Miss Sauve has no qualifications and the above is the highest amount that can be allowed her. She will be paid at this rate from April 1st, last, as you were previously advised. You will be good enough to instruct her to prepare a return for the current quarter, on the forms provided for the purpose, giving full particulars as called for under the various headings of the return. As soon as this return is received, payment of salary and bonus due her at the above rate will be made. She should forward her quarterly returns to you at the end of each quarter and you should certify the same and forward them to the Department in the usual way.

A supply of blank forms is enclosed herewith, which you will be good enough to send to Miss Sauve and, at the same time, inform her of the Department's requirements regarding the preparation of the returns. She will find full information on the back of the return forms.

Madam,-

In further reference to your letter of June 26, last, I beg to say that on the suggestion of Rev. I Evain, the Department desires to take charge of a new school at Brennan's Lake.

The school building at this point is not quite completed but the Department is, to-day, writing to Rev. Father Evain and requesting him to advise you of the definite date when it will be ready for occupation and he will also, no doubt, furnish any information you may require.

The Department will allow you the same salary as you were paid at Hunter's Point.

Reverend Sir,-

I have to acknowledge the receipt of your letter of the 1st instant, in which you state that you do not approve of Miss Mary Sauve being re-engaged as teacher at the Hunter's Point Roman Catholic Day School and suggesting that she be engaged as teacher at the Brennan's Lake Day School.

In reply I beg to say that the Department approves of the appointment of Miss Sauve as teacher at Brennan's Lake and she will be allowed the same salary as was paid her at Hunter's Point.

If Miss Honan, who is at present teaching Bear Island Day School, will take charge at Hunter's Point, the Department will also approve of her appointment. But, if you are unable to secure her, I might point out that the Department is in receipt of a letter from Miss Annie Marcotte, of Chapeau, Que., applying for appointment as teacher at Hunter's Point. Her qualifications appear to be satisfactory and the Department is requesting her to write you and if you have been unable to secure Miss Honan, you will, no doubt, be able to make the necessary arrangements with Miss Marcotte.

The Department will be pleased to hear from you as soon as possible regarding the teacher whom you have secured, both for Hunter's Point and Brannan's Lake.

I may also inform you that the Department is writing Miss Sauve and advising her of her transfer to Brennan's Lake and requesting her not to proceed to that point until she hears from you. You should advise her of the definite date when the Brannan's Lake school will be ready for occupation.

Your obedient servant

Madam.-

I am in receipt of your letter of the 17th instant, applying for appointment as teacher of the Hunter's Point Roman Catholic Indian Day School.

In reply I beg to say that Rev. Father Evain, Ville Marie, Que., has been endeavouring to secure a teacher for this school, but the Department has not yet been informed if one has been secured.

Kindly communicate, at once, with Rev. I. Evain at the above address, and if he has not already secured a teacher for this school, it is quite possible that he will be able to consider your application favourably.

OTTAWA, Sept. 1st, 1921.

Sir, -

I have to acknowledge the receipt of your letter of the 27th ultimo, in which you state that you received an application from Miss Anna Marcotte, of Chapeau, for the appointment as teacher in the Hunters' Point (R.C.) Indian Day School.

Miss Marcotte wrote the Department sometime ago and she was informed that, as Rev. Father Evain was endeavouring to secure a teacher for this school, she should apply to him. The Department advised Rev. Father Evain on the 20th ultimo that Miss Marcotte could be secured. You might communicate with him and ascertain if he has written to Miss Marcotte.

Sometime ago Father Evain suggested that Miss Annie Sauve take charge of the Brennan's Lake School for the coming year. The Department advised her accordingly, and received a reply from her stating that she would proceed to this school as soon as it is ready for occupation.

Madam, - .

In further reference to your letter of the 17th ultimo, I beg to say that Mr. Agent Lewis informs the Department that he has received your application for the Hunters' Point (R.C.) Indian Day School.

As you were informed in official letter of the 20th ultimo, Rev. Father Evain, Ville Marie, Que., has been endeavouring to secure a teacher for this school and the Department informed him that you could be obtained. No reply has yet been received from Father Evain, but this is, no doubt, due to the fact that the new school at Hunters' Point is not yet ready for occupation.

The Department is today communicating with Mr. Agent Lewis and requesting him to confer with Father Evain, and you will, no doubt, hear from either of these gentlemen in the near future, as it is expected to open this school at an early date.

In reply to letter No.35-5-1 of the 1st. inst. I beg to say that the application of Miss Marcotte for the appointment as teacher of the R.C. Indian Day School at Hunters Point, was sent to me by the Rev. Father Evain, together with a few lines asking me to look after the matter.

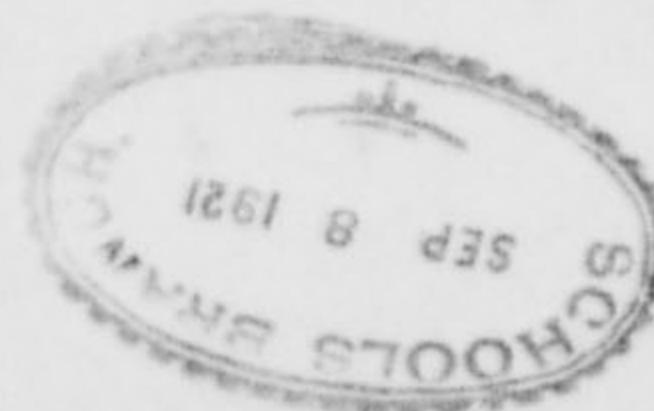

I was not aware that the Dept. had been in correspondence with the Rev. Father Evain on this subject so I wrote Miss Marcotte to the effect that she would have to apply to the Dept. for her appointment. It was an oversight on the part of the priest in not advising me that she had been referred to him by the Department, so I did not know that she had already made an application.

As this appears to be the teacher that Father Evain has in view for this school I beg to suggest that her services be secured if she has not already engaged for some other school.

I have to acknowledge the receipt of your letter of the 5th instant, in which you state that you have received an application from Miss Marcotte for the appointment as teacher of the Roman Catholic Indian Day School at Hunter's Point. The Department has also received an application from Miss Catherine Honan, who is at present teaching the summer school at Bear Island.

As the matter of securing a teacher was left in the hands of Rev. Father Evain, Ville Marie, P.Q., the Department is not in a position to approve of the appointment of either of these ladies, but will be guided in the matter by the wishes of Father Evain. It might be well for you to correspond with him and obtain his wishes in the matter, and you can then arrange with the teacher whom he selects to begin duties when the school is ready for occupation.

You will be good enough at a later date to inform the Department as to the name of the teacher who is finally selected by Father Evain for this school.

In reference to official letter No. 35-5-1 of the 17th. inst. I beg to say that Miss Honan, the teacher of the Hunter's Point R.C. Indian day school has advised me that she has sent in her resignation to the Department. She also adds that Father Evain had engaged her at a salary of \$75-00 per month and that she expected that amount.

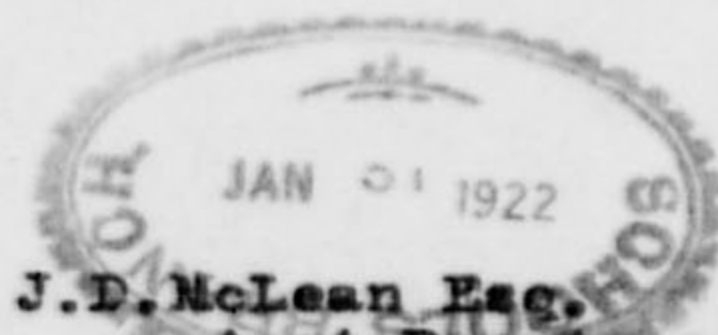

In order that there may be no misunderstanding in that matter I beg to inform the Dept. that upon receipt of official letter No. 35-5-1 of the 19th. of September last, received by me on the 21st. of Sept, I wrote to Miss Honan on the same day advising her that the Dept. approved of her appointment as teacher of the Hunter's Point school at a salary of \$350.00 per annum plus the usual bonus paid to school teachers, also adding that the Dept. considered that this salary compared favorably with the salary paid teachers in the rural white schools in the surrounding districts, and asking her if she would accept the position at that salary.

She wrote to me on the 25th. of Sept. advising me that she would accept the position, but that she found the salary small, and also enquired at what time she was to commence duties. There is no possible room for doubt that she knew what salary to expect, before she left her home for Hunter's Point. I may also add that the Rev. I. Evain, the missionary priest, does not reside in Ville Marie, Que. but at 15 Rue Massue, Quebec, P.Q.

Madam, -

I have to acknowledge the receipt of your letter of the 31st ultimo, with reference to your resignation as teacher of the Hunter's Point (R.C.) Indian day school, and applying for a position in another school at a salary of \$75.00 per month.

In reply I beg to say that we have no vacancies at the present time to which you could be appointed, and are not likely to require the services of a teacher until after the coming summer holidays. It would be advisable for you to make another application in July, next, when, if there are any vacancies, we will be pleased to give your application due consideration.

A communication was received from Mr. Agent Cockburn enclosing the application of your sister for the summer school at Bear Island, and the Department has approved of her appointment.

Sir:-

I beg to enclose report of Hunter's Point R.C. Indian day school for the month ending January 31st. This being my first visit to this school since its completion I beg to advise the Department that the Indians have erected a first class schoolhouse 20ft wide by 30ft. long, also the necessary outbuildings. The schoolhouse is well lighted, being provided with 8 long windows, 3 on each side and 2 in the front. The building is warm and comfortable, and is kept very clean. There is also a good supply of fire-wood on hand. The desks, stove and other furniture are well arranged, and there is accommodation for 36 scholars. The school teacher is well provided with material, and all the supplies sent for this school have arrived in good condition.

I had the opportunity of looking over the work done by the scholars, and was surprised at the rapid advancement made by them. The discipline is first class, and the parents of the children seem to take an interest in sending them to school and keeping them clean.

The attendance is not very large at present, owing to a few cases of small-pox having developed among the residents of this district, during the early part of the winter. Some of the parents have been afraid to send their children to school for fear they would contract the disease. The disease is now under control, being confined to one family of white people, with a suspected case among the Indians, and all precautions necessary are being taken to prevent its spreading, so it is anticipated that the school attendance will increase in the near future.

The teacher has requested me to ascertain if the Department will provide 6 Window blinds for use at the school, as the windows are exposed to the sunlight, which at times is too strong for the scholars. She would also like some soap and towelling, and a desk for her use in the school, or the lumber necessary to have one constructed.

I have to acknowledge the receipt of your letter of the 4th instant, reporting on the building and work being carried on at the Hunter's Point (R.C.) Indian day school.

In reply I beg to say that the Department is pleased to learn that a satisfactory building for school purposes has been erected by the Indians and that the furniture supplied has been well arranged and the building generally is kept in good condition, also that there has been a good attendance of Indian children in the district.

Regarding the teacher's request for certain supplies, I beg to say that you may purchase and have delivered 6 window blinds, complete, of the sizes required, 6 cakes of soap and 6 yards of towelling. Properly certified vouchers, in duplicate, covering the expenditure incurred should be forwarded.

Regarding a desk for the teacher, I beg to say that it would, no doubt, be cheaper to have this built by a carpenter, and if you or the teacher can arrange to have this done, you may purchase the lumber required. No undue expenditure should be incurred for the purpose, and properly certified vouchers covering the cost of the material and labour in making the desk should be forwarded.

Enclosed herewith you will find a letter from the Agent of North Temiscaming re teacher for the school of Hunters Point.

This Agent is truly devoted and earnestly discharging his duties, and I will try my best to find him a school teacher.

You will permit me, together with him, to say that I have seldom met a teacher like Miss C. E. Homen^{nan} whom I had the occasion of appreciating at Bear Island, Timagami, for several years.

If you have no objection, I will corresponde with Mr. Lewis and with Miss Homen so as to secure her for North Temiscaming for the new season as this school is much more important than the other of Timagami and Hunters point.

We will do for the best.

Reverend Sir, -

I have to acknowledge the receipt of your letter of the 15th instant, enclosing a communication which you received from Mr. Agent Lewis, North Temiskaming, regarding the securing of a teacher for the Hunter's Point R.C. Indian Day School.

In reply I beg to say that, in view of the report of Mr. Agent Lewis, the Department has, with a view to retaining Miss Honan's services, decided to increase her salary to \$600 per annum, from the 1st of April, next, the beginning of the next fiscal year, plus any bonus provided by law.

The Department understands that Miss Honan's reason for resigning at the end of April, next, was on account of the small salary she has been receiving, and it is hoped that, in view of the increase now being granted her, she will consent to remain.

We are informing Mr. Agent Lewis and Miss Honan of the increase in salary allowed, and we hope that she will remain, and, if so, it will not be necessary to endeavour to secure another teacher.

As soon as we hear from Miss Honan as to whether she will consent to remain, in view of the increase in salary offered her, you will be further advised.

I return herewith Mr. Agent Lewis' letter to you of the 11th instant.

OTTAWA, February 21st, 1922.

Sir, -

A communication has been received from Rev. Father Evain, O.M.I., regarding the teacher of the Hunter's Point R.C. Indian Day School.

In view of the reports as to the excellent service that is being performed by Miss Honan, and in order to retain her as teacher of this school, the Department has decided to grant her an increase in salary from the 1st of April, next, the beginning of the new fiscal year. Her salary from that date will be at the rate of \$600 per annum, plus any bonus provided by law.

Miss Honan is being informed accordingly and asked to reconsider her intention to resign at the end of April, next, and to remain as teacher, and it is hoped that she will consent to do so. As soon as the Department is aware of her decision, you will be advised. We have also informed Rev. Father Evain of our decision to grant her the above increase.

If Miss Honan will remain, it will not be necessary for either Father Evain or yourself to take any further action towards securing another teacher.

Madam, -

With reference to previous correspondence regarding your intention to resign as teacher of the Hunter's Point R.C. Indian Day School on the 30th of April, next, I beg to say that, in view of the reports from Mr. Agent Lewis and Rev. Father Evain as to the excellent services which you are performing, the Department is anxious to retain you as teacher, and has, therefore, decided to increase your salary to \$600 per annum, from the 1st of April, next, the beginning of the new fiscal year. You will also be entitled to any bonus provided by law.

It is hoped that, in view of this increase, you will reconsider your decision and consent to remain as teacher of this school. I will be pleased if you will inform me at once as to whether you will remain in view of the increase in salary now offered.

Mr. Agent Lewis and Rev. Father Evain are being informed of the increase in salary offered and the request made you to remain as teacher.

Madam, -

Replying to your letter of the 4th instant, I beg to say that it is regretted you were unable to definitely decide as to the continuing of your services as teacher of the Hunter's Point (R.C.) Indian day school. We will, however, await a further communication from you as to whether you will be able to remain as teacher of this school or not. It is hoped that you will continue your services, and I will be pleased to hear from you at an early date stating definitely your intention.

Regarding your request that books, toys, etc., be allowed for prizes for the children at Easter, I beg to say that you may expend an amount not to exceed \$5.00 in the purchase of suitable gifts for the children.

In making the purchase of these articles, you should obtain itemized accounts, in duplicate, from the merchant from whom you make the purchase. You should then certify thereon that the goods were received by you and the prices charged were fair and just, and you should forward these accounts to Mr. Agent Lewis, North Temiskaming, who is being informed of the authority granted you to make the purchase.

The Department will leave the matter of the purchase in your hands, as you will be in a better position to make a selection of the articles you consider would be suitable for the children.

Sir,—

I beg to enclose a letter received by me from Miss Henan, teacher of the Hunter's Point R.C. Indian day school, in which it appears that she has been misled, or must have misconstrued some statements made to her by Father Evain from Quebec.

She states that she was engaged by Father Evain at a salary of \$90.00 per month, but as I stated in my letter to the Department of the 25th. of January last, I had informed Miss Henan that the salary attached to this school was \$350.00 per annum plus the bonus, so it does not matter what Father Evain promised her, she knew before she took up her duties what the Department were prepared to pay. Her desire to be transferred to the school at North Temiskaming was prompted by the fact that the salary was higher here, but as the Department has increased her salary to that paid to the teacher of the Temiskaming school I do not see that it makes any difference which school she is in charge of.

Kindly advise me what to do in this matter.

Sir, -

I have to acknowledge the receipt of your letter of the 8th instant, enclosing a communication which you received from Miss Honan, teacher of the Hunter's Point Indian Day School.

In reply I beg to say that in February, last, the Department had a communication from Father Evain in which he stated that he was endeavouring to secure the transfer of Miss Honan to North Temiskaming, and he was informed in reply that the Department desired to retain her services at Hunter's Point, and was increasing her salary to \$600 per annum, plus bonus, from the first of the present month, on the condition that she remain as teacher at Hunter's Point. Miss Honan was also informed of the increase in salary offered if she would remain, and she acknowledged receipt of our letter and stated that she was unable to give a definite answer as to whether she would remain or not. Upon being further requested to state definitely as to whether she intended to remain, she informed us that she was still unable to give a definite answer. You were fully advised in this matter.

The resignation of Miss Honan, dated the 8th instant, has now been received, and it is her intention to vacate the school on the 5th of May, next. We have given her every opportunity to remain on as teacher, but in view of the resignation which she now forwards, we have no option but to accept the same, to take effect May 5th, next. We are informing her accordingly, and requesting her to prepare a return showing the attendance and days taught during the present quarter up to the date of her resignation.

We are endeavouring to obtain the services of a qualified teacher to succeed her and you will be further advised in this connection.

Madam, -

I have to acknowledge the receipt of your letter of the 8th instant containing your resignation as teacher of the Hunter's Point R.C. Indian Day School to take effect May 5th, next.

In reply I beg to say that we regret you have decided to give up duties as teacher of this school and that there should have been any misunderstanding between yourself and Father Evain regarding a transfer to North Temiskaming. There is no vacancy there, and the teacher of that school is in receipt of the same salary as was offered you, viz: \$600 per annum and bonus. As you have finally decided to give up duties, we have no option but to accept your resignation, to take effect on the 5th of May, next, and will endeavour to obtain a teacher to succeed you.

You should prepare a return showing the attendance and days taught by you from the 1st instant up to the date you retire, and you should forward this return to Mr. Agent Lewis.

Your services while in our employ have been satisfactory, and it is with regret that we accept your resignation.

We are informing Mr. Agent Lewis that you are giving up duties on the 5th of May, next.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Madam, -

Referring to your letter of the 31st of January, last, in which you applied for a position as teacher in an Indian school, I now beg to inform you that we will have a vacancy for a teacher at the Hunter's Point R.C. Indian day school in the Kippewa district on May 5th, next. The present teacher is giving up duties on that date.

The salary offered is at the rate of \$600 per annum, together with a bonus at the rate of \$15.00 per month for the ten teaching months in the year.

This is a new school building, with an enrolment of about 20 children. Boarding accommodation can be obtained in the home of a white family about a quarter of a mile distant from the school.

It is noted that you have a First Class Elementary Diploma, and seven years' teaching experience.

I will be pleased to hear at once as to whether you will accept the position as teacher of this school or not.

Sir, -

I beg to inform you that we have been unable to secure the services of a teacher for the Hunter's Point R.C. Indian Day School to succeed Miss Honan who is resigning on the 5th instant. We find that all the teachers who applied for positions in Indian schools are engaged until the end of the present school year, viz: June 30th, next, in white schools, and are unable to accept the Hunter's Point school.

If you can obtain the services of a competent teacher to carry on for the balance of the school year, you may do so, but, if not, the school will have to remain closed until after the summer holidays. If you know of any teacher who would accept this school, you may arrange to have her sent to Hunter's Point, the engagement to be temporary until the end of the present school year, and if her services were satisfactory during that time, we would agree to re-engage her for the next school year.

I will be pleased to hear from you as to what you can do in this matter. If you have no teacher in view, the Hunter's Point R.C. School will have, as stated, to remain closed.

Madam, -

I have to inform you that the Department of Indian Affairs has an opening for a qualified teacher at the Hunter's Point R.C. Indian Day School.

The salary offered is at the rate of per annum together with bonus at the rate of \$15.00 per month for the ten teaching months in the year. There is a new school building, with an enrolment of about 20 children. Boarding accommodation can be obtained in the home of a white family about a quarter of a mile distant from the school.

The situation is in the Kippewa district, Quebec, and is reached by canoe from Kippewa Station.

It is extremely desirable that we secure a teacher for this school immediately. The school will remain open until the end of June and whoever accepts the position, if satisfactory services are rendered this year, will be offered the school for the next academic term, commencing September 1st.

I will be pleased to hear from you at once if you are prepared to accept the position as teacher of the Hunter's Point R.C. Indian Day School.

I beseech you to reject an applica-

I know from personal observation that

Madam:-

I have to acknowledge yours of the 4th instant, concerning the future of the Hunter's Point Indian Day School and your recommendation as to the type of successor that should be appointed.

I have to inform you that this Department has tried, during the past few weeks, to secure a teacher with good qualifications for Hunter's Point, and up to the present time our efforts have met with no success. It was with some relief, therefore, that I learned in your communication of your willingness to continue at the school for the time being. We are grateful to you for this evidence of interest in our wards, and salary will be allowed up to the actual date of your departure.

As intimated in official communication of this file number, of the 15th ultimo, the Department, with regret, was willing to accept your resignation. I will be very grateful to you if you can see your way clear to remain at the school until the end of June. During the summer months we will be more able to secure a properly qualified teacher to take your place. In any case, I wish to assure you that this Department is looking only to itself in connection with teaching service at the Hunter's Point R. C. Indian Day School. We have not asked any resident missionary to nominate a teacher for your school at this time, and it is not our intention to do so.

Sir:

This is to advise you that in consideration of your intention to engage a properly qualified (Ontario, I hope) teacher as my successor, I have decided to complete the term as I would be doing the pupils a rank injustice if I acted otherwise.

Preconcerted arrangements, however, compel me to be in North Bay, Ont. ^{very} early in the month of June. While there, I could easily ascertain if a suitable successor could be engaged from the Normal or Model Training-Schools of that town provided you wished me to do so. I consider a personal interview

I have yours of the 15th instant, informing the Department of your willingness to complete the term as Teacher at the Hunter's Point R. C. Indian Day School. As intimated in official communication of the 10th instant, the Department is pleased with your decision in this connection.

Referring to your visit to North Bay in June, I might state that the Department has no objection to receiving from you the names and qualifications of any teachers who you believe might be fitted for this interesting work at Hunter's Point. Any teachers that you believe suitable should be directed to correspond with the Department, as it is our intention to hire, from Ottawa, the teachers for our regular Indian day schools.

I will be pleased if you will call at the Department when you are in Ottawa, early in July. I regret that I will not be here, as it is my intention to visit the Indian work in British Columbia this summer. You should acquaint yourself, however, with our Mr. Sutherland, who has a sympathetic understanding of our Indian day school work; and any recommendations that you have to make to him will receive due consideration.

Dear Sirs -

On the instant I mailed to Mr. W. H. Lewis my school report and have not received any thing of it since. I trust if you have received it & over-looked it, that you will please see to it as soon as possible.

The mail service is not very satisfactory here so probably it has been over-looked in the Office.

I hereby beg leave to ask the Department for a raise in my wages, and I am certain if they could realize what a teacher must bear in a place like this, they would gladly do so, and board is far too costly.

Trusting to hear from you at an early date.

I am,

Yours Respectfully

Madam: -

I have to acknowledge the receipt of your letter of the 13th instant, and in reply beg to inform you that your return for the quarter ending September 30th, last, showing the attendance and days taught by you as teacher of the Hunter's Point Indian Day School has not yet reached the Department. It may be that it was destroyed in the recent disastrous fire which destroyed the Agent's office.

We are today writing the Agent and requesting him, if he has the return, to forward it to the Department at once, but if not to advise you and it will be necessary for you to prepare a duplicate return which you should forward to him.

With reference to your request for an increase in salary, I beg to say that the salary allowed you is at the rate of \$600 per annum, plus any bonus provided by law, and it is considered that this compares favourably with that paid teachers having your qualifications in the white schools in the district. However, when the next report is received from the Agent regarding the work you are performing, we will then be in a position to consider your application for an increase.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Sir: -

A communication has been received from Miss Teresa McGuire, teacher of the Hunter's Point R.C. Indian Day School, in which she states that on the first instant she mailed you her return for the quarter ending September 30th, last, and enquires as to why she has not received her salary cheque.

In this connection I may say that the return mentioned has not yet reached the Department. If you have it in your office, I will be pleased if you will forward it as soon as possible. If not, you should have the teacher prepare another return and you should forward it to the Department in order that payment of salary due her can be made.

Kindly give this matter your early attention.

Sir:

In reference to my recent visit to Kipawa referred to in official letter No. 99-35 of the 17th. inst. I regret to say that I was unable to pay a visit to the Hunter's Point school owing to the fact that while at Brennan Lake I encountered a severe snow storm lasting 3 or 4 days which made travelling almost impossible.

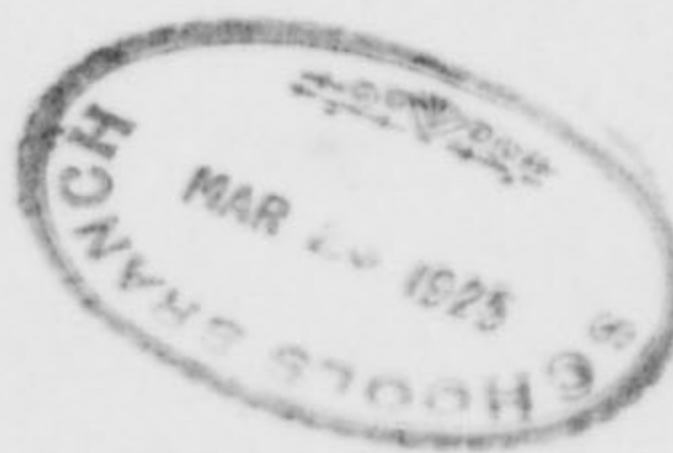

I could not get into Hunter's Point by team as there was no road and no one would go in there with a team. To get there I would have had to have snowshoed in there 25 miles in and 25 miles out which I could have done had I been rigged for snowshoeing, but I did not anticipate anything like that before I left here. I saw the priest however at Kipawa and he had been in there some time ago and he informed me that everything was progressing favorably at that point and that the scholars were attending regularly and that there was 18 pupils attending school this winter. Since the J. R. Booth Co. finished operations in that district there is very little travel in and out, the mail going in and out occasionally by dog team.

Sir-

I beg to inform the Department that Miss Gosselin teacher of the Hunter's Point R.C. Indian Day School does not give good satisfaction to the people of the place. Since the month of September I have received complaints from nearly every family interested in that school. One thing that I do know is that she is not able to teach English properly. As she was boarding with an english speaking family, I thought she would soon get the right prononciation but it does not seem so, she has changed boarding house several times, it does not say much in her favour. Reverend Father Evain who knows the people better then I do has received the ##### same complaints and he is of the opinion that a change is necessary. I wrote to Miss Gosselin some times ago telling her all the complaints I had received, that most of the families were talking about taking their children away from school if there was no change and that in these circomstances I thought it was better for her to send her resignation to the Department. I am sorry to say that she did not even answer me. I would be pleased to know what is to be done.

Sir:

I have your letter of the 24th ultimo, reporting that Miss Gosselin, teacher of the Hunter's Point R. C. Indian Day School, is not giving entire satisfaction. I have been in communication with the Rev. Father Paquette in this connection, and he informs me that his latest letter from the teacher indicates that a lot of the difficulty is now removed. Under these circumstances I believe it advisable to allow Miss Gosselin to remain where she is until the end of the academic year. If you believe that the school work will suffer by such action, please report to the Department and steps will be taken to effect a change.

Sir-

Referring to official letter no 35-5-1 of the 10th instant, Re. the Hunter's Point R.C. Indian Day School, it is almost impossible to know how things are going. I have received a letter last week from the trustees and they would like me to ##### make a visit to Hunter's Point in order to settle the difficulties they are having about the school. I will probably be going to Brannan Lake next week to settle the beer business and as Hunter's Point is not much out of my way I could at the same time make a visit there if the Department wish me to do so.

Sir:

I have your letter of the 16th instant, relative to the services of the present teacher at the Hunter's Point R. C. Indian Day School.

In this connection it is noted that you received a letter from the trustees requesting that you visit this school. I have to state for your information that there are no trustees in connection with this school. The school is administered under the direct authority of the Department and yourself as Agent, and there are no trustees appointed. We note that you intend to visit Brennan Lake in the near future, and I shall be pleased if you will arrange at the same time to visit Hunter's Point and make enquiry into the work being performed by Miss Gosselin, the teacher, and the complaints made regarding same. After your visit, you should forward a full report on school conditions, with special reference to the services of the teacher, and any recommendations you care to make in the matter.

The Parents seem to think because I am living here & have taught school here before that I could agree with those people better than a stranger.

There is one family in particular that no one could very well satisfy is Jim & a Laughlin. They have done all that they can possibly do, to harm Miss Hasselino. But no one seems to pay any attention to those people. Only a stranger that would not be acquainted with them.

In reply to official letter no 35-5-1 of the 1st instant,
I beg to inform the Department that I am back from my trip to Hunter's Point.

I am surprised to learn that you have an application from Mrs. Garfield Jones for, while at Hunter's Point I was boarding at her father-in-law next to her house and I also met her husband twice and there was no question of her application ~~as~~ as a school teacher.

Mr. J.B. Richer, her brother-in-law happened to mention her name and said that she would not give satisfaction. Mrs. Albert Jones her mother in-law has written herself to inquire about a school teacher for the Hunter's Point H.C. School. I was far from thinking that her application (Mrs. Garfield) was already gone to the Department.

If all of this woman's relatives are against her, I do not think that she could give very good satisfaction. I understand she is married and has children and as she is not able to teach French we could not depend on her for another year.

I have an application from Miss Maria Sauve a sister of Miss Mary Sauve who is doing wonderful work at the Brauman School, she says that she is able to teach French to a class of beginners, it is not much but it is better than none at all. It is also possible that you will get more applications.

I am sending a copy of this letter to Rev. Father Evain O.M.I.

I will probably be in Ottawa in a few days, if not I will write again.

Rev. I. Evain, O.M.I., 15 Oblates Ave., Quebec, Que., called at the Department today with reference to the teacher of the Hunter's Point R.C. Indian Day School. He stated that the present teacher, Miss Maria Sauve, is not suitable and requested that a change of teachers be made at the end of the current year, namely, December 31st next.

He recommends the appointment of Miss Marcotte, Chapeau, Que., and states that this girl is about 27 years of age and has had 6 or 7 years experience.

Rev. Father Evain further stated that he had discussed the matter with Mr. Caza, who was prepared to approve Father Evain's recommendation with reference to this school.

I told Father Evain that we would write to Mr. Caza. (In connection with this matter, see letter on this file of July 29th, 1927).

Dear Sir:

I have been informed by Mr. Caza, Indian Agent that my services as teacher for the Hunter's Point Indian Day school are not required after December 31st. as I am not capable for the position.

I find it very strange that the Department of Indian Affairs had Mr. Caza inform me of above without receiving proof of my qualifications; no person has examined me or my school since I am here, so how should they know if I am doing my duty or not.

I do not think it exactly just to discharge me before the term for which I am hired is finished without further inquiry.

As for teaching French I think I am quite capable of doing so as the pupils are all only beginners.

Sir:-

I have been informed by my sister Maria who is teaching in the Indian day school at Hunter's Point that Mr. J. Gaze the Indian agent wrote her the beginning of last month notifying her that her service would not be required after the Xmas. holidays.

No particular reason has been stated only that she is not capable of teaching french.

No person of authority has examined her pupils or even questioned her to know what her capabilities are therefore this should be taken into consideration. You have engaged her for the term at a salary of Seven Hundred & fifty Dollars therefore if you dismiss her she will be left without a position. Justice should be shown her. She should be discharged honorably or else her salary should be paid her for the length of time that she is engaged for.

Yours Truly,
Charles Lamer.

Madam:

I have your letter of the 19th instant, relative to the discontinuing of the services of your sister, Maria Sauve, as teacher of the Hunter's Point R. C. Indian Day School at the end of December, next.

In this connection I beg to say that a change in teacher at this school at the beginning of the new year is considered to be in the best interests of the work, and this matter has been fully discussed with Rev. Father Evain, who is associated with the Department in the oversight of the work at this school, and also with Mr. Agent Caza. Your sister has received the customary one month's notice that her services would not be further required.

Your obedient servant,

J. D. McLEAN

DEPT. OF INTERIOR

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

July 17, 1935.

MEMORANDUM:

The Honourable the Superintendent General,-

Miss Anna Marcotte, teacher of the Hunter's Point Indian Day School, has resigned as from June 30th, last. This school is not on a reserve. It is in the Kippewa district, northern Quebec (Electoral District of Pontiac), under the jurisdiction of the Indian agent at Temiskaming. In the past, the Department has looked to the Indian Agent and the Roman Catholic Missionary of the district for the nomination of teachers. They nominate the services of Miss Christina Nephin, who has been in our employ as teacher of the Brennan Lake Indian Day School, in the same district as the Hunter's Point School, and her services have been satisfactory. The salary paid is at the rate of \$80 per teaching month.

I submit, for your approval, the appointment of Miss Christina Nephin for the coming school year.

A. S. Williams

Acting Deputy Superintendent General.

Approved, provided, Miss Nephin has the necessary qualifications

Sir:

I have your letter of the 9th instant, nominating the services of Miss Christina Nephin for the position of teacher of the Hunter's Point R. C. Indian Day School, to succeed Miss Anna Marcotte, who resigned as from June 30th, last.

The Department will approve of the appointment of Miss Nephin, to begin duties when the school re-opens after the summer holidays, on September third, next. The salary will be at the same rate as was paid Miss Marcotte, viz.: \$80 per teaching month. Please advise her of her appointment and arrange that she begins duties on the date above mentioned. I would request that you give her any assistance you can in her work at this school.

I note that Rev. Father Martel, O.M.I., approves the appointment of Miss Nephin. It is hoped that she will meet with every success in her work.

I beg to inform the Department that I made an error in the requisition for the salary for Miss Honan, teacher of the Hunter's Point R.C. Indian day school, at Hunter's Point, Que. for the quarter ending December 31st, 1921.

I had requisitioned her salary at 3 months at \$350.00 per year, \$87.50 instead of 3 months at \$35.00 per month, \$105.00 which I understand is the usual way in which school teachers salaries are paid by the Department. If such is the case there is a balance of \$17.50 due to Miss Honan on her last quarters salary.

Madam,-

I have to acknowledge the receipt of your letter of the 18th instant, applying for an advance of \$125.00 on your salary as teacher of the Hunter's Point Roman Catholic Indian Day School.

As it is so close to the end of the quarter, the Department is not prepared to allow this advance. Please prepare your return promptly on the 31st instant and forward to the Department. On receipt of this return your cheques for salary and bonus will be promptly sent and you will receive them before Easter, at which time it is noted you desire your salary.

Sir:

I have your letter of the 14th instant relative to the request of Miss Mildred Toner, teacher of the Hunter's Point R. C. Indian Day School, for permission to close the school for the Christmas holidays two weeks earlier than the usual time.

In reply I beg to say that the Department will approve of Miss Toner closing the school for the Christmas holidays on the afternoon of December 17th, next, and she should reopen same on the first Monday in January, next. She should make up the time lost at Christmas at Easter, next. When preparing her quarterly return, she should state thereon the dates the school was closed, and she should also show how this period was made up when preparing her return covering the Easter period. Please inform her of the authority granted.

I have your letter of the 21st instant, relative to the cheque for your salary for the June quarter, last, as teacher of the Hunter's Point R. C. Indian Day School.

In reply I beg to say that cheque No. 1760 for \$225, being the amount of salary due, was sent yesterday, addressed to you, Hunter's Point, via Kippewa, Que. This was the address mentioned by you on your quarterly return. There was delay in forwarding the cheque as it was necessary to wait until a Governor General's warrant was received, authorizing the funds required. I would advise that you communicate with the Post Master at Hunter's Point and have him forward the letter enclosing the cheque to you at your present address.

Madam:-

I beg to acknowledge receipt of your letter of the 9th instant, in which you request a cheque for your January salary as teacher of the Hunter's Point R.C. Day School.

In the letter in which you resigned as teacher of this school, you stated that you would teach until February 28th and, on receipt of that letter, an advance of \$100.00 on your salary for the months of January and February was forwarded to you at Kippewa, Quebec. No doubt, this cheque will be returned to you if you left your address with the postmaster at Kippewa. As you only taught the school for the month of January, you have been overpaid the amount of \$25.00, which should be refunded to the Department.

Your letter of January 20th was also received, in which you stated that you had not received your salary cheque for the quarter ended December 31st last. I advised you, under cover of a letter dated the 2nd instant, that this cheque was forwarded to you on January 8th. Please let me know if you received it and, also, forward the refund mentioned above as soon as you receive the cheque for \$100.00.

Rev. Father Evain, who visited the Department recently, states that the services of Miss Maria Sauve, teacher of the Hunter's Point R. C. Day School, are not satisfactory and requested that a change of teachers be made at the end of the current ~~year~~, viz. December 31st, next. He recommends the appointment of Miss Marcotte, Chapeau, Que., and states that he has discussed the matter of a change of teachers at this school with you.

You will, therefore, be good enough to inform Miss Sauve that her services will not be required after the end of the present ~~year~~, and you should ascertain from Miss Marcotte whether or not she would be prepared to accept the position and be ready to resume duties when the school reopens after the Christmas holidays, next. She would be allowed salary at the same rate as is paid Miss Sauve. I shall be pleased to hear later as to the action taken in carrying out Father Evain's request for a change of teachers at the Hunter's Point R. C. Indian Day School.

Your obedient servant,

J. D. McLEAN

Ottawa, July 24, 1930.

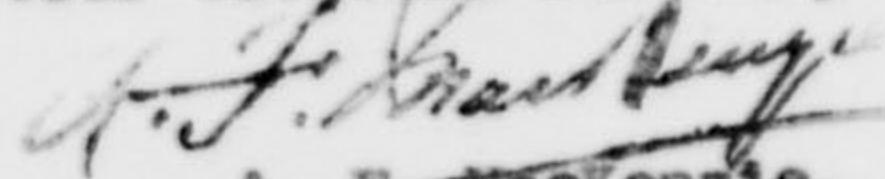

Sir:

I have your letter of the 15th instant, requesting that Miss Annie Marcotte, teacher of the Hunter's Point R. C. Indian Day School, be granted an increase of \$5 per teaching month in her salary.

In reply I have to inform you that the Department will approve of an increase at the rate of \$5 per teaching month from the 1st of September, next, the beginning of the new school year. This will make her total salary from that date at the rate of \$80 per teaching month. Please inform Miss Marcotte of the increase granted her, and arrange with her to reopen the school and begin duties on September 2nd, next.

It is noted that Miss Marcotte has performed excellent services during the two years she has been teaching at this school and that two of her pupils wrote on the recent entrance examinations.

Sir:

I have your letter of the 9th instant, nominating the services of Miss Christina Nephin for the position of teacher of the Hunter's Point R. C. Indian Day School, to succeed Miss Anna Marcotte, who resigned as from June 30th, last.

The Department will approve of the appointment of Miss Nephin, to begin duties when the school re-opens after the summer holidays, on September third, next. The salary will be at the same rate as was paid Miss Marcotte, viz.: \$80 per teaching month. Please advise her of her appointment and arrange that she begins duties on the date above mentioned. I would request that you give her any assistance you can in her work at this school.

I note that Rev. Father Martel, O.M.I., approves the appointment of Miss Nephin. It is hoped that she will meet with every success in her work.

Schools

Ville-Marie, Co. of Temiskaming,
August 14th, 1921.

Sir,-

Miss Konan (?) cannot accept to teach at the
Hunter's Point School. Would you have another teacher to propose?

The parents would like the children to be taught
in both French and English, seeing that the school is in Quebec
and that both languages are equally spoken in this district.

I had to help the Indians of that locality by
giving them \$100. of my own pocket towards the construction
of the school. This will not be sufficient. Could not the
Department contribute also to this construction?

These people greatly need help. The floor, the
roof, the doors and windows of that school cost alone, nearly
\$300.00.

The same situation exists at the school of
Lake Brenner. I went over there and I also collected \$150.00
for the construction of their school; but it would still require
as much to complete the construction.

Humbly yours,

(SGD) I. Evain,

priest, missionary.

Ottawa. August 29, 1921

Reverend Sir,-

I have to acknowledge the receipt of your letter of the 14th instant, with reference to the schools being built at Hunters' Point and Brennan's Lake.

Regarding your request for the Department to assist in the construction of these buildings, I beg to say that no grant can be made for this purpose. I might point out that the Department approved of a school for the Roman Catholic Indians of the Hunters' Point Reserve on the understanding that the Indians themselves would erect a suitable building for the purpose. Mr. Agent Lewis was informed on March 31st, last, that the Department would not undertake to contribute any amount towards the cost of the erection of this building.

The establishment of a school at Brennan's Lake was also approved on the understanding that the McLaughlin Lumber Company and the Indians would erect a suitable building for school purposes and provide desks, stove, etc. (reference official letter to you of August 16, 1921.)

The Department did, however, agree to provide a stove, blackboard, desks and school material for the Hunters' Point school and to pay the salaries of the teachers for both schools and the Department is prepared to carry out its part of the bargain as soon as the buildings are completed.

Your obedient servant

A. F. MacKenzie.

Sir:-

In further reference to letter No. 35-5-1 of the 2nd. of May last re, the erection of a school building for the benefit of the Roman Catholic Indian children of Hunters point, I beg to report.

I visited Hunters Point on the 15th. and 16th. inst. and saw the steps that were being taken towards the erection of this building. The site chosen for this building has been cleared and prepared, and I must add that it is very favorable for the purpose. The timber is all made and hewed, and at the time of my visit was being hauled out to the site of the building. The work did not progress very much during the summer, as the Indians were without exception fire-ranging or fighting fire, the bigger part of the summer, and they also were without the necessary funds to purchase the materials for the construction. This obstacle has been overcome however as the priest at the time of his mission, collected enough to defray the cost of the material needed. The dressed and rough lumber has been purchased, the hardware and reefing also, and should be on the ground by this time.

There is quite a gang working at the building, and they expect to have it completed by the first week in September. The building when completed will be 20ft. by 28ft. inside, and 10ft. from floor to ceiling, and will accommodate 36 scholars. It is of hewed log construction with matched lumber floor and ceiling, 3 windows on each side and 2 in the front, also a perch on the front. It will be a good building as there are some very handy men working on it. I beg to enclose a list of the desks and other furnishings the Indians ask for to rig up their school when completed. I have also been requested to ascertain if any steps are being taken to secure the services of a teacher for the coming term.

Your obedient servant,

W. H. Lewis

OTTAWA, Sept. 6th, 1921.

Sir, -

I have to acknowledge the receipt of your letter of the 22nd ultimo, regarding the erection of the new school building for the benefit of the Roman Catholic Indian children at Hunter's Point.

It is noted that, when you visited this point, the site was prepared and the timber required made and hewed; also that sufficient funds have been collected by the Missionary to defray the cost of the material needed, and that it is expected that the building will be completed early in September.

The Department is calling for tenders for the 18 desks required. It is presumed that the address to which they should be forwarded is Kippewa, Que., as that is the nearest railway station, and arrangements could then be made to have them forwarded to the school from that point. It is noted that it is the intention to arrange these desks in the school room as follows: - two rows of seven on each side and four in the centre. The small sizes should be placed at the front and the larger at the rear.

You may arrange for the purchase and delivery at the school of one box stove, to take 36" wood, also the stove pipe and elbows required. You may also purchase three serviceable chairs, one water pail and two cups, two wash hand basins, one broom and one cheap school wall clock.

Before making the above purchases, you should obtain competitive prices from a number of dealers and purchase from the one quoting you the lowest price in each case. After the purchase has been made, you will be good enough to forward properly receipted vouchers, in duplicate, covering the expenditure incurred, to which should be attached a memorandum showing the names of the firms asked to quote a price and the prices quoted by each.

Regarding the blackboards, it will be necessary to obtain the size before placing the order, and I will be pleased if you will let me have this information as soon as possible, also the address to which they should be shipped.

The lesson charts, map of Canada and school bell will be ordered from the Government Stationery Office, and a copy of the Indian Day School Regulations is enclosed herewith.

Sir, -

I have to acknowledge the receipt of your letter of the 16th instant, enclosing an abstract of the tenders you received for supplies required for the Roman Catholic Indian Day School at Hunter's Point.

In reply, I beg to say that you may arrange for the purchase of these supplies from the Taylor Hardware Company, Limited, New Liskeard, Ont., and have them delivered to the school.

The abstract submitted by you should have been retained and forwarded along with vouchers covering the expenditure incurred in the purchase of the articles.

As soon as these supplies have been delivered, you will be good enough to furnish properly certified vouchers, in duplicate, covering the cost.

The Department cannot order the blackboards ~~required~~ until you state the sizes required, and I will be pleased to have this information at an early date.

The tender calling for the supplying of the desks will be opened tomorrow, when the order will be placed for immediate delivery with the firm quoting the lowest price. You will be duly advised.

GLOBE FURNITURE CO.
LIMITED

WATERLOO, ONTARIO

THIS SPEAKS IN RESERVATION OF QUALITY

DESCRIPTION OF HINGE

Read This Carefully--It is Important.

NO Chain is stronger than its weakest link. Also the life of a school desk cannot be greater than the life of the hinge. In the development of the New Globe Automatic our energy was directed toward the elimination of faults in the Hinge.

OUR SUCCESS IS COMPLETE

We sincerely believe that the Hinge in the New Automatic is the strongest Automatic Seat Hinge ever invented and comes nearer to being noiseless than any other now on the market.

Absolute noiselessness can only be secured by the use of rubber or leather buffers, or springs and when such parts are used it is only a question of time till they become worn or dislodged and must then be replaced or the desk is too noisy for further use.

Those who have had experience in getting repairs for school desks know how difficult and unsatisfactory it is, and, therefore, **the desk that will wear the longest without needing repairs is the most valuable one to the school.**

There are fewer parts in the Hinge of the New Globe than are found in any other School Desk Hinge on the market. This alone reduces the possibility of its getting out of order.

It does not depend on bumpers or rubber, leather or other material, nor on springs of any kind for its noiseless action.

The steel balls used in the Hinge are one-half inch in diameter, being twice as large as those used by any other manufacturer, thus giving greater wear resisting qualities.

The balls in the Hinge of the New Globe ARE NOT held in position by means of springs, because when such is the case the spring will in time lose its tension allowing the balls to get out of their proper position, or drop out entirely.

In the Hinge of the New Globe the steel balls absorb all friction, there being no wearing contact of iron against iron. In every other so-called Ball Bearing Desk there is a wearing contact of iron against iron.

The accompanying illustration, Fig. 1, will give you a fairly accurate understanding of the great simplicity of the Hinge, and you will note that "A" is the Seat Arm; "B" shows a portion of the Desk Leg or Casting. When the Seat Arm is in its place, the Ball "P" fits into the socket "O." The Shoulder "R" on "A" moves in Groove "S" on "B" when the seat is raised or lowered. Ball "I" rests in Socket in "R" and runs along the inside of the Casting "B" at "S" between "J" and "K." The Casting grows gradually thicker as it nears the point "K," so that the Ball runs less easily as it reaches the end of its course. This brings the seat to a gradual stop without jar or noise. When the seat is lowered the ball rolls towards "J" where the casting is also thicker. The seat comes to a gradual stop in the same way and for the same reason as when it is raised.

The office of the Bolt "F" and the Cap "D" is merely to hold the parts together. The bolt passes through the Seat Arm "A" in Slot "G" and through Casting "B" at "H." The notch "E" Casting "D" is placed over the Lug "C" on "B" to prevent "D's" turning with the Seat Arm.

The Lugs "L," "M" and "N" prevent the Seat from raising or lowering beyond the proper position and also carry a part of the weight of the pupil, thus relieving the working parts of some of the strain.

Every part of our **New Globe Automatic** and **New Globe Automatic Adjustable Desks** is made of the very best material procurable of their respective kind. The construction is solid and durable. Woods finished in our special school desk hard oil varnish. Castings finished in black japan, thoroughly baked. Woods are of selected hardwood, kiln dried and seasoned, all joints are dovetailed and glued. Regularly finished rich cherry color or natural back and seat with cherry top.

When ordering specify Color wanted.

Our desks are easily and quickly put together, set up and adjusted.

FASTENING WOOD PARTS TO STANDARDS

Our method of fastening top, back and seat to the iron is one of the most important features of our desk. The iron and wood is fitted together, so that the two parts interlock the full length of the contact of wood and metal, thus giving a holding power not obtained in any other way.

Dear Sir:-

We enclose form or sheet with prices and date of shipment of articles specified.

The only exception we make is that we do not make a double desk with individual seats. This style of desk is obsolete and was found unsatisfactory. We are, therefore, quoting you on double desks with entire seats, and you will note that the sizes we have specified are our #4, 5 and 6.

Along with sheet you will find folders illustrating the desks that we are quoting you prices on. Also other styles that you may use as opportunity offers.

The woods on our double desks are regularly finished in cherry color.

Thanking you for remembering us and hoping that we shall be successful in securing your order, we are,

OTTAWA. Sept. 21st, 1921.

Sir, -

I beg to inform you that an order is today being placed with the Globe Furniture Company Limited, Waterloo, Ontario, to ship addressed to you, Kippewa Station, P.Q., the following number of New Globe Automatic Double School Desks, viz: -

- 6 - #6, for pupils 5 to 8 years of age, at \$10.55 each,
- 6 - #5, for pupils 6 to 10 years of age, " \$10.55 each,
- 6 - #4, for pupils 9 to 14 years of age, " \$11.05 each,
- 3 rears seats for the #4 Desks, at \$9.35 each,

Total cost F.O.B. Kippewa \$220.95.

These desks will be shipped in a knocked down condition, with all the necessary hardware to assemble and fasten them to the floor when they arrive.

This firm has been requested to notify you of the date of shipment, in order that you can arrange to accept delivery and have the desks taken to the school when they arrive at Kippewa Station.

The firm will also send you their account, in duplicate, which, upon arrival of the desks, if in good condition, you will be good enough to certify and forward to the Department, in order that payment can be made.

These desks should be arranged in the class room in three rows; the smaller size desks at the front and the larger size at the rear.

You will please arrange for the delivery and transportation of these desks to the school and in having them set up in the class room. It is hoped that they will arrive in good condition and that they will provide ample seating accommodation in the Hunter's Point (R.C.) Indian Day School.

Your obedient servant,

Gentlemen, -

I beg to inform you that your tender of the 16th instant for 18 double desks and 3 rears to be shipped to Kippewa, P.Q., has been accepted.

I have, therefore, to request that you will be good enough to ship as soon as possible addressed to W. H. Lewis, Esq., Indian Agent, Kippewa Station, P.Q., the following: -

6 - #6 "New Globe" Automatic Double Desks,
6 - #5 " " " " "
6 - #4 " " " " "
3 rears for the #4 Desks.

These desks should be supplied at the price quoted in the tender submitted by you of the above date.

These desks should be shipped in a knocked down condition, securely packed, with all the necessary hardware supplied to assemble and fasten them to the floor.

You will be good enough, when shipment has been made, to immediately notify Mr. Lewis whose post office address is North Temiskaming, P.Q., of the date of shipment in order that he can arrange to accept delivery when they arrive at Kippewa.

You should also, at the same time, forward your account, in duplicate, to Mr. Lewis who will be instructed, upon receipt of the desks, if in good condition, to certify the account and forward to the Department, when payment will be made.

As these desks are required for a new school which has recently been erected, I will be pleased if this shipment will receive your early attention.

Ottawa. October 10, 1921.

Sir,-

In reply to your letter of the 1st instant, I beg to say that the Department is ordering from the Government Stationery Office, one Hyleplate blackboard with chalk trough and moulding for the Hunter's Point Roman Catholic Indian Day School, to be sent to James Stanger, Esq., Hunter's Point, Que., via Kipawa Station.

I would point out that this board will not give satisfaction unless properly installed and cared for. Hyleplate is made of pulp and, necessarily, absorbs a good deal of moisture in wet weather and shrinks in dry weather. Consequently, care should be taken in installing this board and having it fitted in the frame in such a manner as will permit of expansion.

If at all possible, hyleplate should not be installed close to the stove, as, if so, it is subjected to very great heat which cracks the surface. Water should not be used to clean Hyleplate blackboards.

The Department trusts that you will keep these instructions in mind and have this blackboard carefully installed on its arrival. You should also point out to the teacher that water should not be used for cleaning it.

I beg to acknowledge receipt of letter No. 35-5-5 of the 10th. inst. in reference to the blackboard for the R.C. Indian Day School at Hunter's Point, and have transmitted the instructions contained therein to James Stanger, to whom the blackboard is addressed.

I may find it necessary to visit Hunter's Point in reference to the outfitting of this school, as I have written several letters to Stanger recently on this matter and have not received any replies. I have not been advised as to whether the desks ordered have arrived, or the supplies ordered from the Taylor Hardware, New Liskeard, and I am sure that they must have arrived there before now.

Sir, -

Replying to your letter of the 17th instant, I beg to say that it would be advisable, if you can arrange to do so, to visit Hunter's Point in the near future with reference to the outfitting of the Roman Catholic Indian Day School at that point.

As you were informed, the desks were shipped by the manufacturers on the 26th or 27th of September, last, and the blackboard was ordered through the Government Stationery Office here on the 12th instant.

You should see that the desks have been placed in position in the school room and that the building is cleaned and ready for occupation.

I will be pleased to hear from you after your visit, giving a brief report regarding the building and stating if it is equipped and ready for the teacher to begin duties.

Sir,—

I beg to enclose voucher in favor of the George Tayler Hardware Ltd. of New Liskeard, Ont. for supplies purchased for the R.C. Indian Day School at Hunter's Point, Que. The abstract of the tenders I received for these supplies was forwarded with my letter of the 15th. of September.

I have been holding this account here for a while, for the reason that the Steve ordered did not arrive with the rest of the supplies, but I have just been advised by the teacher that it has now reached the school in good condition.

Sir,—

In reply to letter No. 35-5-5 of the 19th. ultime, I beg to say that I did not visit Hunter's Point as instructed, as the day after I wrote my letter of the 17th. of October to the Department, I was advised by Miss Henan, who had arrived at Hunter's Point that the desks and other supplies, with the exception of the stove, had arrived in good condition, and the the school was ready for occupation, and would commence on the 17th. of October, so I did not think that a visit from me would be of any benefit.

When I wrote my letter of the 17th. of Oct. to the Dept. I was uneasy from the fact that I had written several times to J. Stanger about the supplies for that school and did not receive a reply.

Miss Henan informs me that everything is progressing satisfactory, only that the attendance is not quite up to normal owing to the prevalence of small-pox in the district. I sent her a copy of the Indian Day school regulations, and I beg to quote an extract from a letter she has written me on the matter. "I notice that the Regulations that you sent me contain a clause stating that the teachers salaries are payable every quarter, is that law still in force in Quebec? It is obsolete in Ontario. I was paid every month at Bear Island."

Kindly advise me if such is the case,

Your obedient servant,

W. H. Lewis

OTTAWA, Nov. 17th, 1921.

Sir, -

I have to acknowledge the receipt of your letter of the 11th instant, informing the Department that Miss Honan, who was appointed teacher of the Hunter's Point (R.C.) Indian Day School, had taken up duties on the 17th of October, last; also that the desks and other supplies required to equip the school had arrived and been placed in position. The Department notes that everything is progressing satisfactorily, and it is hoped that when the present epidemic of smallpox subsides, there will be a good and regular attendance.

Regarding the payment of salary, I beg to say that the Department only pays salaries to teachers in Indian day schools at the end of each quarter, upon receipt of quarterly returns of attendance. The school which Miss Honan formerly taught was a summer school only, and opened for a few months in each year, and it is in such cases that salaries of teachers are paid monthly.

I might further point out that we are not guided by the regulations of the Ontario Department of Education in the payment of salaries.

Miss Honan should prepare her return promptly upon the expiry of the quarter, and forward it to you, and if you consider it is correct in every respect, you will certify the same and transmit it to the Department when payment of salary will be made.

Your obedient servant,

Russell T. Ferrier.

I beg to enclose voucher in favor of James Stanger of Hunter's Point, Que. for \$7.50 being for services rendered in connection with the shipment of desks for the R.S. Indian Day School at Hunter's Point, Que.

Upon receipt of Departmental letter No. 35-5-5 of the 27th. of September last, I authorized James Stanger to accept delivery of the desks, and to look after the transportation of them from the Kipawa station to the schoolhouse, and to assemble them and place them in position in the school, as per instructions contained in said letter. I am in receipt of enclosed letter in which he informs me that he and another man were engaged at this work for a day and a half. It is not very satisfactory, as he does not state who the other man is.

He also sent me a receipt apparently for freight that he paid. He does not specify what freight it was, neither does the receipt, which is for \$1.13. I have returned it to him for an explanation as all the supplies sent to Kipawa for that school were supposed to have been shipped prepaid.

OTTAWA, May 18th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 13th instant, enclosing a communication which you received from Mr. Jas. Stanger, on behalf of the Indians at Hunter's Point, requesting that wire fencing be supplied with which to enclose the grounds of the Hunter's Point (R.C.) Indian Day School.

In reply I beg to say it is noted by Mr. Stanger's letter that 390 feet of lawn wire fencing and 2 gates will be required. It would, no doubt, greatly improve the school property if the grounds were fenced, and the Department will approve of the purchase of the quantity of lawn fencing and the 2 gates required, and you may arrange for the purchase and delivery of the same.

It will be necessary to obtain competitive prices from a number of dealers handling these supplies, and the purchase should be made from the firm quoting the lowest price. Properly certified vouchers should be forwarded covering the expenditure incurred, to which should be attached a memorandum showing the names of the firms asked to quote a price and the prices quoted.

You might obtain prices from the following manufacturers of lawn fencing and gates: -

The Canadian Steel & Wire Co. Ltd., Hamilton, Ont.
The Steel Co. of Canada, Ltd., Montreal, Que.,
The Sarnia Fence Co. Ltd., Sarnia, Ont.,
Frost Steel & Wire Co. Ltd., Hamilton, Ont.,

or any other firms you wish to quote a price.

It is understood that the Indians will supply the posts required and perform the labour in putting up this fence.

You should give this matter your early attention.

Mr. Scott:-

The Rev. Father Evain, Roman Catholic Missionary for the Lake Temiskaming country, has been instrumental in having erected log school houses at Brennan's Lake and Hunter's Point. The Rev. Gentleman collected what funds he could from the Indians interested, and the unskilled labour was performed gratis.

The Department promised no assistance in connection with the building of these schools. We equipped them with desks, etc., and are now paying teachers: both causes are flourishing this academic year.

Father Evain has used some missionary money for hardware, doors, windows, etc., and has now submitted accounts of \$228.05 and \$136.93 for the Hunter's Point and Brennan's Lake Schools, respectively. The Department appoints the teachers and is conducting the schools through the office of Mr. Agent Lewis. They are not strictly missionary activities, and I would be pleased to have your authority to pay these accounts.

Sir: -

The Department has received the enclosed accounts from Rev. Father I. Evain for material supplied and paid for by him in connection with the building of the schools at Hunter's Point (R.C.) and Brennan's Lake. The Department promised no assistance in connection with the erection of these buildings. Father Evain collected all the funds he could from the Indians interested, and the unskilled labour was performed gratis. We supplied furnishings, such as desks, blackboards, stove, etc.

We are favourably disposed to assist Father Evain to the amount of the enclosed accounts, and, if you consider that they are reasonable and a fair charge, I should be pleased if you would attach them to proper voucher forms, certify the same and forward to the Department in order that payment can be made.

Sir:-

I beg to enclose voucher in favor of the Rev. I. Evain, for \$364.05, being for materials purchased by him for the construction of the Hunter's Point, and Brennan Lake Indian day schools, in the Kipawa district.

In reference to this matter I beg to say that I was informed that the funds needed for this purpose were collected by the priest from the Indians. The rough lumber required was donated by the Shepard Morse and McLaughlin Bros. Lumber Companies respectively.

On my visit to the Kipawa during the winter of 1920-21 I explained to the Indians interested that the Department would not authorize any expenditure in connection with the erection of these buildings, but would supply the furniture needed and also pay the salary of a teacher, to which proposition they were very favorably disposed.

The materials specified in the enclosed accounts has been supplied and used in the construction of the above mentioned schools.

Reverend Sir:-

In connection with the accounts which you left at the Department, covering the material purchased by you for the construction of the Brennan Lake and Hunter's Point Indian Day Schools, I beg to say that in order to comply with the requirements of the Auditor General, we are unable to pay these accounts until further particulars are received. The account of McKay Brothers Planing Mills, Arnprior, will require to be itemized, that is, the number of sashes, frames, doors and their sizes as well as the price of each should be stated. If you will be good enough to request this firm to forward you an account in duplicate, properly receipted, showing the details above outlined, and then submit the same to the Department, payment can be made. Their account is returned herewith.

I have also to request that you will state the amounts which you collected for each of these schools, separately, and the total amounts paid by you for the construction of the schools.

Your early attention to this matter will be appreciated, in order that we can settle these accounts.

Sir:-

In reply to official letter No. 35-5-5 of the 19th. inst. having reference to the school house at Hunter's Point, Que. I beg to report.

This school building is constructed with hewed logs, and the logs forming the walls are standing perpendicularly, and on which account it is a difficult matter to plaster the seams with mortar so that it will stay in place for any length of time. In the case of the building at Brennan Lake, which is also of hewed log construction, the logs forming the walls are laying horizontilly, and the seams are plastered inside and out with mortar, which stays in its place and is a finished job, as far as warmth is concerned. I enquired of the Hunter's Point Indians why they did not build their school-house with the timber running full length and they informed me that they were unable to get the timber of the necessary length, and so had to use shorter pieces standing upright.

The only thing that I see that will make the building comfortable in the winter, is to sheet the interior with beaver board or matched lumber. There is a quantity of beaver board at Hunter's Point that has been left over from lining the Church inside. This material is in sheets 4ft. wide by 10ft. long, and is being sold at 1.75 per sheet which works out at \$43.75 per thousand feet, which is cheap when the cost of transportation is taken into consideration

There is about 1,000 ft. of this material at Hunter's Point, together with the nails and strips for laying it on, and this quantity should be sufficient to sheet the walls of the school house, which would make the building a good deal warmer.

Indian Affairs. (RG 10, Volume 6089, file 313-5, part 1)

I would estimate that the cost of this work would be around 60 to \$65.00.

The beaver board referred to belongs to the Rev. I. Evain, who had it left over after renovating the interior of the church at Hunter's Point last fall, and was left in charge of Mrs. Jones to dispose of to any one requiring it, at \$1.75 per sheet of 40 sq. feet, and the strips at .02¢ per lineal foot, which is the price it cost laid down at Hunter's Point by boat.

Sir: -

I have to acknowledge the receipt of your letter of the 20th instant, regarding the lining of the interior of the Hunter's Point R.C. Indian Day School with beaver board, in order to make it more comfortable in winter. Your recommendation that we obtain the beaver board required for the purpose from the supply which was left over from the lining of the church is noted.

In reply I beg to say that the arrangement under which this school was built was that the Indians would erect a suitable building for school purposes, and that this Department would not be called upon to contribute any amount towards the cost. As you were informed in official letter of December 15th, last, Rev. Father Evain submitted an account to the amount of \$228.05 for material used in the construction of the building. This account has not been paid pending further particulars from the Rev. Father. In the meantime, we are not prepared to undertake the purchase of the beaver board mentioned by you, or to have the work of putting it on carried out. It may be that Father Evain would agree to turn the quantity of beaver board required over for the purpose, as we are of the opinion that it was supplied in the first instance from funds furnished by the Indians.

I shall be pleased if you will communicate with Father Evain in this matter, and ascertain if he will consent to have the beaver board on hand used for lining the interior of the school building.

Mr Russell T. Ferrier,
Superintendent of Education,
Department of Indian Affairs,
O T T A W A, Ont.

Dear Sir:-

Please find enclosed accounts sent by Rev. Fr Evain covering his expenses in connection with the construction of an Indian day school at Hunter's Point. The amount of \$452.69 has been paid by Rev. Fr Evain personally.

I am sending Rev. Fr Evain's letter and accounts as received and I would strongly recommend the payment of the latter by the Department.

You are partly aware of the work carried on by the Rev. Father for the last 23 years and I must say that though in numerous instances he has volunteered for the Indian cause well earned and much needed money, this is the first time that he is asking for reimbursement as his financial situation cannot afford to bear the expenses made for the building of the day school above mentioned and that of Brennan's Lake.

I may add that the constructions were made at the cheapest price possible and though Rev. Fr Evain helped the men he is not asking for any remuneration. Your agent at North Temiscaming can testify to the quality and good condition of the buildings.

Finally, competitive prices for material could not be secured as there was no choice in the different localities where the material was bought.

Hoping that you will give this matter your very kind attention and reach an effective solution, I remain

Yours very truly,

Reverend Sir:

I have to acknowledge receipt of your letters of the 13th instant, enclosing accounts which you received from Rev. Father Evain, in connection with the building of Indian day schools at Hunter's Point (R.C.) and Brennan's Lake.

Regarding the accounts for Hunter's Point, I beg to say that we promised Father Evain, at the time of his visit to the Department last fall, to pay an account for material supplied in the erection of this school to the amount of \$228.05. The accounts for this material are satisfactory, and the above amount will be paid.

In connection with the accounts for the material used in the construction of the Brennan's Lake Indian Day School, I beg to say that we agreed to pay accounts for material and freight on same to the amount of \$136.93. This included an account from McKay Brothers, of Arnprior, to the amount of \$130 and freight \$6.93. This account was sent to Father Evain, with the request that he obtain from this firm an itemized statement, in duplicate. The Rev. Father states that he has not yet received the account, and we are therefore unable to pay the above amount until the statement asked for is received. I shall be pleased if you will request Father Evain to forward the itemized account of McKay Brothers, in duplicate, as soon as possible, when payments will be made of the above mentioned amounts, viz: \$228.05 and \$136.93, for the material supplied the Hunter's Point and Brennan's Lake Schools, respectively.

Sir,-

I beg to say that the Department has received a letter from Miss Teresa McGuire, stating that she paid for certain school supplies delivered at Hunter's Point Indian Day School while she was in charge of the same.

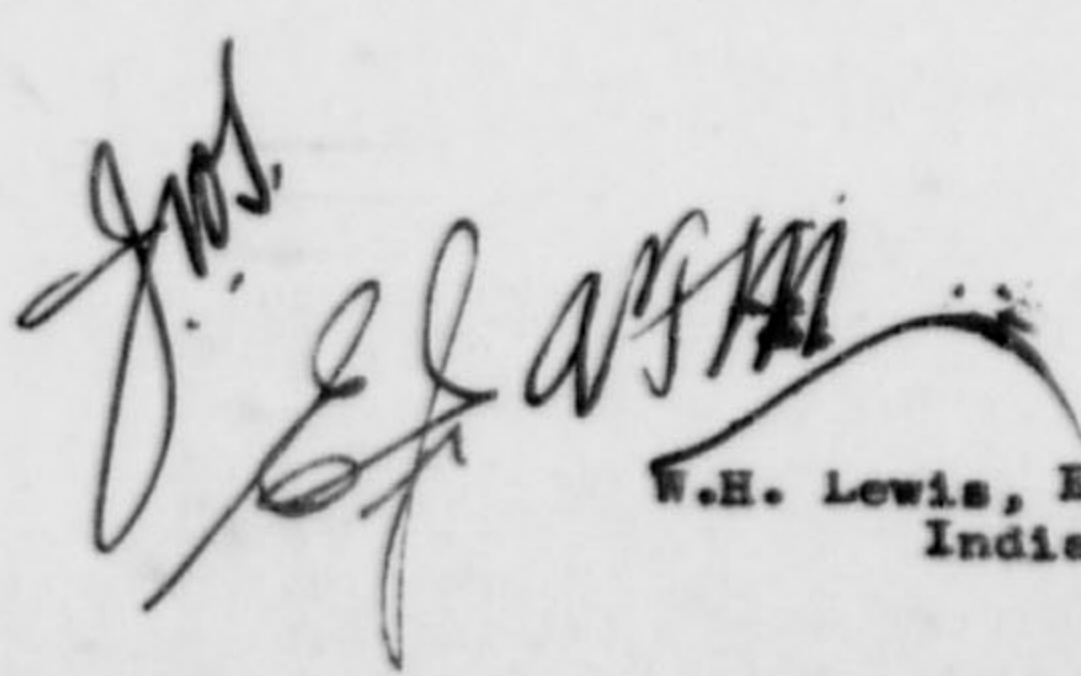

I have to request that you will make report to the Department in the matter, and if Miss McGuire is entitled to receive payment you should submit a certified voucher in her favour, supported by receipts, for payments made.

The authority under which the material was purchased for use at the school should be quoted on the face of the voucher.

Sir,-

In reply to your communication of the 20th instant, I may say that the Department has no knowledge, seemingly, of authority having been granted for the purchase of school material such as referred to in your letter, for use at Hunter's Point Indian Day School. If you procured material under proper authority and paid for the same, you should forward the receipted accounts to the local Indian Agent and request him to submit to the Department a voucher in your favour for the amount expended.

Sir:

Miss Toner, teacher of the Hunter's Point R. C. Indian Day School, has applied for a grant to purchase prizes or gifts to be distributed to the pupils before the school closes for the Christmas holidays. I may say that a grant of \$5 was allowed to purchase prizes at Easter, last, and the Department will approve of an expenditure of a like amount for prizes for the coming Christmas.

You may, therefore, authorize the teacher to obtain the various articles which she considers suitable. The expenditure for the purpose should not exceed \$5, and she should obtain itemized accounts, in duplicate, from the merchant from whom she makes the purchase and hand them to you, which you will be good enough to attach to proper voucher forms, certify in the usual manner and forward to the Department in order that payment can be made.

Sir,—

I beg to enclose report of the Hunter's Point R.C. Indian Day School at Hunter's Point in the Kipawa district. I paid a visit to this school on the 30th. of September last and found everything in good shape. The scholars are making good progress, and attend fairly regularly, and the teacher has a good place to board.

The school house would be much warmer if a ceiling were put in, and it needs 5 sheets of beaver board to finish sheeting the walls inside. The cost of this work including the materials and labor would be about \$55.00.

The teacher also requested me to supply her with a clock for use in the school. I purchased one for this school 3 years ago, but the teacher says that it has been broken and repaired a couple of times and does not run satisfactory. Kindly advise me if the Department will authorize any expenditure for the placing of a ceiling in this school house.

Sir:

I have your letter of the 13th instant, reporting on your visit to the Hunter's Point R. C. Indian Day School. In reply I beg to say it is noted that the pupils are making progress and that a regular attendance is maintained.

In order to make the school house warmer during the winter months, you may arrange to have a ceiling put in and also for the purchase and installation of the beaver board required to finish sheeting the inside walls. You should arrange for the purchase of any material and the labour required in having the work done. We note that you estimate the cost will be approximately \$55.

You may also purchase and have forwarded for the use of the classroom an alarm clock of the "Big Ben" type. We find that clocks of this type are satisfactory for Indian day schools and stand considerably hard usage.

Accounts, in duplicate, properly certified, covering the expenditure incurred in the repairs authorized and for the purchase of the clock should be forwarded for payment.

In further reference to official letter No. 99-35 I beg to say that I have been advised by Miss Toner, the teacher of the Hunter's Point R.C. Indian Day School at Hunter's Point that an additional 150 ft. of Shiplap is required to finish the ceiling of this school.

This will cost with transportation about \$12.00. The reason that this extra amount is required is that the ceiling was not put in as I expected it would be which is explained in the enclosed sketch.

Sir,—

I beg to enclose vouchers amounting to \$23⁰⁰ in favour of Joe Miners of Hunter's Point for work done at the school.

Mr. Miners pretends that he was not paid for the work done at the Hunter's Point School last year.

I do not know what has been done to that school last year and if Joe Miners has been paid or not, but no doubt the Department has trace of it.

I beg to inform the Department that the Hunter's Point R.C. Indian Day School is in need of repairs, a part of the walls has been covered with beaver board, but it would take 800 ft to finish the walls and the ceiling. The outside of the school would need to be plastered and banked. I would be pleased to know if the Department will give authorisation for this work to be done.

Sir:

I have your letter of the 16th instant, relative to the repairs required to the interior walls and ceiling of the Hunter's Point R. C. Indian Day School.

Please furnish an estimate of the cost of supplying the quantity of beaver board required and for the plastering and banking of the outside of the school, and the cost of the labour in having all this work completed. When we have this information, consideration will be given as to whether this work can be carried out or not.

Sir-

In reply to official letter no 35-5-5 of Sept. the 20th I am of the opinion that, to finish the inside of the school with beaver board (laths have to be put on the beaver board that has all ready been put as there is none) and chinking and banking the outside would cost about one hundred and ten dollars. The transportation of material to Hunter's Point is pretty expensive.

The outside of the school should be chinked and not plastered as it is made of Square timber.

I will be pleased to know if the Department will authorize this expenditure.

Sir:

I have your letter of the 5th instant, furnishing an estimate of the cost of finishing the walls and ceiling of the Hunter's Point Indian Day School with beaver board and chinking and banking the outside.

In reply I have to say that, provided you can arrange for the supplying of the material and the labour in having the above work carried out for the sum of \$110, as mentioned by you, you may have it done. Our funds are extremely limited and the above is the full amount we can provide to complete the repairs at this school. If possible, you should obtain competitive prices for the supplying of the material, such as beaver board, lime, etc., and the purchase should be made from the firm quoting the lowest price. Please obtain from the merchant who furnishes the materials accounts in duplicate, which you should attach to proper voucher forms, certify in the usual manner and send to the Department for payment. You should also keep accounts in duplicate for the labour employed, certify and send them to the Department for payment.

If you can arrange to have this work done within the sum mentioned, you should have it carried out before the extreme cold weather sets in. Please see that all the work is completed in a satisfactory manner.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

I beg to enclose vouchers amounting to \$72.55 in favour of Alphonse Robert of North Temiskaming for material supplied for the Hunter's Point R.C. Indian Day School.

I bought this from M. Robert because he has a ware house along the C.P.R. line to Kipawa, it is the only place that I could get it handy.

The large amount of laths is the fact that none was put on the beaver board that was put on the walls two years ago, it was a very poor idea to leave it that way, it will be now a finish job.

Sir:
On January 9th. 1928 I received a letter
No 35-5-5 stating that in order to receive
payment of Christmas gifts which I pur-
chased for the children of Hunter's Point
where I had been teaching, I would have
to forward receipted accounts of the articles
which I bought to Mr. Agent Caza; I did
so several days after I received your letter,
but I have not received payment of above
apt.

Please forward \$4.28 cost of articles and

Last year a beaver board was put on the inside wall of the Hunter's R.C. Indian Day school, this would need to be painted, it would take one coat of paste and two coats of paint. The paint, oil, paste and labour would cost about \$40.00, I would be pleased to know if the Department will authorize this expenditure.

Sir:

I have your letter of the 7th instant, in which you recommend that the beaver board on the inside walls of the Hunter's Point R. C. Indian Day School be painted and giving an estimate of the cost. You may have this work carried out. The walls should be given a coat of filling and two coats of paint. You should purchase the paint, oils, etc., required, and see that a good grade of material is obtained. After the paint, etc., has been delivered, you should arrange for the labour in connection with the work and see that a satisfactory job is completed. Please forward an account, in duplicate, properly certified, covering the cost of the material and for the labour. This work should be completed before the school re-opens after the summer holidays.

Reverend Father Evain who is just coming back from Hunter's Point informs me that the paper on the roof of the Hunter's Point R.C. Indian Day school has to be renewed. I would recommend to put a very heavy asphalted slate paper, it would take 9 rolls at \$4.00 and labour would cost about \$6.00. Kindly advise me if the Department will give authorisation to this expenditure.

Dear Sir,-

I have to draw attention to the fact that on the 31st March, 1930 you forwarded to the Department Voucher No 242 for \$5.00 in favour of Mrs Albert Jones, Hunter's Point for supplies for a treat for the pupils of the Hunter's Point R.C. School, at Christmas time. The Department paid the voucher by cheque No 291 for the amount stated which went forward on the 9th April, 1930, the cheque being sent to Mrs Jones, at the address mentioned.

On the 12th July (File 35-3-5) you forwarded a duplicate of the above mentioned voucher. In doing so you made the remark that the first account had not reached you. The Department paid this second account by cheque No 2728, which was sent to Mrs Albert Jones on the 22nd July. Attention is drawn now to the matter, and it becomes necessary to obtain a refund, without delay from her for the amount over-paid. I have to request that you will lose no time in collecting \$5.00 from Mrs Jones and forwarding it to the Department under cover of a letter. Kindly in future guard against an error of this kind occurring.

I am enclosing a voucher in favour of Garfield Jones of Hunter's Point for material supplied to the Hunter's Point R.C. Indian Day School. The door of the school house has been broken for quiet a while and could not be well repaired. When Rev. Father Martel, the Missionary visited Hunter's Point, I asked him to look if it was not possible to get a door there and to ask the teacher to let me know the price in order to ask authorisation from the Department to get one. The teacher I understand misunderstood the priest and bought this door that was absolutely necessary.

Sir-

I beg to enclose herewith a voucher amounting to \$5.40 in favour of Garfield Jones for material supplied for the Hunter's Point R.C. Indian Day School. I wrote a couple times to ask on what authority this has been supplied. It is evident that authority has not been given for a few of these articles but, as it was necessary I would be pleased if the Department will pay this amount. I am informing the teacher that absolutely nothing can be supplied without authority in the future.

Sir-

I am informed by Miss Annie Marcotte that there are not enough seats and desks for the children attending school at the Hunter's Point R.C. Indian Day School and six more would be required. Kindly inform me if the Department will supply these.

If seats are supplied they should be shipped to Miss Annie Marcotte Kippawa Que.

Sir:

I have your letter of the 19th instant, regarding the request of the teacher of the Hunter's Point Indian Day School, to be supplied with 6 more desks.

In reply I have to say that, before an order can be placed, it will be necessary for you to state the type, size and number of each size of desk required. You should also state the name of the manufacturer of the desks at present in use at the school. If new desks are supplied, it is necessary that they be of the same type as those at present in use, in order to have uniformity in the seating equipment. In September, 1921, 18 double desks were supplied by the Globe Furniture Company, Waterloo, Ont. It is presumed that the extra desks now required would be double ones. The Teacher should be able to tell you the size and number of each size required and also whether they are double or single. When the Department has this information, consideration will be given to supplying the extra desks required.

Your obedient servant,

I have another Mission, Kipawa, which is in need of a teacher. There are at present 10 Indian children ready for school, and a number of younger ones for future years. We have a good school built there with desks installed, a gift of some Hunters who took pity on these children. So if you would give me the authority to engage a teacher for this school, and the Gov. send the books required, it would place our Indian Missions in very good condition.

Please let me know soon as possible what can be done re these two missions, as I will be returning to visit them about 10th of October and will be in a position to arrange matters.

Sir,-

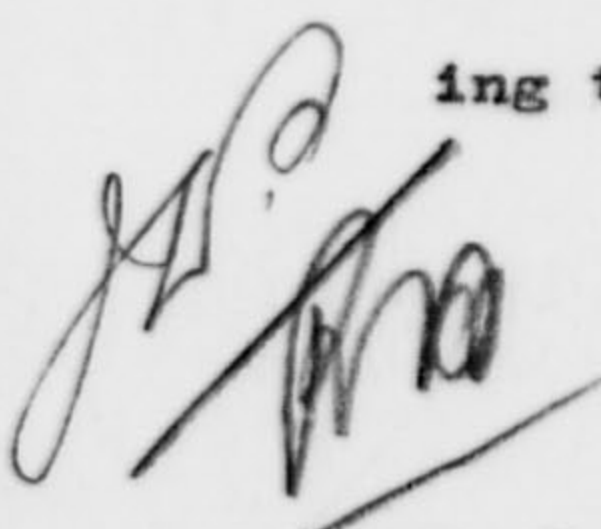

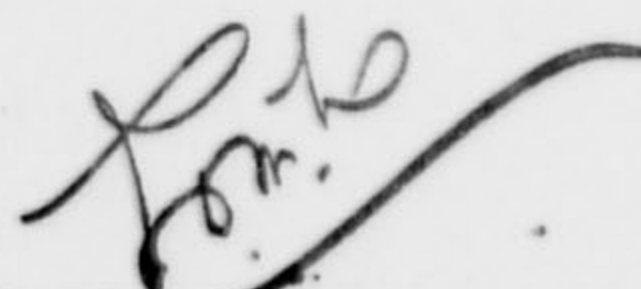

The Department has received a request from Rev. E. A. Letang, P.P., Temiskaming, for permission to engage the services of a teacher for a school at his Mission at Kipawa. He states that there are at present ten Indian children of school age who could attend and that there is a good school building, with desks installed.

Please furnish a report regarding this request, stating where this school is located, also, whether the children referred to are Indians or halfbreeds. Any information you can give regarding this request for the starting of a school at the point referred to by Rev. Father Letang, together with your views as to whether you would recommend that a teacher be appointed or not, will be appreciated. Please forward any facts you can regarding the condition of the building referred to, also, if the teacher could obtain living accommodation near the school. The Rev. Father states that he is visiting this point about the 10th of October, next, and desires to be informed as to whether the Department will consent to the carrying on of a school or not.

You might consult the Reverend Father regarding the matter.

Referring to that portion of your letter of the 22nd instant, requesting authority to engage the services of a teacher for a school at your Mission at Kipawa, and stating the number of children that are available, I beg to say that we are requesting Mr. Agent Lewis to furnish full information regarding your request.

I shall be pleased if you will talk this matter over with Mr. Agent Lewis and as soon as a reply is received, you will be advised as to what action the Department can authorize in having a school opened at the point mentioned by you.

[Handwritten signature]
Sir,

In reply to official letter No. 35-10-1 of the 26th. of September regarding the request of the Rev. E. A. Letang P. P. of Temiskaming for permission to engage the services of a teacher for a school at Kipawa station, P. Q. I beg to say that this letter arrived after I had left on a visit to the Kipawa so I cannot make as full a report on this matter as I could have done had I received the letter a few days sooner.

The Rev. E. A. Letang has spoken to me on previous occasions regarding this school, but I did not think that there were sufficient Indian children at this point to warrant the expense of the Department paying the salary of a teacher. There is a good school building equipped with desks, and I understand there has been a school conducted at this point some time ago, but it was closed probably through lack of funds.

There are about 10 children of school age at Kipawa, Indians and half breeds, and some white children. I would recommend that the Department pay a portion of the salary of a teacher and the white people pay the balance, and conduct a combined Indian and white school. Kipawa is situated on the C. P. R. and the school house is close to the station, and a teacher would have no difficulty in securing first class living accommodation near the school. I will also communicate with the Ref. Father on this matter.

Your obedient servant,

W. H. Lewis

Sir:

I have your letter of the 20th instant, regarding the request of Rev. E. A. Letang, P.P., of Temiskaming, for permission to engage the services of a teacher for a school situated near Kippewa Station and for a grant to assist in carrying on the work.

In reply I beg to say that if this school activity is started by Father Letang it is to be conducted as a combined Indian and white school. We note that there are about ten children of school age - Indians and half-breeds - and a number of white children who could attend. This Department will provide a grant at the rate of \$200 per annum as its share towards the payment of the salary of a teacher, and will also provide the Indian children with the text-books, stationery, etc., which they require. It is noted that there is a good school building, equipped with desks, etc., in which to carry on the work, and that the teacher would have no difficulty in securing good living accommodation near the school. You should inform the Reverend Father of the amount that will be allowed by this Department as its share of the teacher's salary. This grant will only be paid during such time as there is a sufficient number of Indian children in attendance to warrant its continuance.

Father Letang should submit through your office the name, qualifications and experience of the teacher whom he engages to carry on the work. Quarterly returns showing the attendance of the Indian children, only, should be prepared by the teacher and forwarded to the Department through your office in the same manner as is done in the case of other Indian day schools. Please inform the Department of the date the school opens, the number of children who will attend, also any information you may have regarding the building and equipment provided. This school will be known as the Kippewa Combined White and Indian Day School. It is presumed that the Reverend Father can arrange with the white people and half-breeds to pay the balance of the salary and the other expenses involved in conducting the school. Our grant of \$200 per annum and school books is the total amount which we can provide.

Sir,

I beg to inform the Department that on the 3rd instant I visited the Kipawa Combined White and Indian Day School as requested in official letter no 35-10-1 of January the 19th.

The School was opened the first day of this month and eight children are attending, of these two are half-breeds. I visited the Indian families and they all promised to send their children to school as soon as possible. Some of the reasons given to me for not sending them sooner are that they are not properly clothed, others are living too far and have the intention to move closer to school. There are twelve Indian and half-breed children of school age, but these people are so careless that I believe Father Letang will have a very hard job to get them to send their children to school. I believe that the efforts that he is making are well deserving the help the Department is giving him. It is only after a good trial that we will know what can be done there. The building used for the school is neat and plenty large enough. The school teacher, a bright young lady is well pleased so far and is anxious to get more pupils.

I beg to inform the Department that on the Sept. Quarterly Report there is not the name of one Indian pupil mentioned. I wrote to the teacher and inquired why the few Indian children living at Kippawa did not attend school and she replied that they have moved away from Kippawa.

In this case there will be no Indian children attending Kippawa Combined School.

Reverend Sir:

For some years past the Department has been allowing a grant toward the salary of a teacher at the Kipawa Combined School.

I am now advised that there are no recognized Indian children attending this school and consequently it will not be possible for us to justify any payment toward the cost of the school.

It is quite possible that there may be halfbreed children attending the school but the education of halfbreeds is not the responsibility of this Department.

I should appreciate hearing from you in the matter immediately.

R. A. Hoey Esq.,

Dear Sir:

I received your communication of 23rd inst. re grant toward the salary of teacher for Kipawa School.

The contents of your letter gave me quite a shock and indicate that I am in a very difficult situation. I was appointed in charge of Kipawa Mission (served from Jemissaming) in Sept. 1940. I found the school had been operating for three years previous and was made aware of the conditions under which it was maintained. I may add here that results were eminently satisfactory - even marvelous. The other districts, Hunters Point and Breman Lake have schools carried on under same provisions.

As I did not receive any notice of any proposed change of program, I naturally presumed the same procedure would be followed, and engaged a teacher for 1941-42 (Sept. 1st to June 30) at same salary as was paid in previous years, (although all other wages and salaries have been increased! As your department does not pay any salary for Sept. I personally advanced the sum of \$30.00 at end of Sept. to pay teacher's expenses for that month. Now you inform me that no salary will be paid.

by your Department - which means that I am personally responsible for her year's salary. It is an ^{un}organized district. No family in Kipawa owns any property. They are "squatters" on Crown Lands - there is therefore no basis on which one could collect school taxes or fees. For several years most of them were on relief - this year J. R. Booth Co. will operate in the Kipawa area and there will be employment.

You indicate that a report claims that there are no Indian children in that area! They are just as Indian there as at Hunters Point and Brennan Lake for they are the same families. I admit that they are not pure Indians but they cannot be designated as Half-Breeds - there is no such family in that district. About three generations ago several Scotch, English and French lumber-jacks and trappers settled on Kipawa Lake and married Indian women - their children married Indian women so that one could say that the great majority are $7/8$ and even $15/16$ Indian. I think I know where the report re Kipawa came from, and from what I can learn that party has shown a continual prejudice against that particular school - for what reason I cannot find out. Again, this year several families have come down from Brennan Lake and taken residence near Kipawa village, and their children are now attending Kipawa school.

I present these facts to let you know the conditions there, and the difficult position in which I find myself. I trust that you will appreciate the same, realizing that I had not received any previous notice of change of policy and therefore had acted in good faith. Yours very truly

In reply to official letter no 35-10-1 of the 3rd inst, I beg to inform the Department that about 10 years ago, I made a report to the Department that a certain number of families who did not in my opinion have the status of Indians were on the list of Kipawa Indians and I was told to put them off and this was done.

When I write about the Kipawa Indians, I mean also the Indians of Hunter's Point, Wolf Lake and Brannan Lake because as Rev. Father says they are all of the same tribe.

Of the persons mentioned above I will give a few examples: Mr. Robinson, a pure white man who died only a few years ago married an Indian woman, he had a large family, two of his sons are married and living at Brannan Lake. Another is married and he is living at Hunter's Point.

Also Mr. Samuel, living at Kipawa, he is still living and gets his pension from the Quebec Government. He is a pure white man, married an Indian woman and he has a large family, some of his children are married.

There is also the Mongrain family or families. The first to come was a white man, he is now dead and his widow is getting her pension from the Quebec Government. This is Roch Mongrain's grandmother. They had a large family also and many sons are married.

Eversince I have put these persons off the list of Indians, I called them half-breeds.

If the Department will refer to the reports of the Brannan Lake and Hunter's Point School, it will be seen in the

I am in receipt of your letter of the 5th instant with reference to the status of the pupils attending the Kipawa Combined School.

You should prepare a report showing the status of each family who has children attending either the Kipawa, Hunter's Point or Brennan Lake School.

This information should be available when Inspector Thibault next visits your Agency and should be fully discussed with him in order that he may submit a report to the Department.

In the meantime it has been decided to continue the payment of the salary at the Kipawa School for the current academic year. Inspector Thibault will no doubt visit your Agency before the end of June next and as a result of the information that you give him we will be able to make a decision regarding the academic year 1942-43.

Extract for 35-10-1

Extract from Inspector Thibault's report on
the Temiskaming Indian Agency, dated July
8, 1942.

KIPAWA Combined
White & Indian
School

From the last school return of June, 1942, I found
a list of 21 so called Indians, however, there are
only 4 names on said list, belonging to two families
acknowledged as Indians, all other names are half
breeds, fathers being WHITES, and such families are
not receiving any relief rations nor medical
attention, therefore, why should we give them
schooling.

The four Indian children referred to have attended
school in the last quarter of the year but, only in
part, as you may see below:

GRANDLOUIS, Barney	13 yrs.	30 days	during	last	qr.		
" Louise	12 "	28 "	"	"	"	"	"
HONAN, Beatrice	10 "	26 "	"	"	"	"	"
" Frank	9 "	35 "	"	"	"	"	"

Our contribution to the upkeep of the school would
be justified if all the children attending school
were Indians, but, when only four Indians, attending
less than two months of the school year, we should,
in my opinion, make new arrangements with the school
authorities so that when our Indian children are
attending school we would pay for such period of
attendance.

While in Kipawa, I met Reverend Father McKennirey,
curate of Reverend Father Letang, of Temiskaming,
who is interested in the school. I told him that
any children from a white father and Indian mother
were not considered as Indians, so that the
Department had no responsibility towards such
children; those having an Indian as father were
recognized, even when the mother was white.

I told him I could not recommend paying a teacher
full time when the four known Indian children
altogether had only attended school from five to
seven weeks at most.

Attached is an extract from Inspector Thibault's report on the Kippewa Combined School. I also had a visit yesterday from Rev. J.A. McKennirey, Temiskaming, Que. In addition to the 4 pupils who Mr. Thibault states are Indians, Father McKennirey states that additional ones should also be considered Indians; namely, Marie Janbone (father Bernard Janbone), Pat, Francis and D. Robinson (father Joe Robinson). Father McKennirey pointed out that if we withdraw our support completely it will mean that the school will have to be closed and he made a special request that we continue to give some assistance. We have been allowing this school an amount of \$600.00 a year (10 months at \$60.00 a month). I stated to him that I would recommend to Mr. Hoey that for the academic year 1942-43 we limit our assistance to an amount of \$400.00.

Reverend Sir:

On my return to the office Mr. Phelan advised me of your conversation in connection with the Kippewa Combined School. It has been decided to allow an amount of \$400.00 during the academic year 1942-43. At the end of June, 1943, the teacher should submit a list of the names of the recognized Indian children who will likely attend the school during the academic year 1943-44 and it will then be decided what amount can be allowed during that fiscal year. In preparing the quarterly returns the teacher should only include on them the names of the recognized Indian children attending the school. I may say that the information that we have received indicates that the attendance of the Indian children during the past year has been very unsatisfactory. I should, therefore, appreciate any efforts that either you or the teacher can make to ensure regular attendance of these Indian children next year. If their attendance continues irregular it will not be possible for us to consider renewing the grant for the academic year 1943-44.

A copy of this letter is being forwarded to Indian Agent Caza.

M
The Department is in receipt of a letter dated the 3rd instant from Miss Adeline Stafford, in which she tenders her resignation as teacher of the Kipawa Combined School effective at the end of this month. Please advise her that as far as this Department is concerned her resignation is accepted. As you know, we do not appoint the teacher for this school. By agreement made with Reverend J.A. McKennirey, the Department has been allowing a grant of \$400 a year toward the salary of this teacher. I am not certain that Father McKennirey is still interested in this school, but no doubt you will know who is the secretary of this board and you should advise him that Miss Stafford is leaving.

I should appreciate your advising the number of recognized Indian children who have been attending this school. When we set the rate at \$400 there was some doubt regarding the number of Indian children at the school. Information that we had received indicated that the majority of the children were half-breed or white, for whose education this Department is not responsible.

I acknowledge receipt of your letter dated December 11, 1944 regarding the resignation of Miss Adeline Stafford as teacher of the Kipawa Combined School.

You will find herewith a letter I just received from Rev. John A. McKennirey, secretary of Kipewa School which it speaks by itself.

There were 13 children who attended that school. Two children only belong to this Agency and three to Mr. Marleau's Agency. So almost half of the children are Indians.

I understand (i) that all salary increases are clearly described in the schedule regulations as for "satisfactory service", (ii) that therefore it will be necessary for the Indian Affairs Branch to carefully consider School Inspectors' and other reports submitted upon my teaching service.

(Note: Details of our salary schedule are available in all Indian Agency offices. If the application is sent in with part of Section VII left blank we will inform you of the salary you would receive in our service).

Dear Miss Kelly:

I have your requisition for school supplies.

No action can be taken on this requisition as you state that you have four pupils in Grade 5 and two pupils in Grade 6, yet you are asking for supplies particularly books for Grades 3, 4, 7 and 8. An attempt was made to get a clearer picture by checking your monthly school returns but there have been none received from the school since last year.

Please send in the monthly returns for each month and clarify the grading in the school. I might also point out that the Department will supply text books and other supplies for the use of Indian children only.

Until this information is received, no action will be taken on your requisition for school supplies.

Yours truly,

Philip Phelan,
Chief, Education Division.

On reviewing our records
we do not seem to be getting Monthly Day School
Returns for the Kippewa School.

Would you kindly contact the
teacher at the school and advise her to send
in a report on Indian children attending the
school each month since September 1948. Also
please advise the number of White children who
are attending the school.

We have your letter of March 15 regarding the salary of Miss Leona Kelly. Enclosed for your information is a copy of a letter which we wrote to Miss Kelly on February 1. We also wrote to you along the same lines on March 22.

We have not yet received the Monthly Day School Returns for the Kippewa School, containing the information regarding the number of Indian children and the number of Non-Indian children enrolled at this school. Until we have the returns and the information just mentioned, we are not in a position to decide what salary we can allow Miss Kelly.

Dear Sir:

You will recall our previous correspondence concerning Miss Kelly, the teacher at this school. We have now been advised that she gave up her duties on October 31 and was succeeded by Miss Lefebvre. Unfortunately we had already paid \$35.00 to Miss Kelly for the first half of the month of November and have now had to write for the return of this cheque.

You will realize how important it is that we be notified immediately, by collect wire if possible, when a teacher has resigned and salary payment should stop.

35-10-3

(Original on 35-10-1.)

Sir:

Ottawa, January 19th, 1926.

I beg to inform you that Rev. E. A. Letang, Temiskaming, has arranged for the opening of a school near Kippewa Station to provide educational facilities for the white and Indian children at that point. The services of a teacher, Miss Florence Morin, of Mattawa, Ont., have been secured, and the school will open at once. This school activity, which has been started by Father Letang, is to be conducted as a combined white and Indian school. It is stated that there are about 10 children of school age - Indians and half-breeds - and a number of white children who will attend.

The Department is providing a grant at the rate of \$200 per annum as its share towards the payment of the salary of the teacher, and will also provide the Indian children with the text books, etc., which they require. Father Letang has arranged for a building to carry on the classroom work and for the supplying of the desks and furnishings. The Department will continue payment of the grant towards the teacher's salary during such time as there is a sufficient number of Indian children in attendance to warrant same.

I have to request that you will visit this school at the earliest opportunity and assist in any way that you can to encourage a good attendance of the Indian children and give any assistance you can to the teacher in her work. In this connection, I would refer you to official letter of October 23rd, 1924, addressed to the late Agent, Mr. W. H. Lewis, which, no doubt, you have in your possession. After visiting the school, please furnish a report as to the arrangements which have been made for the carrying on of the work as regards building, equipment, attendance, etc.

Your obedient servant,

J. D. McLEAN

Sir,-

In reply to your letter of the 15th instant, I beg to say that cheque No. 901 for \$43.00 was sent to Miss Florence Morin, teacher of the Kippewa Combined School on the 14th instant.

The above amount represents the amount due her for the period she taught school during the quarter ending March 31st, last.

The reason for the delay in forwarding this cheque was due to the fact that the money provided by the interim Supply Bill was not available until the date mentioned.

Sir:

I have your letter of the 7th instant, relative to the request of the teacher of the Kippewa Combined White and Indian Day School for an increase in salary.

In reply I beg to say that the Department will approve of an increase of \$5 per teaching month from the 1st instant. At the present time we are paying a grant at the rate of \$20 per teaching month, and the increase now allowed will make the Department's share of the salary from the date above mentioned at the rate of \$25 per teaching month.

Please advise the teacher and the school authorities accordingly.

Rev. Sir:

I have your letter of the 24th ultimo, nominating the services of Mrs. W. Burns as teacher and Miss Clare Gravelle as assistant teacher for the Lac Simon Indian Summer School.

In reply I beg to say that the Department will approve of the appointment of these ladies to take charge during the period the school is in operation this coming summer. The total salary allowed each will be at the rate of \$90 per month. I shall be pleased if you will notify both Mrs. Burns and Miss Gravelle of their appointments and arrange with them to begin duties at a time considered advisable by you. You might inform the Department later of the date on which they begin duties. We have noted from the letters which you forwarded the qualifications and experience which Miss Gravelle possesses, and it is hoped that she will be successful in her work in giving the needed nursing attention to the Indians.

Regarding the drugs required, we could duplicate the list sent her, or you can have Miss Gravelle forward a list direct to the Department of what she considers would be necessary.

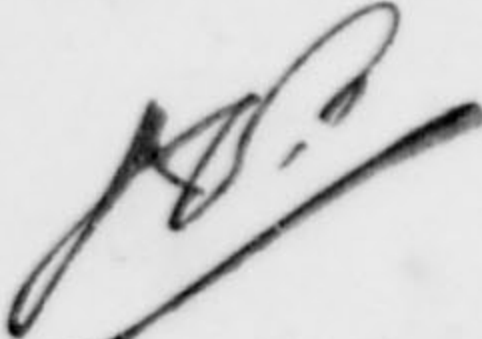

You will be further advised regarding the expense you incurred in proceeding to Pagwa River to perform the marriage ceremony of an Indian couple.

Regarding the teacher and matron who have been appointed to Grand Lake Victoria, I shall also be pleased if you will inform the Department later as to the date when they begin duties.

Rev. Sir:

Replying to that portion of your letter of the 8th instant, relative to the appointment of teachers for the Indian summer school at Lake Simon, I beg to say that the Department will approve of the appointment of Mrs. W. T. Burns and Miss Antoinette Gagne as teacher and assistant teacher, respectively. The salary allowed these teachers will be at the rate of \$90 per teaching month.

We trust that Miss Gagne is competent to give instruction in English, as this is the language that should be used both in the classroom and in her associations with the Indian pupils. I shall be pleased to hear from you in this regard.

I may say that Mrs. Burns visited the Department recently.

A quantity of school material and drugs have been ordered to be forwarded for the use of this school.

We hope that both these ladies will meet with every success in their work this coming summer.

Reverend Sir:

I have your letter of the 21st instant, enclosing an application from Miss Carmel McGuire for the position as teacher of the Lake Simon Indian Summer School. The Department is informing Miss McGuire that her appointment is approved and has arranged with her to proceed to Senneterre about the 10th of June, next. The salary allowed her will be at the rate of \$90 per teaching month. It is hoped that you can arrange for Miss McGuire's transportation from Senneterre to Lake Simon.

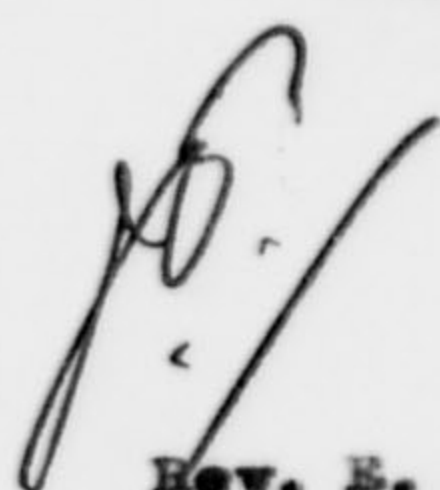

A supply of school material is being ordered from the Government Stationery Office, to be sent addressed to you at Senneterre. It is hoped that these will arrive in time to be taken to the school with the teacher.

The Department understands that arrangements can be made for Miss McGuire to live at the hospital and also that you will arrange for the necessary accommodation for carrying on the classroom work. I shall be pleased if you will give Miss McGuire every assistance you can and encourage the Indians to send their children to school regularly.

Dear Father Ivan-

I have been at 'Douglas Farm' recently - and consider it my duty to write to you re-the unfortunate Indians up there. Probably you have heard there has been considerable sickness among them. Michel Chamois and his wife died in January. and Mathias Mother-in-law, was buried at Long Point on Tuesday last. Mathias I refer to is the late Sam Mathias father. I am told Joe Polson's wife is very ill and her case hopeless. Young Willie Polson is also ill. I know Dr. Beauséjour has been out to see them, and is treating them.

The main object I have in writing to you is this. There are twenty one

The Superintendent.

Sir, -

Inclosed you will find a letter from Mr. James Kibick, former Member of Parliament. He is keenly interested in the Indians who live in the neighbourhood of his farm at Lac des Quinze, Timiskaming. As you know, these Indians have suffered very much from the grippe. No doubt your Agent, J.A. Renaud, of North Timiskaming, has written to you about it. He is now interested in a school for the children of this Indian community. Your Agent might make a visit there and give an account of the situation. It is not difficult to reach this place.

Yours humbly,
I Evain,

Mr. Scott,-

With reference to the recommendation made by Mr. James Klock in his letter to the Rev. Father Evain that a school should be established for the Indians living at Lac des Quinze in Temiskaming, I beg to say that we have no definite information as to the number of Indians living off the reserve there. I understand that there are a few living about Klock's Depot and the Hudson's Bay Post on the lake.

Mr. Agent Renaud should be written to, as suggested by Father Evain, and asked to give full information regarding these stragglers. We have a school on the Temiskaming Reserve, but it is too far away for the Indians from Lac des Quinze.

The Department would like to have a full report from you in regard to these Indians. In your report kindly state the band to which these Indians belong, the number of families and the number of children of school age; whether they are permanently located at this point; whether there is any building suitable for school purposes available and, if so, on what terms it could be obtained, and also whether there would likely be a sufficient attendance to justify the Department in establishing a school.

MEMORANDUM.

Mr. Scott,-

With further reference to the recommendation made by Mr. James Klock in his letter to Father Evain that a school should be established for the Indians living in the neighbourhood of Douglas Farm on Lac des Quinze I beg to say that Mr. Agent Renaud, who was written to in regard to this application, states that there are about fifty or sixty Indians who make their home in this locality, having moved up from Long Point, where a summer school was formerly held. Mr. Renaud thinks that there would be an average attendance of at least ten or twelve children for the summer months and he recommends that a school should be opened at this point.

Mr. Renaud thinks that he can get a house large enough for a class-room for about \$5.00 a month and the supplies on hand at Long Point could be moved up. He also informs me that there is an educated Indian woman at Temiskaming, Mrs. Thiverge, who would be quite competent to carry on the work.

Sir,-

In reference to the conversation had with you a few days ago in regard to the establishment of a school for the Indians living in the neighbourhood of the Douglas Farm on Lac des Quinze I beg to say that the Department is prepared to give a school at this point a trial for the summer months.

You stated that you could obtain a house large enough for a class-room for about \$5.00 a month and I have to ask you to be good enough to make arrangements for a suitable house at this rate. Kindly obtain an agreement from the owner to allow the Department the use of it for the time the school is in operation. You should state whether any repairs are needed to the building and, if so, give an estimate of the cost of having them made. The Department is not, however, prepared to spend much for repairs, if it pays rent for the building. You should also make arrangements to have the supplies and equipment at the Long Point School moved up.

The Department will approve of Mrs. Thiverge being placed in charge of this school and she will be paid for her services at the rate of \$50.00 a month for the time the school is open.

With reference to your letter of the 4th instant, I beg to say that the Brennan's Lake and Hunter's Point Indian Day Schools may be reopened on September 5th, next.

Regarding the Long Point School, it may also be reopened provided you consider the attendance will be, approximately, twenty (20) pupils. In this regard, I would refer you to official letter of September 28th, 1932. I presume that this school has been closed for the months of July and August. It should be understood that the Department can only allow salary for ten teaching months in each academic year.

Dear Sir:-

With reference to your visit to the Department this morning it has been decided to close the Long Point School on October 31, 1937.

You should so inform the teacher, Mrs. McLaren, at once. If there are any supplies that might be stolen from the school, you should arrange for properly storing them.

Early next year you should write the Department stating when you would recommend re-opening the Long Point School as a seasonal school. In view of the complaints that have been made by different Indians regarding the teacher, it is felt that, when re-opening the schools next year, it would be advisable to make a change in the teaching services and you should consult the missionary at that point and submit for our consideration the name of a qualified teacher to take charge of the school during the summer of 1938.

Dear Sir:

I am in receipt of your letter of the 17th instant with reference to re-opening the Long Point Seasonal School on May 1.

I note the information contained in your letter regarding Miss Wabie. She is not a qualified teacher and in view of the number of highly qualified teachers that are at present out of employment it is practically impossible for the Department to justify the selection of an unqualified teacher for any of our schools.

RMH
Your letter recommends that this school be re-opened on May 1. Please let me know for how many months you consider it should be in operation. Also let me know if there is living accommodation for the teacher at the school, or the approximate cost of board and room. As soon as you reply an endeavour will be made to secure a qualified teacher to take charge of the school for the coming summer.

In reply to official letter no 35-4-5 of the 23rd inst, I am of the opinion that the Long Point Indian Summer School should be ~~###~~ in operation for 5 months, according ~~###~~ to the informations I have, the Indians will be nearly all at Long Point in the first week of May and they never leave for the bush before the month of October.

Priest

The Missionary has a house at Long Point that is always at the disposition of the teacher and the church is used for a class room. I believe that there should be a school house there for the Indians. I propose to visit Long Point with the Inspector when he next comes here and will report later on this matter.

Only Indians are living at Long Point and there is no place where a teacher could board.

The best way for the teacher to travel is by C.P.R. to Angliers Que. From there she will have to go by water to Long Point, a distance of about 17 miles. There is no regular boat making this trip but she can always find means of getting there without trouble. The teacher could inquire from Mr. Dulude, the Station Agent who will advise her. I called him by phone to day and he says he will be pleased to give all the help possible to the teacher. ##

The Long Point Indians are better in health than they have been for the last two or three years, they are all living on relief and they seem to believe that this is to last forever. Father Martel, the Missionary in a day or two and take up with him the question of opening a summer school this summer if possible.

Dear Sir:

I have your letter of the 12th instant in which you state that you have received a request for the re-opening of the Long Point Seasonal School. The information contained in your letter is so indefinite that no decision can be made. In your letter of June 14, 1938, you advised me that there were only three or four families residing at Long Point. Has the number of families increased? Are they all recognized as Indians? How many children are there of school age? Is a building still available?

Please let me have a reply to this letter answering the questions that I have submitted and the matter will then receive further consideration.

Sir-

In reply to official letter no 35-4-5 of March the 17th, 1942, I beg to inform the Department that I have been able to get information concerning the Long Point Indians and I believe that there would be from 25 to 30 children who would attend school, all Indians.

A house and a stove would be available for the teacher but it would be necessary to get a bed, blankets etc.. and also a kitchen outfit. The house would be supplied without any rent to pay.

The chapel would serve school purpose during the summer and a rent of \$10.00 a month will probably be asked as in the past.

For teacher, I have the application of Miss Bernadette Wabie, recommended by Rev. Father Martel. She is not a qualified teacher but knowing the Indian language very well (She is Indian) I believe she would do well at Long Point as most of the people there, the children as well can only speak Indian.

In my letter of June the 14th, 1938, this report was made after a visit of Rev. Father Martel to Long Point and informed me that mostly all the Indians were away.

Dear Sir:

I have your letter of the 14th instant with further reference to the re-opening of the Long Point Seasonal School.

I note that Miss Bernadette Wabie is suggested as teacher. In regard to her I would refer you to your letter of April 17, 1938. While I realize that qualified teachers are scarce, I believe that if we re-open this school we should have someone more qualified than Miss Wabie to take charge of it. Her training was quite limited and I feel that there would be practically no use in operating the school with her as teacher.

Please discuss this matter again with Father Martel with a view to ascertaining if some better qualified person could be secured.

EXTRACT FROM REPORT OF INSPECTOR J. THIBAUT,
dated July 8, 1942.

LONE POINT.

From the annexed list, we count 29 children of school age; there is no summer school now, although I understand that a teacher was there some years ago, and used the small church as school, the Department paying then to the Missionary a rental of ten dollars per month, the teacher using the missionary house to live in. There is good work to be done amongst those families who are living together during the summer months; if we could get some one to stay there for the summer months only, not so much as a school teacher for the children as for the purpose of showing them to be clean, to cook food and bread properly, knitting useful articles and also how to sew and make over the army clothing being sent there. For that purpose, I would strongly recommend the services of Miss Bernadette Wabie, daughter of B. F. Wabie, Chief of the TIMISKAMING Band, of Notre Dame du Nord. I understand that she has not gone far enough in her studies to qualify as a regular school teacher, but she is certainly qualified to render the Indians great service in the manner above described, under any title we may retain her services for next summer months; she could live in the missionary's little house, and arrangements could be made easily with Father Martel, the missionary, for the use of the chapel. Miss Wabie has impressed me, since my first visit to the Nedelec Reserve, as a clean, bright and intelligent person, a perfect house-keeper, a hard worker with a happy disposition; being an Indian herself, and interested in the welfare of the Indians, she could render them good service.

I would recommend that next summer this suggestion be tried out, and I would be surprised if we did not get satisfactory results from the enterprise.

Sir,—

Enclosed please find voucher in favour of Jane McBride for salary as teacher at Long Point Summer school 1918.

She opened the school on June and closed on July the 24th. The reason the school was closed is that the Indians having heard that there was some cases of Diphtheria at Temiskaming would not attend school they were afraid. In the present ^{case} thought it was best to close the school.

She ^{taught} ~~#####~~ school for 28 days at the rate of \$50.00 per month amounting to \$ 64.40.

Madam,-

Replying to your letter of the 15th instant, I beg to inform you that a cheque for \$50.00, being an advance on your salary for the period you teach the summer school at Long Point, is being sent to the address given by you.

A cheque for \$100.00 was sent you early in August, last, and this will make a total of \$150.00 which has been paid. We cannot pay any further advance for your services.

As soon as you close the school, you should prepare and forward a return on the proper form for that purpose, a supply of which is enclosed herewith. Kindly fill in all the columns of the return under the various headings as called for, and forward this to Mr. Agent Lewis, Temiskaming. As soon as these returns have been received at the Department, the balance of salary and bonus due you for the full period of teaching during the present summer, will be sent.

Please give the address to which you wish the final payment of your salary and bonus sent.

Sir,—

In reply to official letter No. 35-4-3 of the 23rd. inst. I beg to enclose returns of the Long Point summer day school for the 4 months ended September 30th.

This teacher did not return to North Temiskaming after the school closed, but remained in Ville Marie. I wrote to her 3 times for these returns, and finally received them on the 22nd inst. not completed together with the register, and some unsigned receipts for school material, which I have returned to her for signature.

On the returns she gives as her P.O. address, North Temiskaming, but advised me by letter that she wished her cheque forwarded to Ville Marie. P.Q.

ENCLOSURE.

Madam,-

In reply to your letter of the 7th instant, I beg to say that the Department is forwarding you a cheque for \$50.00, being part payment of the amount of salary due you for the period you have been in charge of the Long Point Indian School this summer.

You should forward, at the end of each month, a return showing the names of the pupils in attendance, days taught, etc., and, on receipt of this return, the amount of salary due will be paid.

Please forward, at once, your return for the month of June. On this return you should state definitely the day on which you began duties.

A supply of quarterly return forms is enclosed in this letter and I would point out that all the information requested on the return should be furnished.

No further advances on salary will be made to you but your salary will be paid promptly on receipt of the return each month.

Your obedient servant,

Russell T. Ferrier

Madam:

I have to acknowledge receipt of your letter of the 30th ultimo, in which you request a further advance on your salary as teacher of the Long Point Summer School. In reply I beg to say, as you were informed by official letter of the 16th ultimo, no further advances will be made to you.

Your salary will be paid promptly at the end of each month, provided the Department receives a return showing the names of the pupils in attendance, days taught, etc.

Official letter of the 16th ultimo was addressed to you at Latulipe, Que. It is noted that your last letter gives your post office address as Angelier, and, as you may not have received the letter referred to above, I am enclosing a further supply of Quarterly Return forms. I would point out that all the information requested on the return should be furnished.

Rev. Sir:

I have to acknowledge receipt of your letter of the 28th instant, enclosing an order from Mrs. Alfred Amesse, teacher of the Long Point Summer School, authorizing payment to you of \$164.

With reference to the payment of salary of this teacher, I would point out that the Department is prepared to pay her salary at the end of each month provided she forwards a return at the end of each month showing the names of the pupils, attendance, days taught, etc. She was written on July 16th and August 12th and advised accordingly, but as yet no returns have been received from her. The Department is not even aware of the exact date on which she commenced duties at this school. Last year we also had considerable difficulty in obtaining returns from this teacher. I would be pleased if you would inform her that she should prepare and forward a return promptly at the end of each month. When these returns are received, the Department will issue a cheque to you for \$164, and any balance due the teacher will be sent.

Rev. Sir:

I have your letter of the 15th instant, in which you recommend the re-engagement of Mrs. Alfred Amessee as teacher of the Long Point Summer School for the coming summer.

In reply I beg to say that in view of your request the Department is approving of the re-engagement of the services of Mrs. Amessee to begin duties on or about June 1st, next. We are informing Mr. Agent Lewis, North Temiskaming, of her appointment, and asking him to arrange with her to begin duties on the date mentioned. He has also been requested to give her definite instructions as to the services it is expected she will perform. I should be pleased if you would also inform her that she is to keep the school in operation regularly and that she should prepare and forward returns from time to time showing the attendance, days taught, etc., in order that payment of salary due her can be made. We are allowing her a total salary at the rate of \$90 per month for the period she teaches during the coming summer.

Rev. Sir:

In reply to your letter of the 6th instant, it is noted that you have advanced \$170 to Mrs. Amesse, teacher of the Long Point Summer School. She has already been paid her salary for the month of June, but no further payments will be made to her, and, when the returns are received at the end of the present summer, the amount advanced by you will be sent.

With reference to the school supplies, I may say that 36 Readers, 1 box chalk and 72 lead pencils were sent to her by registered mail on May 28th. On the 12th instant, 36 scribblers, 36 exercise books and 3 readers were sent to her by Dominion Express. Both shipments were addressed to Angliers, Que., and it is hoped that she has received these by this time.

Ottawa, October 13, 1928.

Reverend Sir:

Pursuant to your visit to the Department today and in reply to your letter of the 8th instant, I have to authorize you to engage the services of Mrs. D. McLaren for a winter school to be conducted this year only at Kippawa Camp, maintained by "The Burden Pictures." Salary at the rate of \$90 per month will be allowed in her case from November to March, upon receipt of the regular quarterly returns, forwarded through Mr. Indian Agent Caza's office. Our representative is being informed of this authority. It is understood that you are to be stationed at this special camp during the winter and will keep supervision over the activity. A supply of classroom articles needed for a primary school is being ordered today and will be shipped in due course to Mrs. McLaren at the camp, via Fabre.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

Sir-

I beg to enclose report of the Long Point Indian Day School for the Quarter ended Dec, 31st. As the teacher is saying the school has been closed on account of measles and Influenza for nearly every Indians have been sick. The doctor, I may say both doctors, Dr Cartier and Dr. Beausejour informed me that the teacher has been very good to the Indians during their sickness and has been looking after them during day and night. All the Indians are well now, with the exception of two who are in Ville-Marie Hospital and the school was reopened in the first days of this month.

l'état général de l'école des Sauvages
de St. Ambroise de la jeune-Lorette,
Comté de Québec, lequel a dû vous

Il est dit dans ce rapport que cette

ce qui ne veut pas dire cependant que
les résultats obtenus sont satisfaisants,
car la note générale de toute école
doit être donnée conformément à l'ar-
ticle 13^e des règlements scolaires.

Sans doute que l'institutrice actuelle, M^{lle} Josephine Dubois, a déployé toute l'activité et toute l'énergie dont elle était capable et cela avec le zèle et le dévouement dont elle a toujours fait preuve; mais ses constants efforts sont venus se briser contre un puissant obstacle et toujours le même: Le trop grand nombre d'élèves pour une seule institutrice, ce qui fait que la note réelle de cette école, en regard aux résultats obtenus, a été depuis plusieurs années: médiocre.

En face d'un pareil résultat, j'ai cru devoir unir mes efforts à ceux du R^{vé} M^r Giroux, curé de la paroisse où se trouve cette école et chapelain des indiens, pour solliciter de votre Gouvernement un ^{déca}trois annuel de Cent piastres pour payer les services d'une seconde institutrice qui serait engagée comme assistante, ce qui nous mettrait certainement en mesure de constater des progrès réels beaucoup plus considérables que par le passé, chez les élèves.

Sir:-

I have the honour to call your attention to the official report which during the month of July last I submitted to the Hon. Gideon Ouenet, Supt. of Education for the Province of Quebec, on the general condition of the Indian school at St. Ambroise de la Poudre Lorette, County of Quebec, which ought to have been forwarded to you with the two statements which accompanied it.

In that report it is stated that this school is satisfactory on the whole, which however is not the same as saying that the results obtained are satisfactory, for the general character of every school ought to be in accordance with Article

13 of the school regulations. No doubt the present teacher, Miss Josephine Dubear has used all the activity and energy of which she was capable and that with the zeal and devotion of which she has always given proof; but her constant efforts have been useless against a powerful obstacle and always the same thing: too large a number of pupils for one teacher, ~~with the result so that~~ the actual standard of this school in respect to results obtained has ~~always been~~ for several years been only medium.

Under such circumstances I consider it my duty to unite my efforts with those of the Rev. Mr. Giroux, priest of the parish in which the school is situated and chaplain to the Indians, in soliciting from the Government an annual grant of two hundred dollars to pay for the services of

L'humble requête des soussignés
vous expose très respectueusement les
faits suivants :

Que l'école du Village Huron de la
seconde Rivière, reçoit tous les ans 200
dollars du Gouvernement.

Qu'avec cette somme il nous est
impossible de prendre plus d'une ins-
titutrice.

Que depuis quelques années les
enfants sont trop nombreux pour une
seule institutrice, ce qui nuit au
succès général, et tient l'école dans
un état d'infériorité.

Que vous pouvez voir par les
rapports officiels que le nombre des
enfants s'élève parfois jusqu'à 75
avec une assistance moyenne de 65 à
70.

Que cette automne, le nombre des
enfants sera encore plus grand, par-
ce que trois familles qui demeuraient
sur la Réserve des quarante arpents,
à 2 1/2 milles du Village Huron, sont
revenues se fixer ici. Ils fourniront
à l'école sept à huit enfants, ce
qui portera le nombre à plus de 80.

(Translation)

To the Deputy Supt. General
of Indian Affairs, Ottawa.

The humble petition of the
undersigned respectfully sets
forth the following facts:-

That the school at the
Huron Village of Lorette receives
every year \$200 from the government.

That with this sum it
is impossible for us to employ
more than one teacher.

That for several years there
have been too many pupils for
one teacher, which interferes ~~with~~
with general progress and keeps
the school in an inferior state.

That you can see by the
official reports that the number
of the pupils is sometimes as
high as 75 with an average
attendance of from 60 to 70.

That this autumn the
number of the pupils will be
still greater, because three families
who had been living on the

Quarante Arpent's Reserve
2½ miles from the Huron Village
have returned to reside here.
This will add seven or eight ~~to~~
children to the school, which will bring
the number up to more than 80.
That with \$200 additional
a year we should be able to pay
a second teacher and our children
would receive thorough instruction,
the school house being divided
in two.

In view of these considerations
we apply to you with confidence,
believing that our request will
be found to be just to obtain
\$400 instead of \$200 for the
maintenance of our school.

And your petitioners will
ever pray.

M. Roy a été grandement désappointé de voir que nous n'avions pas encore une seconde institutrice pour les enseigner, ni un local suffisant pour recevoir nos enfants en état de fréquenter la Classe.

Franchement, si nous n'avons pas cette seconde institutrice cette année nous nous trouverons dans la pénible obligation de renvoyer de la Classe une quinzaine d'enfants qui, ayant alors l'occasion de passer leur temps dans

les rues, seront forcément détournés de l'idée de l'étude, resteront ignorants, subissant ainsi un tort irréparable. Ils auraient bien pourtant assez souffert du manque d'instruction que, ou leur nombre, ils n'ont pu recevoir jusqu'à ce jour.

Je suis réellement chagrin d'un tel état de chose et il me semble que le Département devrait faire un effort sur-humain pour qu'une question comme celle-ci, d'importance supérieure et de civilisation, ne fût laissée un seul instant de côté et que quand même les estimés supplémentaires ne seraient pas votés à cette Session, le Département devrait trouver un moyen de régler cette question de suite afin de faire droit au besoin actuel & impérieux d'une 2^{ème} institutrice.

Quant au local, nous en avons un facile & convenable dans notre école actuelle et il ne faudrait que peu de déboursés pour en faire un local de première classe.

Je crois de mon devoir de vous mettre au courant de ces faits, espérant que le Département trouvera le moyen de nous obtenir une seconde institutrice cette année même.

Monsieur,

Par votre lettre du 13
courant relative à une seconde in-
stitutrice à être appointée pour l'école
des sauvages de Lorette, vous me
demandez quel serait le salaire
le moins élevé d'une assistante.

Je dois dire de suite qu'une
assistante dans le sens de votre lettre
ne peut être qu'une institutrice di-
plômée.

Afin d'arriver plus vite à une
solution de cette question qui inté-
resse tous les sauvages d'une ma-
nière toute particulière, j'ai vu
M^{lle} Josephine Dubéau, l'institutrice
actuelle qui connaît la nécessité
d'une seconde maîtresse, j'ai vu
aussi une institutrice diplômée &
disponible dans le moment. D'après
cette entrevue, je suis en position
de dire que l'on doit tenir les deux
institutrices sur un même pied
d'égalité. M^{lle} Dubéau, l'institutrice
actuelle consent elle même à réduire

son

son salaire de manière à permettre aux enfants l'avantage obligatoire de recevoir l'instruction qui leur est indispensable et qui elle ne peut leur donner convenablement, vu le trop grand nombre d'élèves qui fréquentent la classe. Je dis de suite que les bonnes dispositions de M^{lle} Dubeau assureront à l'école des sauvages de Lozette, les services d'une institutrice mieux renseignée, plus instruite, possédant bien l'anglais et supérieure à l'institutrice actuelle.

Jusqu'à présent, cependant M^{lle} Dubeau payait à même les \$200.⁰⁰ qu'elle recevait les frais de chauffage et d'entretien de la classe, à peu près \$25.⁰⁰ par année. En réduisant son salaire à \$150.⁰⁰, les dépenses de chauffage & d'entretien devront être soldées par le département.

Je puis donc suggérer au département de fixer à \$150.⁰⁰ le salaire des deux institutrices qui est certainement le moins élevé que l'on peut trouver, à la condition que les frais de chauffage & d'entretien soient payés par le département.

M^{lle} Dubeau consent à réduire son salaire, parce qu'étant deux institutrices, elle aura moins de travail

travail, moins de fatigue & par conséquent, elle aura plus de temps pour donner à ses élèves une instruction beaucoup plus soignée.

L'installation du local ne coûtera que peu de choses; car il est déjà établi devant le département que l'école actuelle est divisée en deux parties qui conviennent exactement au besoin actuel.

Dans les circonstances et d'après mes observations, je ne crois pouvoir suggérer rien de mieux au département qui en mettant ces vues à exécution rendrait un immense service à l'instruction de la tribu.

Les classes ouvrent nécessairement le 1^{er} Septembre. Il faut donc que le département s'empresse de régler cette question de suite, n'autorise à installer le local & à faire toutes les démarches nécessaires pour que, dès le commencement de Septembre, les classes soient régulièrement ouvertes.

J'ai l'honneur d'être,
Monsieur,

Sir:-

In your letter of the 15th inst. relative to a second teacher to be appointed to the Indian school at Lorette you ask me what would be the smallest salary for an assistant.

In order to ^{as soon as possible} arrive at a solution of this question, which is of very great interest to the Indians, I saw Miss Josephine Dubeau, the present teacher, who knows the necessity for a second teacher. I also saw a teacher with a diploma and available at present. Having had this interview, I am in a position to say that the two teachers ought

to be put on the same footing. Miss Dubéau, the present teacher, agrees of her own accord to a reduction in her salary so as to ~~give~~ allow the children the necessary advantage of receiving instruction that is indispensable to them and which she could not properly give them owing to the large number of pupils attending the school. I can say therefore that the good kind concession of Miss Dubéau guarantees to the Indian school at Dorette the services of a teacher more experienced, better educated, knowing English better, and superior to the present teacher. Up to the present time, however, Miss Dubéau has been paying out of the \$200 received by her, the cost of heating and maintaining the school — about \$25 a year. On her salary being reduced to \$150, the cost of heating and

maintenance ought to be borne by the Department.

I can therefore suggest to the Department to fix the rate of salary ~~at \$100~~ of the two teachers at \$100, which is certainly the lowest at which teachers could be obtained on condition that the cost of heating and maintenance be borne by the Department.

Miss Dubéau agrees to a reduction of her salary because with two teachers she will have less work, less fatigue, and consequently she will have more time to give her pupils careful instruction.

The ^{getting ready} ~~preparation~~ of a school class room will require only a few things: as the Department is already aware, the present school is divided into two parts that will answer exactly the present requirements.

Under the circumstances

(4)
and after studying the matter,
I can suggest nothing better
to the Department than the
putting of these views into execution,
which will be of great service
in the instruction of the tribe.

The school must open
on the 1st September. It is
necessary therefore that the
Department should make haste
to settle this question by
authorizing me to get the
class room ready and to do
whatever is necessary so that
at the beginning of September
the classes may be regularly
opened.

I have, &c.

Monsieur,

Je me hâte de répondre
à votre lettre du 2 Août courant
relative à l'appointement d'une seconde
institutrice et que je viens de recevoir.
Vous me dites dans cette lettre:
"the school room may be put in
order".

Dans ma lettre du 19 Juillet
dernier je disais que l'installation
du local ne coûterait que peu de
choses, étant déjà établi, j'omettais
de dire que ce local adjoind à la
salle de classe actuelle est en ce
moment occupé par M. Hamel,
un blanc à qui les chefs, conjoint-
tement avec le Missionnaire, avaient
permis d'occuper cette partie de la
maison d'école à titre de salaire
comme chantre à l'église du Village
Huron. Il me suffira, avec l'auto-
-risation du département, de notifier
M. Hamel de laisser le logement
sous huit jours afin de faire les
réparations nécessaires.

Quant au local lui-même,

les chefs m'avaient sufféré, il y a déjà quelques mois, lorsqu'il a été question d'une seconde institutrice, de faire réparer les mansardes (grenier) de la maison d'école pour faire le local de cette seconde classe.

Réflexion faite, la chose n'est pas praticable. Ce grenier n'a pas plus de six pieds de hauteur et pour lui donner une hauteur raisonnable, il faudrait élever les poutres des chevrons du toit, ce qui enlèverait à ces chevrons, de la solidité. D'ailleurs, malgré ces travaux, il serait impossible d'en faire un local convenable, hygiénique, conforme aux lois qui gouvernent les maisons d'éducation dans notre Province. M. Roy, Inspecteur d'écoles pour le District de Québec m'a déclaré la même chose et il s'est montré tout à fait hostile au projet d'installer une classe dans un grenier.

En outre, les frais de réparation, bois, peinture, main-d'œuvre etc. coûteraient \$210.00 d'après une estimation que j'ai fait faire par des ouvriers compétents.

Le département a été assez gracieux d'accorder une seconde institutrice qu'il ne faut maintenant songer qu'aux réparations strictement nécessaires et les moins dispendieuses. C'est pourquoi il

ne faut songer comme local, qu'au
lofement actuellement occupé par
M. Hamel dans la maison d'école.
Il n'y aurait qu'un mur de division
à démolir et à refaire un peu
de plâtrage & de peinture avec en
plus, quelques pupitres & quelques
chaises, en tout une dépense d'à
pen. près \$30.00, pour faire un local
très convenable.

Dans les circonstances et afin de
ne pas retarder l'ouverture des
classes en Septembre prochain, il
faudra notifier M. Hamel que nous
avons besoin du lofement qu'il occupe
pour l'ouverture de la classe et à
faire exécuter de suite les quelques
réparations requises à ce lofement,
réparations qui peuvent être faites
dans huit jours.

Le département voudra bien me
donner par le retour de la nalle, si possible,
l'autorisation voulue à cet effet
et je m'empresserai de remplir sa
volonté.

I have to acknowledge the receipt of your letter of the 7th instant; and in reply I beg to say that by your letter of the 19th instant the Department understood that there were two rooms which with slight repairs could be used for the 2 classes in case the second teacher was engaged. It now however appears that one of these is in occupation of a Mr Hamel, and as the room will be required for the second teacher you are hereby authorized to demand possession of the same from Mr Hamel, and to have the necessary repairs made and purchase the desks, benches etc. which you state will cost about \$30:00.

Monsieur,

Ayant appris que lors de sa dernière visite au village huron de Lorette, le 14 Novembre courant, M. D. C. Tout en respectant absolument la décision du département, nous avons prié votre agent M. A. O. Bastien de différer de quelques jours la mise à exécution de la volonté du département et de lui transmettre les quelques observations cy-dessous que nous avons l'honneur de lui faire.

Nous croyons que la division actuelle des classes en classe séparée de "garçons" et de "filles" offre des avantages supérieurs à ceux que

que procurerait la division par catégories d'élèves "plus avancés" et "moins avancés", et ce, pour les raisons suivantes.

1^o Les filles fréquentent généralement les classes jusqu'à un âge plus avancé, et doivent recevoir, sous bien des rapports, une éducation différente de celle des garçons.

2^o Elles sont généralement plus dociles, plus faciles à discipliner, s'appliquent mieux à l'étude que les petits garçons, et l'expérience a prouvé ici que les rapports qu'elles ont avec les petits garçons dans une même classe les détournent de leurs études, quelque grande que puisse être la surveillance de l'institutrice.

3^o Les garçons doivent plus spécialement apprendre la langue anglaise, et les filles, étudier plus le français; en les réunissant, tel que suggéré, leurs études respectives en souffriraient.

4^o Avant la division actuelle des classes en classe séparée de "garçons" et de "filles", plusieurs de ces dernières avaient abandonné la classe, et, dis que le système actuel a été établi, elles ont de suite repris l'étude et la classe et font des progrès très sensibles.

5^o Que, vu ces circonstances, presque tous

tous les parents des ^{élèves} nous ont représenté qu'il valait mieux s'en tenir au système actuel de division générale en classes de "garçons" et de "filles" et que, si ce système était changé, ils retireraient de la classe quelques-uns de leurs enfants, notamment leurs filles plus âgées.

6^e Le lendemain de la visite de M. D. C. Scott, à l'école du village, M. Roy, inspecteur d'écoles provinciales, faisait sa visite annuelle à l'école du village et se prononçait fortement en faveur du système actuel de division en classes séparées de "garçons" et de "filles", constatant lui-même des progrès très appréciables opérés par l'effet de cette division depuis sa visite de l'été dernier. M. l'Inspecteur nous autorisait de plus à se servir de son nom et de son expérience en faveur des observations que nous avons l'honneur de vous faire.

7^e Vu que ce système, ne fonctionnant que depuis deux mois, a déjà produit des résultats très satisfaisants et que le système proposé ne paraît pas aussi avantageux.

Nos requirants croient qu'il serait préférable de laisser subsister le système actuel de classes séparées de

de "garçons" et de "filles", afin de ne
pas entraver le progrès déjà consta-
té en vertu d'ice lui et empêcher
ainsi que plusieurs enfants abandon-
nent la classe, et les requirants
agissant ainsi pour ce qu'ils
croient être le plus grand avan-
tage de l'éducation générale des
enfants du village; vous priez
de vouloir bien considérer leur pré-

Jeanne Lorette, 23^d Nov. 1895.

Hester Reed, Esq.,

Deputy Supt. General of A.A.,

Ottawa.

Sir:-

Having learned that on the occasion of his last visit to the Huron Village of Lorette on the 14th inst. Mr. D. C. Scott suggested and directed in the name of the Dept. that the system of the division of the classes at the village school should be changed — this change to take place on the 18th Nov. inst. — with all respect for the decision of the Dept., we prayed your Agent, Mr. F. O. Easton to defer for some days carrying out the desire of the Dept. and to forward to the Dept. the following remarks which we have the honour to make.

We believe that the present division of the classes into separate

classes for boys and girls has advantages over the division into classes of "more advanced" and "less advanced"; and this for the following reasons:-

1. The girls generally attend the classes until a more advanced age, and ought to receive in many respects an education different from that of the boys.

2. They (the girls) are generally more docile, more easily disciplined, applying themselves more to study than the little boys; and experience here has proved that being taught with the little boys in the same class distracts them from their studies no matter how watchful the teacher may be.

3. The boys ought more especially to learn the English language, and the girls to study French more; by uniting them, as suggested, their respective studies would suffer.

4. Before the present division

of classes into separate classes for boys and girls, several girls had left the school; and since the present system has been established, they returned to their studies and the school and have made very good progress.

5. That under these circumstances nearly all the parents of the pupils have represented to us that it would be better to continue the present system of the general division of classes of "boys" and "girls," and that if this system were to be changed they would withdraw several of their children from the school, especially their older daughters.

6. The day of Mr. D. C. Scott's visit to the school at the village, Mr. Roy, inspector of Provincial Schools, made his annual visit to the village school and expressed himself as strongly in favour of the present division into separate classes for boys and girls, seeing himself

(4)

the marked progress resulting from this division since his visit of last summer. The Inspector authorized us moreover to use his name and his experience in favour of the observations that we have the honour to make.

7. Inasmuch as this system, in operation for only two months, has already produced very satisfactory results and as the system proposed does not appear so advantageous

Our petitioners believe that it will be better to not to alter the present system of separate classes for boys and girls, and so not to interfere with the progress already made nor to cause many of the children to leave the school; and your petitioners, acting thus in what they believe to be the best interests of the education generally of the children of the village, pray you to be kind enough to consider their present request and do what is right and proper thereabout.

Madam,

I have to acknowledge the receipt of your letter of the 30th ultimo, which was addressed to the Hon: R.W.Scott and by him transmitted to the Department of Public Instruction for Quebec and by them forwarded to this Department, which will account for the delay in answering your letter.

In reply I beg to say that as Senior Teacher of the Indian School at Lorette, you are as I have already informed you, at liberty to make such arrangements for dividing the work as may seem to you best, and your Assistant is to take her instructions from you as to what classes she is to teach.

Hayter Reid, Ecr.

Dép- Surintendant des affaires des sauvages.

Ottawa.

Monsieur,

Les deux institutrices de l'école de la Jeune Lorette me demandent si les prix qui sont distribués chaque année aux élèves dans les différentes écoles de la Puissance seront fournis par le département pour l'école du village de la Jeune Lorette.

Jusqu'à cette année, Melle Dubeau qui était la seule institutrice prenait à même son salaire de \$200.00 réduit maintenant à \$150.00, une somme de dix piastres pour acheter ces prix qui récompensaient le mérite respectif des élèves et stimulaient les autres en les encourageant.

Les institutrices connaissent mieux que qui que ce soit les prix qui doivent être décernés à chaque élève en particulier. De sorte que dans les circonstances, le département devrait m'autoriser à faire avancer aux institutrices du Village Huron de la Jeune Lorette, une somme d'au moins \$10.00 aux fins susdites.

Je me rappelle que M. B.C. Scott me disait lors de sa dernière visite à Lorette, l'automne dernier, qu'il voulait faire de l'école de Lorette une école modèle;

Il serait malheureux que nous ne pourrions pas récompenser les élèves qui sous l'habile direction des Institutrices ont fait des progrès sensibles et se sont montrés aussi dociles qu'assidus.

Sir,

I have to acknowledge the receipt of your report on the Lorette School for last month; and in reply I beg to say that the Department regrets to note an apparent want of discipline in the boy's class of this school, and it would like you to inform the senior teacher that it expects proper discipline to be maintained.

The reports of the Inspector and of the officer from this Department who visited the school are favorable and the Department is sorry to see that proper order is not maintained

With reference to the Return received from this school for last quarter, I beg to call your attention to the classification of the pupils shown under the heading "class of study". The older pupils are all shown to be in Standard I and II while the younger appear to be in Standards III and IV. This is evidently not correct and not in accordance with the ~~Standards~~ ^{Standard} laid down in the Programme of Studies printed on the back of the Daily Register, where the lowest class is in Standard I, and the grading progresses upwards to Standard VI, if there are any pupils sufficiently advanced for that class. This classification should be strictly followed in the quarterly returns as well as in the Register, as the Statement which appears in the Annual Report of the Department showing the standing in class of pupils throughout the Dominion, is compiled

on this basis and any other way of showing the classification
is misleading to the Department and the public.

School Inspector Roy, in his report of the 1st ultimo on the Boys' and the Girls' Schools at Lorette, makes a comparison between the two very much in favour of the latter.

Referring to the boys' school, Mr. Roy says that the discipline is very bad, the boys being under no restraint, and doing almost what they please. He says that he has spoken to the teacher on several occasions about this want of control of the pupils, and the unsatisfactory results.

As Mr. Roy's remarks are of the same nature as those made by yourself in your last annual report, the Department would be glad to hear from you definitely whether you do not consider a change of teacher necessary.

Monsieur le Secrétaire

Département des affaires des Sauvages,

O T T A W A.

Monsieur,

Je vais, sous peu, faire le rapport que vous me demandez par votre lettre du 6 Octobre courant, concernant la classe des garçons de l'école des sauvages de Lorette.

En attendant, le département voudrait-il me dire si, en vertu de ses règlements en force, le manque d'ordre et le défaut de discipline et de contrôle sur les élèves motiveraient le renvoi de l'institutrice pendant la durée de son engagement ?

Cette information me serait très utile, et j'espère que le département me la donnera volontiers.

J'ai l'honneur d'être,

Monsieur,

Votre obéissant serviteur,

Antoine A. Bastien

Agent des Sauvages.

Will make report asked for in letter of 6th inst without delay re boys class in the Lorette Indian School & ask that in the meantime the Dept say whether under the Regulations in force the lack of order and discipline & control of the pupils would be cause for the dismissal of the Teacher during the term of her engagement. This information would be of much service. I trust that the Dept will be willing to give it.

Dear Sir,-

For the last two years the Agent, A. O. Bastien, has requested the sum of \$2.00 for my children who are attending the School in the Huron Village. Being myself a Huron belonging to the Tribe I see by the Indian Act of 1886 that all Canadian children the mothers of whom are Indians have the right to attend the Indian schools free. These stories which this gentleman tells me leads me to believe that he is not acting in good faith with regard to me; for this reason I address myself to you, being persuaded that I shall have full and entire satisfaction.

Awaiting a reply I remain,

I was under the impression that the school-house in the Indian village of Lorette was insured, but on enquiring, I am informed that such is not the case.

As this building is contiguous to the village church, which is insured, and as it is occupied by the two classes of pupils, I think it ought to be insured at once.

Will the Department be kind enough to give me the necessary authority to effect this insurance.

The Department has received reports from both School Inspector Roy and Mr. A. O. I have now to warn you that, although the Department does not wish to make any change except where there is no doubt as to the necessity thereof, unless some improvement in the matter of discipline in your class is reported within the next month or two, the question of your being continued in your present position will receive serious consideration.

Monsieur le Secrétaire,

J'ai l'honneur d'accuser
réception de votre lettre en date du 14 du courant
qui m'a causé beaucoup de surprise et de chagrin
en effet vous pouvez juger vous-même par les
certificats que je vous envoie que M. l'Inspecteur

Ce sont d'excellents enfants que mes élèves
mais un peu tapageurs. Or il ne faut pas

ans que j'enseigne au Village Huron et je ne
sache pas qu'on ne soit jamais plaint de moi.
J'ai la consolation néanmoins de pouvoir me
rendre le témoignage que j'ai toujours fait
mon devoir et je n'ai jamais permis l'in-

Sir,-

I have the honour to acknowledge the receipt of your letter of the 14th instant which has caused me much surprise and uneasiness as you can judge for yourself by the certificates which I send you that Mr. Inspector Roy has never before judged me so harshly. There are many good children among my pupils but a few of them are rather boisterous and it is hardly fair to expect impossibilities from a mistress. For the past twelve years I have taught the Huron School and I never heard of any complaint before. I have however the satisfaction of being able to state that I have always done my duty and I have never allowed insubordination in my class. Discipline and order are maintained in my school and I secure their obedience and respect by respecting and loving my pupils, but, Sir, I beg sincerely to state that to my mind they would rather favour a certain other mistress to my injury, which your sense of justice will not allow.

I should like to ask a favour from you. Will you be good enough to send me a copy of the reports in question which I would like to show to the Chiefs of the Tribe as I am quite ^{willing} to submit to their decision.

I hope you will be good enough to return the certificates which I enclose.

O T T A W A.

Monsieur,

Les institutrices de l'école du village huron de Lorette viennent de me demander si elles auront, comme les années passées, des prix à distribuer à leurs élèves à la fin de l'année scolaire.

Comme dans votre lettre du 23 Juillet, 1897, No.-152, 188|21, vous me dites: "further authority should be obtained before making similar purchases in the future", je m'empresse, vu que la fin des classes approche, de vous demander l'autorisation voulue à cet effet, c'est-à-dire, faire l'achat de livres de prix pour le montant de \$10.00 qui a été accordé l'an dernier et qui a été suffisant.

Ces prix sont distribués à tous les méritants dans chaque division, et dans les différentes branches d'étude, suivant la méthode suivie dans les écoles de la Province et dans les grandes maisons d'éducation; les institutrices font d'ailleurs cette demande dans l'intérêt qu'elles portent à leurs élèves et l'intérêt qu'il est naturel de leur donner, suivant l'usage établi dans toutes les écoles.

Le département voudra bien m'autoriser à faire cet achat au montant de \$10.00 et me donner cette autorisation par le retour de la malle, vu que le temps est court avant la fermeture des classes.

General Remarks.

25th November, 1898.

On the occasion of my visit to the school on the 25th November last the discipline in the boys' class appeared less defective. There were only 12 pupils present. I am still informed by the Missionary and the School Inspector, Mr. Roy, that Miss Dubeau, being very old, and having a long time ago lost her authority over the pupils, it is impossible for her to maintain discipline in her class, as desired by the Department, which specially drew my attention to this subject.

In the girls' class, conducted by Miss St. Amand, the discipline leaves nothing to be desired.

No.-152,188

Jeune-Lorette, 25 Novembre, 1898.

Monsieur le Secrétaire,

Département des affaires des Sauvages,

O T T A W A.

Monsieur,

J'accuse réception de votre lettre du 15 Novembre courant m'informant de la plainte de Félicité Sébastien, épouse de Charles Couture, au sujet de ses enfants qui fréquentent l'école des Sauvages de Lorette.

Je vois que cette Dame Couture prétend que ses enfants ont le droit, à titre de sauvages, de fréquenter gratuitement l'école des Sauvages de Lorette. Je prétends que non. Cette dame Couture est une sauvagesse, il est vrai; mais, elle est mariée à un blanc, et, contrairement à ses prétentions, ses enfants ne sont pas sauvages et n'ont pas le droit de fréquenter gratuitement l'école du Village.

De plus, en demandant à son mari le paiement de la contribution de 50 cents par tête pour ses enfants qui fréquentent l'école du Village, j'ai suivi les instructions du Département contenues dans sa lettre du 18 Aout 1896, No.-142,515, m'autorisant à agir ainsi. Je réfère le Département à cette lettre, ainsi qu'à toute la correspondance contenue sous ce numéro, 142,515,

Le Département a dû remarquer dans la copie de l'avis que lui a transmise Madame Couture, que je demandais le paiement des contributions pour les années 1897-98 et 1898-1899. Je n'ai pas collecté cette contribution, l'an dernier, pour deux raisons:

1o.-Parcequ'il n'y avait que quelques blancs qui fréquentaient l'école, l'an dernier, et que ça ne valait pas la

peine de collecter seulement ces quelques centins.

20.-Parceque le Secrétaire de la Municipalité de St.-Ambroise, pour la même raison, ne m'avait transmis aucun compte pour les enfants sauvages qui demeurent sur la réserve appelée "40 Arpents" et qui fréquentent une des écoles de la dite Municipalité.

Comme M.le Secrétaire m'a transmis, il y a quelques semaines, le compte pour ces enfants sauvages qui fréquentent les écoles de la Municipalité, tel que dit ci-dessus, je me suis empressé de notifier les parents des enfants blancs qui fréquentent l'école du Village, d'avoir à payer immédiatement la contribution de ces deux années pour leurs enfants, espérant ainsi n'avoir à faire qu'une seule correspondance par laquelle je transmettrais, aussitôt que perçu, le montant de ces contributions en même temps que le compte de M.le Secrétaire de la dite Municipalité.

Je dois ajouter que j'ai vu Madame Couture à ce sujet. Elle a compris sa méprise, étant obligée d'admettre, qu'au sens de la loi, ses enfants ne sont pas sauvages et n'ont pas le droit de fréquenter gratuitement l'école des Sauvages de Lorette, puisqu'aussi, tous ceux qui sont dans le même cas sont obligés de payer. Elle m'a demandé quelques semaines de délai.

Je crois que le département approuvera ma conduite à ce sujet, et voudra bien m'informer de sa décision. Je lui transmettrai le tout aussitôt que j'aurai perçu le montant, ce que je vais faire avec toute la diligence voulue.

The Secretary,

Sir,-

I have to acknowledge the receipt of your letter of the 15th instant informing me of the complaint made by Felicite Sebastien, wife of Charles Couture, in reference to her children who are attending the Indian School at Lorette.

I notice that Madame Couture claims that her children are entitled, as Indians, to attend the Indian School at Lorette without payment. I claim that they are not. Mrs. Couture is an Indian woman, it is true, but she is married to a white man, and, notwithstanding her claim, her children are not Indians and have no right to attend the Village School without paying.

Moreover, in asking her husband for payment of 50 cents a head for their children to attend the Village School I was carrying out the instructions of the Department contained in its letter of the 18th of August, 1896, No. 142,515, authorizing me to act in this way. I refer the Department to this letter, as well as to all the correspondence on number 142,515.

The Department will be good enough to remark that in the copy of the notice which I sent to Madame Couture, I asked payment for the years 1897-98 and 1898-1899. I have not collected this contribution for last year for two reasons:

1st:- because there were only a few whites in attendance at the School last year and it would not be worth while to collect only a few cents, and

2nd:- because the Secretary of the Municipality of St. Ambroise for the same reason did not send me any account for the Indian children who live on the Reserve called "40 Arpents"

and who attended one of the schools of the said Municipality.

As the Secretary has sent me some time ago the account for these children who attended the Municipal Schools, as above stated, I was authorized to notify the parents of the white children who attend the Village School to make immediate payment for these two years for their children, hoping by this means to avoid correspondence and that I would be able to transmit as soon as received the amount of the contributions, along with the account from the Secretary of the said Municipality.

I also add that I have seen Madame Couture on this subject and explained matters to her, which she understands, and was obliged to admit that according to law her children are not Indians and have no right to attend the Indian School at Lorette for nothing and that all those who are in the same position are obliged to pay. She has asked for a few weeks' delay.

I think the Department will approve of my conduct in this matter, and I should like to be informed of its decision. I will transmit the amount as soon as I receive it, which I will endeavour to obtain with all diligence.

Monsieur le Secrétaire,

Département des affaires des Sauvages,

O T T A W A.

Monsieur,

En réponse à votre lettre du 22 Novembre courant relative à l'assurance proposée de la maison d'école des Sauvages de Lorette, j'ai l'honneur de vous transmettre les renseignements que j'ai pu me procurer du Missionnaire de la tribu, le Révérend M. Giroux.

Cette maison d'école a été bâtie en 1869 ou 1870, alors qu'un M. Howe, je crois, était Député Surintendant-général des affaires des Sauvages. La bâtisse a été construite par le Département et a coûté de \$800.00 à \$1000.00, environ.

En faisant quelques recherches, le Département pourrait, je crois, trouver toute la correspondance entre lui et ~~xxxxxx~~ ~~xxxxxx~~ feu le Révérend M. Boucher, alors Missionnaire des Hurons, se rapportant à la construction de cette bâtisse à l'époque de 1869 ou 1870.

Depuis cette date, i.-e., au mois d'août 1892, une allonge a été faite à la bâtisse au coût de \$212.54, payés par les fonds de la tribu huronne, tel qu'en fait foi la correspondance sous le Numéro 98077, ce qui porterait la valeur actuelle de la dite bâtisse à environ \$1200.00.

Secretary,

Dept. of Indian Affairs,

Ottawa.

Sir,-

In reply to your letter of the 22nd instant, relative to proposed insurance of the Indian School at Lorette, I have the honour to forward the information that I have been able to receive from the Missionary, Rev. Mr. Giroux.

This School-house was put up in 1869 or 1870. At that time, I believe, that Mr. Howe was ^{Deputy} Supt. General of Indian Affairs. The building was erected by the Department and cost from \$800.00 to \$1000.00.

By making some searches the Department could, I believe, find all the correspondence between him and the late Rev. Mr. Boucher, then Missionary to the Hurons, relating to the construction of this building between 1869 and 1870.

Since that date, that is to say, in the month of August, 1892, an addition was made to the building at a cost of \$212.54, paid from the funds of the Huron Tribe, as will be shown by the correspondence on file No. 98077, this would place the actual value of the building at about \$1200.00.

I have to acknowledge the receipt of your report on the Lorette Indian school for the month of February last; and in reply I beg to say that the Department regrets to note that Miss Dubois still fails to secure proper discipline in her class.

It has occurred to the Department that possibly if Miss St Amand were given the boys class and Miss Dubois the girls, better results might be obtained. The Department would like to have your views on this subject, and it would be pleased if such an arrangement could be carried out, as Miss Dubois being an old employee, it would prefer not being compelled to ask for her resignation. ~~otherwise it~~

APR 25 1899

Par votre lettre du 24 Mars dernier, vous m'avez demandé si, en changeant les institutrices de classe, c'est-à-dire, en donnant la classe des garçons à Melle St.-Amand et la classe des filles à Melle Dubeau, nous ne pourrions pas obtenir un meilleur résultat, évitant ainsi le renvoi de Melle Dubeau.

Dans mon humble opinion, ainsi que, me basant sur les remarques de M. le Missionnaire, de l'Inspecteur, et sur mes observations personnelles, je l'ai déjà fait remarquer au Département, Melle Dubeau qui fût autrefois une bonne institutrice, n'a plus, vu son grand âge, sa méthode vieillie d'enseignement, la capacité voulue pour maintenir la discipline dans aucune classe et encore moins conserver l'autorité qu'une institutrice doit avoir sur les élèves, autorité nécessaire au progrès bien compris.

Je n'en ai aucun doute, ce serait compromettre le succès obtenu dans la classe des filles par Melle St.-Amand que d'y introduire Melle Dubeau. Melle St.-Amand est maîtresse de ses élèves sur qui elle a toute l'autorité d'une excellente institutrice. La discipline dans sa classe est excellente et il n'y a aucun reproche à lui faire, de l'aveu du Missionnaire et de l'Inspecteur. D'un autre côté, Melle St.-Amand aurait beaucoup de la misère à reprendre l'ascendant, sur les petits garçons, que Melle Dubeau a perdu. Il en résulterait aussi des inconvénients plus graves, au détriment des deux classes.

Le Département me fait remarquer que Melle Dubeau est une ancienne employée; c'est bien vrai, et elle a même atteint ses 25 années d'enseignement. Elle a droit, par conséquent, à une pension que le Département de l'Instruction Publique de la Province de Québec, est prêt à lui accorder, à sa demande. De plus, je tiens de M. l'Inspecteur lui-même que Melle Dubeau vaut de \$4000.00 à \$5000.00, ce qui lui permet certainement d'être exempte de la misère.

Je regrette infiniment que Melle Dubeau ne soit plus apte à l'enseignement et que le changement suggéré par le Département ne puisse être avantageux; mais, il m'est impossible d'en arriver à une autre conclusion.

Le Honorable Surintendant

Honorable Monsieur

Nous soussignés Missionnaire et Chefs
de la tribu Huronne de Sorette, désirant mettre
l'école de notre Village sur un meilleur pied,
avons résolu, avec l'assentiment du départe-
ment, de changer les institutrices actuelles, ^{Mlle} St-Amand et Mlle Duchéau et de les remplacer
par d'autres qui auront la grande confiance de
tous les sauvages et de la plus grande
autorité sur les enfants.

Depuis quelques années nous recevons des
plaintes plus ou moins fondées sur la disci-
pline et l'enseignement des institutrices et
c'est le désir de tous les pères et mères de
familles d'opérer un changement qui nous
paraît nécessaire au bon fonctionnement
de notre école.

Le désir général c'est de mettre l'école sous la
direction de religieuses enseignantes. Ces dernières
feront la classe avec le même salaire des
institutrices actuelles et elles seront trois,
dont une saura parfaitement l'Anglais
et pourra l'enseigner. Il est très désirable
que les enfants les plus avancés apprennent
l'Anglais, la langue anglaise leur étant nécessaire.

Monsieur le Secrétaire,

Département des affaires des Sauvages,

O T T A W A.

Monsieur,

Conformément à votre lettre du 26 Avril dernier me transmettant une requête adressée à votre Département par le Rév. M. Guil. Giroux et quatre des chefs Hurons de Lorette, par laquelle ils disent qu'ils désirent que les institutrices actuelles soient remplacées par des religieuses enseignantes, j'ai l'honneur, en vous retournant la requête, tel que demandé, de vous faire le rapport suivant.

M. l'Inspecteur d'écoles Roy qui demeure à St.-Ambroise de Lorette et que je voulais consulter à ce sujet, était absent, en inspection officielle; j'ai dû attendre son retour ce qui a retardé ma réponse à votre lettre du 26 reçue le 23 Avril dernier.

On dit dans le deuxième paragraphe de cette requête: "Depuis quelques années nous recevons des plaintes plus ou moins fondées sur la discipline et l'enseignement des institutrices, etc." Je regrette que M. le Missionnaire ait rédigé cette phrase dans des termes aussi généraux qui laissent croire que des plaintes auraient été faites, et surtout, contre Melle St.-Amand qui tient une classe remarquable à tous les points de vue, de l'aveu du Missionnaire lui-même, de celui du Rév. M. Hudon, assistant-missionnaire qui a toujours porté un grand intérêt à l'école, ainsi que de celui de M. l'Inspecteur d'écoles Roy. C'est une contradiction regrettable et on aurait dû faire une distinction, ce qui m'aurait évité le déplaisir d'attirer l'attention du Département à ce

sujet. D'ailleurs le Département peut se convaincre, en référant à sa lettre du 6 Octobre dernier; à mes rapports mensuels d'école depuis le mois de novembre 1898; aux rapports de M. l'Inspecteur Roy ainsi qu'à ma lettre du 18 Avril aussi dernier que c'est M. l'Inspecteur Roy et ^{moi} qui, seuls, avons fait remarquer le manque de discipline et de progrès dans la classe des garçons tenue par Melle Dubeau, la mauvaise méthode de son enseignement et qu'elle fût remplacée par une institutrice bien qualifiée. Je ne sache pas qu'aucune plainte ait été faite par nul autre que ce soit, du moins aucune n'a jamais été portée devant moi.

La requête dit aussi: "Ces sœurs auront plus d'autorité sur les enfants". Je l'ignore et je ne suis pas assez clairvoyant ni compétent pour décider cette question. J'avoue, néanmoins, qu'elles devront avoir plus d'autorité que Melle Dubeau n'en a dans sa classe des garçons.

J'ai remarqué aussi que les signataires de la requête ne parlent pas des dépenses considérables qu'occasionnera le changement proposé. Vu qu'il n'y a pas de couvent dans la paroisse de St.-Ambroise de Lorette, il va falloir donner à ces religieuses enseignantes un logement dans la maison d'école actuelle qui devra subir des changements dispendieux, sans compter grand nombre d'autres réparations coûteuses au rez-de-chaussée, peinture, etc.

Au cours de la conversation que j'ai eue avec M. l'Inspecteur d'écoles Roy, il m'a fait remarquer que dans la Province de Québec, en vertu du Code de l'Instruction publique, Article 227, l'institutrice est engagée à l'année qui finit le 30 Juin, et l'on doit, si l'on veut la remercier de ses services, lui donner deux mois d'avis avant la fin de son en-

gagement. Lorsqu'il y a une cause valable de renvoi, pour incapacité ou autrement, cet avis n'est pas requis.

Le Département comprend qu'en faisant les remarques ci-dessus, toute basée qu'elles sont sur la justice, l'observation et la stricte vérité, je me mets dans une position excessivement délicate vis-à-vis le Missionnaire et les Chefs dont je ne voudrais pas encourir la disgrâce. Aussi, j'espère qu'en les informant du résultat de cette question, le Département voudra bien les mettre sous l'impression qu'il a agi de son propre chef, sans que mes remarques y aient contribué pour quoi que ce soit.

Jeune Lorette, 5th May, 1899.

The Secretary,

Dept. of Indian Affairs,

Ottawa.

Sir:-

SCHOOLS
MAY 16 1899.

In accordance with your letter of the 26th April last, forwarding me a petition addressed to your Department by the Rev. Guil. Giroux and four of the Huron Chiefs of Lorette, in which they state that they desire that the present school Teachers be replaced by religious teachers, I have the honour, in returning you the petition as requested, to report as follows:-

Mr. Roy, Inspector of Schools, who resides at St. Amébroise de Lorette and whom I wished to consult in the matter, was absent on official inspection and I had to wait until his return, which delayed my reply to your letter of the 26th, received on the 28th of April last.

In the second paragraph of this petition it is stated "For some years we have received complaints more or less well founded as to the discipline and the teaching of the Teachers, etc." I regret that the Missionary couched this phrase in terms so general as to lead one to believe that complaints had been made, and especially against Miss St. Amand, who conducts a class remarkable in all respects according to the acknowledgment of the Missionary himself and of the Rev. Mr. Hudon, Assistant Missionary, who has always taken great interest in the School, as well as of Mr. Roy, the School Inspector. This contradiction is to be regretted and a distinction ought to have been made which would have saved me the unpleasantness of drawing the attention of the Department to this matter.

Besides,

Besides, the Department can satisfy itself by referring to its letter of the 6th October last, to my monthly school reports since the month of November, 1898, to the reports of Inspector Roy, and to my letter of the 18th of April last, that it was Mr. Roy and I who alone remarked the want of discipline and of progress in the boys' class conducted by Miss Dubeau, the bad method of teaching and that she ought to be replaced by a well qualified teacher. I do not know of any complaint having been made by any person else whomsoever, at least none has been made to me.

The petition states also "These sisters would have more authority over the children". I am not aware of it and I have not sufficient insight nor am I competent to decide that question. I acknowledge, nevertheless, that they would have more authority than Miss Dubeau has over her class of boys.

I observe also that the signers of the petition do not speak of the considerable expense that the proposed change would necessitate. As there is no convent in the Parish of St. Ambroise de Lorette, it would be necessary to give these religious teachers lodging in the present school-house, which would have to be changed at some expense without considering the great number of costly repairs to the ground floor, painting, etc.)

In the course of a conversation that I had with Inspector Roy the latter remarked to me that in the Province of Quebec under the Code of public instruction, Section 227, the school teacher is engaged for the year that ends on the 30th of June, and that, if it is desired to dispense with her services, she ought to be given two months' notice before the end of her engagement. When there is a valid cause for dismissal for incapacity or otherwise, this notice is not required.

The Department will understand that in making the foregoing

foregoing remarks, all based as they are on justice, observation and strict truth, I place myself in an exceedingly delicate position in respect to the Missionary and the Chiefs, whose disfavour I should not like to incur. Also I trust that in informing them of the decision in regard to this question the Department will be kind enough to give them the impression that it has acted of its own ^{motion} ~~mission~~, without being influenced by any remarks from me.

For Minister's consideration. The sum of \$300.00 allowed for salaries of the two teachers of this school is voted by Parliament. I really think it would be advisable to replace Miss Dubeau by a competent teacher & provide for her salary from the same source.

J. M. L.

Department of Indian Affairs,
OTTAWA, 16th May, 1899

The Secretary:-

Re petition of Missionary and Huron Chiefs of Lorette to have the present teachers of their school replaced by the Sisters.

Mr School Inspector Roy in his report on the Jeune Lorette school for the year ended 30th June, '98, stated that he found the discipline in the boys' class very bad and that he had been obliged on several occasions to speak to the teacher about her want of control over the pupils and the unsatisfactory results obtained. Mr Agent Bastien was written to in the matter of the complaint made against Miss Dubeau, the teacher of the boys' class and he reported that she, being very old, had lost her authority over the pupils and that it was impossible for her to maintain discipline in her class. The teacher was written to on this subject and informed that unless a marked improvement took place the question of continuing her in her present position would receive serious consideration.

Miss Dubeau, having had ^{sole} charge of this school for a number of years and conducting it with fair success, the Department did not wish to act harshly towards her and was willing to give her every opportunity of obtaining better control over her pupils, in which I regret to say, judging by the reports received, she has not succeeded. I might mention here that in '95, Miss Dubeau voluntarily consented to the division of her salary to pay for the services

of an assistant, and Miss Elizabeth St Amand was appointed in September of that year, both teachers receiving a salary of \$150 per annum, \$300 being the sum voted for the school.

Mr Bastien, the Agent, and the Inspector, report favorably of the manner in which Miss St Amand conducts her class, and there does not appear to be any reason for her dismissal. Miss Dubeau should, I think, be retired from the 30th June next, and I understand from Mr Bastien's report that she will be entitled to a retiring allowance from the Quebec Government, as she has been teaching for over 25 years. He also states that she is comfortably off, being worth \$4000 or \$5000.

In the petition referred to the Indians ask to have the Sisters placed in charge of this school, and Mr Bastien, to whom the petition was referred for report, states that he observes that the signers of the petition do not speak of the considerable expense which the proposed change would necessitate. As there is no convent in the parish of St Ambrose de Lorette, it would be necessary to give the religious teachers lodging in the present school house, which would have to be changed, at some expense, without considering the great number of costly repairs to the ground floor, painting, etc.

If the Department feels disposed to go to any additional expense in connection with this school, it seems to me that it would be better that the money should be expended in securing the services of a properly qualified head teacher for this school, as

\$150 is not sufficient compensation for a competent teacher. The Hurons of Lorette pay about \$75 or \$80 a year for school material, fuel and inspection of their school and their capital would not stand a much larger expenditure as they have only about \$4500 to their credit.

The return for last quarter shows an enrollment of 75 pupils and two teachers are required for a school of this size, who should hold recognized Provincial certificates of qualification.

Monsieur le Secrétaire,

La rumeur circule depuis
quelque temps dans le village des Hurons que des
religieuses doivent s'établir à l'automne au village
des Hurons pour y faire la classe, et que en con-
séquence le gouvernement n'aurait plus besoin
des services des institutrices de l'endroit après la
vacance.

Vous connaissez que je n'ai pas été notifiée au
temps dû, je me trouverai donc sans emploi;
comme j'ai absolument besoin de deux années

suis pas décidée à céder au premier requérant
ce qui m'intéresse à un tel degré. J'ai toujours
donné satisfaction et crois mériter quelque
attention de la part de la Haute Direction.

Department of Indian Affairs

OTTAWA, 17th July, 1899

Memorandum:-

Miss Josephine Dubeau, who has been head teacher of the Jeune Lorette school for a number of years, writes under date of the 10th instant, that it is currently reported in the village that the Sisters are going to take charge of the school in the fall, and that her services will not be required after the holidays. She also states that she has not been officially notified to the above effect and that if this took place she would find herself without employment. She says that she has still two years to put in as teacher to entitle her to a pension, and that she does not like to give up her situation to make room for others, as she claims that she has always given satisfaction and thinks that she deserves some recognition of her services on the part of the Department. She would like some information on this matter at once.

No. 1 of this file was charged to the Supt. Genl. on the 16th May last, but speaking from recollection, there seem to be good grounds for the remarks reported by Miss Dubeau, as the Rev. Mr Giroux, missionary at Lorette, is most anxious to have the Sisters installed and to get rid of the present teacher. Miss Dubeau is an old and faithful servant of the Department, but she has apparently lost ~~her authority~~ her authority over the boys, who were under her charge and the Agent agrees with the priest that a change

Sir,

In connection with previous correspondence on the subject of the proposed change in the management of the Lorette Indian school, I have to request that you will be good enough to state positively whether Miss Dubeau has put in twenty-five years in teaching and is therefore entitled to a retiring allowance from the Department of Public Instruction for the Province of Quebec, as mentioned in your letter of the 18th April last.

Miss Dubeau, in a letter lately received by the Department says that she will be required to teach two years longer to obtain a pension.

Monsieur,

Par sa lettre du 23 Juillet, 1897, relative à l'achat des prix d'écoles de Lorette, le Département me disait: "further authority should be obtained before making similar purchase, in future."

Comme les classes doivent se terminer bientôt et qu'il est d'usage de distribuer des prix à la fin de l'année, ce qui est d'un grand avantage pour l'encouragement des enfants le Département voudra bien m'autoriser à acheter, comme les années précédentes, des prix pour jusqu'à concurrence de la somme de \$10.00.

Je puis me procurer des prix convenables pour ce montant, et distribuer ces prix dans les deux classes.

Sir:-

I have received a letter, dated the 15th inst., from Mr. Antoine O. Bastien, the Agent of the Department, informing me that he has received instructions from your Department to notify me that my service as teacher will not be required after the 30th June next as my school is to be placed in charge of religious teachers at the end of the school term.

I cannot interfere in this matter. Only let me tell you that I am deprived of a position that I have held for thirteen years, and which gave me an honourable living although the salary was not very large. I hope therefore that your Department, which has always shown itself so just in its treatment of me each time that I had good reasons to offer, will not abandon me altogether.

I am old, and it is too late to make engagements. As I am an old servant of your Department and as I am conscious of always having done my duty, I dare humbly to pray that you will grant me one year's salary. You will not be able to believe how much service that will be to me, and it will afford your Department the opportunity of acknowledging the sacrifice that I have made during long years in following my noble but hard profession of teacher.

Department of Indian Affairs,
OTTAWA, 2nd June, 1900

The Secretary:-

Some time ago a petition was received from Rev. Guil. Giroux and some of the Huron Chiefs asking to have the Lorette school placed in charge of the Sisters. Miss Dubeau, senior teacher of the school, complained last year, that if she were then dismissed she would forfeit her claim to a pension from the Department of Public Instruction for the Province of Quebec. Since then the Department has been advised that she has completed her twenty-five years teaching, which would entitle her to an allowance and in May last instructions were given to Agent Bastien to notify her that her services would not be required after the 30th instant as the school was, after that date, to be placed in charge of the religious teachers.

Miss Dubeau writes under date of the 28th ultimo asking that in view of her length of service and age that the Department grant her one year's salary as a retiring allowance.

This is an unusual application as very few of our teachers stay long enough in our service to justify them in making such a claim. I may say

The question of changing the management of this school was brought up over a year ago and the decision was delayed out of consideration for you, in order that you might remain on long enough to complete the term of service entitling you to a pension, which you stated you would lose if you were dismissed before you had served for twenty-five years as teacher in the Province of Quebec.

Memorandum:-

With reference to the application of Miss Elizabeth St. Amand, Assistant Teacher of the Lorette Indian School, for a year's salary in lieu of notice, I beg to say that I do not see that this Department can entertain such a claim. Miss St. Amand was, no doubt, well aware of the contemplated change in the management of this School which was proposed to be made more than a year and a-half ago and was delayed in order to avoid doing an injustice to Miss Dubeau, the Senior Teacher, who lacked a short time to complete her twenty-five years' teaching entitling her to a pension from the Department of Public Instruction, Province of Quebec.

The arrangement under which teachers are employed by this Department is that their engagement terminates on the 30th of June each year, and this Department is in no way governed by the Provincial School Laws or Regulations in the conduct and management of its schools.

Directions were given to Mr. Agent Bastien to notify the teachers of the Lorette Indian School that it had been decided to place the School in charge of the Sisters after the close of the current school year, and he was asked to notify the present teachers that their services would not be required after the 30th June next. Such notice, I claim, was, under the circumstances, sufficient and I know of no funds from which gratuity of a year's salary could be paid to any of the teachers, as neither

Dear Sir,

With reference to the application of Miss Elizabeth St Amand, assistant teacher of the Lorette Indian school, for a year's salary in lieu of notice, I beg to say that I do not see that this Department can entertain such a claim. Monsieur le secrétaire,

Département des affaires des Sauvages,

Ottawa.

Monsieur,

Par sa lettre du 23 Juillet 1897, relative à l'achat de prix de récompenses pour l'école des sauvages de Lorette, le département me disait: "further authority should be obtained before making similar purchase in future".

Comme il est d'usage de distribuer des prix de récompense à la fin de l'année, ce qui est un grand avantage pour l'encouragement des enfants, le département voudra bien m'autoriser à acheter, comme les années précédentes, des prix de récompenses pour jusqu'à concurrence de la somme de \$10.00,

Je puis me procurer des prix convenables pour ce montant et en avoir suffisamment pour les deux classes.

J'attendrai l'autorisation du département, aussitôt que possible, vu que les examens doivent avoir lieu à la fin de Juin prochain.

Sir,-

In its letter of the 23rd July, 1897, in regard to the purchase of prizes for the Indian school at Lorette the Department told me, "Further authority should be obtained before making similar purchase in future".

As it is usual to distribute prizes at the end of the year, which is a great benefit in encouraging the children, the Department ~~will~~ be kind enough to authorize me to purchase as in previous years prizes to the extent of \$10.00.

I can procure suitable prizes for this sum and have sufficient for both classes.

I shall await authorization by the Department, which I should like to receive as soon as possible as the examinations ~~will~~ ^{will} take place at the end of June next.

De tous les blancs qui s'étaient établis sur la réserve en
vertu des baux autorisés, il ne reste plus qu'un nommé Joseph
Alary qui est le locataire du Grand Chef.

Quant aux enfants des blancs qui fréquentent l'école du Village
les enfants d'Alary la fréquentent. Il y a quelques autres enfants
de blancs qui résident autour de la réserve qui la fréquen-
tent aussi, soit en tout 7 ou 8 enfants des blancs. Les Soeurs
ont cru, avec la permission des Chefs de la Tribu, accepter ces
enfants, vu qu'ils sont trop éloignés de toute autre école
pour y recevoir l'instruction. Les enfants de la Tribu ne sont
nullement molestés de cela.

Of all the white men who settled on the reserve under authorized leases, there remains only one, Joseph Alary, who is the locatee of the Grand Chief.

As for white children attending the village school, Alary's children do so. There are some other white children residing around the reserve, who also attend, say altogether seven or eight. The Sisters thought well, with the permission of the chiefs of the tribe, to receive the children, as they are too far away from any other school to receive their education. The children of the tribe are not injured by that.

But I was obliged to take a carriage at Quebec to convey the books from the book-seller's to the station, and, on arriving at Lorette, I took another carriage to convey them from the station to the school-house. The total of my expenses, as you will see from the voucher, amounts to \$1.55.

Jeune Lorette, Aug. 13, 1904.

J.D. McLean, Esq.,
Sec. Dept. of I.A.
Ottawa.

Sir,-

With my letter of June 30, last, I transmitted for payment the account, in duplicate, for \$10.00, of Messrs. I.P. Dery & Sons, for books and prizes for the children of the Indian school at Lorette, as well as my own account for expenses in connection with a trip to Quebec to purchase the books in question.

I received, with the ordinary form of letter of the Dept., a cheque, No. 366, for \$1.55, dated July 21, last, as payment of my above-mentioned account for expenses, but I have not yet received the payment of the account for \$10.00 due to Messrs. Dery & Sons, for the price of the books that they furnished.

Will ^{not} the Dept. be good enough to send direct to Messrs. Dery & Sons a cheque for the amount of their account? If so, be good enough to inform me as soon as possible.

I have, etc.

Sir,-

In your letter of July 23, 1897. relative to the purchase of prizes for the school on the Lorette reserve, the Dept. said, "further authority should be obtained before making similar purchases in future".

As it is the custom to distribute prizes at the end of the school year, a thing which is of great advantage in the encouragement of the pupils, The Dept. will be good enough to authorize me to purchase, as in preceding years, prizes to the extent of \$10, and authorize me to make a trip to Quebec to buy the same.

I shall await the authorization of the Dept. which ought to be sent as soon as possible, as the examinations ought to take place during the last week of the present month.

As you are aware, we have two teachers who belong to the Congregation of Our Lady of Perpetual Help. Their annual salary up to the present time has been \$150.00 each. After the closing of the classes, they informed me that it would be impossible for them to begin the new school year at the same rate. The cost of living has increased for everything that they require and the conditions of existence are harder. They, therefore, ask for an increase in their salary of \$50.00 *each*. I have the honour to inform the Department that the teaching nuns have again opened their classes at the Lorette school and they are now at work. They have advised me of their anxiety to see their salary increased by the Department and they ask me for a reply.

I wrote to the Department on July 31, last, to this effect. The two sisters ask for an increase of \$50 each to their present salary.

I express the opinion of the missionary when I say that we shall be glad if their request is granted, on account of their devotion to their pupils and also in view of reasons that I gave in my said letter of July 31, last.

Monsieur,

J'ai l'honneur d'informer le Département que les Soeurs Institutrices ont ouvert de nouveau leurs classes à l'école de Lorette et qu'elles sont actuellement à l'oeuvre. Elles m'ont fait part de leur anxiété à voir leur salaire augmenté par le Département et me demandent une réponse.

J'ai écrit au Département le 31 Juillet dernier à cet effet. Les deux Soeurs demandent une augmentation de \$50.00 chacune, à leur salaire actuel.

J'exprime l'opinion de Monsieur le Missionnaire en disant que nous serions heureux si leur demande était accordée, vu leur dévouement pour leurs élèves, et vu aussi les raisons que j'ai données dans ma susdite lettre du 31 Juillet dernier.

J'ai l'honneur d'être,

Ottawa, September 15, 1908.

The Deputy Superintendent General,-

Mr. Agent Bastien has applied on behalf of the teachers of the Lorette Indian school for an increased grant. There are two classes in this school in charge of teaching nuns, who are at present paid at the rate of \$150 each. They have quarters provided for them over the school but have to maintain themselves out of their salaries, and the Inspector states that a good portion is used up in buying fuel.

I think, taking in view the increased cost of living, the Department should at least give them an increase of \$50 each, with which they would be content.

Monsieur,

Le Dr Lachapelle m'a passé votre lettre du 23 courant et m'a chargé d'écrire au couvent. J'inclus copie de la lettre que j'adresse ce jour à la Supérieure.

Comme il nous est impossible d'envoyer un inspecteur à Lorette, dans le moment, voudriez-vous nous donner plus de détails sur la construction des 3 lieux d'aisances dont votre lettre fait mention. Sur réception de ces détails nous pourrions probablement indiquer, par correspondance, comment le couvent pourra remédier aux déficiences. Sont-ce des water-closets, sont-ce des fosses fixes et, dans ce dernier cas, sont-elles en dehors du couvent?

Un croquis grossier nous aidera à mieux comprendre qu'une simple description par lettre.

As it is impossible for us to send an inspector to Lorette at the moment, will you give us further details as to the construction of the three water-closets mentioned in your letter. On receipt of these details, we shall probably be able to indicate by correspondence how the convent can remedy these difficulties. Sir,-

In reply to your letter of the 27th inst., there are three water-closets that we have without ventilation; there is one in each vestry for the pupils, the other is in the dormitory of the nuns. There ~~are~~ no ventilators in the school-rooms and there is hardly an hour when the pupils are in class that we have not to open the window in order to get a little fresh air. The air is so vitiated that it is suffocating.

Will you have the great kindness to authorize our physician, Dr. J. E. Verret, of Lorette, to make a inspection of the convent; he is very competent and will be able to give you a very thorough report. For a year he has been finding fault with this building, very much, from a sanitary standpoint. If you will write to him, it will save you sending an inspector. This building was erected in accordance with plans from Ottawa, and the Government sent an inspector last winter. We did not say anything, because ~~that~~ that gentleman ought to be in a position to know well what is needed for these class-rooms. It is for the Government to attend to this matter.

I send you a plan, very simple, of the building.

With reference to the class-rooms, it appears to us that your school has not the proper amount of ventilation and consequently the Board directs me to call your attention to the three sections, 69K, 69L and 69M of the regulations in regard to schools, a copy of which is inclosed herewith, and to beg you to provide the ventilation therein prescribed.

Monsieur,

Comme par les années passées, je désirerais avoir l'autorisation du Département pour l'achat de livres de récompense à être distribués aux élèves les plus méritants de l'école de la Réserve de Lorette, à la fin de la présente année scolaire.

Le Département a l'habitude de m'autoriser à dépenser la somme de \$10.00 pour l'achat de ces livres.

Le Département voudra bien aussi m'autoriser à faire le voyage à Québec pour en faire l'achat.

Je désirerais avoir cette autorisation le plus tôt possible.

Sir,-

As in past years, I desire to have authority from the Department to purchase books as prizes to be distributed to the most deserving pupils of the school on the Lorette reserve at the end of the present school year.

The Department has been in the habit of authorizing me to spend the sum of \$10.00 in the purchase of these books.

The Department will be so good also as to authorize me to make a trip to Quebec to make this purchase.

Ottawa, January 19, 1912.

Madam,

In your annual report on the Lorette School you state as follows:- "There is no janitor, but it would be necessary to have one."

In April, last, the Department agreed to pay you at the rate of \$2.00 per month for the janitor work and the records show that you were paid to the 30th of June, last. The accounts have also been received for the scrubbing of the school-rooms during the year 1911. These accounts show that the work was done on six different occasions. In view of these facts the Department does not understand your remarks that the appointment of a janitor is necessary. If you have attended to the work of sweeping the class-rooms you should forward your account up to the end of December through the office of the Indian Agent and from this time forward it would be well for you to send them in at the end of each quarter.

Monsieur,

Sir,

En réponse à votre lettre du 30 janvier dernier, me disant que vous avez été informé par la Soeur Principale de l'école de Lorette, qu'il n'y a personne qui s'occupe des petites réparations à l'école. Je dois vous dire que les Soeurs elle-mêmes se sont chargées du balayage des classes à condition de .50 par semaine, tel que convenu par votre lettre du 26 avril 1911. Elles ont dû faire ce balayage puisqu'elles ont été payées régulièrement, par conséquent, je n'ai pas à y voir.

Quant au lavage des classes la soeur n'a pas à se plaindre, car il n'a jamais été négligé et il est fait lorsqu'elle le désire, puisqu'elle a une femme de peine à sa disposition.

Au sujet du compte de la Soeur pour balayage, elle ne m'a remis son compte pour le quartier de septembre dernier qu'au commencement de janvier et qui n'était que de \$2.00, attendu qu'il n'y avait pas eu de balayage de fait pendant les mois de juillet et août, vu que l'école a été fermée pour les vacances pendant ces deux mois. J'ai attendu qu'elle me remette son compte par le quartier de décembre pour vous transmettre les deux ensembles, tel qu

je l'ai fait par ma lettre du 9 février dernier.

Si la Soeur comme vous le dites, m'a demandé certaines formules et qu'elle ne les a pas eu, ce n'est ma faute. Après l'ouverture des classes au mois de septembre dernier, elle m'a demandé de lui avoir des blancs de "Requisition for school material". J'ai alors immédiatement écrit au Département le

pour leurs classes. Je vous avoue que pour le midi surtout, nous serons fort à la gêne. Si vous tenez absolument à nous faire suivre ce point du règlement donné, ne pourrions-vous pas ajouter quelques piastres pour payer une soeur qui nous ferait la cuisine, de cette sorte quoique la fatigue se fit encore sentir, au moins, elle serait un peu allégée. Je vous laisse à votre discrétion pour le montant à donner. tout de même, \$50.00 ne seraient pas trop pour garder une soeur de plus pour la cuisine, n'est-ce pas? En second lieu, le gouvernement sait favoriser l'éducation; je crois ce pas trop exiger en demandant, si vous voudriez doter notre petite habitation de la lumière électrique, nos petites filles en bénéficieraient dans les jours sombres d'automne et d'hiver.

Confiante en votre libéralité, je demanderai à Dieu de vous départir en retour les faveurs choisies qu'Il se plaît à accorder à ceux qui dirigent les autres, lorsqu'ils le font avec le désintéressement qu'on vous connaît.

Mr. Frank Pedley,
Deputy Minister of I.A.,

Sir,-

In all confidence I beg to ask you two favours:
the first is as follow: you compel us to teach until noon
and until four o'clock. I beg to tell you that in these
circumstances it is absolutely impossible for us to
prepare our food, to take our meals, and to oversee the
recreation of the pupils; and as for themselves, these
poor children, have they time enough for their digestion
without interfering with their class? I may say that at
noon, especially, we are very much pressed. If you insist
absolutely on our following this regulation, could you not
add a few dollars to pay for a sister who would do the
cooking for us, so that, although the work would still be
felt, at least it would be a little lightened. I leave it
to your discretion as to the amount to give; all the same,
\$50.00 would not be too much to keep another sister for the
kitchen, would it? In the second place, the Government
wishes to promote education; I do not think that it would
be too much to ask whether you would be so kind as to pro-
vide our little house with electric light; our little
Hurons would benefit by it during the dark days of autumn
and winter.

Confident in your liberality, I should ask God

to bestow upon you in return the choice favours that it pleases Him to grant to those who direct others when they do so with disinterestedness such as we know to be the case with you.

I append to my letter a list of the books, exercise-books and other school material for our classes. I trust that, as in the past, you will continue to send direct the articles asked for. Could you not with that purpose permit me to purchase, myself, at Quebec, what is mentioned in the requisition; we should receive them sooner, because our pupils are in want of necessary things.

Accept the profound respect with which I have the honour to be, Sir,

Yours very humbly and gratefully,

Hon. Frank Pedley,

Deputy Minister of I.A.,

Sir,-

Only a few days ^{ago} I asked you for compensation in the matter of our classes closing at noon and at four o'clock and now I wish to thank you for the attention that you gave my request by interceding for us with the Council of the Indian Department.

I pray God in return for your act of charity made so disinterestedly to grant you choicest graces, success in your undertakings and good health in order to continue to do well for your compatriots.

You will excuse me if I return to the subject of the electric light. I appreciate, Sir, the amount that you have obtained for us, but you know better than I that the maintenance and food of one person costs more to-day and with \$50.00 one cannot go far; that is why I again ask you to intercede with the members in order to obtain this system of lighting, which will cost, I believe, \$2.50 a month for a dozen lights, a sum that would appear very little to the Department, but which would be of great good to us and would enable us to employ for something useful the money that we spend for oil.

Repeating the expression of my deep gratitude, I subscribe myself

Your humble and much obliged servant,
Mother Ste. Jeanne de Chantal,
Directress.

Sir,-

On Sept. 19, 1912, I solicited from the Supt. General of Indian Affairs an indemnity of \$50.00, which was granted us, and which enabled me to obtain from the Mother House a sister who takes charge of the kitchen, because the Department compels us to close the morning school at noon and to begin the afternoon school at one o'clock.

But, Mr. Secretary, \$50.00 is very little to maintain one person, and at the present time with the authorization of Mr. Antoine Bastien, Agent for the band, I make a fresh appeal to your good and charitable heart to obtain for us again an increase of \$50.00. The reason I ask for that is that I have reason to fear that the community will refuse me next year the sister that it has given me this year, because the amount is certainly small and this good sister could get more elsewhere.

I have confidence in your liberality, Mr. Secretary, which I am assured is very great and which will make you take my request into consideration, and I trust that in return God will not allow Himself to be beaten in generosity; it is not His custom.

Monsieur,

En réponse à votre lettre du 20 de Mai dernier par laquelle vous m'avez autorisé à acheter pour la somme de \$12.00 des prix de récompense pour les enfants de l'école de Lorette, j'ai l'honneur de vous transmettre pour paiement le compte détaillé en duplicata de la Cie. J.A. Langlais & Fils pour la somme de \$12.50. J'ai acheté des prix de récompense pour cette somme suivant la liste qui m'a été remise par les soeurs institutrices de l'école, et je vous envoie le compte d'après cette liste. Le compte s'étant élevé à 50 pts. de plus que l'allocation de \$12.00, j'espère que le Département voudra bien solder ce compte tout de même, et, le plus tôt possible.

Je vous transmets aussi en même temps ^{mon compte} en duplicata pour déboursés en rapport avec le voyage à Québec que j'ai fait pour l'achat de ces prix, que le Département voudra bien aussi solder au plus tôt.

Congregation of SS. of A.D.P.S

Indian Lorette, April 13, 1918.

Mr. Maurice Bastien,

Sir,-

It is high time I think to appeal to the generosity of the Dept. of Indian Affairs for prizes which our pupils have certainly well merited.

It is necessary to hasten in order to have rewards in keeping with the ability of our pupils.

Later on it will be necessary to be content with what is left, which would cost just as much.

It is to be noted that the holidays will be longer on account of agriculture; the examinations will be sooner, and the distribution of prizes will follow thereupon.

Your, &c.,

Sister Marie Joseph

You will find inclosed herewith a letter which was sent me by the Superior of the Huron convent in connection with prizes at the close of the year for the pupils of that institution.

In view of the fact that the classes will end about May 15, this year, I should especially like to receive authorization from the Department now in order to attend to the purchase of them, and at the same time to have a better choice.

I have to acknowledge the receipt of your letter of the 15th instant enclosing a communication from the Superior of the Lorette school in connection with prizes at the close of the year for the pupils of that institution.

In reply I beg to say that you may expend a sum not exceeding \$12.00 in the purchase of prizes to be given at the close of the school year to the pupils of this school.

It is noted that you state that the classes will end about May 15th this year. You will be good enough to inform the Superior that the school must be kept open until the end of June, next, as the Department's regulations require that day schools be kept open two hundred days each year.

Agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, in the transmission or delivery of an unreplicated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the line, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

Against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

In reply to your letter of the 30th ultimo, addressed to Mr. Sutherland of this Department, I beg to say that the Department cannot approve of an amount being granted to purchase prizes for the Lorette School, to be distributed at the Christmas holidays. The Sister in charge of this school should bring this matter to the attention of the Agent in sufficient time before the closing of the school for the summer holidays in June next, with instructions to have her request forwarded to the Department, when the question of allowing a grant to purchase prizes will receive favourable consideration.

MEMORANDUM.

Mr. Scott,-

In connection with my memorandums of the 13th and 16th instant regarding increases in the salaries to the teachers of the Restigouche Indian Day School and showing the salaries received by the teachers at Lorette and Pointe Bleue I beg to again draw your attention to the amount allowed for salaries to the teachers at the last named schools and would also draw attention to the salaries paid to the teachers at the Bersimis School.

At Lorette the principal and assistant each receive \$250.00 per annum and the bonus, or a combined salary and bonus of \$400.00.

At Pointe Bleue the principal is paid \$300.00 per annum and the assistant \$250.00. They also each receive the bonus of \$150.00, thus making the amount received by the Principal \$450.00 and the assistant \$400.00.

At Bersimis the teachers are paid \$275.00 each and they also receive the bonus of \$150.00, a combined salary and bonus of \$425.00.

The salaries of the two teachers at Restigouche have recently been increased and they receive, from the first of October, last, salaries as follows, principal \$450.00 and the assistant \$350.00.

I would recommend that the salaries of the teachers at the Lorette, Pointe Bleue and Bersimis Schools be increased to the same amount as at Restigouche, as the teachers at all these schools have a large attendance and perform the same duties and they are giving satisfaction in their work. At Restigouche there was an enrolment of 87 pupils with an average of

of about 50; at Lorette the enrolment is 68 pupils and the average attendance 60; at Pointe Bleue the enrolment is 88 with an average attendance of 62 and at Bersimis the enrolment during six months of year is about 96 and for the September quarter, last, the average attendance was 92. During the winter the Indians are away hunting and the enrolment at the Bersimis School is about 25, with an average of 21.

If my recommendation is approved, the salary of the principal of Lorette should be increased by \$200.00 and the assistant by \$100.00; at Pointe Bleue the salary of the principal should be increased by \$150.00 and the assistant by \$100.00 and at Bersimis the salary of the principal should be increased by \$175.00 and the assistant by \$75.00. By allowing these increases the salaries at these three schools will be the same as paid the teachers at Restigouche. There is practically the same amount of work to be done at all these schools and the teachers have the same qualifications. If these increases are approved by you they should date from the first of October, last, the beginning of the present quarter.

Sir,-

I beg to inform you that it has been decided to increase the salaries allowed to the teachers at the Lorette Indian Day School. The principal and assistant at present receive \$250.00 per annum each and, from the first of October, last, the salaries have been increased as follows,- the principal will be allowed \$450.00 per annum and the assistant \$350.00 per annum from the above date. This will provide an increase of \$200.00 in the salary of the principal and \$100.00 in the salary of the assistant. This increase is made in order to equalize the salaries allowed the teaching sisters in the Indian day schools in the Province of Quebec.

You will be good enough to inform the teachers of the increase allowed them from the first of October, last.

Education:

We have found out that the education of our boys and girls is very limited in every way. We would like to know if there would be a possibility to bring to higher grades the schooling of our children, say; give them the opportunity to learn bookkeeping, shorthand, typewriting, specially for the boys.

Dear Sir,-

Mr. J. Omer Bastien, one of the Councillors of the Huron tribe of Lorette, has written the Department under date of September 14, respecting three matters in which the Indians of the reserve are interested, namely, education, sewage system, and unemployment.

Will you kindly explain to Mr. Bastien that the Department is not in a position to provide employment for these Indians, other than in an incidental way in respect to any work that might be carried out on the reserve, such as improvement to roads, etc.

We are not in a position to establish industries. The Government has not provided any money for such a purpose and neither are we able to find employment beyond the limits of the reserve for any Indians who may at the present time be unemployed.

Extracts have been made of those portions of Mr. Bastien's letter dealing with the education and the sewage system and will be dealt with in separate communications. Kindly advise the Councillor accordingly.

Yours very truly,

A. F. MacKenzie

Dear Sir:

I wish to refer further to a communication received from Mr. J. Omer Bastien, Indian Lorette, regarding the providing of higher education facilities for the Indian children of the Lorette reserve, and more especially giving the boys the opportunity to take a business course.

I would point out that the Department is allowing a grant for twelve Indian boys who are attending the Commercial Academy, Loretteville.

Regarding the teaching of higher grades in the Lorette Indian Day School, the Department understands that the pupils are able to advance to the Sixth Grade.

Yours truly,

Dear Sir:

Reporting on his inspection of the Lorette Indian day school on the 13th instant Inspector Letarte states that there are too many pupils in the small class room. He also states that white pupils attend the Lorette school.

Please let me know the number of white children attending the Lorette Indian day school. If the class rooms are crowded as a result of the attendance of these white children you should immediately notify their parents that we cannot provide accommodation for them. This school is intended primarily for Indian children and they must receive first consideration.

Dear Sir:-

Replying to yours of the 28th ultime, bearing number 14-1-1, wish to advise that what Inspector Letarte reported, as to the unfitness of the local Convent, for the number of pupils attending, is quite true. I have asked in my estimates of the last three years, an additional class room, which would cost about \$1,500.00, and would enable the Nuns to make a higher grade, but it was thrown aside every year. As far as the four or five white children are concerned, even if these are sent away, it would afford no relief for space.

Kindly consider this and oblige,

REPRESENTATIVE OF THE TREASURY

Re: Lorette Indian Day School
No. 317

As you are no doubt aware Indian day schools will not be operated for more than 9 months during the academic year 1940-41.

In the majority of cases the schools will be closed for the month of September, 1940.

However, in the case of the Lorette School it will be open for the month of September, 1940, and closed for the month of January, 1941.

As a result the usual monthly salary payments should be made to the teachers for the months of September, October, November and December, 1940, and February to June inclusive, 1941.

Dear Sir:

With reference to your letter of the 25th instant the appointment of Sister St. Aubin and Sister Mary of the Calvary as teachers of the Lorette Indian Day School for the academic year 1941-42 is approved. Salary will be allowed the former at the rate of \$65.00 a teaching month and the latter at the rate of \$55.00 a teaching month.

Last year we allowed several schools to open on September 1 and take the extra month's holidays at a different period during the year. However, this matter was again very carefully considered this year and it was felt that the opening and closing dates of all Indian day schools should be uniform. Consequently the Lorette School should open on October 1, 1941, and close on June 30, 1942.

MR. HOEY

Re: Lorette Indian Reserve

On September 17 I visited this reserve and accompanied by Indian Agent Bastien we inspected the Lorette Indian Day School. This is a very old building two stories high. The two class rooms are on the ground floor and the teachers' living quarters on the second floor. The enrolment at this school is 62 and the class rooms are rather small to accommodate this number of children. However, the whole building was extremely clean and in fairly good repair but the roof will require extensive repairs in the very near future and due to the construction of a new highway in front of the school property the water from the highway drains into the cellar. It will be necessary to construct some kind of a drain to carry the water from the cellar. Indian Agent Bastien is making inquiries regarding the cost of the necessary work and will later advise the Department. If the expenditure recommended by Mr. Bastien is at all reasonable I believe that this work should be done this fall.

While the Sisters in charge of this school have only conducted classes to Grade 6 in the past it is their intention to conduct Grade 7 this year.

For many years it has been the custom to send the best of the oldest boys to the Brothers' School. At this school they take a three-year course which includes considerable commercial work. Indian Agent Bastien was very insistent on the fact that the older boys should be handled by men and in addition he stated that the training they receive at the Brothers' School enables them to secure positions.

When the staff of the Lorette School only taught up to the sixth grade those who attended the Brothers' School had to stay for three years. However, with Grade 7 instruction in our own school it will only involve sending the brighter boys to the Brothers' School for a period of two years.

For the current academic year we have authorized grant of \$30.00 each for 11 boys to attend the Brothers' School. Both the Indian Agent and the Sisters agreed that this was the total number who were entitled to the additional training this year. I pointed out to them that it was unlikely that this number could be increased in future years and I believe they thoroughly understand that in future the Department will only allow a maximum of 11 at the Brothers' School. The tuition fee is \$30.00 a year each.

In addition to the regular academic subjects some vocational training has been given along practical lines and, as a matter of fact, the fence around the school property was constructed by the boys under the direction of the Sister.

We do not appear to have any previous correspondence with reference to their appointment. The last letter we received from you regarding teachers at the Lorette School was dated August 25, 1941, in which letter you stated that Sister St. Aubin and Sister Mary of the Calvary would be in charge of the school for the academic year 1941-42. The Department finds it necessary to forward new copies of the cost-of-living bonus form. The Sisters have made an entry under the head "Allocations". This refers to any extra grant that might be made by this Department and, as we are not making any to these teachers, the answer to this question is "Nil". It would be appreciated if you would have them complete these forms and return them immediately.

Cher monsieur,

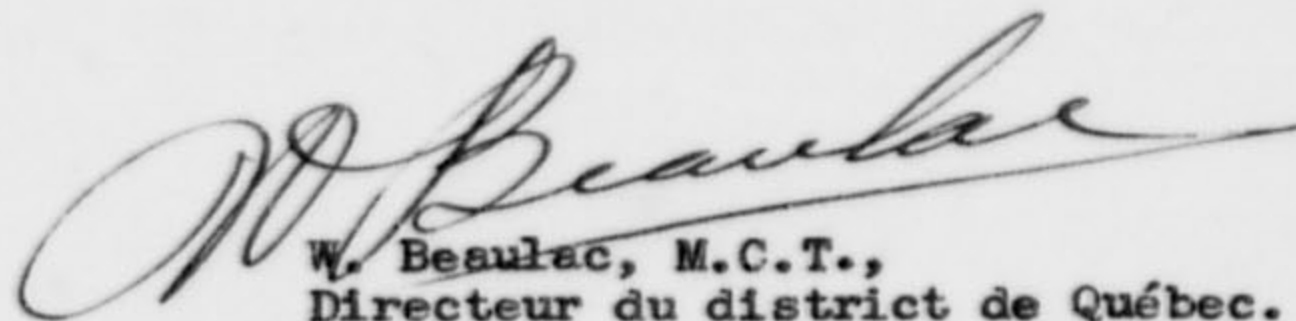

J'atteste réception de la vôtre du 31 écoulé faisant
suite à la mienne de la veille.

Je regrette infiniment que vous ayez pris notre lettre
comme un ordre que l'on donnait à la Réserve Indienne; au contraire,
c'est plutôt une question de courtoisie que vouloir s'immiscer dans les
affaires de la Réserve Indienne de Loretteville.

Pour votre information, je peux vous affirmer que nous
avons suggéré des appareils pour combattre les commencements d'incendie
dans le comté de Gaspé à la Réserve de Maria, ce qui a été approuvé
par l'inspecteur d'Ottawa.

A tout événement, si vous croyez que ceci peut vous causer

I am enclosing for your attention, two letters I have received from the Provincial Government as regards their inspection of the Reserve school. You will also notice on the back of the first letter an answer I have made to them on this subject. If you accept this inspection I would recommend the following for fire protection:

the buying of ten Shur-Stop fire valls at around 3.50 each, this would give them good protection. As far as the roof is concerned it is very old and a new one put in or well repaired, have no idea of exact cost. It is also very hard to get men to do it.

This is just a line to tell you about the children of Mr. Ernest Savard. My little boy, aged 7, has just begun to go to school, his first year, since which time he has been mistreated. He has arrived at school with a tooth broken, the result of a blow from Ernest Savard's little boy, who is much older and bigger. The family of Ernest Savard, who are on the Reserve, are pure Canadians. Several have complained about this family, who pass their time in playing tricks and doing harm everywhere in the village. I told the parents but they pay no attention to their children; they cannot correct them and are obliged to let them do what they like. If this keeps on I shall have to take my children out of school. Please see to the matter as soon as possible. What have things come to that Canadians living on the Reserve have more say than we Indians. The people of the Village all have complaints to make about mistreatment by the Savard family.

This Board would appreciate having particulars with regard to this family who live on a Reserve and also a statement as to whether or not the children are eligible to attend the school on the Reserve.

Application has been made through the Quebec Dependents' Advisory Committee for payment of fees to the Académie St-Louis, Loretteville, P.Q., on the basis that the dependent has to place her children outside of "La Reserve Indienne" as they are not accepted there.

Dear Sister:-

With reference to official letter of Nov. 4th, we have now received the two completed forms. However, it is found that one of them is completed by Sister St. Remi. We have no record of her appointment as teacher at the Lorette School.

In a letter dated Nov. 23, 1945, you stated that you had been appointed Principal of the school and Sister Ste. Charite as assistant.

Please let us know when Sister St. Remi began duties. You should also have completed and returned by her, the enclosed questionnaire form.

Dear Sir:

For your information, I am enclosing a letter from the Superior General of the Saint Damien Convent. Pursuant the visit of the Commission, I told the Superior to get after her Principal and see that we get a teacher that could teach English satisfactorily.

Glad to advise that she has done so, and as the letter says, we will have an English teacher over the ones already teaching French.

Following his last inspection of
your school at the beginning of February, Mr. Doucet
reported that you have made a radical change in your
Course of Studies. You are introducing the teaching
of English where such instruction is not required by
provincial regulations.

The Department does not wish to jeopardize
the success of the pupils in their studies for this year.
We are, therefore, not ready to authorize such radical
changes that may cause the failure of these pupils.
Should there be any changes necessary you will be
officially notified so that they may be made at the

Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa.

Dear Sir,

We acknowledge with thanks your letter of March 4th re: Extra-curricular English being taught in our school. Our delay in answering is due to the fact that we communicated with the general authority at our Mother-House.

We confess to being positively taken aback by your statement that you "are not ready to authorize such radical changes...", in view of the fact that these changes were very high-handedly imposed upon us by your own local Indian Agent, Mr. Maurice Bastien, who gave us the impression that he was acting officially, on behalf of the Department. Our Reverend Mother, early in December, sent a personal representative here to beg Mr. Bastien that these changes be not enforced in the very middle of the school-year, for this placed her in the greatest embarrassment, but he was adamant and threatened to place a masculine lay-teacher in the school unless his requirements be immediately fulfilled.

Furthermore, when, on Jan. 22nd, we remarked to Mr. Bastien that we had received no direct communication from Ottawa asking us to undertake the teaching of English on a larger scale, he replied that that was because he had smoothed out things for us and that the Department (following upon the visit of the Indian Commission last fall) positively required more English to be taught in our school.

Acting in very good faith, and convinced that she was cooperating with the Department, Reverend Mother went to no end of trouble to find a bilingual teacher, and that teacher has been here since Jan. 8th, teaching one and one-half hours a day, absolutely without remuneration!

Mr. A. Hoey, Director. #2

We would like to call your attention to the fact that, to give weight to his arguments, Mr. Bastien very often invokes the existence of a "contract" which is supposed to oblige us to furnish bilingual teachers and bilingual teaching such as is done in the separate schools of Ontario. Neither Reverend Mother nor myself have any knowledge of such a contract nor can find any trace of it in the Community archives. Now, if such a contract exists, we suppose it to have been passed by former superiors with the Department at Ottawa, and you would greatly oblige us by sending us an exact copy. If, on the other hand, such contract was passed with Mr. Bastien, did he have the right to include clauses which are in contravention with the School Laws of the Province? At any rate, should such be the case, will you please oblige us by asking Mr. Bastien to send you an exact copy of this document, and forward same to us? We shall be very grateful if you can elucidate this "contract" question once and for all.

In accordance with your letter, we have of course resumed the teaching of English exactly in accordance with Provincial requirements, i.e., two hours a week, in grades six and seven, only.

We greatly regret that we can produce no written document to substantiate the above affirmations. All arrangements were made verbally with the Indian Agent. On our part, as we are always very straightforward in our dealings, we had absolutely no idea that we were being taken in.

Please excuse the almost unreasonable length of this missive. In all justice to our Community we feel that these explanations are necessary.

Awaiting your further good pleasure and eager to receive a copy of the "contract" which we know you will have the courtesy to send us, I remain,

Yours very sincerely,

S. Ste Jeanne d'Arc. Pline.

Reverend and dear Sister:

We received your cheque No. 1457 for \$153.10, dated March 2nd in favour of the Minister of Mines and Resources. Attached to this cheque is a typewritten slip stating "Amount of Account rendered May 6, 1947, Germaine Blouin, (Sister St. Jeanne d'Arc)".

We have been unable to determine to what account this money should apply and we would appreciate it if you would let us have more information at the earliest possible date.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

Reverend Sister:

Please find attached your salary letter for the academic year 1948-49.

It is presumed that Sister Sainte Jeanne d'Arc has resigned as teacher at the Lorette Indian Day School and that she will be succeeded by Sister Ste. Louise. It would be appreciated if you could confirm this fact, as soon as possible. Would you have Sister Ste. Louise complete the attached Employee Questionnaire form, so that she can be taken on our payroll in place of Sister Sainte Jeanne d'Arc.

Sincerely yours,

Memorandum:

COLONEL NEARY.

Inspection of Lorette Indian Day School.

Accompanied by Superintendent Bastien, I visited the two classrooms of the Lorette Indian Day School. There are sixty pupils enrolled and I am told that there are quite a few that should attend but do not because of lack of accommodation. In order to make a clear picture, I have asked the Superior to send me a list of all the pupils of school age that are not enrolled at the school but are enrolled in some Provincial school or other institution of learning and also those who are not attending any school whatever. I am inclined to believe that this situation can be remedied without increasing our educational facilities at this place. It must be remembered that Lorette is far advanced in the field of assimilation and I believe, it would be a mistake to try to retard this improvement by isolating them in the field of education.

I promised to return to this Reserve some time in the Spring in order to study this situation a little better and also to consider the problem of repairs to the roof, of the school. This is an old building probably fifty years old and due to war conditions certain repairs were neglected. The leakage takes place in the valleys along the dormer windows. The main roof has been thoroughly repaired. It would even be necessary to repair the slanting portion as this building is a French roof style.

I have asked the Agent to clear the snow from these portions as soon after the snow falls as possible so as to prevent its seepage into the interior.

The teachers have drawn my attention to the difficulty of teaching several grades, especially the higher grades. In the senior room at Lorette grades, 4, 5, 6 and 7 are taught. I can not agree that this is exceptionally heavy work. However, we know this is a problem that has to be solved in many of our schools and is one which has been met adequately in a number of them by the adaptation of methods different from the traditional methods used at some schools. The number enrolled in this school in each grade would not justify us making a new class in order to re-divide these pupils. There are only thirty-three in the senior room.

It is regrettable that these schools can not be visited more frequently in order to guide these teachers in the division and teaching of the various classes. However, this is a question of personnel and may some day be remedied.

Respectfully submitted,

A.J. Doucet,
Supervisor of Vocational Training.

Sir:

I have to acknowledge receipt of your letter of the first instant, informing the Department that the salary of the teachers of the Lorette Indian Day School has not yet been received, for the quarter ending June 30th, last.

In reply I beg to inform you that the quarterly return for that quarter, showing the attendance, days taught, etc., has not yet reached the Department. Salary cannot be paid until the quarterly returns of the teacher are received. You have previously been instructed to have the teachers prepare their returns and hand them to you. You should then certify that they are correct and send them to the Department, at the same time as you forward vouchers for their quarterly salaries.

Kindly have the returns for the June quarter forwarded at once, and when received, payment of salary and bonus for that quarter will be made.

Ottawa, October 2, 1923.

Sir,-

I have to acknowledge the receipt of your letter of the 27th ultimo, enclosing the pay-list for the quarter ending September 30th from the teachers of the Lorette Indian Day School.

In reply I beg to say that the quarterly returns, showing the attendance, days taught, etc., should be prepared by the teachers and handed to you for your signature and then forwarded to the Department for payment.

It is not necessary for you to forward a pay-list for the teachers as these forms are typed in the Department when the quarterly return is received.

As you were informed in official letter of August 4th, last, salary cannot be paid until the quarterly return is received. You should, therefore, have the teachers at the Lorette School prepare their returns for the quarter ending September 30th and you should then forward same to the Department. When these are received payment of salary and bonus due will be paid.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

Madam,-

Mr. Agent Bastien has forwarded to the Department the returns for the Lorette Indian Day School for the quarters ending December 31, 1923, and March 31, 1924. These returns have been accepted and cheques for the salary and bonus due will be sent.

I would point out that the quarterly returns should be prepared promptly at the end of each quarter and forwarded to the Department through the office of the local Indian agent.

In the past the returns from your school have been considerably delayed and I trust that, in future, you will prepare and forward them promptly as desired by the Department.

In checking the returns just received, it is noted that they have not been properly made out. In the preparation of the returns I would draw your attention to the "Instructions to Teachers", which appear on the first page of the return. When preparing your returns, in future, you should comply strictly with these instructions.

Sir:

I have your letter of the 3rd instant, informing the Department as to the teachers that have been secured for the Lorette Indian Day School for the present school year.

In reply I beg to say that the appointment of Sister St. Pierre and Sister St. Sauver as teacher and assistant teacher, respectively, is approved. The salaries allowed will be at the same rate as previously paid, viz., \$60 per teaching month for the teacher and \$50 per teaching month for the assistant teacher.

It will not be necessary for you to enter their names on your pay list, or to forward vouchers for the payment of their quarterly salaries. These vouchers are prepared in the Department. You should, however, see that the teachers prepare their quarterly returns of attendance, etc., promptly at the end of each quarter, and you should certify them and forward to the Department when payment of salaries will be made.

Monsieur,

Depuis que l'hiver est
 commencé les institutrices de l'école
 de Lorette se sont plaint à moi et
 m'ont fait remarquer que dans toutes
 les municipalités scolaires l'allumage
 quotidien des poêles des classes était
 payé par les municipalités.

Jusqu'à présent, vu qu'une
 famille privée occupait une partie
 de la maison d'école où se trouve
 maintenant la nouvelle classe di-
 rigée par M^{lle} St. Amand, M^{lle}
 Dubeau alors seule institutrice, venait
 allumer le poêle de sa classe et
 passait de suite dans le logement
 privé de cette famille.

Cet avantage n'existe plus
 cette année et il est urgent que
 les poêles soient allumés quand
 les maîtresses & les élèves arrivent
 à l'école afin de ne pas faire
 perdre de temps aux uns et
 aux autres.

J'ai pris sur moi, de faire

Monsieur,

J'ai l'honneur de vous trans-
mettre, conformément à la demande
que m'en a faite M. D. C. Scott, lors
de sa dernière visite à l'école du
Village Huron, le 14 Novembre dernier,
l'estimation des travaux supplémen-
taires qui doivent être faits à l'école
d'après la suggestion de M. Scott.

1^o Les frais de démolition du mur, le boisage des ouvertures faites au plafond, par telle démolition, le passage d'entrée, le vestiaire & ferrures, crochets etc, couleront, d'après l'estimation d'un menuisier compétent, la somme de \$25⁰⁰, matériaux compris.

2^e Le peintre, en fournissant les matériaux nécessaires pour peindre les nouveaux travaux et ajuster la peinture à tableaux noirs sur les murs, charge \$8.00.

Il faudra vider et désinfecter
le lieu d'aisance des filles qui se
trouve actuellement dans le rez-
de-chaussée de la maison d'école
où

où en faire construire un nouveau
en dehors de la bâtisse. Cela cou-
terait \$4.00 pour vider, laver &
désinfecter le lieu d'aisance actuel
tandis que pour en faire construire
un nouveau, il faudrait payer
au moins \$6.00.

Le passage d'entrée que je
mentionne dans le 1^{er} item est
absolument nécessaire afin d'affaiblir l'échelle des deux classes, ce
qui est indispensable & peu dispen-
dieux.

En sorte que les réparations
suffisantes coûteraient au plus \$39.00.

J. C. Scott, Esq;
Département des affaires Indiennes

Cher Monsieur,

Par votre lettre du 20 Décembre dernier, N° 152188/5, vous m'informez que le Département ne peut consentir à ce ^{que} j'occupe la moitié du rez-de-chaussée de l'école du village de Lorette, local absolument inoccupé & d'aucune utilité pour l'école ni pour qui que ce soit.

J'avais l'intention d'occuper ce local, non pas comme "Store House", mais pour y déposer quelques boîtes vides & quelques effets dont je ne me sers pas habituellement dans le Commerce.

Je ne veux pas, dans ces quelques remarques que je fais personnellement, en ma qualité de Sauvage Huron, forcer la main du Département à ce sujet; et, n'eût été le refus impresse & non motivé de ma demande, j'aurais volontiers gardé le silence.

Ma demande était si simple & si naturelle que je n'ai pas cru devoir mentionner dans ma lettre du 14 Dec. dernier, que j'avais, au préalable, obtenu des chefs de la tribu, la per-

Mission écrite d'occuper gratuitement
cette moitié du rez-de-chaussée de
l'école dont l'occupation ne peut
nuire à personne.

Ce refus me met d'autant plus
en humeur qu'en ma qualité de sau-
vage Huron j'ai bien le droit d'occuper
un terrain qui m'appartient autant
qu'à qui que ce soit de la tribu. Sans
doute, quand il s'agit du terrain
de la réserve, il est reconnu que les
blancs ont le monopole des privilèges.
Lorsqu'en 1890, M. Henry O'Sullivan,
un blanc, a voulu obtenir la per-
mission de prendre de l'eau du
pouvoir de la Rivière St. Charles qui
longe la réserve, pour en approvisionner
sa résidence, malgré que le Départe-
ment eût fixé un loyer annuel de
\$15.00 avec un cautionnement pour
le double de ce montant, le Départe-
ment est revenu sur sa décision
et a fratieusement & gratuitement
mis ce pouvoir d'eau à sa disposition.
(Voir Correspondance inachevée de 1889 &
1890, N° 3322.)

J'ignore à quelles conditions
a été passé en 1890 le bail de M. J.
Reid, un autre blanc, pour occupa-
tion de la Rivière St. Charles près de
son moulin à papier; il était question
dans le temps, et les chefs avaient

décidé de lui faire payer \$50.00 par année. La Correspondance sous le même N^o est aussi restée inachevée. Mais, Je sais qu' alors M. Reid fit passer sur la Réserve un aqueduc pour son utilité personnelle et le Département s'empressa d'accepter la condition d'une piastre par année sufférie par les Chefs (voir même Numéro de Correspondance).

M. Hamel a occupé pendant plusieurs années non seulement la partie du rez-de-chaussée dont Je demande l'occupation, mais tout le rez-de-chaussée & la moitié du 1^{er} étage où se trouve actuellement la nouvelle classe & tout le grenier de l'école, sans que le Département, que Je sache, n'y ait fait aucune objection. M. Hamel était aussi un blanc.

Les Messieurs de la Compagnie du Chemin de fer Québec & Lac St. Jean sont aussi des blancs puisqu'ils ont, sans difficulté, obtenu la remise des dommages causés sur la Réserve des 40 arpents par le passage de leur voie ferrée, sans avoir jamais obtenu la permission ni l'autorisation du Département.

C'est probablement aussi ma qualité de sauvage qui m'empêche de recevoir un salaire raisonnable dont J'ai demandé l'augmentation.

à la requête du Missionnaire & des
Chefs & avec l'influence et la recommen-
dation des Ministres les plus influents
du Gouvernement de Québec.

Le démentement de la propriété
Huronne et des droits que les Hurons pos-
sèdent m'est plus sensible que tous
les refus que je peux subir.

Et si en ma qualité de sauvage
Huron je fais ces remarques, ce n'est pas
dans le but d'enfaser le Département
à revenir sur sa décision qu'il m'a ma-
nifesté par sa lettre du 20 Déc. Je puis
me dispenser de cette faveur qui n'en est
pas une, puisque, avec la permission
des Chefs j'ai droit d'occuper ce local,
sauf ratification par le Département
et pourvu qu'il n'en résulte aucun
inconvenient pour l'école. Mais je
tiens à faire remarquer que, bien
que sauvage non civilisé, je
comprends parfaitement ce que c'est
qu'un refus et comment se don-
nent les faveurs.

J'ai l'honneur d'être,
Monsieur,
Votre obéissant serviteur,

D. C. Scott, Esq.,

Department of Indian Affairs,
Ottawa.

I wish to say that the letter under which I was sent to the village of Lorette, was in fact a letter from the Department of the 20th Dec. 1895, in which I was informed that the Department could not consent to my occupying half of the school at the village of Lorette, as it was actually a school and not a store-house, and of no use for anything but the school for to any one. I intended occupying this not as a "store-house," but for keeping empty boxes and such things as I might not be frequently using in business. I do not wish by these remarks, which I make personally as a Huron Indian, to force the hand of the Department in the matter, and had it not been for the emphatic refusal not called for by my request

I should have willingly kept silent. My request was so simple and so natural that I did not think it necessary to mention in my letter of the 12th Dec last that I had previously obtained from the chiefs of the tribe written permission to occupy without charge this half of the basement of the school the occupation of which would not harm any one.

This refusal makes me more inclined inasmuch as in my quality as a Huron Indian I have a full right to occupy a piece of land which belongs to me as much as to any one else in the tribe. There is no doubt as far as land on the reserve is concerned that it is recognized that white men have a monopoly of the privileges. When in 1890 Mr. Henry O'Sullivan, a white man, wished to obtain permission to use water power of the St. Charles River, which borders on the reserve for the supply of his own house,

in spite of the fact that the Department had fixed an annual rent of \$15⁰⁰ on security for double that amount, the Department went back on its decision and graciously and gratuitously placed this water-power at his disposal (See correspondence, unfinished, of 1889 and 1890, No. 3322)

I am not aware what were the conditions on which a lease was issued in 1890 to Mr. J. Reid, another white man, to occupy the St. Charles River near his paper-mill; it was a question at the time, and the chiefs decided to make him pay \$500⁰⁰ a year. The correspondence under the same number has also remained unfinished. But I know that then Mr. Reid put on a aqueduct through the reserve for his personal use and the Department at once accepted the condition of \$1⁰⁰ a year suggested by the chiefs (See the same number of correspondence)

occupied not only the part of the cellar for the use of which I ask, but the whole of the cellar and half of the ground floor where the class-room now is and all the garret, without the Department making any objection, as I am aware. Mr. Samuel was also a white man.

The gentlemen of the Quebec & Lake St. John Railway Company are also white men, since they without difficulty they obtained a remission of the damage done on the Quarete. Repente Reserve by the passage of their railway, without ever obtaining either permission or authority from the Department.

It is probably also my quality of being an Indian which interferes prevents my receiving a reasonable salary an increase in which I asked for at the request of the missionary and the chiefs with the influence and recommendation of the most influential ministers of the Quebec

(5)
Government.

This breaking up of the Huron property and of the rights possessed by the Hurons I feel more than all the refusals which I can suffer.

And if in my quality of being a Huron Indian I make these remarks, it is not with the object of making the Department go back on its decision that it intimated expressed to me in its letter of the 20th Dec. I can dispense with this favour, which is not one, since with the permission of the chiefs I have a right to occupy this basement except the ratification of the Department and provided that no inconvenience would result to the school. But I must remark that, although only an uncivilized Indian, I understand perfectly what a refusal is and how favours are given.

Yours, &c.

 J'inclys les Comptes en conséquence.
 1^o Le compte de M. Onésime Fiset pour
 la menuiserie est de \$28.30 au lieu de
 \$25.00, vu que l'entrepreneur a été
 obligé d'acheter 4 feuilles de tuya
 à 20¢ chacune nécessités par le
 déplacement du poêle au centre de
 la classe, & de plus, afin d'éviter
 le bris des vitres par les élèves, j'ai
 fait placer, à la demande des deux ins-
 titutrices, dans chaque basse vitre de
 6 chassis, des planchettes en bois dont
 le coût est de \$1.50; il m'a ensuite
 fallu faire poser au bas de chaque
 tableau noir sur les murs, des tablettes,
 pour lesquelles le menuisier a chargé

Comprises dans l'estimation envoyée au
Département. Ce qui porte son compte à
\$28.³⁴ 2^e Le compte de M. Joseph Falardeau,
peintre, est aussi de \$10.⁰⁰ au lieu de
\$8.⁰⁰, vu que lors de l'entreprise, il était
impossible de prévoir que pour appliquer
le vernis a tableaux noirs, il fallait
donner trois couches et polir deux fois
au papier sablé, suivant la direction
donnée sur les canistres de vernis que
le Département m'a envoyés et men-

3^e Le nettoyage et le blanchissage des

Il y a de plus un compte addi-

Sir:-

In compliance with your letter of the 19th Dec. last, No. 15218A^e, I had the work done at the Lorette school suggested by Mr. D.C. Scott of the Department and an estimate for which I gave in my letter of the 7th Dec. I therefore enclose the accounts.

1. The account of Mr. Anesime Fiset for carpentry work is \$28³⁰ instead of \$25⁰⁰ on account of the contractor being obliged to buy four lengths of pipe at 20¢ each, necessitated by the removal of the stove to the middle of the room, and moreover in order to prevent the boys from breaking the windows, at the request of the two teachers I had placed across the lower part of each window of six panels strips of wood at a cost of \$15⁰⁰ each;

then I had to have small shelves placed at the bottom of each blackboard on the walls for which the carpenter charged \$1⁰⁰, extra expenses unforeseen and not included in the estimate sent to the Department, which brings the account up to \$28³⁰.

2. Also the account of Mr. Joseph Calardeau, painter, is for \$10⁰⁰ instead of \$8⁰⁰, as at the time of making the contract it was impossible to foresee that in order to apply the varnish to the blackboards it would be necessary to give three coats and to polish twice with sand paper in accordance with the directions given on the can of varnish which the Department sent me and mentioned in my letter of the 19th Nov. 1895, No-152188⁴.

3. The cleaning and whitewashing of the closets for the little girls cost \$4⁰⁰ as mentioned in my letter of the 7th Decr.

There is also an account of \$1⁰⁰

for cleaning and washing the class-room and furniture with brush and soap after the repairs had been finished.

I hope the Department will approve these several accounts, for the work has been done to my entire satisfaction.

THIS LETTER HAS BEEN SENT

Ottawa 1st February 1896

Sir,

well

I have to acknowledge the receipt of your letter of the 7th Ultimo respecting your application for permission to occupy half of the Basement of the School House at Lorette as a Storehouse; and in reply I beg to inform you that the tone of your letter is such to be deprecated and shows a misconception of the policy of the Department with regard to the Huron Indians of Lorette and it is hoped that you will not again transgress against the rules of propriety in any future communication to the Department.

Mr. Ami

As regards the question of ~~the~~ giving you permission to use the basement of the school, I may say that the Department's letter to you of the 20th ~~December~~ last was written under the impression that the basement was to be used as a general storehouse for your merchandize and that the school might in consequence be disturbed by the handling of goods at all hours of the day. As it now appears that such was not your intention, but that you merely required the space for storing empty boxes and such other things as you would not require to use frequently in connection with your business, there will be no objection to the permission sought being granted more especially as the Chiefs have given their sanction

I regret very much having exposed myself to the severe remarks which you make in your letter of the 1st Feb. inst., No-1521896; but it seems to me that my letter of the 14th Dec. last did not leave any ambiguity as to the use which I wished to make of the half of the basement of the school house. Monsieur,

Par votre lettre du 7
 Dec. 1895 N° 152188/5, vous approuviez
 les conventions faites dans ma lettre
 du 26 Novembre par lesquelles les 2
 poêles des classes de l'école du Village
 seraient allumés à raison de \$6.00 pour
 la saison d'hiver.

Je vous transmets le compte de
 Charles Froslouis qui a fait la besogne.
 J'ai ajouté à ce compte celui qui lui est
 dû pour avoir monté & démonté les
 deux poêles & tuyaux dans les deux
 classes et qui s'élève à \$1.50 pour le
 tout.

J'ai cru ne devoir faire qu'un
 seul compte et pour \$7.50 vu que cette
 somme est due à la même personne
 et est relative à la même affaire.

Sir:-

In your letter of the 7th Dec. 1895,
No. 152188⁵, you approved the arrangements
mentioned in my letter of the 26th Nov.
by which the two stoves for the
class-rooms of the village school
were to be let at the rate of \$6⁰⁰ for
the winter.

I transmit you the account
of Charles Grosclouis, who did the
work. I have added to this account
what is due him for putting up and
taking down the two stoves and pipes
in the two class-rooms, amounting
to \$1.50 in all.

I thought it better to make one
account for \$7.50, as this amount is
due to the same person in connection
with the same matter.

Messieurs,

J'ai l'honneur de vous soumettre le projet des réparations qui devraient être incessamment faites en face de la maison d'école du Village de Lorette.

Le rez de chaussée de l'école se trouve inférieur au niveau du chemin public et dans la crue des eaux et surtout dans les saisons d'automne & printemps, l'eau s'amoncelle dans cet étage à près de deux pieds, fait que j'ai constaté moi-même, et cause des dommages à la maison. Il faudrait alors faire un canal d'écoulement devant la maison de manière à écouler l'eau de l'autre côté du chemin public.

J'ai fait visiter les lieux et estimé les travaux à faire par un ouvrier habile à cet ouvrage qui me dit que les travaux nécessaires coûteraient au moins \$9.50; à même ce montant je pourrai faire réparer les closets qui sont en très mau-

-vais ordre, poser les vitres cassées
dans le rez-de-chaussée et rendre
cet étage convenant à la maison.
Il faudrait pour cela faire un
canal d'à peu près 50 pieds de
longueur sur une profondeur de
3 pieds en dessous du chemin
publié qui est macadamisé, faire
une épave de maçonnerie aux
ouvertures du canal et poser
sur la longueur du canal une
boîte en madriers de 3 ponce.

La soumission faite me
paraît être excessivement minime
vu les travaux à faire et qui
sont urgents, la saison d'au-
tomne étant déjà avancée.

Le Département voudra bien
m'autoriser à cette fin le plus
tôt possible.

Sir:-

I have the honour to submit
the project ^{respecting} of repairs that have constantly
to be made on the front of the school-
house in the village of Lorette.

The ground-floor of the school is
lower than the level of the public
road and when the water rises, especially
in spring and fall, ~~the~~ it covers this
floor for a height of about two feet—
a fact that I have seen myself and
causes damage to the house. It is
therefore necessary that a drain should
be made to conduct the water down
the other side of the road.

I visited the spot and obtained
an estimate of the work to be done from
a mechanic familiar with such work:
he tells me that the necessary work will
cost at least \$9.50. For this amount

the closets, which are in a very bad condition, can be repaired, the broken windows on the ground floor put right, and this floor made ~~habitable~~ ^{proper} for the house. For this purpose it would be necessary to dig a drain about 3 feet deep and 50 feet long ~~below~~ ^{underneath} the public road, which is macadamized, and to build some ^{masonry} at the openings of the drain, which should be enclosed in a box of 3 inch plank.

The tender made seems to me to be very low considering the work to be done, which is urgent, the fall being already well on.

Will the Department kindly authorize me in the matter as soon as possible.

Monsieur,

Le mur de séparation de la classe des garçons dans l'école du village sauvage de Lorette doit être incessamment réparé. La plus grande partie du crépit du mur est tombée, et ce par le travail de la maison qui creuse au milieu

J'ai fait examiner les travaux à faire par un menuisier et par un peintre; le menuisier estime à \$5.00 les travaux à faire, et le peintre me dit que la peinture et la main-d'œuvre coûteront \$3.00.

Il est préférable, vu le travail de la maison, que ce soit fait en bois qui durera beaucoup plus que le crépit.

Si le département m'autorise à faire faire ces travaux de suite, ces travaux pourront être faits avant l'ouverture des classes.

J'attendrai les instructions du département à ce sujet.

Sir:-

The partition wall of the boys' class in the Lorette village school has to be repaired constantly. The greater part of the rough-cast of the wall has fallen down owing to the straining of the house, which is sinking in the middle.

I got a carpenter and a painter to examine and ascertain what work has to be done. The carpenter's estimate is \$5.00, and the painter told me that the paint and putting it on would cost \$3.00.

It would be better on account of the sinking of the house that the work should be done in wood, which will last much longer than rough-cast.

Monsieur,

J'ai l'honneur de vous transmettre le compte de M. Charles GrosLouis qui a fait les travaux de menuiserie et de peinture au mur de division de la classe des garçons de l'école des Sauvages de Lorette, tel qu'autorisé par la lettre du département en date du 27 Aout 1897, No.-152|188-5.

Il m'a été impossible de faire faire ces travaux à temps pour l'ouverture des classes au mois de septembre dernier, l'ouvrier entrepreneur ayant été forcément obligé de s'absenter. M. GrosLouis étant un menuisier sauvage, j'ai préféré lui conserver l'entreprise pour laquelle d'ailleurs un autre aurait chargé plus cher.

Voyant que les travaux ne pouvaient être faits sans retarder la classe, j'ai disposé les cartes géographiques et les tableaux sur le mur en question de manière à en cacher les défauts, la propreté ni le confort de la classe n'en ayant aucunement souffert.

J'ai fait faire les travaux pendant les quelques jours de la vacance de Pâques, et ces travaux sont maintenant faits et très bien faits pour le montant autorisé.

J'ai l'honneur d'être,

Sir,

I have the honor to transmit Mr Charles Grosblom's account for minor work & painting done to the partition in the boys room in the Indian School at Lorette which was authorized by official letter dated 27 Aug 1897 to 1898-5

It was not possible to have this work done in time for the opening of the school in Sept last the contractor being obliged to leave Mr Grosblom being an Indian carpenter I preferred to employ him & besides he did not charge as much

As the work could not be done without interfering with the class I had the maps & desks placed as to hide the defects the class was put out to no inconvenience

I had this work done during the Easter holidays & the work has been well done for the amount authorized

Monsieur,

J'ai l'honneur de vous demander l'autorisation nécessaire pour faire exécuter les travaux requis à l'école du Village huron de Lorette et acheter les matériaux décrits dans la liste cy-incluse.

Les travaux sont urgents. Le tambour de la classe des garçons ne tient plus; 10 pieds de la galerie qui contourne cette classe sont en ruine et tombés et les lieux d'aisance de cette même classe ont besoin de beaucoup de réparations.

J'ai fait estimer le coût de ces travaux par un menuisier expert qui demande le prix mentionné dans ma dite liste pour l'exécution de ces travaux.

Je crois que le Département s'empressera de répondre à la demande d'autorisation que je lui fais, vu que les travaux sont urgents.

Sir,-

I have the honour to ask
for authority to have some
necessary work done to the
school at the Huron village
of Lorette and to purchase the
materials mentioned in the
inclosed list.

The work is urgent. The
parch for the boys' room will
no longer hold together; ten
feet of the gallery surrounding
this room is in ruins and fallen
down; and the privies for the
boys are in great need of
repairs.

I got an expert carpenter
to make an estimate of the
work, and he asks the price
given in the list.

The Secretary:-

In reference to Rev. Father Giroux's letter to Hon. Mr Fitzpatrick on the subject of repairs which he states should be made to the school-house in the Huron Village of Lorette, I beg to say that plans and specifications showing the required repairs were received from Father Giroux yesterday.

His estimate of the cost of the work is \$525.00 .

I know of no funds that would be available for this purpose, as there is no provision in the estimates for any repairs to this school, and the capital of the Band, which amounts to only about \$4000, would hardly stand this outlay, as the Indians already pay about \$80.00 a year for supplies, fuel and inspection of the school.

In May last when it was decided to place the school under the control of the Sisters after the holidays, Mr Agent Bastien was directed to inform Father Giroux that the Department was not to be put to any additional expense in the way of salary or equipment.

Rev. Sir,

I have to acknowledge the receipt on the 3rd instant of plans and specifications for the proposed repairs and alterations to the schoolhouse in the Huron village of Lorette, the cost of which you estimate will amount to \$525.00.

In reply I beg to say that the Department could not provide such an amount even if it were thought advisable to expend that sum in patching up an old building, as there is no grant for the purpose and the small amount of money which the Lorette Indians have to their credit would not stand such an outlay.

I may add that when it was decided to place this school under the control of the Sisters, it was understood that the Department was not to be put to any additional expense in any way, and Mr Agent Bastien was directed to so inform you.

The Department recognizes, however, that some repairs are necessary to make the schoolhouse comfortable and in order to put the building in good repairs

In connection with previous correspondence relative to the transfer of the Lorette Indian school to the Sisters I beg to say that an application has been received from the Rev. Guil. Giroux of that place for the expenditure of the sum of \$525.00 in repairing the present school building. The reverend gentleman forwarded plans and specifications of the proposed alterations with his application, which documents are sent herewith for your information.

Mr Giroux has been informed that the Department could not provide such an amount, even if it were thought advisable to spend that amount in patching up an old building, as there is no grant for the purpose and the small amount of money which the Lorette Indians have to their credit would not stand such an outlay.

He was also informed that when it was decided to place this school under the control of the Sisters, it was on the understanding that the Department was not to be put to any additional expense in any way.

habitable, and it will therefore consent to the expenditure of the sum of \$200.00 for this purpose on the distinct understanding that this amount is not to be exceeded on any pretence whatever.

You may consult with Father Giroux and see how the repairs suggested by that gentleman can be modified so as to bring the cost within the amount of the contribution above specified.

Kindly advise the Department before proceeding with the repairs, what work is proposed to be undertaken.

dans un état convenable.

Nous croyons M. Giroux et moi qu'en éliminant la peinture qui était comprise dans le montant de \$525.00, nous pourrions mettre cette bâtisse dans un état convenable et faire consentir le contracteur de la menuiserie à attendre pour la balance qui serait allouée l'an prochain. La raison qui nous fait faire cette demande, est, que le toit est défectueux, très bas, peu logeable et qu'il faudrait de toute nécessité le remplacer par un comble français, afin de donner un logement confortable aux sœurs et avoir deux classes suffisamment grandes et bien ventilées pour le besoin hygiénique de l'école.

Le Département devrait donc en conséquence, si possible, accorder la présente demande en nous assurant un nouvel octroi de \$200.00 l'an prochain.

J'attendrai votre réponse à ce sujet pour vous transmettre une nouvelle spécification pour les travaux à être entrepris.

Sir,-

I beg to acknowledge the receipt of your letter of the 5th inst., sending me for my information plans and specifications for repairs to the schoolhouse at Lorette and informing me that the Department cannot grant the sum of \$ 525.00 ~~as~~ asked for by the Rev. Guill. Giroux for repairs to the schoolhouse, but that it is prepared to provide the sum of \$200.00

In reply I beg to say that I have just seen Rev. Mr. Giroux, whom I was not able to see sooner as he had been away from Lorette, and he requested me to write to you and ~~to~~ ask whether the Department, which has agreed to grant \$200.00 this year, would not be prepared to grant another sum of \$200.00 next year in order to put the school into proper condition.

We believe, Mr. Giroux and I, that by leaving out the painting, which was included in the amount of \$525.00, we should be able to put this building in a proper condition and to get a contractor for the carpent~~ry~~^{ing} work to wait for the remainder which would be granted next year. The reason why we make this request is that the upper part of the house is defective, is very low, it is hardly habitable, and it is really necessary that it be replaced by a French roof in order to afford proper lodging for the Sisters and and to have two class-rooms sufficiently large and properly ventilated for the health of the school.

The Secretary:-

On the 5th instant Mr Agent Bastien was informed that the Department would consent to the expenditure of the sum of \$200 for the purpose of making the schoolhouse at Lorette habitable for the Sisters, who are to take charge after the summer holidays, and that this amount was not to be exceeded. He has written to say that ~~the~~ original estimate of Father Giroux of \$525.00 could, by leaving out the painting, be reduced to \$400.00, which Father Giroux is willing to expend, if the Department will agree to grant him another \$200.00 for this purpose next year.

Both Father Giroux and Agent Bastien claim that \$200.00 would not be sufficient while I understand that the Department was told that \$200.00 properly expended would provide suitable accommodation.

As I have before pointed out there is no money specially available for this purpose and the grant of \$200.00 would have to come out of the General School Vote, and if more is allowed it will have to come from the same source.

In reply to your inquiry I have to say that there was no special vote for the \$200.00 proposed to be expended for repairs to the school in the Huron Village of Lorette.

The Accountant of the Department gave it as his opinion that \$200.00 but no more than that amount could be spared from the general vote for schools in Ontario and Quebec, and the Indian Agent was informed on the 5th ultimo of the amount available for repairs to the school.

Monsieur,

Relativement aux changements dans l'école des Sauvages de Lorette, j'ai l'honneur de répondre à votre lettre du 7 Aout dernier et spécialement au dernier paragraphe de votre lettre du 5 Juillet aussi dernier et qui se lit comme suit: "kindly advise the Department before proceeding with the repairs, what work is proposed to be undertaken".

Le Département a décidé de ne dépenser que la somme de \$200.00 pour les réparations nécessaires à rendre l'école convenable aux religieuses qui doivent y enseigner. Nous pouvions faire les réparations de première nécessité pour \$200.00 et les spécifications que je vous inclus ne sont que pour ce montant. Il était évident, cependant, que cette somme était insuffisante pour faire face aux dépenses requises pour faire un travail complet, et le Département aurait constaté par lui-même, sur inspection, que cette somme n'aurait pas été efficacement dépensée.

Dans l'intervalle et presque aussitôt après le consentement manifesté du Département de dépenser \$200.00, l'Honorable Solliciteur-Général, M. Fitzpatrick, de passage à Lorette, mis au courant de toute l'affaire, dévoué comme toujours aux intérêts de son comté et spécialement de la tribu huronne, voulant lui donner un témoignage de sa considération, a généreusement souscrit personnellement la somme de \$200.00 pour la perfection des travaux, de sorte que, sur sa spéciale re-

commendation, et après entente avec le Missionnaire, les travaux ont été immédiatement commencés pour la somme de \$400.00. Ces travaux ont été ^{donnés} à un entrepreneur habile et seront complétés sous peu, le Département n'ayant pas à dépenser plus que \$200.00 et devant avoir des travaux de première classe.

J'ai cru que c'était le désir formel de l'Honorable Solliciteur-Général que ces travaux commencent immédiatement, vu surtout que le temps était court et que l'entrepreneur pouvait au moment même disposer d'un bon nombre d'ouvriers.

Je désirais rencontrer de nouveau l'Honorable Solliciteur-Général, avant de donner ces informations au Département qui, je l'espère, aura le tout pour agréable.

All the inside of the class-room to be wainscoted in pine boards beaded 1 inch.

The plastering to be filled in with sawdust and the same to be placed over the ceiling. The stair to be made with a landing and balustrade above and two doors at the foot of the stair, one for the class-room below and the other for the upper class-room.

To fill up the door on the North-East side and to make closets with a door leading to them from each story, and to remove the old closets and the landing, and to make a new ^{stair} ~~story~~ leading from the gallery on the chimney side.

To repair whatever is out of order in the gallery and to repair the roof of the building.

To reset the cross-beam below and to set up another on the first story with two pillars.

To repair the window-frames and glass, and to replaster them on the ground floor, and to divide the old class-room above into three apartments with two doors, and to do other little peices of work of small importance that may be necessary, I bind myself to do this.

All the work shall be finished and handed

M

Sir,-

Referring to the alterations to be made in the Indian school at Lorette, I have the honour to reply to your letter of the 7th August last, and especially to the last paragraph of your letter of the 5th July, which reads as follows, "Kindly advise the Department before proceeding with the repairs what work is proposed to be undertaken".

The Department decided not to expend more than the sum of \$200.00 for necessary repairs to put the school in order for the Sisters who are going to teach there.

We could do the most necessary repairs for \$200.00, and the specification that I inclose is only for that amount. It was evident that that sum was not sufficient to meet the cost of doing the work completely, and the Department must have seen for itself on examination that that amount would not have been sufficient.

In the meantime, and almost immediately after the Department gave its consent to the expenditure of \$200.00, The Honourable Solicitor General, Mr Fitzpatrick, on his way to Lorette, being ^{conversant} ~~concerned~~ with the whole matter and devoted as always to the interests of his County and especially to the Huron tribe, wishing to give it a proof of his interest, generously personally subscribed the sum of \$200.00 for the completion of the work so that on.

his special recommendation and after having come to an understanding with the Missionary the work was at once commenced for the sum of \$400.00. This work was given to a competent contractor, and will be completed shortly, the Department not having to expend more than \$200.00 and getting first-class work.

I believe it was the actual desire of the Solicitor General that the work should begin at once, especially as the time was short and as the contractor was able at the time to put on a large number of workmen.

I should have liked to meet again The Honourable Solicitor General before giving this information to the Department, to which I hope everything will be agreeable.

I have, &c..

Monsieur,

J'ai l'honneur de vous transmettre le compte de M. Onésime Fiset qui a entrepris et fait les travaux de réparation à la maison d'école des Sauvages de Lorette, ce compte étant pour la somme de \$200.00 suivant les conventions intervenues et mentionnées dans ma lettre du 4 Septembre et spécifications y-annexées.

Le Missionnaire est très satisfait des travaux et je ne vois pas que les réparations pussent être mieux ni autrement faites.

Le Département voudra bien solder ce compte le plus tôt possible.

Department of Indian Affairs,
OTTAWA, 7th May, 1901.

The Secretary

Rev. Father Giroux of Lorette has forwarded an account to Hon. Mr Fitzpatrick, Solicitor General, amounting to \$66.00 for painting the Lorette school building. Mr Agent Bastien has certified to the correctness of the account. This work was done on the missionary's own responsibility.

Last year when the Sisters took charge of this school certain repairs and alterations had to be made which cost about \$400.00, \$200 of which was contributed by the Department, the balance being paid out of Mr Fitzpatrick's own pocket. The original estimate amounted to \$525.00, but by leaving out the painting it was reduced. There is no doubt that the building required painting for its preservation and to give it a suitable appearance and if the General School Vote for Ontario and Quebec can stand this charge of \$50.00 I think it would be well to repay Father Giroux the amount expended by him.

Monsieur le Secrétaire,
Département des affaires des Sauvages,
Ottawa.

Monsieur,

Par sa lettre du 23 Juillet 1897, relative à l'achat de prix de récompenses pour l'école des sauvages de Lorette, le Département me disait: "further authority should be obtained before making similar purchase in future".

Comme il est d'usage de distribuer des prix de récompense à la fin de l'année, ce qui est un grand avantage pour l'encouragement des enfants, le Département voudra bien m'autoriser à acheter, comme les années précédentes, des prix de récompense pour jusqu'à concurrence de la somme de \$10.00,

Je puis me procurer des prix convenables pour ce montant et en avoir suffisamment pour les deux classes.

J'attendrai l'autorisation du Département, aussitôt que possible, vu que les examens doivent avoir lieu à la fin de Juin prochain.

Monsieur,

A ma dernière visite à l'école des Sauvages, la Soeur St. Stanislas, Principale institutrice, m'a fait remarquer et j'ai constaté moi même, que le pupitre & l'estrade dont elle se sert actuellement, sont absolument défectueux & tombent en quelque sorte de vétusté. Il est nécessaire qu'un nouveau pupitre lui soit fourni ainsi qu'une estrade pour ce pupitre.

Je me suis informé du coût de ce pupitre que l'on pourrait acheter ici, à Lorette, pour \$6.50, par conséquent à meilleur marché que celui d'un neuf, acheté chez un marchand de meubles, à Québec.

Le Département voudra bien m'autoriser à acheter ce pupitre au coût susdit, & à faire faire une estrade qui coutera \$ 3.00 après informations prises.

J. D. McLean, Esq.,

Secretary of the Department of Indian Affairs,

Ottawa.

Sir:-

On my last visit to the Indian School Sister St. Stanislas, Head Teacher, remarked to me, and I have proven it myself, that the desk and stand belonging to her were really and absolutely defective and falling in several places from age. It is necessary that a new desk should be furnished her as well as a stand for this desk.

C/ I have obtained the cost of this desk which can be bought here, at Lorette, for \$6.50, and consequently cheaper than a new one bought from a furniture dealer at Quebec.

The Department will be good enough to authorize me to buy this desk at the aforesaid cost, and to have made a stand which will cost \$3.00 according to information obtained.

I have, &c.,

Monsieur,

Un des membres de la tribu huronne, a construit l'an dernier, un aqueduc dans le village de Lorette, s'étant procuré l'eau à une bonne distance et à des frais assez considérables. Il distribut cette eau et en a déjà distribuée à plusieurs familles sauvages de la Réserve à condition de \$6.00 par année, et ces familles étant obligées de faire faire les travaux d'installation à leurs frais.

Je viens de me rencontrer avec Mr le missionnaire, à l'école des sauvages, et les religieuses institutrices nous ont fait remarquer, et c'est un fait que j'avais déjà constaté, qu'elles sont obligées d'aller chercher l'eau à une bonne distance, ce qui leur est d'une très grande incommodité, et leur cause beaucoup de misère pendant toute l'année, surtout pendant les mauvais temps d'hiver, ainsi qu'aux élèves qui sont chargés à tour de rôle, par les institutrices, de charroyer l'eau pour l'usage des deux classes.

J'ai vu l'ouvrier qui pose les appareils d'aqueduc ici, et après avoir mesuré les distances et minutieusement calculé, le coût d'installation de l'eau dans la maison d'école serait entre \$15.00 à \$20.00.

J'ai vu aussi le propriétaire de cet aqueduc, et comme faveur pour l'école, il consent à accepter la somme de \$4.00 par année, au lieu de \$6.00, [et ce n'est pas cher], qu'il charge à toutes les familles sauvages de la Réserve.

Au nom des religieuses, du missionnaire et en mon propre nom, je vous prie de vouloir bien autoriser de mettre l'eau dans l'école et de vouloir bien payer à l'avenir \$4.00 par année pour cette eau.

Inutile ^{de dire} que l'installation de l'eau dans la maison d'école est une véritable nécessité, sans compter que ça ajoutera une valeur à la propriété plus grande que le coût de l'installation.

Comme la saison est beaucoup avancée, et que les gros froids vont bientôt nous arriver, le Département voudra bien en conséquence me donner, le plus tôt possible, l'autorisation requise, afin de faire faire les travaux avant que la terre ne soit trop gelée.

J'ai l'honneur d'être,

Secretary, Department of Indian Affairs,

Ottawa.

Sir:-

One of the members of the Huron Tribe constructed last year an aqueduct in the Lorette Village, thereby obtaining water from a great distance and at very considerable cost. He distributed this water and has since distributed it to several families of Indians of the Reserve on condition of paying \$6.00 per year, and these families being obliged to have made the work of installation at their own cost.

I have just met the Missionary at the Indian School and the reverend sisters told us, and this is a fact which I had already been aware of, that they are obliged to bring water from a good distance, which puts them to great inconvenience and gives them much trouble during the whole year, but above all during the bad winter weather, also that their pupils are sent in their turn according to the role by the teachers to bring the water for the use of the two classes.

I have seen the workman who prepared this aqueduct and after having measured the distances and calculated minutely, the cost of installation of the water in the school-house will be between \$15.00 and \$20.00.

I have also seen the owner of this aqueduct, and, as a favour to the school, he consented to accept the sum of \$4.00 per annum, instead of \$6.00 (and this is not dear), which he charges all the families of Indians of the Reserve.

In the name of the sisters, of the Missionary and of myself, I beg you to be good enough to authorize the putting of the water in the school and to be good enough to pay in future \$4.00 per year for this water.

It is needless to say that the installation of the water in the school-house is a real necessity, not counting that

this adds a greater value to the property than the cost of the installation.

As the season is well advanced and the severe weather will soon be upon us, the Department will be kind enough, therefore, to give me as soon as possible, the required authority so that I may have the work done before the ground becomes too much frozen.

Please see letter under. Are there funds (\$20.00) for putting the water into the school as well as the payment of \$4.00 a year for its use? This would be much cheaper than providing a well.

Sir,

I have to acknowledge the receipt of your letter of the 28th ultimo asking for authority to have the water now used by some of the residents of Lorette Village piped into the schoolhouse, as the sisters have great trouble, especially in winter, in procuring water for school use. In reply I beg to say that you may have this work done, the cost of which should not at the most exceed your estimate of \$20.00. The Department will be willing to pay the owner of the aqueduct \$4.00 a year for this service.

Monsieur,

J'ai l'honneur de vous transmettre une liste d'effets demandés par les révérendes religieuses institutrices de l'école des sauvages de Lorette, ainsi que de certaines réparations à faire, effets et réparations absolument nécessaires et d'urgence.

J'ai fait estimer le coût de ces réparations par un menuisier, et je mentionne dans la liste détaillée ci-incluse, le coût de diverses réparations à faire, ainsi que celui des vitres et mastic demandés par les religieuses institutrices.

Le Département voudra bien m'autoriser, le plus tôt possible, à faire l'achat des vitres et mastic demandés, ainsi qu'à faire exécuter les réparations nécessaires mentionnées dans la liste ci-incluse.

J'ai l'honneur d'être,

Votre obéissant serviteur,

Sir:-

I have the honour to transmit herewith a list of the articles asked for by the Reverend lady teachers of the Lorette Indian School, <sup>as well as</sup> that certain repairs be made, the articles and repairs being absolutely necessary and urgent.

I have had the cost of these repairs estimated by a carpenter and I mention in the detailed list inclosed herewith the cost of the several repairs to be made, also the cost of the window glass and putty asked for by the religious teachers.

The Department will be good enough to authorize me as soon as possible to buy the glass and putty asked for, also to have the necessary repairs mentioned in the inclosed list made.

J.D. Mclean, Ecr., Secrétaire,

Département des affaires des sauvages,

Ottawa.

Monsieur,

Référant à votre lettre du 31 Août 1897, relative au lavage des classes de l'école des sauvages, j'ai l'honneur de vous transmettre pour paiement, trois comptes détaillés en duplicata, un de Mr Henry Ross, marchand, pour divers articles fournis aux deux classes de l'école, un autre de Mr Jules Verret, marchand, aussi pour divers articles fournis aux deux classes de l'école, enfin, un troisième de la Soeur St-Stanislas, principale institutrice, pour divers déboursés en rapport avec le lavage des classes et le nettoyage des poêles et tuyaux.

Le Département pourra constater par ma lettre du 17 Janvier 1900, No. 152188, qu'il n'a été envoyé, depuis cette date, aucun compte pour lavages et matériaux de lavage.

J'ai demandé à ces trois personnes pourquoi elles ne m'avaient pas remis leur compte plus tôt, et elles m'ont toutes trois répondu que leur montant respectif pour les premières dépenses était trop minime pour en réclamer le paiement, et qu'elles avaient cru devoir attendre que ces comptes fussent plus élevés pour en demander le paiement.

Espérant que le Département voudra bien solder ces comptes le plus tôt possible,

J'ai l'honneur d'être,

Votre obéissant serviteur,

Jeune Lorette, 26th November, 1902.

J. D. McLean, Esq.,

Secretary, Department of Indian Affairs,

Ottawa.

Sir:-

Referring to your letter of the 31st August, 1897, relative to the washing of the class-rooms of the Indian School, I have the honour to transmit you for payment three detailed accounts in duplicate, one from Mr. Henry Ross, merchant, for different articles furnished to the two classes of the School, another from Mr. Jules Verret, merchant, also for different articles furnished to the two classes of the School, and, lastly, a third from Sister St. Stanislas, principal teacher, for different disbursements in connection with the washing of the class-rooms and the cleaning of the stoves and pipes.

The Department can learn from my letter of the 17th January, 1900, No. 152,188, that no account for washings and materials for washing were sent since this date.

I have asked these three people why they did not send me their account sooner and they all three told me that their respective amount for the first disbursements was too small to claim payment and that they thought it proper to wait until these accounts were larger before asking for payment.

Hoping that the Department will be good enough to settle these accounts as soon as possible,

I have, etc.,

Antoine O. Bastien,

Indian Agent.

Monsieur,

Par votre lettre du 18 Novembre dernier, vous m'avez autorisé à acheter au coût de mon estimation de \$6.50, un nouveau pupitre pour une des Religieuses institutrices de l'école de Lorette, et à faire faire une estrade pour placer ce pupitre. En conséquence, je vous transmets pour paiement le compte en duplicate de M. Cyrille Renaud, qui a vendu le pupitre en question \$6.50, ainsi que celui de M. Gaudiose Verret qui a fait l'estrade pour le prix de \$3.05.

Espérant que le Département soldera ces comptes le plus tôt possible,

Sir,-

In your letter of the 18th November last you authorized me to purchase at my estimate of \$6.50 a new desk for one of the teaching nuns at the Lorette school, and to have a platform built on which to place this desk.

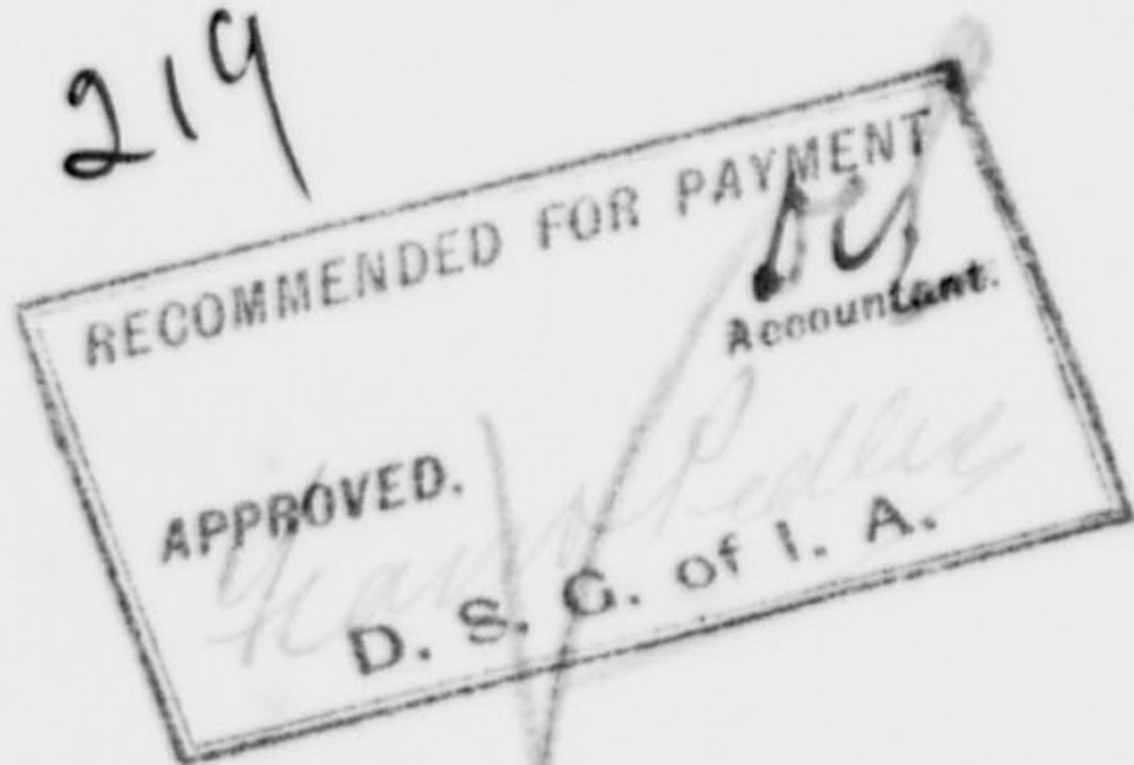

I, therefore, transmit herewith for payment the account in duplicate from Mr. Cyrille Renaud, who sold the desk in question for \$6.50, also an account from Mr. Gaudiose Verret, who made the platform at a cost of \$3.25.

Trusting that the Department will settle these accounts as soon as possible,

Monsieur,

Par votre lettre du 25 Novembre dernier, vous me disiez que la somme de \$8.39 pouvait être dépensée pour faire faire certaines réparations à l'école de Lorette et pour acheter les effets mentionnés dans la liste détaillée que je vous ai expédiée le 17 Novembre dernier. En conséquence, je vous transmets pour paiement les comptes en duplicata en rapport avec ces diverses réparations et effets fournis aux deux classes de l'école.

Espérant que vous voudrez bien solder ces comptes le plus tôt possible,

Monsieur,

Dans votre lettre du 2 août 1895, No 152188, relative à l'école de Lorette, vous me disiez que: "fuel needed for heating the school will be paid for by the Department". En conséquence, je vous transmets pour paiement le compte détaillé en duplicata de M. William Montgomery, pour bois fourni aux deux classes de l'école, ainsi que celui aussi en duplicata de M. Charles Auclair, pour sciage de ce bois.

Le montant de ces comptes comprend le bois déjà dépensé jusqu'à présent, et celui qui reste pour tout le reste de l'hiver.

Je profite de l'occasion de l'envoi de ces comptes, pour vous dire en réponse au dernier paragraphe de votre lettre du 24 avril dernier, que toute la quantité de bois mentionné au compte de l'année dernière, quoique détaillée en petites quantités, avait été achetée du même coup, et il avait été impossible de le payer à meilleur marché. Le même bois franc valait l'hiver dernier, \$6.00 et même \$6.50 à Québec. Je dois vous faire remarquer aussi que par les hivers longs que nous avons ici, nous sommes obligés de chauffer les classes pendant au-delà de six mois, c'est à dire du milieu d'octobre à la fin d'avril.

Je dois vous faire remarquer de plus, comme vous pourrez le constater par le compte de l'année dernière, que la quantité de bois est un peu moindre cet hiver que l'hiver dernier, et que le coût est de 50cts de moins par corde de bois franc et de 25cts de moins par corde d'épinette, Par conséquent, le chauffage des deux

J. D. McLean, Esq.,

Secretary, Dept. of Indian Affairs,  
Ottawa.

Sir :-

In your letter of the 2nd August, 1895, No. 152,188, relative to the Lorette School, you told me that : " fuel needed for heating the school will be paid for by the Department". Therefore, I transmit you for payment the detailed account in duplicate of Mr. William Montgomery for wood furnished to the two classes of the School, as well as that of Mr. Charles Auclair, also in duplicate, for sawing this wood.

The amount of these accounts includes the wood already used up to the present and that which remains for the remainder of the winter.

I profit by the occasion of sending these accounts to inform you in reply to the last paragraph of your letter of the 24th April last that the whole amount of the wood mentioned in the account of last year, which was detailed in small quantities, was bought at the same time, and it was impossible to buy it cheaper. The same hardwood was worth last winter from \$6.00 to \$6.50 at Quebec. I have also to remark to you that on account of the long winters which we have here, we are obliged to heat the classes during upwards of six months, that is to say, from the middle of October to the end of April.

I have further to remark, as you will see by the account for last year, that the quantity of wood is a little less this winter than last winter, and that the cost is 50 cts. less per cord for hardwood and 25 cts. less per cord for pine. Consequently, the heating of the two classes

Sir,-

I beg to enclose herewith cheques Nos. 445 and 446 in payment of Wm' Montgomery's account for <sup>wood -</sup> \$49.75 and Charles Auclair's account for cutting same-\$6.50.

With reference to official letter of the 24th April last referred to by you, I beg to inform you that the exception taken by the Department was not so much as to the price of the wood as to the quantity used. The Department would like to be informed as to whether this wood is used exclusively for the school and whether proper precautions are taken to prevent its being used for any other purpose.

Monsieur,

J'accuse réception de votre lettre du 9 février ~~du~~  
dernier, par laquelle vous m'avez transmis deux chèques, un de  
\$49.75, No. 445, en paiement du compte de William Montgomery,  
pour bois fourni aux deux classes de l'école, et l'autre de  
\$6.50, No. 446, en paiement du compte de Charles Auclair, pour  
sciage de ce bois.

Le Département désirerait être informé si ce bois est em-  
ployé exclusivement pour l'école, et si toutes les précautions  
sont prises pour empêcher qu'il ne soit employé pour d'au-  
tres fins. En réponse, laissez moi vous informer que l'hiver  
hâtif et rigoureux que nous avons, a été exceptionnel cette  
année. La bâtisse de l'école n'est pas très chaude non plus.  
De sorte que il ne faut nullement être étonné du surcroît  
du combustible cette année. Les Sœurs sont d'une vigilance  
tout à fait louable, et elles se considéreraient en conscien-  
ce si le bois de chauffage que nous leur fournissons était  
employé pour d'autres fins.

Monsieur,

J'ai l'honneur de vous transmettre le compte de  
Mr. Maurice Bastien, pour avoir fourni l'eau <sup>de son aqueduc à l'école</sup> de la Réserve des  
Sauvages de Lorette, du 1er. Décembre 1902 au 1er. Décembre  
1903. Le Département voudra bien voir à payer ce compte.  
Le 18 Novembre 1902, le Département m'autorisait à faire in-  
troduire l'eau à l'école du Village [école de la Réserve], c'  
est ce qui a été fait. Mais il n'y a pas de tuyaux de renvois  
et les Soeurs Institutrices, souffrent beaucoup de cela. Ces  
pauvres Soeurs ainsi que le missionnaire de la tribu, m'ont  
fait des représentations à ce sujet, et j'ai constaté qu'en  
effet, il était nécessaire de faire l'addition demandée. Pour  
cela, j'ai vu l'ouvrier plombier qui avait introduit l'eau à  
l'école et il m'a dit, qu'il faudrait pour tout mettre en or-  
dre: 3 bassins en fonte émaillée, ~~XXXXXXXXXX~~ 3" S" doubles en  
plomb, 1 stop cock et 35 pieds de tuyaux ~~XXXXXXXXXX~~ pour  
renvoi et la main d'oeuvre pour confectionner l'ouvrage.  
Il me dit que le tout s'élèverait à la somme de \$25.00. C'est-  
à-dire que l'ouvrier fournirait tous les matériaux et ferait  
l'ouvrage pour cette somme.  
J'espère que le Département m'autorisera, le plus tôt possi-  
ble à faire faire ces travaux, vu que la rentrée des classes  
approche.

Sir,-

I have the honour to transmit you the account of Mr. Maurice Bastien for furnishing the water from his aqueduct to the school on the Lorette Indian reserve from Dec. 1. 1902, to Dec. 1, 1903. The Dept. will be good enough to pay this account.

*may*  
On Nov. 18, 1902, the Dept. authorized me to have water put into the school on the reserve, which I did. But there are no waste-pipes, and the teachers, the Sisters, suffer much on account of this. These poor Sisters, as well as the missionary of the tribe, have made some representations to me in this matter, and I have seen that, in fact, it was necessary to make this addition. For this purpose I saw the plumber who put the water into the school, and he tells me that to put everything in order it will be necessary to have three enamel basins, three double "S", lead, one stop-cock and thirty-five feet of piping to take it away, and the labour.

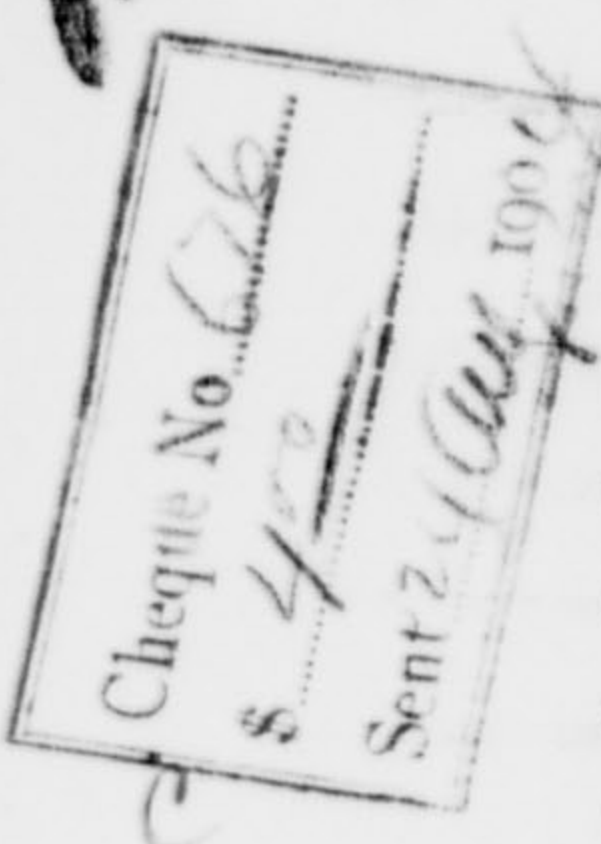

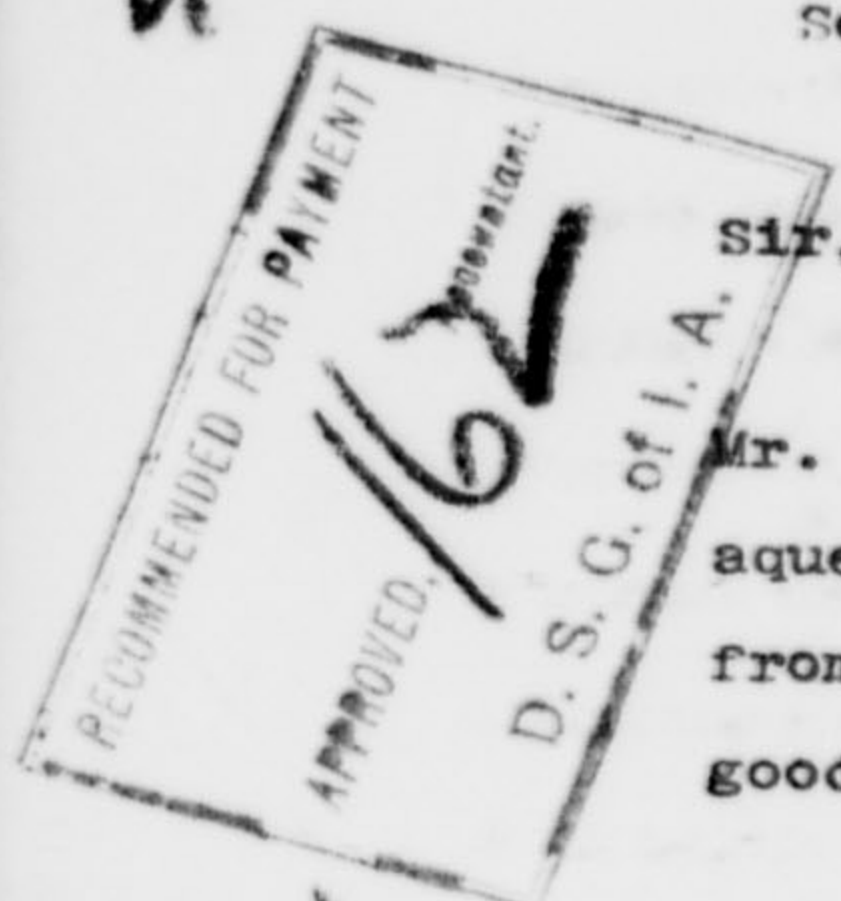

He tells me that the whole will amount to \$25. That is to say that the workman would furnish all these materials and would do the work for this sum.

I hope that the Dept. will authorize me, as soon as possible, to have this work done, as the opening of the classes is approaching.

The undersigned, Missionary and chiefs of the  
Huron tribe of Lorette, address the government the  
following petition:-

1. Inasmuch as the classes conducted by the  
nuns for the education and instruction of the Huron  
children of this village are held in the presbytery  
or residence of the former missionaries;
2. Inasmuch as the ecclesiastical authorities  
have appointed a resident missionary for the tribe,  
and as he has need of this residence;
3. Inasmuch as it is necessary to have a  
in which  
school or convent, to lodge the teachers and instruct  
the Huron children, the undersigned request the govern-  
ment to grant not less than \$2,000, taken out of the  
funds for poor Indians of the province of Quebec, for  
the construction, as soon as possible, of this school  
on the said reserve, within about 100 feet of the

N. D. de Lorette,

Huron Village, 14 Oct., 1904.

Mr. Hector Verret,  
Private Secretary  
To the Hon. Minister of Justice,  
Ottawa.

Dear Mr. Hector :-

You will find herewith a copy of the petition which we address at the same time to Mr. Pedley, Deputy Superintendent of Indian Affairs.

I have had the honour of receiving at my boarding-house at Ludger Bastien's the Hon<sup>ble</sup> Mr. Fitzpatrick accompanied by Mr. Pedley, who showed themselves well disposed towards obtaining for us the amount necessary to build a school in the Village, inasmuch as the present school is held in what was the former residence of the missionaries, restored and converted into a monastery and into classes for the Huron children.

As I am the resident missionary, I reclaim my residence, so that the Government will be obliged to grant us a new school, which, I hope, will be more comfortable and better situated than the present school.

The Minister suggested to me to inform you of and to send you a copy of the request in order that you will know its tenor and that you will look after and press its execution.

I would like to believe that you will recall to Mr. Pedley his promise to send us a favourable reply within a few weeks so that we may commence the undertaking at once.

Counting on your kindness, I hope that you will aid me in this request and that you will bring to the Deputy Superintendent's attention that ~~this~~ \$2,000. should be taken from the subsidies voted each year for poor Indians and not from the funds of the Band as was intended by the Hon. Mr. Fitzpatrick and the Chiefs.

I have the honour to be,  
Mr. Hector,  
Yours very humbly,  
P. A. Godbout, Priest,  
In charge of N. D. de Lorette.

Department of Indian Affairs,  
OTTAWA, 19th October, 1904

The Deputy Superintendent General:-

With reference to the petition hereunder from the Missionary and Chiefs of the Huron Tribe of Lorette for a grant of not less than \$2,000.00 for the construction of a schoolhouse on the reserve, I beg to say that the evidence on file in this Department does not go to show that the present school building was intended for the presbytery or residence of the former missionaries. I find that in March 1879 Rev. Father Boucher, then missionary at Lorette, forwarded an estimate of the cost of the new schoolhouse which was valued at \$1148.65 and required a further expenditure of some \$250.00 to complete it. There was nothing said as to its being built for the missionaries' residence.

When the nuns were given charge of this school in July 1900, it was understood that the Department was not to be put to any additional expense in any way, other than making certain needed repairs and it expended \$250.00 for this purpose, which was supplemented by a gift of \$200.00 from Hon. Mr Fitzpatrick.

I do not see that the Department is under any obligation to relinquish this school building or erect a new one. It appears to me that the missionary is trying to get possession of the building for a presbytery, knowing that if successful, the Department will

will have to put up a new schoolhouse.

The building apparently belongs to the Band but as they have no funds to build a new schoolhouse and there are none available, I ~~do~~ do not think they should be allowed to turn it over to the missionary for a residence. They have had a missionary on the reserve from time immemorial and it is rather late in the day to be looking for a residence for them.

Sir,-

I am directed to acknowledge the receipt of your letter of the 15th instant, enclosing petition from the Missionary and Chiefs of the Huron tribe of Lorette for a grant of not less than \$2,000.00 for the construction of a schoolhouse on the reserve; and to say that the Department is looking into the matter.

Your obedient servant,

Asst. Secretary.

Memorandum: Mr. Pedley.

The school at Lorette was erected by the Roman Catholic Church in 1879, in which year a grant of \$100 was made by the Department towards its maintenance. Previous to that time the school had been in receipt of a sum of \$120 per annum, first from the Old Province of Canada, and afterwards from the Province of Quebec, but was discontinued in that year. In 1880 the amount given by the Department was increased to \$200 per annum to pay the salary of the teacher. This amount was recently increased to \$300 a year. In 1900 the Department allowed \$200 towards repairs to the building.

The Department considers it one of its duties to see that schools are provided on all Indian Reserves. When the funds of the band admit of it the necessary amount is taken therefrom; but when they have not sufficient funds the money is provided by vote of Parliament.

Monsieur,

A la suggestion des Chefs de la Tribu et de notre Missionnaire, le Rev. Mr. Godbout, j'ai l'honneur d'attirer l'attention du Département sur ma lettre en date du 28 février dernier et de mes lettres antérieures, relativement à la construction d'une maison d'école sur la Réserve de Lorette. Je n'ai pas reçu de réponse à cette lettre du 28 février dernier. Il avait été entendu que la maison d'école actuelle, servirait de presbytère au missionnaire, et qu'une allocation de \$2.000.00 serait accordée par le Département pour la construction d'une maison d'école. Or le missionnaire est obligé de pensionner dans une résidence privée, ce qui est un inconvénient pour lui, et le Département ne semble pas vouloir se rendre à ce qui avait été entendu avec Mr. le Ministre de la Justice et le Rev. Mr. Godbout.

Le Département serait-il assez complaisant de me renseigner sur ses intentions, afin que je les communique au missionnaire et aux Chefs.

Sir,-

At the suggestion of the chiefs of our tribe and our missionary, I have the honour to call the Department's attention to my letter of Feb. 28, last, and my previous letters, with reference to the building of a school-house on the Lorette reserve.

It is understood that the present school-house would serve as a manse for the missionary and that a grant of \$2,000 would be made by the Dept. for the construction of a school-house. At present the missionary is obliged to board in a private residence, which is inconvenient for him, and the Dept. does not appear to wish to carry out the understanding had with the Minister of Justice and Rev. Mr. Godbout.

Will the Dept. be good enough to inform me of its intentions, in order that I may communicate them to the missionary and the chiefs.

Monsieur,

Au nom des Chefs de la Tribu Huronne de Lorette, j'ai déjà eu avec le Département, une correspondance accompagnée d'une requête en date du 15 Octobre 1904, relativement à la maison d'Ecole du Village.

Le 18 Novembre dernier, le Département m'a répondu que l'affaire était sous considération. Ayant réitéré la demande du Missionnaire et des Chefs, le Département a répondu, le 5 de Juin dernier, qu'il n'était pas prêt à autoriser la dépense de la construction "d'UNE NOUVELLE MAISON d'ECOLE". Je ferai remarquer au Département que les Chefs ne demandent pas l'érection "d'UNE NOUVELLE MAISON d'ECOLE", mais la construction d'une école, vu qu'il n'y en a pas.

La maison ~~actuelle~~ actuelle qui a servi pour l'école, était un Presbytère occupé par les anciens missionnaires de la Tribu. Ce n'est que lorsque ces anciens missionnaires ont cessé de résider sur la Réserve, qu'on s'est servi de ce Presbytère, comme maison d'école.

Or, aujourd'hui, nous avons un missionnaire, indemnisé par le Gouvernement du Canada, qui réside sur la Réserve, et prétend ainsi que la Tribu, avoir le droit d'occuper ce Presbytère, c.à-d. l'école où se tiennent les deux classes actuellement. Ce missionnaire est obligé depuis sa nomination, de pensionner dans une famille huronne du Village, et c'est un grand inconvénient, comme vous devez le comprendre.

C'est le désir de la Tribu que le missionnaire, le Rév. Mr. Godbout, reprenne immédiatement son Presbytère, c.à-d. la maison d'école actuelle, pour y résider, et que le Département

Département fasse diligence, pour donner à la Tribu les fonds nécessaires pour la construction d'une école.)

Vu que la saison avance, que l'ouverture des classes se fera vers le premier septembre prochain, et qu'il est temps de ~~se~~ construire cette école, j'ose espérer que cette école sera construite pendant la présente vacance, et que le Département se rendra à la grande justice demandée par la Tribu.

J'ai l'honneur d'être,

Sec. Dept. of I.A.,

Ottawa.

Sir,-

In the name of the Chiefs of the Hurons of Lorette I have already had with the Dept. some correspondence, accompanied by a petition dated Oct. 15, 1904, with reference to the school-house in the village.

On Nov. 18, last, the Dept. replied that the matter was under consideration. Having repeated the request of the missionary and the chiefs, the Dept. replied on June 5, last, that it could not authorize the expense of the construction of a new school-house. I would remark to the Dept. that the Chiefs did not ask for the erection of a new school-house, but for the construction of a school, as they have not any. The house which at present serves as a school was a presbytery occupied by the former missionaries of the tribe. It was only when these missionaries ceased to live on the reserve that we used this presbytery as a school-house.

Now, to-day we have a missionary, paid by the Government of Canada, who lives on the reserve and who claims, supported by the band, that he has the right to occupy this presbytery, that is, the school-house where the two classes are at present held.

The missionary has been obliged since his appointment to board with a Huron family in the village,

which, as you will understand, is a great inconvenience.

It is the desire of the band that the missionary, Rev. Mr. Godbout, take again, immediately, possession of his presbytery, that is, the present school-house, to reside there, and that the Dept. make haste to give the band the necessary funds to build a new school-house.

As the season is advancing, as the classes will open about Sept. 1, next, and as the present is the time to build this school, I hope that it will be built during the present holidays, and that the Dept. will grant the very just request of the band.

I have, etc.,

Monsieur,

Vous n'ignorez pas que, depuis  
le mois d'octobre dernier, nous avons, les  
Chefs Hurons et moi, correspondu plus d'une  
fois à propos d'une allocation ou d'une  
certaine somme d'argent pour construire  
une nouvelle école dans ce Village.

Les raisons étaient les suivantes:

1<sup>o</sup> que les classes se tiennent dans la maison  
et sur le terrain appartenant à l'église de  
la tribu et servant de demeure aux  
anciens missionnaires;

2<sup>o</sup> qu'il y a maintenant, et que j'ai le  
missionnaire résident, et que j'ai  
pas de résidence;

3<sup>o</sup> que les Chefs et moi nous réclamons  
ce terrain et cette maison pour en faire  
un presbytère;

4<sup>o</sup> qu'en conséquence <sup>le département</sup> doit autoriser

la construction d'une nouvelle école pour  
laisser libre la propriété de l'église,  
et s'engager à faire voter l'argent nécessaire  
à cette fin le plus tôt possible afin que les  
classes puissent ouvrir au mois de septembre;  
5<sup>e</sup> que nous avons la promesse du ministre  
de la justice, notre député, et aussi de nous,  
M<sup>r</sup>. Peckley, qui avez accompagné M<sup>r</sup>. hon.  
Ministre sur les lieux quelques semaines  
avant les élections d'automne dernier, que  
le gouvernement nous voterait cet argent  
durant la présente session, vu que ces  
travaux sont urgents.

Dans une requête des soussignés, adressée  
au département en octobre dernier, et con-  
seillée par nous-même et M<sup>r</sup>. hon. Ministre,  
les requérants demandaient la somme de  
\$2,000, et M<sup>r</sup>. hon. Fitzpatrick nous fit  
savoir, quelques jours avant les élections,  
que le gouvernement nous voterait \$1,500.  
De plus, le même M<sup>r</sup>. a déclaré dans deux  
lettres personnelles que cela était entendu  
entre lui et le gouvernement.

Or, voilà qu'il est déjà tard, qu'il ne nous  
reste pas 2 mois pour construire cette  
maison, que la session tire à sa fin,

287415

et Ministre de département, n'ont encore rien fait et gardent le silence sur toutes nos réclamations.

Des fois, je dois informer le département que l'école actuelle ne offre plus les conditions de salubrité exigées par l'hygiène, 1<sup>re</sup> parce que la hauteur au plancher au plafond n'est que de 8 pieds et demi, lorsque la loi exige 10. pieds au moins;

2<sup>e</sup> parce que les latrines ou cabinets, ouvrant sur les classes, sont un foyer de pestilence pour les enfants et les maîtresses et constituent un véritable danger pour la santé publique.

A cause de toutes ces raisons et autres nous prions le département de faire diligence, en nous faisant rendre justice, et d'envoyer un inspecteur s'il le juge nécessaire pour se convaincre de ces faits, au risque de voir cette école fermée par le bureau d'hygiène, et les enfants sauvages privés de leur école cet automne.

Come nous le voyez, comme M. le député ce n'est pas tant une faveur que nos sollicitations qui un acte de justice de la part du gouvernement.

To Mr. Peley,

Deputy Minister,

Dept. of I. A., Ottawa.

Schools

Sir,-

 You are aware that since the month of October last we, the Huron chiefs and I, have written more than once in regard to a grant of a certain sum of money to build a new school-house in the village. The following were the reasons:-

1. That school is held in the house and on the land belonging to the church of the band and formerly the residence of the missionaries.

2. That I am at present the resident missionary, and I have no house.

3. That the chiefs and I

claim this land and house for a presbytery.

4. That therefore the Dept. ought to authorize the building of a new school-house in order to give up the church property; and to obtain a vote of the money necessary for this purpose as soon as possible in order that school may open in the month of September.

5. That we have the promise of the Minister of Justice, our Member, and of yourself, Mr. Padley, who accompanied the Minister to the place a few weeks before the election last autumn, that the Govt. would vote us this money during the present session, as this work is urgent.

In a petition from the undersigned to the Dept. in October last, and advised by yourself and the Hon. Mr. Fitzpatrick, the petitioners asked for the sum

of \$2,500; and the Minister informed us some days before the election that the Govt. would vote us \$1500. Besides he declared to me in two personal letters that that was understood between himself and the Govt.

Now it is already late, there remain only two months for us to build this school-house, the session is drawing to a close, and both the Minister and the Dept. keep silent about all our claims.

Moreover I beg to inform the Dept. that the present school no longer conforms to the requirements of health (1) because the height of the ceiling is only 8½ feet; while the law requires 10 feet at least; (2) because the latrines or closets, opening into the class-rooms, are a source of pestilence to the children and to the teachers and are a veritable danger to their health.

287415

On account of ~~all these~~  
 reasons and others, we beg the  
 Dept. to be diligent in rendering  
 us justice, and to send an  
 inspector, if it thinks necessary,  
 to be convinced of these facts;  
 otherwise at the risk of seeing  
 this school closed by the board  
 of health and the Indian children  
 deprived of their school this  
 fall.

As you see, Sir, this  
 is not altogether <sup>as much</sup> a favour  
 that we ask as an act of justice  
 on the part of the Govt.

Yours truly

Department of Indian Affairs,  
OTTAWA, 24th July, 1905

The Deputy Superintendent General

The question of building a new schoolhouse at Lorette has come up again. The missionary and the Chiefs claim that they were promised a new school building and that the one now in use was originally a presbytery for the missionary and is required by him for a residence, and that it is not adapted for its present use. The Agent also calls attention to the need of a new schoolhouse. The question was last brought up on the 31st May last, when you decided that the Department was not prepared to authorize the expenditure, and the Agent was so informed on the 5th ulto.

Rev'd Sir,

I have to acknowledge the receipt of a letter of the 5th instant, signed by yourself, the Grand Chief and five other Chiefs of the Lorette Band, claiming that they were promised a new school building, and stating that the one now in use was originally a presbytery for the missionary and is now required for use for that purpose. In reply I beg to say that there appears to be some misunderstanding in regard to what took place when I was at Lorette last fall in regard to the sale of the Quarante Arpents as what I did say was that if Government would sanction the expenditure I would prefer to put up a new school building to a presbytery, but I made no promise that a school house would be built. So far no funds have been provided for a school building. As no funds are available for the purpose the Department can not at present undertake the construction of a building.

Your obedient servant.

AL. HON. Mr. OLIVER, M.P.

Ministre de L'intérieur,  
Ottawa.

Monsieur le ministre,

Bien que je n'aie pas l'honneur de vous connaître personnellement et qu'il n'y ait pas longtemps encore que vous occupez le poste honorable de ministre, cependant la renommée vous a fait connaître et la nouvelle de votre élection a été applaudie aussi bien par les Canadiens-français et Catholiques de Québec, que par vos compatriotes et coréligionnaires de votre Province. Permettez à un humble et pauvre prêtre de vous présenter ses plus sincères félicitations et de vous offrir ses hommages les plus respectueux.

Il s'agit maintenant d'apporter à votre connaissance ce à quoi il est question dans cette lettre.

J'ai été appelé par mon supérieur ecclésiastique à être le missionnaire résidant des Hurons de Lorette depuis le mois d'octobre dernier. Jusqu'à cette date l'église des Hurons était desservie par le curé de la paroisse voisine; mais cette desserte ne pouvant plus se faire, et étant de plus déclarée imparfaite et insuffisante par qui de droit, le conseil de la tribu demanda et obtint un prêtre résidant, non-seulement pour la desservir au spirituel mais encore pour veiller au bon ordre et à la morale publique, mais c'était aux deux conditions suivantes:

1. Qu'il serait donné à ce missionnaire un salaire d'au moins cinq à six cents piastres par année;
2. Qu'il serait logé convenablement.

Dès cette époque une pétition fut envoyée au département demandant ce salaire; et ce n'est qu'après plusieurs mois qu'il fut accordé un montant de \$200.00 seulement pour être ajouté aux cinquante Louis Sterlings qui étaient déjà payés à l'ancien missionnaire non résidant.

Vous avouerez, Monsieur le ministre, que \$425.00 est un salaire bien insuffisant pour tenir maison, la meubler, l'entretenir. Cependant votre prédécesseur, l'Hon. Sifton a prétendu que c'était assez, et a fait régler cette somme trop modeste par le département malgré l'Hon. ministre de la justice, notre député, et les chefs hurons qui auraient voulu faire accorder d'avantage.

2. Quand il s'est agi du logement, notre député, l'hon. Fitzpatrick et Mr. Peddly, député surintendant des affaires sauvages, se sont rendus sur les lieux, avant les élections du mois de Novembre dernier. Ils ont déclaré que le gouvernement ne pouvait rien fournir pour les églises où les presbytères, mais qu'il le pouvait et le devait pour les écoles. Or l'école actuelle n'est pas autre chose que la résidence des anciens missionnaires; comme elle n'était pas habitée, elle fut restaurée et convertie en école; elle se trouve attenante à l'église, placée sur le terrain de l'église, par conséquent la propriété de l'église. Et aujourd'hui, moi comme missionnaire résidant, je réclame cette maison pour en faire ma résidence, puisque je n'en ai pas et ne puis en avoir d'autres.

Une pétition a été adressée au département au mois d'octobre dernier demandant \$2000.00 pour construire cette école destinée à l'instruction des enfants hurons; réponse fut donnée que l'on considérerait la chose; l'Hon. Fitzpatrick nous promit qu'il nous serait voté, à même les fonds du gouvernement, au moins \$1500.00 durant la dernière session

et aujourd'hui Mr. Peddly nous apprend qu'il n'y a rien de fait.

Le département a donc agi injustement à notre égard, et j'ai confiance, Monsieur le ministre que vous ferez rendre justice dès maintenant.

Pour vous assurer de la justice de ma demande et de la vérité de ce que je vous dis, je vous réfère à l'Hon. Chs. Fitzpatrick, notre député et au département où vous trouverez les documents à l'appui.

D'ailleurs cette maison où se tiennent les classes n'offre pas les conditions d'hygiène exigées par le gouvernement et le bureau de santé; parce qu'au lieu de 10 pieds entre les planchers, il n'y en a que huit, et que les cabinets ouvrant sur les classes, sont un foyer de pestilence.

Le département en a déjà été averti mais il n'a pas daigné y répondre.

En suite les travaux de réparation qu'il y faudra faire, et les droits que l'église exigera pour y tenir les classes à l'avenir, puisqu'elle en a besoin pour loger son missionnaire, s'élèveront alors plus que le montant demandé pour en construire une nouvelle.

Bien à vous Mr. le Ministre

The Hon. Mr. Oliver,  
Minister of the Interior,  
Ottawa.

Sir,--

Although I have not the honour of knowing you personally and although you have not long occupied the honourable position of Minister, nevertheless, your nomination has made you known and the news of your election has been well received, not only by the French Canadians and Roman Catholics of Quebec but by ~~the~~ your compatriots and co-religionists of your own province. Permit a humble and poor priest to present you his most sincere congratulations and to offer his respects.

I may now bring to your attention the subject of this letter.

I was appointed by the church authorities as resident missionary to the Hurons of Lorette and have occupied this position since the month of October, last. Up to that time the services in the Huron church were conducted by the curé of the neighbouring parish, but as this service could no longer be continued, and it having, moreover, been declared imperfect and insufficient by those who had a right to say, the council of the tribe asked for and obtained a resident priest, not only to administer to their spiritual wants but also to preserve good order and public morality, but this was done on the two following conditions:-

1. That there would be given to this missionary a salary of not less than \$500 or \$600 per year.
2. That he would be suitably lodged.

2

Since that time a petition was sent to the Dept. asking for this salary; and it was only after several months that the amount of \$200 was granted, to be added to the 50 pounds sterling which was formerly paid to the former non-resident missionary.

You will admit, Sir, that a salary of \$425 is quite insufficient to keep a house, furnish it and maintain it. However, your predecessor, the Hon. Mr. Sifton claimed that it was sufficient and fixed this sum, notwithstanding the Honourable, the Minister of Justice, our member, and the Huron Chiefs, who wished to grant more.

2. When the matter of lodging came up, our member, the Hon. Mr. Fitzpatrick, and Mr. Pedley, the Deputy Supt. General of Indian Affairs, went to the place before the elections in the month of Nov., last. They declared that the government could furnish nothing for churches or presbyteries, but that it could and ought to for the schools. Now, the present school is nothing but the residence of the former missionaries; as it was not used they fixed it up and turned it into a school-house; it is joined to the church, placed on the land of the church and, consequently, the property of the church. And now I, as resident missionary, claim this house to make of it a residence, as I have no residence and cannot get any other.

A petition was addressed to the Dept. in the month of October, last, asking for \$2,000 to construct a school intended for the teaching of the Huron children; the reply was given that the matter would be considered. the Hon. Mr. Fitzpatrick promised us that there would be voted for us out of the funds of the government not less

than \$1500 during the last session; and now Mr. Pedley tells us that nothing was done.

The Dept. has, therefore, acted unjustly towards us, and I am confident, Sir, that you will render justice to us now,

To assure yourself of the justice of my request and of the truth of what I have said, I refer you to the Hon. Charles Fitzpatrick, our member, and to the department, where you will find documents in support thereof.

Besides, the house where the classes are held does not comply with the hygienic conditions required by the government and the board of health; because in place of 10 feet between the floors there is only 8 and because the water-closets open into the class-rooms are a source of pestilence. The Dept. has already been notified of this but has not replied.

Finally, the work of repairs that are necessary and the remuneration that the Church will require to allow the classes to be held there in the future, since it needs the building as a lodging for its missionary, will amount to more than the sum asked for to construct a new building.

Yours faithfully,

P.A. Godbout, Priest.  
Missionary.

A Monsieur le surintendant,

Monsieur le surintendant,

Déjà je me suis plaint de  
l'état déplorable, sous le rapport hygiénique, des  
classes des enfants hurons de Lorette. On a seulement  
pas daigné y répondre. J'en conclus qu'il y a plus que  
de la négligence, il y a aussi de la mauvaise volonté.  
Je le répète, c'est un état de chose intolérable.  
Les cabinets d'aisance qui sont loin d'être des <sup>913</sup> E.C.,  
sont remplis depuis des années; ouvrant sur les classes,  
ils y exalent une peste continuelle; à certaines heures  
il faut interrompre les classes et renvoyer les enfants  
pour n'être pas asphixiés. Il n'y a aucun ventilateur  
autre que les fenêtres qu'on ne peut pas toujours lais-  
ser ouvertes.

De plus, au lieu d'avoir la hauteur de 10 pieds, du plan-  
cher au plafond, il n'y a que 8 1/2 pieds.

Ah si c'était une école protestante, on n'y tolérerait  
pas cet état de chose huit jours, et ici, il y a des  
années que cela dure.

Je suis obligé d'acheter de la chaux pour désinfecter  
un peu, et je suppose que lorsqu'il s'agira de faire  
payer cette dépense le gouvernement va s'objecter?  
Si on voulait être juste, au département, me voter un  
salaire convenable et me permettre de prendre l'école

résidence des missionnaires; si l'on décidait enfin de voter les \$2000<sup>00</sup> ou au moins \$1500<sup>00</sup> pour bâtir une école convenable et autres encore au bien être de ces pauvres enfants. Mais quand on a le salaire ridicule de \$425<sup>00</sup> p par année, qu'on est obligé de chercher des pensions ou des loyers qu'on ne peut pas toujours trouver, c'est difficile d'être bien libéral.

Voilà pourtant la position que me fait le gouvernement qui a des millions provenant des ~~XXXXXXXXXXXX~~ réserves sauvages et dont il devrait employer au moins une petite partie à leur profit.

Je prie le département de voir à ce que la question de notre école se règle où je me verrai obligé de faire intervenir les officiers du bureau de santé ou d'hygiène. La réponse est urgente.

The Superintendent,  
Dept. of I.A.,  
Ottawa.

Sir,-

I have already complained of the deplorable state, with reference to hygiene, of the school-rooms of the Huron children of Lorette. No one has condescended to reply. I conclude from this that there is more than negligence; there is also unwillingness. I repeat it, that the state of affairs is intolerable. The ~~privies~~, which are far from being water-closets, have been full for some years; opening into the class-rooms, they are a continual pest; at certain times it becomes necessary to stop the classes and send the children out in order that they will not be asphyxiated. There is no ventilator other than the windows, which cannot always be left open.

Moreover, instead of being 10 ft. from floor to ceiling it is only 8½ ft.

But, if this were a Protestant school, this condition of affairs would not be tolerated for a week, and here it has gone on for some years.

I am obliged to purchase lime to disinfect a little, and I suppose that when it is asked to pay for this expenditure the government will object. If the Dept. wished to be just to me it would vote me a reasonable salary and permit me to take the present school for a presbytery, since it is the former residence of the missionaries.

If it is decided finally to vote the \$2000, or at least \$1500, to build a suitable school-house, I shall be able to meet these expenses and still others for the welfare of these poor children. But when one has the ridiculous salary of \$425 and when one is obliged to look for his board or lodgings where it cannot always be found, it is difficult to <sup>be</sup> very liberal.

That is the position in which I am put by the government, which has some millions coming from Indian reserves, and of which it ought to employ at least a little for the benefit of the Indians.

I ask the Dept. to see that this question of our school is settled, otherwise I shall be obliged to have the officers of the board of health intervene.

A reply is urgent.

MEMORANDUM:

For the Deputy Sup't. General of I.A.

The Reverend Father Godbout, missionary at Lorette, again complains of the unsatisfactory state of the present school building; as there is no prospect of a new school house being erected on this reserve at present, I think it would be well to Write our Agent, Mr. Bastien, to have the closets attended to, and removed if necessary.

The question of providing funds for the erection of a new schoolhouse is to be submitted to the Minister on his return to the Capital, and Father Godbout was so informed.

Department of Indian Affairs.

MEMORANDUM:For the Deputy Sup't. General.RE Application for New School House, Lorette.

On the 15th. October 1904 Mr. Agent Bastien forwarded a petition from the missionary and chiefs of the Huron tribe of Lorette asking for a grant not less than \$2,000 for the construction of a school on their reserve within about one hundred feet of the Indian Church or Chapel. They claim that the building in which the school is at present held is the Presbytery or residence of the former missionaries, and that as a resident missionary has been appointed it is intended as a residence, and that it is necessary to have a school or convent in which to lodge the teachers who instruct the Huron children.

As I pointed out in my memorandum of the 19th. October 1904, the evidence on file does not go to show that the present school building was intended as a Presbytery or residence of the former missionaries. It was originally built for a school house, and when the nuns took charge in July 1900, certain repairs were made to provide quarters for them in this building. The building was put by the Rev. Father Boucher in 1879 to replace one built by him in 1869. The Department contributed towards the erection of both these buildings, which it understood were put up as school-houses, no mention being made of their being intended for a Presbytery or residence for the missionary, although the present building had provision for living quarters. The petition was acknowledged and the Agent was informed that the matter would be enquired into, and on November 18th., 1904, he was again informed that the matter was still under consideration and as soon as a decision was reached he would be advised.

On the 5th. June, 1905, Mr. Agent Bastien, who had called

called the Department's attention to this application again was informed that the Department was not at present prepared to authorize the expenditure necessary for this purpose. On July 5th. the missionary and chiefs again brought the question of a new school house at Lorette to the Department's attention, and the Agent also writes on the same day pointing out the need of a new school house. The missionary was written to and informed that there appeared to be some misunderstanding in regard to what took place when you were at Lorette last Fall regarding the sale of the Quarentes Arpentés, and he was told that what you did say was that, if the Government would sanction the expenditure, you would prefer to put up a new school building to a Presbytery: but that you made no promise that a new school house would be built. He was also informed that no funds had been provided for the school building, and, that as funds were not available, the Department could not at present undertake the construction of a building. The missionary again wrote direct to the Minister on the 4th. August, and on the 21st. of that month, he was informed that his letter would be brought to the Minister's notice when he returns to Ottawa. He writes under the date of September 20th. complaining of the unsanitary state of the present building. I think the Department should improve the sanitary condition of this building. In the meantime <sup>while</sup> the question of granting funds for a new school house is under consideration.

Department of Ind. Aff.

MEMORANDUM:

For the Deputy Sup't. General:

RE: School house at Lorette:

The agitation for a new school house at Lorette commenced almost immediately after the appointment of the Reverend Father Godbout as missionary, who succeeded the Rev. Father Giroux, on the 1st. October last year with an increase in salary of \$200; he is now paid \$425.00, \$200.00 of which is paid from the funds of the band, and \$225.00 from the Province of Quebec fund.

When the present building was repaired in 1900 at the time the nuns were placed in charge of this school, it was understood that the Department was not to be put to any additional expense in any way, and I do not think the Department is under any obligation to relinquish this school building and erect a new one so that the missionary may get possession of the building for a Presbytery, as the current correspondence on file does not bear out Father Godbout's contention that it was originally put up for that purpose.

If, however, the Department decides to erect a new school house, there <sup>would</sup> ~~will~~ be no objection to providing quarters for the resident teachers, whether nuns or lay teachers, as it is making similar provision in most of the new school houses which are being erected, owing to the difficulty experienced in teachers obtaining suitable quarters on the Reserve.

Memorandum:

Lorette Church Property,-

The Roman Catholic Church had missionaries settled on the Lorette Reserve by the authority of the French Government long before the Province came into the possession of Great Britain.

The Indians had been under the especial care and direction of the missionaries who had obtained grants of land for them from the French Crown to be applied to their education and civilization, the missionaries themselves being their instructors.

The Treaty of Paris provided that the Indians should have liberty of religion and should be allowed to keep their missionaries. The Church properties held by the R. C. missionaries on the reserves in Lower Canada previous to the conquest were retained by them without their right to the same being questioned.

Grants were made both by the Indian Department and the Provincial Government towards the

erection of church and school buildings; but these grants were not held to constitute a claim to ownership of the buildings, although it would, it is thought, lay the Church authorities under the obligation to use them for the purpose for which they were stated to be intended when the grants were asked for and made.

There is no doubt but that the building erected in 1869 was built to be used for a school, and the grants made to it were on that understanding. In the correspondence regarding it the missionary always referred to it as a school house. In a letter of the 23rd March, 1876, the Rev. Mr. Boucher said, - " I have insured the school house for \$800 with the Farmers Insurance Co. I paid \$13.00 premium for three years for the policy. The house is built on the village land and belongs to the village.

" Will the Department be good enough to pay for the insurance, the village being extremely poor. They cannot contribute anything to the support of the school."

In reply Mr. Boucher was informed that the Department could not pay more than \$100 per annum towards the school building in question.

MEMORANDUM:

RE: Application for new school-house at Lorette:

On the 15th. of October, 1904, Mr. Agent Bastien forwarded a petition from the Missionary and Chiefs of the Huron tribe of Lorette asking for a grant of not less than \$2,000 for the construction of a school on their Reserve.

In the petition it was claimed that the building in which the school is at present held, is the Presbytery or residence of the former missionaries: and that, as a resident missionary has been appointed, it is now needed as his residence, and that it is necessary to have a school or convent in which to lodge the teachers to instruct the Huron children.

The petition was acknowledged on the 27th. of October, 1904, and our agent was informed that the matter would be enquired into.

On the 17th. of November Mr. Agent Bastien wired the Department for its decision regarding the application for a grant of \$2,000 for the erection of a school-house: and on the 18th. of that month the Agent was informed that the matter was still under consideration and, that as soon as a decision was reached, he would be advised.

On the 28th. of February, 1905, the Agent wrote to say that the missionary and chiefs were very anxious to know as soon as possible the Department's decision with regard to their petition for a grant for the school building on the Reserve, and again on the 17th. of May Mr. Bastien wrote at the suggestion of the Chiefs and missionary, calling the Department's attention to his letter of the 28th.

of the 28th. of February and previous correspondence on this subject in which he stated that it was understood that the present school-house would serve as a Presbytery for the missionary, and that a grant of \$2,000 would be made by the Department for the construction of the school-house. He stated that at present the missionary is obliged to board in a private residence which is inconvenient for him: and that it would appear that the Department was not willing to carry out the understanding had with the Minister of Justice and the Reverend Father Godbout, and he asks that the Department would be good enough to inform him of its intentions in order that he may communicate them to the missionary and chiefs. This letter was replied to on the 5th. of June, when the Agent was informed that the Department was not at present prepared to authorize the expenditure necessary for this purpose.

Mr. Agent Bastien wrote the Department on the 5th. of July in the name of the chiefs referring to the correspondence which had already taken place in reference to the school-house in the village, and calling attention to the wording of the Department's letter of the 5th. June last that it could not authorize the expenditure necessary for the construction of a new school-house, Mr. Bastien saying "The chiefs did not ask for the erection of a new school-house but for the construction of a school as they have not any. The house which at present serves as a school is the Presbytery occupied by the former missionaries of the tribe: it was only when these missionaries ceased to live on the Reserve that they used this Presbytery as a school-house. Now to-day we have a missionary paid by the Government of Canada who lives on the Reserve and claims, supported by the band, that he has the right to occupy the Presbytery

"Presbytery, i.e., the school-house where the two classes  
"are at present held. The Missionary has been obliged since  
"his appointment to board with a Huron family in the village  
"which, as you will understand, is a great inconvenience.

He continues by saying that "it is the desire of the band  
"that the missionary, Mr. Godbout, should immediately  
"resume possession of his Presbytery, i.e., the present  
"school-house, to reside there: and that the Department  
"should take immediate steps to provide the necessary funds  
"to build a school-house." He calls attention to the fact  
"that the season is advancing and hopes that the building  
"will be put up during the present holidays and that the  
"Department will grant the very just request of the band."

On the same date Father Godbout, the Grand Chief,  
and five other Chiefs wrote the Department on this subject  
giving the following reasons why a grant should be made.  
"You are aware that since the Month of October last we, the  
"Huron Chiefs and I, have written more than once in regard  
"to a grant of a certain sum of money to build a new school-  
"house in the village. The following are the reasons:-  
"1: That school is held in the house and on the land be-  
"longing to the Church of the band and formerly the residence  
"of the missionaries.

"2: That I am at present the resident missionary and I  
"have no house.

"3: That the Chiefs and I claim this land and house for a  
"Presbytery.

"4: That, therefore, the Department ought to authorize the  
"building of a new school-house in order to give up the  
"Church property; and to obtain a vote of the money necessary  
"for this purpose as soon as possible in order that school  
"may open in the Month of September.

" and are a veritable danger to their health. On account of

" Government."

The Department replied to the Rev. Father Godbout  
on the 25th. of July informing him that there appeared to  
be some misunderstanding in regard to what took place when  
the undersigned was at Lorette last Fall regarding the sale  
of the Quarante Arpents: as what the undersigned did say

was that if the Government would sanction the expenditure, he would prefer to put up a new school building to the Presbytery, but he made no promise that the school-house would be built. He was also informed that so far no funds had been provided for the school building, and that as no funds were available for the purpose, the Department could not undertake the construction of the building.

The Rev. Father Godbout wrote to the Minister on the 4th. of August informing him that he was appointed by the Church authorities as resident missionary to the Hurons of Lorette, and that he had occupied this position since the Month of October last. Previous to that time the services in the Huron Church were conducted by the Curé of the neighboring parish: but, as these services could no longer be continued, having been declared imperfect and insufficient by those who had the right to say, the tribe asking for and obtaining a resident priest, not only to administer to the spiritual wants but also to preserve good order and public morality. This appointment was made on the following conditions:- 1st. That there would be given to this mission a salary of not less than \$500 or \$600 a year. 2nd: That he would be suitably lodged.

Since his appointment Father Godbout states that a petition was sent to the Department asking for this salary and it was only after several months that the amount of \$200.00 was granted to be added to the fifty pounds, sterling, which was formerly paid to the non-resident missionary.

Father Godbout calls attention to the fact that a salary of \$425.00 is quite insufficient to keep a house, furnish and maintain it, although the late Minister claimed that it was sufficient and fixed the amount, notwithstanding that the Minister of Justice and the Huron Chiefs desire the larger grant.

Father Godbout states that when the matter of lodging

lodging came up, the Hon. Mr. Fitzpatrick and the undersigned went to the place before the elections in the Month of November last and declared that the Government could furnish nothing for churches or Presbyteries, but that it could and ought to for the schools. He states that the present school is nothing but the residence of the former missionaries: as it was not usedm they fixed it up into a school-house. It is joined to the church, placed on the land of the church, and consequently the property of the Church: and now he, as resident missionary, claims the house as a residence, as he has no residence and cannot get any other.

He refers to the petition addressed to the Department in October last asking for \$2,000 to build a school for Huron children and to the Department's reply that it would be considered. He states that the Hon. Mr. Fitzpatrick promised that not less than \$1,500 would be voted during last session, and that he is now told that nothing is to be done. He claims that the Department has acted unjustly and <sup>asks</sup> ~~asks~~ for fair treatment. He refers to the Hon. Mr. Fitzpatrick and to the Department in confirmation of the truth of what he has stated. He also calls attention to the building which does not comply with the hygienic conditions required by the Government and the Board of Health, the ceilings only being eight feet high in place of ten feet, and the closets opening into the class rooms being a source of pestilence.

In conclusion he says that the repairs are necessary, and the remuneration that the Church will require for allowing the classes to be held there in future, since it needs the building as a lodging for the missionary, will amount to more than the sum asked for to construct a new building.

The Rev. Father Godbout was, on the 21st. August  
last

last, informed that his letter would be brought to the Minister's attention when he returns to Ottawa.

The foregoing is a summary of the correspondence which has taken place regarding the application for a grant of \$2,000 for the erection of a new school-house at Lorette.

With regard to the building at present used as a school-house, the undersigned begs to say that the papers on file relating to the erection of the building do not bear out the contention that it was built for a Presbytery. This building was put up in 1869 by the Rev. Father Boucher at an estimated cost of \$1,148.65. The Department contributed an annual grant of \$100.00 from 1868 to recoup the missionary for the expenditure on the building which was referred to in the correspondence as the school building, the last \$100.00 being sent him on the 16th. of July 1880, in which year an annual grant of \$200.00 was passed by Order-in-Council 15th. May 1880 as a contribution towards the teachers' salary which was increased to \$300.00 on the 1st. of July 1895, which is the amount now granted.

In 1900 when the nuns took charge of this school in July, it was understood that the Department was not to be put to any additional expense in any way other than making certain needed repairs, and it expended \$250.00 for this purpose which was supplemented by a gift of \$200.00 from the Hon. Mr. Fitzpatrick.

Respectfully Submitted,

*Frank Peddie*

Monsieur,

J'ai l'honneur d'accuser réception de votre lettre en date du 9 courant relative à l'état sanitaire de la maison d'école du village. J'ai eu plusieurs conférences avec les chefs et le missionnaire. Nous avons fait examiner les lieux par un ouvrier, et nous en sommes venus à la conclusion que des améliorations temporaires coûteraient très cher. Ainsi, il faudrait enlever les closets de l'endroit où elles sont. Elles se trouvent dans un petit appentis en dehors, mais attachés à la maison d'école du côté Est. La porte qui donne à ces closets se trouve dans la maison d'école. Pour faire des réparations intelligentes et utiles et rendre les lieux sanitaires, il faudrait enlever cet appentis où se trouvent ces closets. Or, si on l'enlève de l'endroit où il se trouve, on ne peut le placer ailleurs, attendu qu'au nord se trouve le cimetière, au sud le Chemin du Roi, à l'Est le jardin des sœurs et à l'ouest l'église.

Pour éviter les odeurs nauséabondes des closets, il faudrait les enlever de l'endroit où elles se trouvent, et il n'y a pas de place, comme je viens de le démontrer.

Le missionnaire et les chefs ont à plusieurs reprises, par mes correspondances précédentes, sous le numéro actuel, demandé au Département l'argent nécessaire pour la construction d'une maison d'école. Le Département n'a jamais ré-

pondu à ces messieurs d'une manière effective. Ils me prient de faire auprès du Département de nouvelles instances, vu que ce serait le seul moyen d'obvier aux difficultés de toutes sortes, dont la moindre n'est pas celle des réparations des closets.

Vu le coût élevé que coûterait une nouvelle closet et y amener l'eau nécessaire, le missionnaire et les chefs croient devoir attirer de nouveau l'attention du Département sur ce que je viens de lui écrire, et osent croire que sa réponse leur sera favorable.

J'ai l'honneur d'être,

Sir,-

I have the honour to acknowledge the receipt of your letter of the 9th inst. with reference to the sanitary condition of the village school-house. I have had several conferences with the chiefs and the missionary. We have had the place examined by a workman and we have come to the conclusion that temporary improvements would cost very much. For instance, it would be necessary to move the closets from where they are. They are in a small shed behind, but attached to the school-house on the east side. The door into the closets is in the school-house. To make satisfactory repairs and render the place sanitary, it would be necessary to remove this shed where the closets are. Now, if it is removed there is no other place to put it, for the cemetery is at the north, the highway on the south, the Sisters' garden on the east and the church on the west.

To avoid the evil odors from the closets, it would be necessary to remove them from their present place, and there is no other place, as I have just shown.

The Missionary and the Chiefs have on several occasions, through my correspondence, under the present number, asked the Dept. for the necessary money to build a school-house. The Dept. has never given these gentlemen a satisfactory reply. They ask me to bring it before the Dept. again, as this would be the only means of overcoming all the difficulties, the least of which is the repairs to the closets.

Seeing the high cost of a new closet and bringing the water to it, the Missionary and the Chiefs think it proper to draw the attention of the Dept. again to what I have just written and hope for a favourable reply.

I have, etc.,

Sir :-

I have to acknowledge the receipt of your letter of the 18th inst. in further reference to the unsanitary condition of the closets at the Lorette School, and in reply I beg to say that on the 9th inst. you were authorized to have these closets attended to at once, and, if necessary, removed. If, as you state, there is no place available where new closets could be erected, how is it intended to provide a site for a new schoolhouse should it be decided to build one? In the event of a new schoolhouse being put up, separate closets would have to be provided, as the Department does not approve of their being attached to the building.

Incl.

Plans ~~for a closet~~ for a closet are sent you and you may have a separate one for the boys and girls put up and there should be no difficulty in finding a suitable place for their erection. You should then have the present closets cleaned and filled in.

Monsieur,

J'accuse réception de votre lettre du 28 Oct. dernier au sujet de l'insalubrité des closets de l'école de Lorette, ainsi que d'un plan pour la construction d'une nouvelle closet. En réponse, je dois vous dire que vu le manque d'espace près de la maison d'école pour la construction d'une closet extérieure, conformément à votre plan, tel qu'il vous l'a été expliqué par ma lettre du 18 Octobre dernier, Monsieur le Missionnaire avait décidé, même avant la réception de votre lettre et de votre plan, de faire construire une closet à l'eau, à l'intérieur de l'école. Les travaux étaient même commencés quand j'ai reçu vos instructions et dès que la construction de cette closet à l'eau sera terminée, les comptes seront expédiés au Département pour paiements.

Sir :-

I beg to acknowledge the receipt of your letter of the 28th Oct. last with regard to the unsanitary condition of the closets of the Lorette School, as well as of a plan for the construction of a new closet. In reply I have to inform you that on account of want of space near the school-house for the construction of an outside closet, in compliance with your plan, -as was explained to you by my letter of the 18th October last, the Missionary had decided, but before the receipt of your letter and of your plan, - to have a closet with water attachment <sup>constructed</sup> ~~on the~~ inside of the school. The works were however commenced when I received your instructions and as soon as the construction of this water-power closet shall be finished, the accounts will be sent to the Department for payment.

Memorandum:

Deputy Superintendent General.

I have been considering the best means of financing the project of a new school house on Lorette Reserve. This Band has now about \$8,600.00 at credit of capital account which bears interest at three per cent. When full payments for the Rocmont Reserve shall have been made, the full amount of capital will be about \$17,000.00. At three per cent., this will give them an annual revenue of <sup>510.00</sup>~~\$500.00~~. Against this revenue they have pledged an annual payment of \$200.00 to their Priest, and the ~~cash~~ balance which remains is fully needed to provide for the maintenance of insane members of the Band and casual relief charges. If we take from the capital any considerable amount, it will of course weaken the interest. I think, however, that the Band could afford to assist in meeting the expense of building the school house to the extent of half the cost. I think that \$1,500.00 or at the most \$2,000.00 should provide a building well adapted for the purpose and with proper modern conveniences. If the Band consents to pay half the expense, we can provide the balance from current appropriations without asking the House for a special vote. The building will not be finished before the 30th of June next so that I will be able to divide our share of the expenditure between two fiscal years. I do not think we could afford to pay the whole cost of the school house without a special appropriation; and, having due consideration for the circumstances of these Indians, I do not think the Government ought to be asked to meet the whole cost. Although it is our policy to build school houses where they are required and to keep them in good repair, we always expect

Monsieur,

Dans votre lettre du 2 Aout 1895, relative à l'école de Lorette [école de la Réserve], vous me disiez que: "fuel needed for heating the school will be paid for by the Department". En conséquence, je vous transmets pour paiement le compte en duplicata de Mr. William Montgomery pour bois fourni aux deux classes de l'école, depuis le 3 Novembre 1905, jusqu'à ce temps-ci, ainsi que celui, aussi en duplicata, de Mr. ~~Edouard Duchesneau~~ Edouard Duchesneau, pour sciage de ce bois.

Le Département voudra bien en conséquence solder ces deux comptes aussitôt que possible.

Monsieur,

Référant à votre lettre du 28 Octobre dernier, ainsi qu'à la mienne du 21 Novembre aussi dernier, relatives à l'insalubrité des closets de l'école du village huren, je disais au Département: "Mr. le Missiennaire avait décidé, même avant la réception de votre lettre et de votre plan, de faire construire une closet à l'eau, à l'intérieur de l'école. Les travaux étaient même commencés quand j'ai reçu vos instructions, et dès que la construction de cette closet sera terminée, les comptes seront expédiés au Département pour paiement". En conséquence, je vous transmets pour paiement, les comptes des personnes qui ont travaillés à ces closets. Vous trouverez annexé à celui de Mr. S. A. Gireux, plombier, quoiqu'il ait fait l'ouvrage à l'entreprise, une liste des matériaux qu'il a fournis et sur laquelle le montant de son travail est mentionné. C'est pour l'information du Département que je lui ai demandé cette liste, vu qu'à première vue, son compte me paraissait élevé.

Si je ne vous ai envoyé plus tôt ces comptes, c'est parce que je n'ai pu avoir plus tôt le compte de Mr. O. Fiset qui s'est absenté de St. Ambroise de Lorette immédiatement après avoir terminé les travaux de menuiserie de ces closets.

Le Département voudra bien solder ces comptes le plus tôt possible, les ouvriers me disant qu'ils ont un pressant besoin d'argent.

DEPT. OF INDIAN AFFAIRS,  
MAR 12 1906  
SURVEYS

Referring to your letter of Oct. 28 last, also to mine of Nov. 21, relative to the unhealthfulness of the privies in the Huron village school, I said to the Dept. - "The missionary has decided, even before the receipt of your letter and plan, to have a water closet built in the inside of the school. The work has even been commenced when I received your instructions and as soon as it shall be finished, the accounts will be sent to the Dept. for payment." Accordingly I transmit herewith for payment, accounts from the persons who worked at the closets. You will find appended to the one from Mr. J. A. Giroux, plumber, altho' he did the work under contract, a list of the materials that he furnished, and in this list the amount of his work is mentioned.

It was for the information of the Dept. that I asked him for this list, because at first sight, his account appeared high to me.

The reason I did not send you these accounts sooner was because I could not get the one from Mr. O. Fiset any sooner, as he was absent from Lorette immediately after finishing the carpentry work of these closets.

Will the Dept. kindly settle these accounts as soon as possible, as the workmen tell me they have urgent need of the money.

Memo.

Department of Indian Affairs,

Ottawa, 16th March, 1906.

The Deputy Supt. General,-

The condition of the closets at the Indian school at Jeune Lorette, north of the city of Quebec, was brought to the attention of the Department on the 18th October last. On the 28th a plan was sent for the construction of two new buildings. Before this arrived "the Missionary" had decided to have a closet with water attachment constructed inside of the school, and the works were commenced before the Agent received our instructions. At that date, the 21st, he stated the accounts would be sent here for payment.

We have now received the account amounting to \$130.63, or over twice the cost of the buildings authorized by the Department.

There is no doubt apparently that the closet now built is a much better arrangement than the one authorized by the Department. It, however, is rather a bad precedent for anyone to take upon himself the responsibility of having any work done of this nature without the authority of the Department. I beg to submit the matter for your consideration. I think also the Agent is to blame in not having stopped, or at least protested against such work being undertaken without the authority of the Department.

Sir,-

With reference to your letter of the 28th ultimo enclosing accounts amounting to \$130.63 for the construction of a water closet at the Indian school, Jeune Lorette, and also with reference to your letter of the 21st November last, I have to say that you should not have allowed any expense to be incurred in this work greater than would have been incurred by the construction of the water closets authorized by the Department.

These closets could have been erected for \$30. each, that is \$60. for the both, less than one half the cost that has been incurred. You are probably aware that the fund from which payment of this account is to be drawn is the interest on the capital of the Hurons of Lorette. The balance available from this interest account, after paying the usual drafts on it, will <sup>not</sup> admit for a long time the payment of the above mentioned sum of \$130.63. I have to ask you to inform me how it is proposed that this money <sup>shall</sup> ~~should~~ be paid.

Département des Affaires des Sauvages,  
Ottawa.

Monsieur,

J'accuse réception de la lettre du Département en date du 21 courant, dans laquelle vous déclarez être dans l'embarras pour payer les comptes ordinaires, lorsque celui des water-closets sera payé. Dans cette affaire, le Rév. M. Godbout, missionnaire de la tribu, avait vu l'hon. M. Fitzpatrick, député du Comté, et ce dernier lui avait dit de faire faire des closets, tel qu'il [Mr. Godbout] le désirait, c'est-à-dire des closets à l'eau, qu'il se chargerait de faire payer ces dépenses par le gouvernement. C'était loin d'être mes instructions par votre lettre du 28 octobre 1905.

Lorsque je vous ai écrit le 21 novembre dernier, les travaux étaient en marche sous la direction de M. le missionnaire, qui lui agissait sur les dires de l'hon. M. Fitzpatrick.

Vous voyez d'ici ma position. J'ai cru sage de m'en rapporter à M. Godbout et à M. Fitzpatrick. Aujourd'hui le Rév. M. Godbout a laissé la mission de Lorette pour aller à St. Honoré de Shanley, comté de Beauce, comme curé de cet endroit. Le Département pourrait peut-être lui écrire à ce propos, et en parler à l'hon. M. Fitzpatrick. J'ai pleine confiance qu'en vous mettant en communication avec l'hon. M. Fitzpatrick, il suggérera un moyen facile de régler cette petite affaire.

A. D. McLean, Esq.,  
Secretary,

Dept. of I. A., Ottawa.

Sir,

I beg to acknowledge the receipt of the Dept's letter of the 11th inst. in which you say that you find it difficult to pay the ordinary accounts if you pay the one for the water-closets. In this matter the Rev Mr Godbout, missionary to the band, had seen the Hon. Mr Fitzpatrick, member for the county, and that latter had told him to have the closets made in the manner desired by Mr Godbout, that is to say, water-closets; that he would undertake to see that the expense was paid by the Govt. That was far from being my instruction as contained in your letter of Oct. 20, 1905. When I wrote to you on Nov. 21, last, the work was in progress

under the direction of the missionary,  
who was acting on the word of Hon.  
Mr. Fitzpatrick. From this you will  
see my position. I thought it wise  
to trust to Mr. Godbout and Mr.  
Fitzpatrick. To-day the Rev. Mr.  
Godbout has left the mission of  
Drette to go to St. Honoré de  
Shawley, Beauce county, as curé  
of that place. The Dept. might,  
perhaps, write to him in the matter  
and speak to the Hon. Mr. Fitzpatrick  
about it. I am quite confident that,  
on your communicating with the Hon.  
Mr. Fitzpatrick, he will suggest  
an easy means of settling this  
little matter. In the meantime the  
workmen are always at my heels,  
asking to be paid for their work.  
I hope the Dept. will give the  
matter immediate attention in order  
that it may be settled.

I have, &amp;c.,

Sir,

If the Dept. will refer to correspondence under the above number, it will see that reiterated requests have been made by the Council and the members of the Huron band of Lorette for the erection of a school-house in the village.

The Deputy Supt. General, Mr Frank Pedley, without making formal promises, by his letter of July 29, 1905, to the Rev. Mr. Goodbunt, missionary, seemed favourable to the project, but said that at that time there were no funds available.

The chiefs ask me to call the attention of the Dept. to the subject, and as Parliament is in session, it would be an easy matter to place in the estimates a sum of \$1,500.00 for

the building of this school.

The Hon. Mr. Ditzpatrick, who is the Member for the county and a devoted friend of the band, might give you his opinion as to the necessity for the school in question and as to the opportunity of placing in the estimates of the Dept. the above sum.

The chiefs know that the Hon. the Minister of Justice was strongly in favour of the necessary project, owing to the need of our missionary lodging in the present school. The chiefs will be greatly pleased if the Dept. decides in the above sense and they receive a favourable reply from the Dept.

Si le Département veut bien référer à la correspondance sous le numéro ci-dessus, il constatera que des demandes réitérées avaient été faites par le Conseil et les Membres de la Tribu des Hurons de Lorette, pour la construction d'une école dans le village.

Le Député Surintendant, Mr. Frank Pedley, sans faire de promesses fermelles, par sa lettre du 29 Juillet 1905 au Rév. Mr. Godbout missionnaire, semblait être favorable au projet, mais disait que dans le temps, il n'y avait pas de fonds disponibles. Les Chefs me prient d'attirer l'attention du Département sur ce projet, et vu que le Parlement est en Session, il serait facile de faire placer dans les estimés une somme de \$1500.00 pour la construction de l'école.

L'Hon. Mr. Fitzpatrick qui est le député du Comté et un ami dévoué de la Tribu, pourrait vous donner son avis sur la nécessité de la construction de l'école en question et sur l'opportunité de faire inclure dans les estimés du Département, la somme ci-dessus.

Les Chefs savent que l'Honorable Ministre de la Justice, était fortement en faveur de ce projet nécessaire, vu l'obligation de loger notre missionnaire dans l'école actuelle. Les Chefs seraient au comble de leurs vœux, si le Département se déci-

Monsieur,

J'ai l'honneur de vous transmettre un compte de M. Gaudias Verrét, menuisier, pour la somme de \$7.45, pour la réparation d'une partie d'une cloison de la maison d'école. Cette cloison était en crépis. Le crépis s'est détaché et vu que c'était d'urgence, j'ai fais boisé, cette partie.

Il a aussi fourni et posé des serrures avec poignées, ainsi que des clanches de portes.

Je vous transmets aussi un compte de Mr. Téléphore Minguy, mécanicien, pour \$1.50 pour avoir réparé 2 fois la ferrure du "globe terrestre" de l'école ~~xxx~~ de la Réserve de Lorette. La ferrure avait été brisée accidentellement par des élèves à deux reprises différentes. C'est ce qui a occasionné ces deux réparations.

Je n'ai pas cru devoir demander d'autorisation au Département vu que c'étaient des réparations d'urgence qu'il y avait à faire sans retard.

Le Département voudra bien régler ces comptes, le plus tôt possible.

Monsieur,

J'ai l'honneur d'attirer l'attention du Département sur ma lettre du 30 mars dernier relativement au paiement de la construction des water-closets à la maison d'école.

Le Département m'avait dit, dans sa lettre du 21 mars dernier, de lui indiquer de quelle manière il s'y prendrait pour payer ce compte. Ayant toujours compris, vu les relations amicales de l'honorable M. Fitzpatrick avec notre missionnaire d'alors, et vu aussi que ce dernier conduisait les travaux d'après l'entente avec l'honorable ministre de la Justice, que c'était le Gouvernement qui devait solder ce compte.

Je suis talonné par les ouvriers entrepreneurs, qui sont de pauvres gens, pour le paiement de leur compte, ce qui m'ennuie beaucoup, comme vous pouvez le comprendre. J'espère que le Département arrivera à une solution de cette affaire le plus tôt possible.

Mr. Agent Bastien has again brought up the question of a grant for a new school building on the Lorette reserve. I understand that the sum of \$1,500 is included in the supplementary estimates for this purpose, but even if the item passes I would recommend that the Agent should furnish the Department with a rough sketch, showing the style of building it is proposed to erect as well as the site on which it is to be put up, so that the same may be examined by the Department.

Sir,-

In connection with previous correspondence with reference to the erection of a new school-house for the children of the Lorette reserve, I beg to say that the sum of \$1,500 has been provided in the supplementary estimates for this purpose, which will be available after July 1, next.

In the meantime the Department would like to have be furnished with plans and specifications showing the style of building it is proposed to put up, with an estimate of the cost. A tracing of a portion of the reserve is sent you, on which you will be good enough to indicate the exact place on which it is proposed to build, and state who owns the site.

The specifications should provide for the heating and ventilation, and the plan should afford space for two school rooms to accommodate at least 60 pupils, as well as quarters for the Sisters in charge of the school. The sum of \$1,500 will be the full amount that the Department can contribute towards this building.

This information should be sent to the Department as soon as possible, so that the building operations may be undertaken in time to have the school ready for occupation early in the fall.

J. D. McLean, Ecr., Secrétaire,  
Département des Affaires des Sauvages,  
O T T A W A.

Monsieur,

Si j'ai apporté des retards à répondre à vos lettre des 26 juin dernier & 16 juillet courant, c'est parcequ'étant en communication avec le missionnaire à propos du site de la nouvelle école, il m'a demandé de retarder ma réponse au Département.

L'automne passé, le Rév. M. Godbout alors missionnaire, a adressé au Département des devis et spécifications de la nouvelle école projetée. C'est à Mr. Pedley directement que cela a été expédié. J'aimerais à savoir ce qu'en pense le Département. Je n'ai aucune copie de ces devis et spécifications. Le Département se trouve à en avoir le seul exemplaire. Si le Département ne le trouve pas ou s'il ne lui convient pas, voici ce que je me propose de faire sans retard, si le Département m'y autorise:-

1.-Le site sur lequel nous devons bâtir appartient à notre Réserve et est innoccupé. Donc rien à payer pour le terrain. Il se trouve au Sud du Chemin du Roi, vis-à-vis l'ancienne école. Je vous inclus le plan que vous m'avez adressé, et en l'examinant, vous verrez que les barres bleus indiquent ce terrain qui a 300 pds. de profondeur sur 300 pds. front à peu près. Le front se trouve sur le chemin du roi, et la profondeur va jusqu'à la Riv. St. Charles. L'endroit marqué en rouge, serait la nouvelle école.

La grandeur que nous nous proposons de donner à ~~XXXX~~ la nouvelle école, serait de 45 pdsX40 pds. à peu près, en remplissant les conditions de votre lettre du 26 juin dernier.

2.-Je vais voir un architecte qui va préparer un plan, devis et spécifications et des estimés pour demander des soumissions aux entrepreneurs. C'est plutôt un tracé que je veux avoir pour juger de l'extérieur de la bâtisse et des commodités intérieures.

On me dit qu'actuellement, le matériaux et la main d'oeuvre sont d'un prix très élevé. Si les prix donnés par les soumissionnaires étaient trop élevés, on pourrait différer la construction jusqu'à l'automne. Peut-être qu'à cette époque, la main d'oeuvre et les matériaux seront moins chers.

Je dis tout cela, pour la raison, que la somme de \$1500.00 est très modique, et qu'il est difficile de faire quelque chose de convenable avec cette somme.

Si le Département trouve que je suis correct, je vais me mettre immédiatement à l'oeuvre. Il est entendu que je consulterai le missionnaire chaque fois que la chose sera nécessaire. J'attends donc les ordres du Département.

J'ai l'honneur d'être,

votre obéissant serviteur,

A.D. McLean, Esq.,  
Secretary, Dept. of I. A.,  
Ottawa.

Sir,-

The reason I delayed in replying to your letter of June 26, last, and the 16th inst. was because when in communication with me in regard to the site for the new school-house ~~the missionary~~ <sup>he</sup> asked me to defer my reply to the Dept.

Last fall the Rev. Mr. Godbout, then missionary, sent the Dept. plan and specification for the proposed school. This was forwarded direct to Mr. Talley. I should like to know what the Dept. thinks of it. I have no copy of this plan and specification: the Dept. has the only copy. If it does not suit the Dept., this is what I propose <sup>without delay</sup> doing, if authorized by the Dept.:-

1. The site on which we are to build belongs to our reserve and is unoccupied; so there is nothing to pay for the land. It lies south of the King's road, opposite the old school-house. I enclose the plan that you sent me; on examining it you will see that the blue lines indicate this piece of land, which is about 300 feet deep by 300 feet in frontage. The front is on the King's road, and the depth extends as far as the St. Charles river. The spot marked in red will be the new school.

The size that we propose giving the new school is <sup>about</sup> 50 x 40 feet, fulfilling the conditions of your letter of June 26, last.

2. I am going to see an architect who will prepare a plan and specification and estimates in order to call for tenders from contractors. His rather a tracing that I wish to have in order to judge as to the exterior of the building and the interior accommodation.

I am told that at present

materials and labour are very high. If the figures submitted by the tenderers should be too high, we might defer the erection of the building until the fall. Perhaps by that time labour and materials may be cheaper.

I say all this because the sum of \$1500.00 is very modest, and it would be difficult to do anything suitable for that amount.

If the Dept. considers that I am right, I shall at once set to work. It is understood that I shall consult the missionary whenever necessary. I therefore await the orders of the Dept.

I have, &c.,

A. D. Bostion,

Ottawa, July 27, 1906.

The Deputy Superintendent General,-

Mr. Agent Bastien has written regarding the new school-house it is proposed to erect on the Lorette reserve and explained the delay in replying to the Department's letter of the 26th ult. on this subject. He says that the Rev. Mr. Godbout, the late missionary on the reserve, sent a plan and specifications of the proposed building direct to you last fall; they are not on file, and I have seen nothing of them.

He gives the dimensions of a suitable building as about 40 x 45 ft., which would furnish plenty of room for the two classes in the school and would provide suitable accommodation for the Sisters who are in charge of the school above the class-rooms. He states that he is going to see an architect, who would prepare a plan and specifications and estimates, so that tenders may be called for. We could have this work done here and save the architect's fees, as the sum provided, namely \$1,500, is little enough for a building of this description. In fact the Agent says that material and labour are very high at present and it may be necessary to defer the erection of the building until fall on this account.

*Let Mr. Bastien prepare plans*  
The Agent has returned the tracing sent him of the reserve and has indicated thereon the site selected for the school, which is on the reserve proper and is conveniently situated for the purpose. The question to be decided is whether plans and specifications are to be prepared here or not.

Sir,-

I have to acknowledge the receipt of your letter of the 19th inst. regarding the new school-house it is proposed to erect on the Lorette reserve, and in reply I beg to say that the Department approves of the location selected, which is on the reserve proper, but there is nothing on file to show that the plans and specifications to which you refer as having been sent by the Rev. Father Godbout ever reached here. Plans and specifications and bills of quantities will be prepared here and sent you, so that tenders may be called for.

Monsieur,

J'ai l'honneur d'accuser réception de la lettre du Département en date du 23 d'août dernier, ainsi que du plan numéro 128, les spécifications et le mémoire des quantités relativement à la construction de la maison d'école, à Lorette. Je me vois dans l'obligation de vous retourner les spécifications ainsi que le mémoire des quantités [Bill of quantities], afin que le Département veuille bien en faire faire la traduction en français par les employés du Département préposés à cet effet.

Je ne veux pas prendre sur moi la responsabilité de faire cette traduction qui est très difficile, vu qu'il y a des mots ou termes techniques qui sont de la compétence des hommes de l'art. D'ailleurs, je ne <sup>me</sup>sens pas la force de faire cette traduction.

La raison pour laquelle je demande cette traduction, c'est que nos entrepreneurs ne comprennent pas un mot d'anglais et ne peuvent prendre connaissance des spécifications ni des quantités. J'ose espérer que le Département me fera parvenir, sous le plus court délai, ces mêmes spécifications et quantités en anglais avec la traduction française, ce qui me permettra de contrôler leur exactitude.

Sir,-

I have the honor to acknowledge the receipt of the Dept's letter dated Aug. 23, last, also plan No. 128, specifications ~~and~~ bill of quantities in regard to the ~~bill~~ erection of the school-house at Lorette. I do not like to undertake the responsibility of making this translation, which is very difficult, as there <sup>technical</sup> are ~~technical~~ words or phrases used in the trade. Moreover I do not feel that I have the strength to make this translation.

The reason why I ask for this translation is that our contractors do not understand a word of English ~~and~~ cannot make anything out of the specifications or the bill of quantities. I hope the Dept. will send me, with as little delay as possible, these ~~same~~ specifications ~~and~~ quantities ~~in~~ English, with translation in French, which will enable me to see that they are followed exactly.

With reference to the request of Agent Bastien for a translation in French of the specifications (10 pages) and bill of quantities (5 pages) for the erection of a school-house at Lorette, I beg to say that for the very reason given by Mr. Bastien, namely, that these documents are full of technical words and phrases used in the trade, makes it impossible for any one in this Dept. to translate these documents into French.

I would suggest, therefore, that the Dept. of Public Works, with its staff of French-speaking technical officers, be requested to make the translation. I think this course followed has been ~~followed~~ before.

Ottawa, Sept. 18, 1906.

Sir,-

Recently this Dept. sent to its Indian Agent at Lorette, Que., a specification and bill of quantities for the erection of a school-house and residence on the reserve at that place. The Agent has just returned these documents, saying that he cannot translate them, as they contain technical words and phrases used in the trade so that the making of a translation would be a very difficult task.

He says that the contractors do not understand a word of English and so cannot make anything out of the specification or the bill of quantities.

As there is no one in this Dept. qualified to make these necessary translations, while no doubt some of the technical officers in your Dept. would have no difficulty in performing this work, may I ask that you will be so kind as to have translations of these documents made, and then these and the originals to be sent to this Dept. As it is late in the season for building operations, I should esteem it a great favor if you will be so kind as to have this matter attended to promptly.

The documents referred to are inclosed herewith.

Monsieur,

J'ai l'honneur de répondre à vos lettres datées respectivement du 8 Octobre et 8 Novembre 1906, relativement à la construction de l'école.

Conformément à votre lettre du 8 octobre dernier, j'ai demandé des soumissions à M.M.F.P.Gauvin, Cauchon & frères, Ed.Pâquet, Philéas Leclerc et Achille Dugal, tous de Québec, et à M. M.Onésime Fiset, Gaudias Verret et Théodore Goulet, de St.Ambroise de la Jeune Lorette. Tous ces messieurs sont des entrepreneurs bien connus. Je n'ai reçu en réponse à ma demande, que deux soumissions, celles de Philéas Leclerc de Québec, qui demande \$2.700.00, et celle de Gaudias Verret de St.Ambroise de Lorette, pour \$1800.00. Je vous inclus ces deux soumissions en dates des 19 & 23 octobre derniers.

Si j'ai retardé à vous expédier ces soumissions, c'est parce que les entrepreneurs Th.Goulet et Onés.Fiset m'avaient demandé du délai pour préparer leurs soumissions. Je n'ai pas reçu d'eux ces soumissions. Ils m'ont déclaré depuis, qu'ils ne donneraient pas de soumission.

D'après l'opinion des entrepreneurs et du missionnaire, il serait trop tard pour commencer les travaux cet automne, qu'il serait préférable d'attendre au printemps. La raison serait

serait qu'il faudrait faire sécher le bois cet hiver, et les travaux de maçonnerie seraient mieux faits au printemps. Cependant, il vaudrait mieux que les contrats seraient accordés maintenant, vu que les entrepreneurs auraient le temps d'ici au printemps, de préparer leurs matériaux, surtout le bois.

J'ai l'honneur d'être,

J. D. McLean, Esq.,

Secretary, Dept. of I.A.

Sir,-

I have the honor to answer your letters dated Oct. 8, and Nov. 8, 1906, relative to the construction of the school.

As directed in your letter of Oct. 8, last, I asked estimates from Messrs F. P. Gauvin, Cauchon & Bros., Ed. Paquet, Phileas Leclerc and Achille Dugal, all of Quebec, and also Messrs from Mr. M. Onesime Fisat, Gaudias Verret, and Theodore Goulet, of St. Ambroise de la Jeune Lorette. All of these gentlemen are well known contractors. In answer to my inquiries I received but two answers: one from Phileas Leclerc of Quebec who asks \$2,700 and that of Gaudias Verret of St. Ambroise of Jeune Lorette for \$1,800. I inclose these two tenders; they are dated Oct. 19, and 23, last.

The reason I delayed sending you these tenders was because the contractors Th. Goulet and Ones. Fisat, asked me for time to prepare their tenders. I have not received these tenders from them; they have since told me that they would not submit tenders.

In the opinion of the contractors and the missionary it is too late to begin the work this fall: they think it would be better to wait until the spring. The reason is that it would be necessary to ~~dry~~ the lumber this winter and the masonry work would be better done in spring. However, it would be better to grant the contracts now so that the contractors may have from now until spring to prepare their materials, especially the lumber.

The Deputy Superintendent General,-

Mr. Agent Bastien has submitted two tenders for the erection of a new school-house on the Lorette reserve in accordance with the plans and specifications sent him on August 23, last.

He says that the tenderers are well-known contractors and I would recommend that the offer of Mr. Gaudiose Verret for \$1800 be accepted, provided he can furnish sureties for the due carrying out of his contract. The other tender from Mr. Leclerc is for \$2700.

Mr. Verret's tender for \$1800 is \$300 in excess of the sum provided, but if he puts up the building called for by the plans and specifications it would be well worth this extra amount. In any event a revote will have to be made and it might be as well to provide a sufficient sum to pay for the building, which will not be undertaken till next Spring; but in the meantime the contract should be entered into so that the Department may have a hold on the contractor.

The Deputy Superintendent General:

A building 40 X 46 = 3680 cubic feet on (two floors) was considered necessary for the accommodation required; but owing to the cost a building 24 X 50 = 2400 cubic feet (two floors) was designed and on which the tenders have been taken.

The estimated cost of the building according to plan and specification is \$2246.16

Drain probable cost 100.00

Furnace 250.00

Cement floors 56 yds. 56.00  
\$ 2,652.16 406

Drains cannot be arranged without a personal inspection of the grounds or plan of levels.

The Tender \$1,800.00 for this work <sup>in my opinion</sup> is a particularly low one (\$500 below estimate) unless tenderer has some special facility for procuring his labour and materials.

Memorandum for

Deputy Minister.

In reply to your verbal enquiries, I beg to state that there appears to be no correspondence showing that either the Indians of Lorette or the ecclesiastical authorities have made a promise to defray any portion of the cost of the construction of the proposed new School house on the reserve.

The amount voted for the purpose is \$1500. The plans it appears are suitable, and should if possible be adopted. The tenders received were two one for \$1800 and the other for \$2700.

Mr. Ogilvie, in his memorandum hereunder states that the tender for \$1800 is a particularly low one, unless the *contractor* has special facilities. Mr. Ogilvie's estimate is shown to be \$2246.16 for this work, and in addition there still remains to be provided for the construction of a drain and cement floors and a furnace at an estimated cost \$406.00. The total estimated cost for the complete work is \$2652.16, and as stated above there is only \$1500 available to meet this expenditure. If however, the contract is ~~was~~ awarded for \$1800. we have then a deficit of \$706.00 to provide.

I beg to draw your attention to the memorandum from the Accountant of the 1st Dec, 1905 in which he recommends that the Hurons of Lorette should contribute towards the construction of the proposed School house. I beg to recommend that the Agent be instructed to inform the band that the Department has at its disposal the sum of \$1500.00 for the erection of the building and they should pass a resolution recommending that the balance required namely, \$1152.00 (according to Mr. Ogilvie's estimate) be taken from their capital funds.

If it should appear that the person tendering to construct the building for \$1800 has special facilities, ~~whereby~~ the Department would be justified in letting the work to him, the balance required, would <sup>then</sup> ~~be~~, be only as stated above \$706.00. I think it would be better for the Indians to ask the authority for the larger sum, namely \$1152.

Please also see the memorandum from Mr. Stewart, dated 28, Oct, in which he states " The Department considers it one of its duties to see that schools are provided to all Indian reserves . When the funds of the band admit of it the necessary amount is taken therefrom; but when they have not sufficient funds the money is provided by vote of parliament."

Ottawa, Dec, 10, 1906.

Referring to your letter of the 9th ult., I have the request you to inform the Indian Council that the cost of the proposed new school house is estimated by the Architect of the Department at \$2652.00. This includes the drain, furnace, and cement floors which are not provided for in the specifications on which you called for tenders.

The Department has the sum of \$1500. available for the construction of the school. There is, therefore, a balance of \$1152. to be provided to make up the sum according to the estimate above mentioned.

You will please inform the Indians that they should pass a resolution requesting that the said sum of \$1152.00 be taken from their capital funds for the purposes required.

The tender received for \$1800 is considered to be a particularly low one unless the <sup>contractor</sup> ~~builder~~ has some special facilities for procuring his labour and materials. In the event of the Department accepting this tender ~~the~~ the total extra sum required will be \$706.00. It is considered advisable that the Indians should pass a resolution for the greater sum (\$1152) of course only such portion of this sum will be spent as may be required.

Département des Affaires des Sauvages,

Monsieur,

Je réponds à votre lettre du 10 Décembre dernier. J'ai soumis la lettre du Département au Conseil des Sauvages et voici ce qu'ils ont décidé:-D'abord la soumission de Mr. Verret au montant de \$1800.00 ne leur paraît pas trop basse. Vous dites dans votre lettre que l'entrepreneur ne pourrait construire à ce prix que s'il se trouve dans des conditions spéciales pour se procurer la main d'oeuvre et les matériaux à bon marché.Mr.Verret se trouve dans ces conditions.Il peut se procurer le bois dans la paroisse de St.Ambroise;il a un moulin à scie où il peut préparer tout son bois et ses ouvertures;de plus si la soumission lui est donnée,le plus tôt possible,il aura deux ou trois mois,jusqu'à la fonte des neiges,pour voir à son affaire.

Les Chefs ont examiné les plans et ils en sont satisfaits.A leur réunion,ils ont décidé de n'accorder que \$500.00 sur leur fond,ce qui fera \$2000.00 avec les \$1500.00 votées par le Parlement.Sur les \$500.00 qu'ils donnent,\$300.00 serviront à combler la différence entre la somme votée par le Parlement et celle de \$1800.00 demandée par le soumissionnaire Verret,et les \$200.00 autres,serviront pour conduire l'eau à l'Ecole,installer les water-closets et faire un drain. Quant aux fournaises,ils préfèrent pour le moment garder les poeles qu'ils ont dans la vieille école.Plus tard,lorsqu'ils seront plus en moyens,ils pourront changer le système de chauffage.D'ailleurs,toutes les écoles des Canadiens dans

Dans les paroisses sont chauffées au bois et avec des poeles.  
Nous aurons ainsi une bonné Ecole, complètement finie, pourvue  
d'eau, de closets et d'un drain. Tous s'accordent à dire que  
la soumission de Mr. Verret au montant de \$1800.00 est la  
plus avantageuse que nous puissions avoir et que vu la posi-  
tion du soumissionnaire, il peut exécuter parfaitement son con-  
trat et réaliser un profit raisonnable. D'ailleurs, nous pou-  
vons exiger des garanties de sa part, des cautions.  
Les sauvages espèrent que la question va se trouver réglée  
de cette manière et que la soumission Verret sera acceptée  
le plus tôt possible par le Département. Dans ce cas, le Dépar-  
tement voudra bien me faire connaître ses vues le plus tôt  
possible, afin que je fasse passer régulièrement par le Con-  
seil des Sauvages, la résolution de \$500.00 pour être prises

*Immediate schools*

I beg to reply to your letter of December 10, last, submitted the Department's letter to the Indian Council, and this is what was decided.

From the first the tender of Mr Verret, amounting to \$1,800.00, did not appear to them to be too low. You say in your letter that the contractor could not build at that price what is contained in the special conditions and obtain the labour and material cheaply. Mr Verret is in this position. He can obtain the lumber in the parish of St. Ambroise; he has a saw-mill where he can make all the lumber and sashes and frames (doors); besides if the contract is given him as soon as possible, he will have two or three months until the snow melts to attend to the mat-

The chiefs have examined the plans and they are satisfied with them. At their meeting they decided to grant only \$500.00 of their funds, which with the \$1,500.00 voted by Parliament, will make \$2,000.00. Out of the \$500.00 that they are giving, \$300.00 will serve to make up the difference between the sum voted by Parliament and the \$1,800.00 asked for by the tenderer Mr Verret and the other \$200.00 will be used to bring the water to the school, to put in the water-closets and to make a drain. With reference to the furnaces, they prefer for the present to keep the stoves that they have in the old school. Later on, when they have more money, they will be able to change the system of heating. Besides, all the schools of the French-Canadians in the parishes are heated with wood and by stoves. We shall thus have a good school completely finished, provided with water, water-closets and a drain. All agree in saying that Mr Verret's tender, amounting to \$1,800.00, is the most advantageous that we can have and that, owing to the position of the tenderer, he can carry out his contract perfectly and make a reasonable

profit. Besides, we can exact a guarantee from him, bonds.

The Indians hope that the question will be settled in this manner and that Verret's tender will be accepted as soon as possible by the Department. In that case will the Department kindly acquaint me with its views as soon as possible in order that I may get the Indian Council to pass a regular resolution for \$500.00 to be taken out of their funds .

Sir,-

I have to acknowledge the receipt of your letter of the 38th ult. forwarding a resolution of the council of the Hurons of Lorette authorizing the expenditure of \$500 from their funds on the new school-house which is to be erected on the reserve; and in reply I beg to say that, in view of this resolution, the Department is prepared to accept the tender of Mr. Gaudiose Verret for the work on his furnishing a bond for the completion of the same. This bond is to be signed by himself and two responsible sureties, who are to be bound in the penal sum of \$1800.00 each.

You will be good enough to have filled in the inclosed form of bond and have it executed in duplicate. The full description of the Principal and Bondsmen is to be given in the blank spaces provided for that purpose, and all the remaining blanks are to be properly filled in. The documents are to be signed in the presence of a subscribing witness, who will make the necessary affidavit of execution. The sureties are each to make affidavit that they are possessed of property to the value of \$1800.00. The affidavits of the sureties and the witnesses are to be sworn to before a Commissioner. Seals should be attached where designated.

Your obedient Servant,

With reference to draft of letter hereunder to Agent Bastien, I beg to state that the said gentleman explained in letter of the 9th ultimo that the Contractor, Mr. Veret had special facilities to obtain lumber, sashes and frames for the proposed new school house at Lorette. The furnace is also omitted as it is intended to heat the school with stoves.

The Department, in letter of 15th ultimo, considered that the explanations were satisfactory and arranged for the contract to be let to Mr. Veret in the sum of \$1800.00.

There appears to be no reason why this action should not be concluded provided the funds are arranged for.

Ottawa, 25th March, 1907.

His Excellency

The Governor General in Council.

The undersigned begs to report that, in order to construct a new school house, at a cost of \$1800.00, on the reserve of the Hurons of Lorette, in the County and Province of Quebec, the sum of \$1500 was voted by Parliament last Session and the Indians have passed a resolution to provide the balance of \$300 from their capital and an additional \$200 from the same source to provide means of bringing water to the school, to instal closets and to make a drain in connection therewith.

As this work when completed would be in the nature of a permanent improvement and properly represent capital, the undersigned begs to recommend that, under the provisions of Sec. 90 of the Indian Act (Chap. 81 R. S. C.), authority be given for the expenditure thereon of the \$500 above mentioned from the capital at the credit of the Huron Indians of Lorette, which amounts to \$11,654.54.

Superintendent General  
of Indian Affairs.

152,188/5A

The building hitherto used as a school is now to be used as a residence for the Rev. Father Godbout, who was recently located on the reserve as resident Missionary. The Minister will remember that the Hon. Mr. Fitzpatrick and Mr. Pedley visited the reserve in connection with this matter.

\$1800, the amount of the lowest tender - which was accepted - is very low. The running expenses of the band, however, are too heavy to permit of any considerable sum being taken from band funds, and the Parliamentary appropriation of \$1500 was obtained last Session. The band has contributed \$300 to make up the balance of the tender, and a further \$200 to bring water to the school, install water closets therein and make a drain.

Monsieur,

Relativement à la construction de l'école du village huron, je désirerais attirer l'attention du Département, sur un changement à faire. D'après les spécifications, l'entrepreneur doit latter les murs, les cloisons, le plafond de l'étage où résideront les religieuses institutrices, et le susdit entrepreneur est prêt à suivre les spécifications à la lettre. Mr. le missionnaire Giroux et moi, après examen plus minutieux des spécifications, croyons que certains changements devraient être faits.

Nous voudrions remplacer le lattage et le mortier par du bois. Premièrement pour le plafond de l'étage des institutrices, on voudrait qu'il fut en bois, parceque cela serait beaucoup plus chaud, plus solide et par conséquent plus durable. Deuxièmement, les murs des classes devraient être en bois, parce que les élèves de l'école vont être portés à détériorer le mortier. Cette jeunesse, comme vous le savez, est impitoyable. Nous en avons parlé à l'entrepreneur, et voici ce qu'il est prêt à faire: il consentirait à remplacer le lattage et la couche brune de mortier par un lambris en bois double, avec une épaisseur de papier feutre entre, et cela pour les endroits mentionnés plus haut, c-à-d. les murs des classes et le plafond de l'étage des soeurs institutrices. Il demande comme extra la peinture, car dans ce cas, il faudrait peindre cette partie. Cela ne coûterait pas cher, car la partie à peindre ainsi, n'est pas considérable. Le prix demandé par le peintre

peintre à l'entrepreneur Verret, pour tout l'ouvrage en peinture, est de quinze centins la verge. 313723

Nous espérons, Mr. le missionnaire et moi, que le Département consentira à permettre ce petit changement que nous demandons uniquement dans le but d'avoir un ouvrage plus solide, plus chaud et plus durable.

Sir,-

With reference to the erection of the school-house in the Huron village, I should like to ask the attention of the Dept. to a proposed change. According to the specification the contractor is to lath the walls, the partitions, and the ceiling of the storey where the teachers (nuns) will reside; and the said contractor is ready to follow the specifications to the letter. The missionary, the Rev. Mr. Giroux, and I, after a most minute examination of the specifications, believe that certain changes ought to be made.

We should like to substitute wood for the lath and plaster. First, for the ceiling of the teachers' storey it is desired that this should be of wood, because it would be much warmer, more solid, and consequently more durable. Secondly, the walls of the class-rooms ought to be of wood, because the pupils will be inclined to injure the mortar; these young people, as you know, are unmerciful. We have spoken about it to the contractor, and this is what he is prepared to do: he will consent to substitute for the lath and the brown coat of mortar a double wainscot of wood with a thickness of felt paper between, and that for the places above mentioned, that is to say, the walls of the class-rooms and the ceiling of the teachers' storey. He asks extra for the painting, for in that case it would be necessary to paint this part. This would not cost much, because the part

to be so painted is not large. The price that the painter asks contractor Verret for the whole of the work of painting is 15 cents a yard.

We hope, the missionary and I, that the Dept. will agree to permit this little change, which we ask with the sole object of having a more solid, warmer and more durable work.

Monsieur,

J'ai l'honneur d'informer le Département, que les travaux de la nouvelle école du Village Huron de Lorette, sont déjà très avancés. Le missionnaire, les Chefs et moi, sommes des plus satisfaits de l'entrepreneur Gaudiose Verret. Les deux tiers de l'ouvrage sont complétés, et l'entrepreneur voudrait un acompte, sur le prix de son entreprise.

Ainsi les solage en pierre est terminé, la cave creusée, le corps de la maison est construit, la couverture en bardeaux est complétée, le plancher du bas, est fait, les ouvertures et les chassis et portes sont prêtes à poser, tout le bois pour la complétion des travaux, est rendu sur les lieux, enfin, les deux tiers de l'ouvrage est fini.

L'entrepreneur a besoin de mille piastres, en acompte de son contrat, et je crois que le Département peut payer cette somme sans crainte. Les travaux seront certainement terminés à temps voulu.

Sir,-

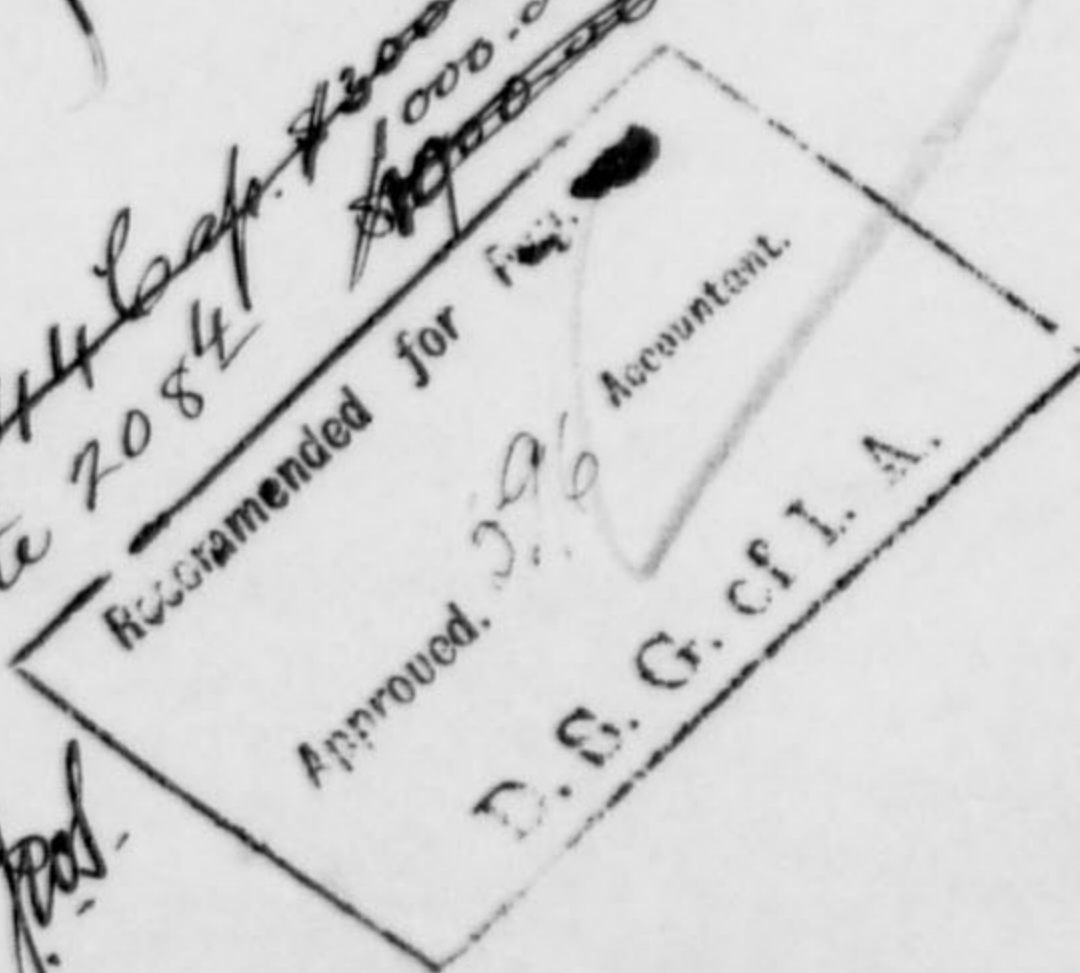

I have the honour to inform the Dept. that the work on the new school in the Huron village of Lorette is very far advanced. The missionary, the chiefs and myself are thoroughly satisfied with the contractor, Gaudiose Verret. Two-thirds of the work is complete and the contractor would like something on account of the contract: the stone foundation is finished, the cellar is dug, the body of the house is built, the shingling of the roof is complete, the floor is made, the doors and windows are ready to be put in place, all the lumber to complete the work is on the spot, in fact two-thirds of the work is done.

The contractor needs \$1,000 on account of his contract, and I believe that the Dept. can pay this amount without fear. The work will certainly be finished at the time required.

Monsieur,

J'ai l'honneur d'accuser réception de la lettre du Département en date du 27 septembre dernier, relativement à la construction de la maison d'école. Les travaux sont presque complètement terminés. Ils seront complétés vers le 10 ou le 12 courant. La raison du retard dans l'achèvement de ces travaux, se trouve dans le fait que les ouvriers plâtriers sont très rares et que notre entrepreneur n'a pu se les procurer comme il l'aurait voulu. Il n'y a qu'une trentaine d'ouvriers plâtriers à Québec, et avaient tous de l'emploi. Mais enfin, l'entrepreneur est parvenu à en avoir, et il complètera les travaux, comme je viens de dire au commencement de la semaine prochaine.

Il n'y a eu aucun retard dans l'ouverture des classes. Les élèves font leurs classes dans l'ancienne école, comme d'habitude, en attendant que la nouvelle soit prête.

Sir,-

I have the honour to acknowledge the receipt of the letter from the Dept. dated Sept. 27, last, in regard to the erection of the school-house. The work is almost quite finished; it will be complete about the 10th or 12th inst. The reason for the delay in this work was owing to the fact that plasterers are very scarce and our contractor was not able to obtain them as he wished. There are only some thirty plasterers in Quebec and they were all occupied. But at last the contractor has got one, and he will finish the work as I have just said in the beginning of next week.

There will be no delay in the opening of the classes. The pupils are having their lessons in the old school building as usual while waiting until the new one will be ready.

Monsieur,

J'ai l'honneur d'informer le Département que les travaux de la maison d'école du village sont terminés et complétés à la satisfaction du missionnaire et de moi-même.

L'entrepreneur Mr. Gaudias Verret, m'a demandé de vouloir bien informer le Département qu'il désirerait être payé de la balance de son entreprise, soit, de la somme de \$800.00.

Je ne vois aucun inconvénient à ce que le Département paie cette balance de \$800.00, attendu que l'entrepreneur n'a pas fait fortune avec cette entreprise.

Maintenant, il va falloir 20 chassis doubles pour la bâtisse, ce qui n'était pas prévu par les spécifications. En référant aux spécifications que m'a fournies le Département, je ne ~~me~~ vois pas que cet item ait été prévu, et l'entrepreneur prétend qu'il n'est pas obligé de faire des doubles chassis pour l'hiver. Ces doubles chassis couteraient dans les environs de \$50.00. Je laisse au Département le soin de décider la chose et de m'écrire le plus tôt possible, sur ce point. Je crois avec le missionnaire et les chefs, que le Département autorisera la confection de ces chassis doubles, qui sont absolument nécessaire, à ~~même~~ être payés à même les fonds votés pour les écoles des sauvages de la Province de Québec.

La bâtisse de l'école étant terminée, il faudrait y conduire

le drainage ainsi que l'eau, et y installer les water-closets. Par Résolution de la Bande en date du 26 janvier 1907, transmise au Département par ma lettre du 28 janvier 1907, ce dernier devait, sur les \$500.00 souscrites par la bande, payé la somme de \$300.00 à l'entrepreneur Verret pour combler la différence entre la somme de \$1500.00 votée par le Parlement, et celle de \$1800.00 prix de l'entreprise, et les autres \$200.00 devant servir pour conduire l'eau à l'école, installer des water-closets et faire un drain. Or, vu que ces travaux doivent être faits par des journaliers et des ouvriers qui ont besoin de leur argent au fur et à mesure que se font les travaux, je demanderais au Département de m'adresser cette somme de deux cents dollars, afin de défrayer le coût de ces travaux. Il n'y a pas <sup>de</sup> temps à perdre, vu que les gelées nous arrivent.

DEPT. OF INDIAN AFFAIRS,

OCT 25 1907

SURVEYS.

I have the honour to inform the Dept. that the work on the village school-house is finished to the thorough satisfaction of the missionary and myself. The contractor, Mr. Gaudias Verret, has asked me to inform the Dept. that he would like to be paid the balance of his contract, namely, \$800. I do not see any reason why the Dept. should not pay this balance, inasmuch as the contractor has not made much out of this contract.

Now there are still wanting 20 double windows for the building, which were not provided for in the specifications.

On referring to the specifications that the Dept. furnished me, I do not see that this item was provided for, and the contractor contends that he is not obliged to make double windows for winter. These windows would cost about \$50. I leave it to the Dept. to decide the matter and to write me as soon as possible as to this point. I believe with the missionary and the chiefs that the Dept. will authorize the making of these double windows, which are absolutely necessary, to be paid out of the funds voted for Indian schools in the province of Quebec.

The school building being finished, it is necessary to connect the drainage with it and also water, and to provide water-closets.

By resolution of Jan, 26, 1907, transmitted to the Dept. in my letter of Jan. 28, 1907, the Dept. was out of the \$500 subscribed by the band to pay the \$300 to Contractor Verret to make up the difference between *the* \$1500 voted by Parliament and \$1800, the amount of the contract, and the other \$200 was to be spent in bringing water to the school, putting in water-closets and making a drain. Now, as this work has to be done by workmen who need their money in proportion as the work progresses, I would ask the Dept. <sup>to</sup> send me this sum of \$200 in order to pay the expense of the work.

There is no time to lose, as the winter is coming on.

In reply to your letter of the 19th instant, I beg to enclose herewith cheque No. 696 for \$500.00 in favor of Mr. Gaudias Verett, being an advance on his contract in connection with the erection of the Lorette school-house, and to inform you that before payment in full is made to the contractor, it will be necessary for you to forward to the Department a voucher showing the amount of the contract, the advances made thereon, and the balance due him. You should certify on the voucher that the contract has been completed according to the plans and specifications in a satisfactory manner.

I also enclose cheque No. 3039 for \$100.00 being an advance for work in connection with the water supply for the school. When this sum is expended you should forward pay-lists, and apply for the balance.

MEMO:

Deputy Supt. General.

Tenders were asked for the Lorette school building by the local Agent from the following contractors:-

He received tenders from only two, and the contract was awarded to Gaudias Verret <sup>the lowest tender</sup> for \$1800.00. \$1500.00 has been paid on the contract, and I am holding back \$300.00, proposing when the Agent certifies that the school building has been completed according to plans and specifications, that our Architect should go down to Lorette and report on the structure before it is finally paid for.

We have advanced \$100.00 to the Agent to begin the work on the water supply. \$200.00 is appropriated for this purpose.

Memo.

The Deputy Superintendent General.

I beg to inform you that on Thursday December 19, I made an inspection of the new school building at Jeune Lorette.

*Contract to be completed*  
The building is erected in accordance with the plans and specifications excepting that two interior stone walls in <sup>and beam filling stone wall</sup> basement have not been put in. The position of basement stairway changed and a trap door put in instead of going down under main stairs.

The woodwork and joining generally appears to be strongly put together. It is, however, very rough and no portions have been hand smoothed.

There is a good system of plumbing established and the water supply brought into the building.

The contractor for the building is ill and I was therefore unable to interview him I have been credibly informed, however, that he has sustained a loss of about \$250. on the contract and the stonework will cost to complete about \$40. to \$45.

*Allowed if funds*  
*all met funds*  
The Chief of the Band and Sisters in charge of the school express themselves as being very well satisfied with the building and the accommodations provided. The Sisters ask for a partition across hall at head of stairs to prevent cold draughts ascending to upper portions of house at a cost of \$20. and I would recommend that this be done.

*Storm windows have been put on the building. this is an extra!*

EXD

Ottawa, 26th December, 1907.

Sir,-

In reply to your letter of the 26th ultimo, stating that the school building at Jeune Lorette is complete and asking that the balance due on the contract be sent to Mr. Verrett, the contractor, I have to say that an officer of the Department who recently visited the school has reported that portions of the work remain incomplete. ~~as~~ No cross stone wall has been built to retain the earth from ~~an~~ excavated portion of the basement. He also states that a stone wall is only partially built at present under the main building and porch. The beam filling in basement has also been omitted. It will be necessary to complete this work satisfactorily before the final payment can be made.

The Department authorizes the building of a sheeting partition across the lower hall, with door hung and locked, etc. complete, and to be painted to match other woodwork. For this the Department will allow \$20.00.

As storm windows are a necessity in this climate, the Department will allow them and you are authorized to have them put on at the tendered price of \$50.00 for the twenty-six windows stated.

Would you kindly advise me whether the cost of the installation of a hot water heating system which is urgently required at the Lorette Indian Day school, could be paid out from school appropriation? The cost of the work would amount to about \$1,500.00.

The reason I am asking this information is that the chiefs are not inclined to have this amount charged to their band funds which are as follows: (Capital.....\$15,607-58; Interest.....\$3,528.76,) on account of the school being a government property.

If there are no funds available this year, I would recommend that the above mentioned amount be included in next year's estimates.

MEMORANDUM.

MR. SCOTT.

The question of installing the hot water heating system at the Lorette Indian Day School has been postponed until this year, on account of lack of funds.

As you are aware, winter is a dull season for steam fitters and I am advised that the services of a reliable steam fitter could be secured at a very low price, and furthermore, that this man would be willing to wait until the Department's appropriations are available, ~~in this~~ year, for the payment of his work. I estimate that the whole system could be installed by one steam fitter and one helper, within about forty days' time, at a cost of \$475.00.

Arrangements could also be made with the firm supplying the piping, radiators, etc., so as to delay the payment of the materials until funds are available, thus taking advantage of the present price of radiation which is daily increasing.

I may add for your information, that you have already approved of this work, and that Mr. Ferrier concurs in my recommendation to have the work completed during this season.

Dear Sirs:- Attention Mr. J. D. McLean, Asst. Deputy & Secty.  
Requisition No. 14-1-5B

We have your favor of the 26th. inst., asking whether the price of \$172.11 quoted by us on September 26th. last for Pipe and Fittings is still standing. Beg to advise that since we quoted you this price the market has advanced considerably on all classes of iron and steel. The Freight rates have also advanced since that time and it will be necessary for us to charge you the sum of \$206.12 for this material at the present time. Payment to be made at 90 days after delivery of this material.

Yours truly,

Dear Sir:-

We acknowledge receipt of your kind inquiry under No. 14-1-5E on the 26th inst., and beg to say that prices on boilers have fluctuated several times since September and we now have information there will be a further advance immediately.

We will however make you a special price of \$252.00, providing we get your order by return mail, with the endeavor to secure your business. The price to-day on a #7 Low Base Boiler is \$352.00

With regard to the terms, we will be very pleased to accede to the terms you require namely 90 days after delivery.

Yours very truly,

THE JAMES ROBERTSON COMPANY LIMITED.

Madame la Supérieure,

J'ai bien l'honneur de vous soumettre un rapport tel que demandé sur les déficiences constatées lors de mon inspection de l'installation électrique du Couvent en date du 11 Janvier courant. A savoir:

SOUS-SOL-Tous les fils devront être réinstallés de nouveau ou protégés par une tringle en bois de chaque côté; tous les joints devront être soudés et isolés à plusieurs endroits là où les fils se croisent et les munir de tubes isolants.

#### PREMIER ETAGE

Plusieurs cordes devront être renouvelées et les électroliers munis de rondelles approuvées; les joints devront être tous visités et soudés ainsi que bien isolés; les fils interrupteurs devront être installés sur des bases en porcelaine approuvées.

#### DEUXIEME ETAGE

Munir les interrupteurs de bases en porcelaine approuvées; enlever les cordes sur les murs et plafonds; remplacer un interrupteur dans la chambre de bain; tout le fillage caché dans l'entre-couverture doit être refait complètement à neuf. Dans chacun des deux étages, plusieurs douilles (sockets) devront être munis d'isolateurs approuvés.

Pour compléter ce rapport j'attirerais votre bienveillante attention sur le fait que tous les travaux électriques devront être exécutés par des électriciens porteurs de licences émises par Notre Bureau.

J'ai bien l'honneur d'être  
Respectueusement

The Superior,  
Indian Lorette,  
Que.

Dear Madam, -

As requested, I have the honour to submit hereunder my report on the defects which I have noticed in the electric installation at your convent, when I made my inspection of same on January 11th.

BASEMENT: The wires should be re-installed anew, and protected by a wooden mould on each side; all joints should be welded and isolated at several points where the wires are crossing, and same should be provided with isolating conduits.

FIRST FLOOR: A number of cords will have to be renewed and fixtures equipped with rosettes of approved make; all joints shall be inspected, welded and isolated; switches to be installed on approved porcelain knobs.

SECOND FLOOR: Provide switches with approved porcelain knobs; take the cords off the walls and ceilings; replace the switch in bath room; wires installed in the space between the ceiling and the roof shall be replaced. In each of the two floors a number of sockets will have to be provided with approved isolators.

In concluding this report I would draw your kind attention on the fact that these electrical repairs ~~should~~ only be performed by electricians holding a license issued by our office.

Yours. ...etc.,

(SGD) Ovide Poiré,

Electrical Inspector.

Dear Sir:-

We are in receipt of your favour of February 6th and wish to thank you for sending us the copy of quotation of September 26th last.

We regret that it would be impossible now for us to accept the order for prices quoted at that time.

We are enclosing you herewith new quotation showing the present price for this lot of radiators at Montreal, the freight to Lorretteville and cost including freight delivered at Lorretteville.

We believe that this price is at least as cheap as similar goods can be bought for at the present time, and we trust you will favour us with your valued order, which we could ship immediately from stock.

MEMORANDUM.

MR. PAGET.

Some time ago, an order was placed with the James Robertson Co. of Montreal, for piping, fittings and radiators which will be required for the installation of a hot water heating system at the Lorette Indian Boarding School.

In checking the quantities for this work, I find that there were a few items which have been left out, all of which would amount to about \$15.00. May I be permitted to place the order for these additional materials with the same firm which has quoted the lowest price on previous tenders?

Dear Mr. Scott:

All orders accepted or contracts made are subject to strikes or causes beyond our control. All prices subject to change with or without notice.

The writer was wondering what became of the order for Lorretteville, for pipes, fittings, radiators, etc., as quoted you on Feb 20th.

Has this order been placed?

You remember that the writer made a personal call upon you, but since that time we have not heard whether the order was placed.

Hoping to receive a line from you, and thanking you, we remain,

Yours truly,

## NOTICE TO CONSIGNEES

5m-6-22.

**Don't sign Freight Receipt before you examine these goods.**

**Don't sign Freight Receipt before you examine these goods.**  
If you give the Railroad Co. a clear receipt for damaged goods or for a shipment upon which there are shortages, **you do so at your own risk.**

**We are not responsible** for goods lost or damaged in transit. Our responsibility ceases when we deliver goods to Railway Company here.

Broken or damaged goods **should be refused** or a full description of damage made by the Agent of the Railway Co. on expense bill. The paid-freight bill, with such notations on same is necessary for claim against Railway Co. without which you cannot make claim.

When goods are ordered to be shipped to a **Flag Station**, the Railway Company will only accept same at **your risk**. We are therefore obliged to grant them a clear release of all responsibility, and would advise you to be on the look-out for the goods on their arrival and take delivery at once to avoid trouble and loss.

When requested, we will render all possible assistance to the purchaser to prove his claim upon the Railway Co., and will send original Bill of Lading on request and in exchange for the copy we send to purchaser at time of shipment.

*Monsieur,*

*Si il vous plaît de voir au compte  
de Mr. Charles P. Laroche, au montant de \$12.00,  
dû pour son chasais au Compt. depuis assez  
longtemps le compte fut envoyé et par Mr. Laroche.  
Laroche n'a rien reçu encore. Avez-je  
pu que vous m'avez noté que le chèque en-  
voyé à Mr. Laroche n'est pas dû à ma  
négligence. Et ayant remis le même jour  
Mr. le Curé m'a dit ce matin qu'il l'avait  
garder dans son bureau, ayant oublié de  
le faire changer, et cela durant trois semai-  
nes. Le dernier chèque fut envoyé direct au  
Curé, alors j'ai cru qu'au Département, on pen-  
se que c'est de ma faute. Si des retards ar-  
rivent c'est dû à la négligence des gens, co-  
je remets les chèques immédiatement.  
Si j'ai la liberté de vous écrire*
